Policy Advisory Council**

December 14, 2022

Agenda Item 7

Network Management Business Case Evaluation

Subject:

Regional Network Management Business Case Evaluation Update.

Background:

Policy Advisory Council Agenda Item 7, Network Management Business Case Evaluation, is attached. This report, which includes a preliminary Regional Network Management framework/structure, will be presented to the Network Management Business Case Advisory Group meeting on December 12, 2022.

Staff will be at your December 14, 2022 meeting to deliver and discuss this presentation. The Network Management presentation has the same content as is being presented to the Network Management Advisory Group on December 12 but has been revised to improve accessibility. The Council's input is requested in advance of the Commission's consideration of the Network Management Business Case recommendation in January and February 2023. Note that the Council communicated a statement on the business case to the Commission at its November meeting, as included in Attachment B.

Issues:

None identified.

Recommendations:

Information.

Attachments:

- Attachment A: Agenda Item 4a from the December 12, 2022 Network Management Business Case Advisory Group meeting.
 - Will be added once the packet is posted

Attachment B: Council Statement on Network Management Business Case Evaluation dated November 14, 2022
