Agenda Item 2f - 22-1459

MTC Resolution No. 4519, Revised

Subject:

An update to the Transit Transformation Action Plan Program of Projects to reflect the programming of State Transit Assistance Population-Based funds to 22 transit operators for the Clipper® BayPass program as well as additional updates to the overall program of projects.

Background:

In September 2021, the Commission received and accepted the Blue Ribbon Transit Recovery Task Force’s 27-point Transit Transformation Action Plan (Action Plan). The Action Plan sets a course for accelerating the Bay Area’s transit network transformation while integrating with recovery actions that are on-going in the wake of the pandemic. Central to the Action Plan was a focus on three initiatives that were underway prior to the pandemic. These initiatives--Fare Integration and Policy, Regional Mapping and Wayfinding (Customer Information), and Transit Priority on Roadways were identified and endorsed for accelerated action and focus.

In June 2022, the Commission endorsed a Blue Ribbon Funding Framework, Program of Projects, and programmed approximately \$117 million to support implementation of the Action Plan. The \$117 million is comprised of \$85 million in Blue Ribbon funding (via MTC Resolution No. 4519) and \$31.6 million in OBAG 3 funding (via MTC Resolution No. 4505, Revised).

Transit Transformation Action Plan Programming Update:

The \$85 million in near-term Blue Ribbon funding comes from a commitment made by the Commission during the programming of American Rescue Plan (ARP) federal COVID-relief funds. The Blue Ribbon Action Plan Program of Projects, Attachment B, identifies the programmed amounts for each of the five initiatives plus staffing support. Specific programming actions within each initiative are being brought to the Commission as projects are ready to move forward.

This month’s programming action includes the following:

- **Fare Coordination/Integration (Action Plan Actions # 1-3):** The programming of \$2.3 million in State Transit Assistance (STA) Population-Based funds to 22 transit operators (as detailed in Attachment B) for their participation in the first year of the two-year Clipper BayPass Pilot program (Institutional Pass Pilot). The remaining \$3.7 million of the \$6 million set aside for the Clipper BayPass Pilot program will be programmed to transit operators in the future. Note that \$22 million remains to be programmed in the Program of Projects to future fare coordination/integration implementation activities, beyond the Clipper BayPass Pilot.
- **Regional Mapping and Wayfinding (Action Plan Actions # 4-6):** \$2 million (roughly \$0.6 million in STA Population-Based funds and \$1.4 million in Federal Transit Administration Section 5307 Formula Funds) to the Mapping and Wayfinding Standards project. The remaining \$16.2 million of the \$18.2 million set aside for Regional Mapping and Wayfinding implementation will be programmed in the future.
- **Accessibility (Action Plan Actions # 21-25):** \$2 million in STA Population-Based funds to support the inclusion of paratransit services in the Clipper system. The remaining \$2.6 million in funds set aside for Accessibility actions will be programmed in the future.
- **Staff Support:** \$4.0 million to be programmed to transit operators for staff support of Action Plan implementation. Programming amounts for specific transit operators will be taken in a future action. \$1.0 million to be programmed to MTC for staff support of Action Plan implementation.

Formal fund allocations for each of the above Action Plan programming actions will occur via a separate MTC resolution for each applicable fund source. Transit Capital Priority (TCP) Program fund programming occurred in September 2022. Agenda Item 2e (MTC Resolution No. 4524, Revised) contains allocations of STA funds noted in the above programming actions. Allocations of under \$1 million in STA funds will occur via the Executive Director's Delegated Authority.

Attachment 1 to this item includes the revised anticipated funding contributions from transit operators for the \$85 million in Blue Ribbon funding framework funds that were identified during the ARP programming process. The framework is updated to reflect a shift in funds for

BART and GGBHTD from Transit Capital Priorities/Federal Transit Administration funds to STA Revenue-Based funds. Only the fund source is changed, fund amounts remain unchanged

2. OBAG 2 funds were originally programmed to Sonoma to support transit integration and coordination planning. SCTA will use local funds for that work instead and are using this funding as part of their county's funding commitment.

Attachment A: Blue Ribbon Transit Transformation Action Plan Funding Framework

I. Funding

This funding framework pertains to the \$85 million in funds anticipated to be available to support implementation of the Transit Transformation Action Plan (Action Plan). The Action Plan was developed as part of the Blue Ribbon Transit Recovery Task Force and sets a course for accelerating the Bay Area's transit network transformation while integrating with recovery actions that are on-going in the wake of the pandemic.

