## Attachment B – Senate Bill 125 Regional Accountability Measure Progress Update for Claimant(s)

MTC Resolution No. 4619 identifies Regional Accountability Measures for operators receiving Senate Bill (SB) 125 funds. These measures have been identified as projects in MTC Resolution No. 4630, the Fiscal Year 2023-24 Productivity Improvement Program (PIP). In accordance with MTC's standard procedures, operators report on progress toward PIP projects when submitting their claims of transit operating funds on a rolling annual basis.

This document summarizes the progress made toward PIP projects for operators that are due to receive SB 125 funds in either Fiscal Year 2024-25 or Fiscal Year 2025-26 and are requesting an allocation of operating funds this month. Staff will continue to provide updates for eligible operators as their claims are received, and will provide a second mid-year update on PIP progress for all operators to the Programming and Allocations Committee in early 2025.
