Agenda Item 2e

MTC Resolution Nos. 4035, Revised and 4202, Revised

Subject: Revisions to the One Bay Area Grant (OBAG 1 and 2) Regional Priority Development Area (PDA) Planning Program.

Background: The OBAG 1 and 2 programs adopted by the Commission establish commitments and policies for investing Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) funds for regional and local programs from FY2012-13 through FY2021-22.

The PDA Planning Program supports implementation of Plan Bay Area 2040 by administering PDA planning grants, technical assistance, and other planning-related staffing assistance to support local jurisdictions. Since its inception in 2007, the PDA planning program has invested \$24 million in 60 planning projects that have resulted in zoning for 92,000 new housing units and approximately 130,000 jobs.

This month, staff recommends the following changes to the OBAG 1 and 2 Regional PDA Planning Program:

- Reduce the grant amount for Oakland's OBAG 1 Transportation Impact Review Streamlining staffing assistance grant. In 2014, Oakland received a \$300,000 grant to update its transportation impact review standards to support transit-oriented development. The project has been completed to the city's satisfaction, and a balance of \$150,000 remains.
- Redirect the \$150,000 balance to support two projects selected for OBAG 2 PDA technical and staffing assistance grants in April 2018. Staff recommends programming \$65,000 of the balance to the Rohnert Park Neighborhood Subarea Connector Path technical assistance grant, and the remaining \$85,000 to the Downtown Windsor Parking Management staffing assistance grant. This proposed change does not alter the total amount awarded to either project.
- Revise the OBAG 2 PDA Planning Program to reflect the additional \$150,000 in unprogrammed funds resulting from the changes described above. This balance will be available for future rounds of PDA Planning Grants. As a reminder, all projects that requested funds in the most recent cycle were fully funded.

This change is being recommended in order to advance the projects, as they can proceed with design allowed under OBAG 1 but not OBAG 2 (due to changes in FHWA policy).

Issues: None.

Recommendation: Refer MTC Resolution Nos. 4035, Revised and 4202, Revised to the Commission for approval.