As part of the distribution of federal COVID relief funds provided through the American Rescue Plan Act (ARP), MTC initially set aside a minimum amount of \$85 million in ARP funding for the implementation of Blue Ribbon initiatives. In October 2021, to address and optimize transit operator funding opportunities at the Federal level, the \$85 million was directly distributed to transit operators and, in exchange, transit operators agreed to work with MTC staff to identify alternate near-term revenue sources. Transit operators and County Transportation Agencies, in the case of Sonoma and Solano, have agreed to provide funding in the respective amounts shown in Table 1 to support implementation of the Action Plan.

The \$85 million in funding is focused on three initiatives to accelerate transformation of the transit system for the benefit of transit customers in the San Francisco Bay Area and to support on-going transit recovery in the wake of the pandemic. These initiatives are Fare Coordination/Integration, Regional Mapping and Wayfinding (Customer Information), and Transit Priority on Roadways. The \$85 million is primarily intended to support near-term implementation activities for these initiatives. A smaller share of the funds is also available to support other initiatives coming out of the Action Plan and to provide staff resources for implementation.

More funding is needed to fully implement the three accelerated initiatives as well as other actions in the Action Plan. MTC will collaborate with partner agencies, including transit operators, to advocate for and secure other funds to implement the Action Plan.

II. Fund Sources

MTC and transit operators have identified a variety of fund sources to fulfill the \$85 million funding commitment. These potential fund sources include, but are not limited to:

- Population-based State Transit Assistance (STA);
- Revenue-based STA;
- Federal Transit Administration funds through the Transit Capital Priorities; and
- Federal STP/CMAQ funds through One Bay Area Grant Programs.

The specific fund sources will be identified through programming actions contained in Attachment B, Blue Ribbon Action Plan Program of Projects, to this resolution. MTC and transit operators will continue to work together to secure funds to fulfill the \$85 million funding commitment. MTC will be able to independently program some of these fund sources while others will require additional coordination with and participation of transit operators.

Funding exchanges may be needed to implement the Blue Ribbon Action Plan Program of Projects. MTC will pursue funding exchanges, as necessary, to fulfill the \$85 million funding commitment.

III. Programming and Allocations Process

The Blue Ribbon Action Plan Program of Projects, Attachment B, identifies the programmed amounts for each initiative. Specific programming actions within each initiative will be taken as projects are ready to move forward. Should additional funding be secured to implement the projects identified in Attachment B, recommendations to shift funds between initiatives may be made based on project eligibility for different funding and overall needs of the Blue Ribbon Program.

Programming of funds, up to \$1 million, may be made through the Executive Director's Administrative Authority.

Additional actions may be needed following the adoption of the Blue Ribbon Program of Projects that are specific to the fund source assigned to a project. Project sponsors are responsible for ensuring completion and compliance with any additional actions needed to secure the funds identified for the project through this resolution in Attachment B.

A summary of subsequent actions necessary to obligate or encumber the expected fund sources is provided below. This information is not exhaustive and additional fund sources may be identified and incorporated into the Blue Ribbon Funding Plan at a future date. Project sponsors are responsible for complying with all policies related to the respective fund sources programmed to the project in Attachment B.

State Transit Assistance Funds:

An allocation request should be submitted to MTC by the project sponsor or subrecipients in order to encumber funds to the project.

Federal Transit Administration (FTA) 5307 or 5311:

Following or concurrent with the programming through Attachment B, these funds must be programmed through the MTC Transit Capital Priorities Program. The project sponsor must

then add the funds to the Transportation Improvement Program (TIP) and, following approval of the TIP, submit a request to FTA for the funds.

Federal Transportation Program Funds—Surface Transportation Block Grant (STP) or Congestion Management and Air Quality Improvement (CMAQ) funds:

Along with the programming through Attachment B, these funds must be formally amended into the One Bay Area Grant Program. The project sponsor must then add the funds to the Transportation Improvement Program (TIP), and following approval of the TIP, submit a request to Caltrans for the funds. Caltrans will issue an authorization to proceed.

IV. Timely Use of Funds

Project sponsors shall adhere to the respective project delivery milestones, invoice, and funding expiration deadline, or other requirements of the funding received.

The Blue Ribbon funds are intended to support the near-term (approximately three years) implementation of Transit Transformation Action Plan. Should priorities or conditions change, or if a project is not ready to advance, funds may be reassigned to another project.
