## Metropolitan Transportation Commission Operations Committee

June 10, 2022 Agenda Item 5a

MTC Service Authority for Freeways and Expressways (SAFE) Resolution No. 69 - Fiscal Year (FY) 2022-23 Operating and Capital Budget

#### **Subject:**

Staff requests that SAFE Resolution No.69 authorizing the FY 2022-23 Service Authority for Freeways and Expressways (SAFE) Operating and Capital Budgets be referred to the SAFE Authority for approval. The SAFE Operating Budget for FY 2022-23 includes operating budget revenue of \$21.3 million and operating budget expense of \$21.8 million. The operating budget is balanced with a projected slight operating deficit of \$507 thousand which will be covered by a transfer from available reserves. The SAFE Capital Budget for FY 2022-23 does not propose any new projects.

#### **Background:**

SAFE operates the Freeway Assist Program (FAP) providing callbox services and the Freeway Service Patrol (FSP) for vehicle towing services. SAFE also manages a capital program. Staff requests approval of SAFE Resolution 69 to continue the operations of SAFE with an operating and capital budget for FY 2022-23 and provide administration of such SAFE Budget. The resolution also designates restricted reserves.

#### **Operating Revenue**

SAFE's FAP revenue are California Department of Motor Vehicles (DMV) Registration Fees while the FSP are funded by grants from the State Local Assistance and Senate Bill 1 (SB1). Major funding sources are listed below (in millions):

	FY 2021-22	FY 2022-23
FAP - DMV Registration Fees	\$6.60	\$6.85
FSP - State Local Assistance (LAP)	7.63	7.97
FSP - SB 1	7.20	6.52
Total	21,43	21.34

Projected FY 2022-23 SAFE combined funding sources of \$21.3 million are relatively stable, down by only \$97 thousand or -0.5% compared to FY 2021-22. The slight reduction is due to lower grant reimbursements based on slightly lower operating expenses for the FSP in FY 2022-23 compared to FY 2021-22. The lower FSP revenue is mitigated by higher DMV registration fees in the FAP.

## **Operating Expense**

Proposed operating expenses for FY 2022-23 are \$21.85 million, up by only 0.2% from FY 2021-22. There is one new position partially funded by SAFE and one position shifted out from SAFE to a program in another fund. Highlights of operating expenses include:

•	Salaries & Benefits	- \$242,000
	One project staff moved to another fund.	
•	General Operations	+\$125,000
	Increase insurance for cybersecurity and data	
	security improvement	
•	Freeway Assist Program Contracts	-\$171,000
	Decrease maintenance, marketing and	
	communications services	

The SAFE Budget as proposed will continue the important program of assisting motorists and reducing congestion in the region.

+\$305,000

## **Capital Projects**

There are no new projects for the FY 2022-23.

• Freeway Service Patrol Contracts

Increase towing contracts due to increased traffic

#### **SAFE Reserves**

The goal of all MTC operating funds is to maintain fully funded reserves as necessary to meet contractual and liquidity needs as well as economic uncertainties. At SAFE, the restricted reserves are set equal to six months of operating revenue.

The total SAFE designated reserve was \$21.8 million at the close of FY 2020-21. The projection for FY 2022-23 is \$20.9 million after application of reserve balances to cover a portion of the FY2022-23 operating budget. This action would leave SAFE with approximately \$11.4 million designated and restricted reserves to cover any future operational requirements , contractual and project budgets, and including \$10.7 million (50% of budgeted operating revenue) designated as an operating reserve. The reserve balance of \$9.5 million is undesignated and available to support operations or other general purposes. SAFE approval is required for any future changes to the reserve designations.
