## Metropolitan Transportation Commission Administration Committee

October 12, 2022

Agenda Item 3a - 22-1242

MTC Resolution No. 4517 Revised,

MTC FY 2022-23 Operating and Capital Budgets, Amendment No. 1

### **Subject:**

Staff requests that the Committee refer MTC Resolution No. 4517 Revised, MTC FY 2022-23 Operating and Capital Budgets, Amendment No. 1, to the Commission for approval. This amendment would increase the budget by \$44.16 million in overall funding. The budget remains balanced with a slight surplus projected at fiscal year-end.

### **Background:**

The FY 2022-23 Operating budget revenue is anticipated to be \$301.55 million after the proposed amendment, an increase of approximately \$44.16 million. Total operating expense will be \$301.21 million, resulting in a projected budget surplus of approximately \$336,000 for FY 2022-23.

### FY 2022-23 Operating Budget: Revenue and Expenses

The increase in total revenue of \$44.16 million (net) is derived from grant funding awarded by the Federal Highway Administration (FHWA) for the Surface Transportation Block Grant (STBG) program. New funding is primarily comprised of:

### • STBG Grants - \$96.66 million

Awarded to the MTC and programmed through the One Bay Area Grant 3 (OBAG 3) program for designing, coordinating, and deploying strategies at a regional level to address critical climate and focused growth goals of Plan Bay Area 2050, including Blue Ribbon implementation, Pavement Management Technical Assistance Program (PTAP) projects, StreetSaver training, and County Transportation Agencies (CTAs) planning.

#### • Federal Transit Administration (FTA) 5304 Transportation Planning Grant - \$500,000

Awarded to the MTC to fund the San Francisco Municipal Transportation Agency
(SFMTA) in their efforts to conduct a Muni Metro Modernization Planning Study.
The Study will identify a package of projects to provide much-needed capacity and reliability improvements for Muni Metro that may be eligible and competitive for a Federal Transit Administration (FTA) Core Capacity Capital Investment Grant and

further definition of investments along key surface segments of the Metro rail system with a focus on the M-line between West Portal and San Francisco State University.

### • Regional Early Action Plan 2.0 (REAP 2.0) Grant - \$102,842 million

Awarded to the MTC to specifically design and provide Metropolitan Planning
Organizations (MPO) with tools and resources to help implement and advance plans,
primarily including Sustainable Communities Strategies (SCS) as part of Regional
Transportation Plans (RTP).

As a result of the increase in overall net revenue there is also a correlating increase in expenses for consultant and staff costs as it pertains to the aforementioned projects and transportation planning related work.

Staffing Additions: Staff is requesting an increase in the number of authorized positions, adding 13 positions, leading to a total authorized position count of 370, as shown below. Four of the new positions will be funded from existing grant funds and other enterprise funds (e.g., Bay Area Toll Authority (BATA), Bay Area Infrastructure Financing Authority (BAIFA), four new positions will be funded from not-yet-executed grant agreements (recruitment will not be finalized until funds have committed availability), and five new positions are agency overhead funded (clerk and executive support, grants administration, and contracts). These latter positions have funding availability associated with overhead reimbursement that will be received, but which was not programmed for in the adoption of the FY 2022-23 Operating Budget.

MTC*	268	13	281

### FY 2022-23 Capital Budget: Revenue and Expenses

The Bay Bridge Forward (BBF) and Clipper capital budgets are presented on a Life-to-Date (LTD) basis. Revenue and expenses for this amendment are primarily comprised of:

# • Federal Highway Administration (FHWA) Congestion Mitigation and Air Quality (CMAQ) Grants - \$14.24 million

Awarded to the MTC and programmed through the One Bay Area Grant 3 (OBAG 3)
 program, the funding will support Bay Bridge Forward Transit Priority Projects and I-880 Optimized Corridor Operations.

#### **Recommendation:**

Staff recommends that the Committee refer MTC Resolution No. 4517 Revised, MTC FY 2022-23 Operating and Capital Budgets, Amendment No. 1 and direct staff to submit Resolution No. 4517, Revised to the MTC Commission for approval.

## Notes:

The One Bay Area Grant (OBAG) programs adopted by the Commission establish commitments and policies for investing Surface Transportation Block Grant (STBG) and Congestion Mitigation and Air Quality Improvement (CMAQ) funds for regional and county programs. To provide greater flexibility to deliver select priority projects, MTC may enter into an agreement with a project sponsor to exchange federal STP/CMAQ funds with non-federal local funds available to the sponsor. An exchange does not increase the total amount of funds available to the region, but does enable MTC to commit exchanged funds to key investments within the OBAG policy framework that would otherwise be incompatible with or ineligible for federal STBG/CMAQ funding. MTC Resolution No. 3989, Revised, describes the procedures governing MTC's Exchange Program and details the agreements and commitments that have been made to date.
