Agenda Item 2b - 22-1778

Quarterly Report of the Executive Director’s Delegated Authority Actions

Subject:

First Quarterly Report of the Executive Director’s Delegation of Authority Actions

Background:

MTC Resolution No. 3620, Revised, adopted by the Commission in March 2004, allows the Executive Director to make administrative allocations of local funds up to \$1 million, with authority to take any rescission actions requested by claimants. To keep the Commission informed on actions approved by the Executive Director, staff reports quarterly on all ‘delegated authority’ allocations or rescissions. Fund sources included within delegated authority include Transportation Development Act, State Transit Assistance, Regional Measure 2, Regional Measure 3, and other formula bridge toll funds.

In this quarter, an end of the year adjustment was made to the Regional Measure 2 Operating Program for FY2022-23 to align allocation amounts with actual revenues, which were lower than anticipated. The total rescission amount of \$3,216,312 is detailed in Attachment A.

The first quarter report for FY2023-24 covers the period of June 2023 through September 2023. The Executive Director approved the following allocation actions summarized in the tables below and detailed in Attachment B:
