Agenda Item 3a

Senate Bill 63 (Wiener/Arreguín): Transportation Revenue Measure Enabling Legislation

Subject:

Status update on Senate Bill (SB) 63 (Wiener/Arreguín), the regional transportation revenue measure authorizing legislation.

Background:

Staff communicated the Commission’s “support if amended” position to the bill authors requesting that the bill clarify that the legislation's expenditure plan will only include funding commitments informed by the Transit Operations Financial Responsibility and Implementation Plan (T-FRIP) for the three specified counties and any additional county that chooses to opt into the transportation revenue measure (see attached). At the time this memo was finalized, the bill had not yet been referred to committees, but is expected to be referred to both the Senate Transportation Committee and the Senate Local Government Committee. The first hearing is anticipated to be at the Senate Transportation Committee on April 22, 2025. Staff will provide an update on any key developments at your meeting.
