

Metropolitan Transportation Commission Programming and Allocations Committee

June 9, 2021

Agenda Item 3b - 21-0718

MTC Resolution Nos. 4411, Revised, and 4412, Revised.

Subject: Regional Measure 3 (RM3): North Bay Transit Access Improvements Programming and RM3 Letter of No Prejudice (LONP) to the Napa Valley Transportation Authority (NVTA) for the Vine Transit Maintenance Facility.

Background: Bay Area voters approved Regional Measure 3 (RM3) on June 5, 2018. RM3, as authorized by Senate Bill 595 (Beall, 2017), includes a comprehensive traffic relief program of projects funded by toll increases on the seven state-owned toll bridges in the Bay Area. RM3 is under litigation and collected RM3 revenue is being held in an escrow account. No allocations of RM3 funds are anticipated at this stage of the pending litigation.

North Bay Transit Access Improvements Initial Programming

RM3 Project 26, North Bay Transit Access Improvements, is one of six RM3 programmatic categories subject to further programming by MTC. RM3 provides a total of \$100 million in toll funds for transit improvements, including but not limited to vehicles, facilities, and access to transit facilities, benefiting the Counties of Marin, Sonoma, Napa, Solano, and Contra Costa. MTC is the listed project sponsor, and eligible applicants are any transit operator providing service in the five counties.

Staff recommends initial programming of the North Bay Transit Access Improvements Program to adopt a proposal by the five County Transportation Agencies (CTAs) to split the funding equally. Under this division, each county will be programmed \$20 million for transit improvements within the county.

In programming these funds, MTC delegates project selection to each CTA for their county's share of the funds, including responsibility for soliciting public input. MTC will continue to review selected projects for consistency with the legislation and the RM3 policies and procedures before issuing future LONPs or allocating funds, if and when funds become available.

Vine Transit Maintenance Facility LONP

In December 2019, MTC approved a Letter of No Prejudice (LONP) process to allow sponsors to move projects forward with alternate funds, at-risk, while maintaining RM3 eligibility if and when RM3 funds are available.

NVTA submitted an RM3 LONP request for \$20 million from the North Bay Transit Access Improvements programmatic category for construction of the Vine Transit Maintenance Facility project. The limited size of NVTA's existing transit yard inhibits its ability to expand and enhance service. The new facility will provide sufficient space for existing operations and projected growth for the next 50 years. The project is preparing to start construction and expected to be completed in December 2022.

The RM3 Policies and Procedures require that the project sponsor provide a non-RM3 source of funding to cover the portion that would be covered by RM3 funds, and that a plan be provided in case the RM3 funds never become available. In lieu of RM3 funds at this time, NVTA will use a combination of funds from a Transportation Infrastructure Finance and Innovation Act loan, a private bank loan, and Transportation Development Act funds, which are also backing the loans.

Staff has reviewed the Initial Project Report and LONP request and recommends issuing the LONP. Issuing the LONP will preserve eligibility of construction activities on the Vine Maintenance Facility occurring after the issuance of the LONP for future RM3 allocation and reimbursement if RM3 legislation is resolved favorably.

Issues:

1. Issuance of the NVTA LONP is dependent on approval of the North Bay Transit Access Improvements Programming in Resolution No. 4411, Revised.
2. If the RM3 litigation is not resolved favorably, funds may never become available to reimburse NVTA. NVTA has acknowledged this risk in their agency resolution.

Recommendation:

Refer MTC Resolution Nos. 4411, Revised and 4412, Revised to the Commission for approval.
