RM3 Semi Annual Report: Project Status Summaries

Project #	Project Title	Sponsor	Alloca Amour (\$M)		Current Phase	Project Status Summary - Spring 2025 - As reported by project sponsor
					Construction (Vehicle	
1	BART Expansion Cars	BART	\$ 50	00.00	Procurement)	Allocated April 2024, will begin reporting next round
	I-80 Express Lanes in Solano					
2.1	County	STA	\$ 7	70.42	Construction	Construction continuing as planned
	I-80 Express Lanes in Solano					Construction continuing; a delay in permitting resulted in delay
2.2	County (Toll System)	BAIFA	\$ 3	31.30	Construction	to the start of installation
	I-680 Southbound Express					
2.3	Lanes in Alameda County	ACTC	\$ 8	30.00	Construction	Construction continuing as planned
0.4	GoPort 7th St Grade	ЛОТО	ф г	00	Construction	Construction continuing; cost increase due to required
3.1	Separation East	ACTC	\$ 5	55.00	Construction	coordination with Union Pacific Railroad
5.1	Mission Bay Ferry Landing	WETA	\$	0.70	Design	Initiated feasibility analysis and value engineering for existing design
5.1	Prission bay refry Landing	VVLIA	Ψ	0.70	Design	ucaigii
5.2	Shoreline Electrical Program	WETA	\$	0.80	Env/prelim. Engineering	Allocated March 2024, will begin reporting next round
						RM3-funded ROW phase delayed to FY25; for overall project,
						30% design completed, FTA Medium-High rating assigned, and
						entered into CIG Engineering phase; TJPA to develop revised
	Caltrain Downtown					Financial Plan and Project Management Plan; project has
9	Extension	TJPA	\$ 10	00.70	Design/ROW	funding gap for construction
	Potrero Modernization					Environmental nearly complete and on track for construction
10.1	Project	SFMTA	\$	3.50	Env and PS&E	groundbreaking in Fall 2024
			T			RM3 funds supporting delivery of 151 replacement vehicles;
						Delivery of rail vehicles continuing as planned at a rate of 3 cars
	Light Rail Vehicle (LRV)				Construction (Vehicle	per month; replacement vehicle contract more than 50%
10.2	Procurement	SFMTA	\$	6.50	Procurement)	complete
10.2		0111111	<u> </u>			Design nearly complete, procurement contract negotiations in
10.3	40'/60' hybrid buses	SFMTA	\$ 2	27.00	Design	progress
	<u>, </u>	0111171				Early design nearly complete and plan to contract with final
10.4	Kirkland Electrification	SFMTA	\$	3.80	Env/early design	design and environmental consultants soon
	Battery Electric Bus		_ T		<u> </u>	
10.5	procurement	SFMTA	\$	2.38	Design	Design is continuing as planned
	Presidio Yard Modernization	SFMTA			Environmental	Allocated March 2024, will begin reporting next round
12.1	Telegraph Rapid Quick Build Transit Priority	AC Transit	\$	2.70	Construction	Construction contract awarded and preliminary construction began; minor delay during contractor procurement Construction contract awarded and preliminary construction
12.2	Projects	AC Transit	\$	1.50	Construction	began
						Construction contract bids came in well over the engineers
15	Eastridge to BART Regional Connector	VTA	\$ 13	30.00	Construction	estimate, resulting in a 28% cost increase to Construction and an expected delay of one year; VTA secured additional state an local funds and awarded the contract in May 2024 Early ROW acquisition completed Dec 2023. Diridon business
16	San Jose Diridon Station	VTA	\$ 3	30 00	Planning/ROW	case work continued
	101/92 Area Improvements		Y			
18.1	Project	SMCTA	\$ 1	19.30	Planning	Allocated March 2024, will begin reporting next round
	101/92 Direct Connector				<u> </u>	Planning and Environmental phase continuing with schedule
18.2	Project	SMCTA	\$	2.00	PA&ED	delay
						Final design nearly complete and under review; approx. six
	I-680/SR-4 Interchange					month delay and potential cost increase due to complexity of
19.1	Improvement Phase 1 and 2A	ССТА	\$ 1	13.00	Final Design	design
	I-680/SR-4 Interchange					
19.2	Connection Feasibility Study	CCTA	\$	0.50	Planning	Allocated March 2024, will begin reporting next round
10.2	. John Journ Foundating Octuby		Ψ	<u> </u>	σ'	B7 segment: Construction continuing as planned
						B8 segment: PS&E continued; funding gap causing delays to
20 1	Marin Segment	TAM	\$ 8	37,98	PSE/Construction	ROW acquisition
20.1	Solano County I-80/I-680/SR		¥ (
	12 Interchange Project					
21 1	(Package 2)	STA	\$	3.70	Completed	Construction completed
۷1.1	Solano County I-80/I-680/SR		Ψ	3.70	Jomptotou	- Constitution Completed
	12 Interchange Project					
21 2	(Package 5)	STA	\$ 1	10.00	PS&E	Plan to award contract for PS&E soon
	Interstate 80 Westbound	J.71	Y -		<u> </u>	
າາ	Truck Scales	STA	\$ 3	30.74	PS&E and ROW	PS&E and ROW continuing as planned
າາ		· U 1/ \	. Ψ	JJ./ +	unu no v	i. 522 and 1.517 continuing as planned
22	SR 37 and Fairgrounds Drive					

Page 2 of 2						
						Began PS&E and early ROW activities; approx. one year delay
						and 4% PS&E cost increase due to development of agreements
	Interim Segment B - PAED &					and phasing to mitigate environmental impacts; project has
23.2	PS&E	SCTA	\$	6.00	PS&E and ROW	funding gap for construction
						Preliminary engineering completed with one- to two-year delay
						due to longer-than-expected public outreach; environmental
	US-101/I-580 Direct					phase beginning summer 2024; project has funding gap for
25.1	Connector	TAM	\$	7.80	Environmental	construction
	I-580 Richmond Parkway					
	Interchange Operational					Plan to award contracts for engineering and environmental work
25.2	Improvements	BATA/CCT/	\$	0.95	Environmental	soon
	Cutting Boulevard Transit					
25.3	Improvements	BATA	\$	0.45	Planning/ Environmental	Plan to award contract for design soon
	Vine Transit Maintenance		•			Began operations in March 2024; notice of completion for
26.1	Facility	NVTA	\$	20.00	Substantially Complete	construction expected summer 2024
	-					Planning and Environmental phase continued as planned; likely
26.2	Solano Rail Hub	STA	\$	2.00	Planning/ Environmental	delay due to Amtrak coordination
	County Connection Bus					Buses were delivered and project is complete as of October
26.3	Replacements	CCCTA	\$	5.00	Complete	2024
	Hydrogen Fueling Station	ECCTA	\$	0.30	Design	Allocated May 2024, will begin reporting next round
	Windsor Extension - Windsor					
26.5	High School Undercrossing	SMART	\$	2.80	Construction	Allocated May 2024, will begin reporting next round
						Construction continuing; 3% construction cost increase for
						additional construction support activities; environmental
27	State Route 29	NVTA	\$	20.00	Construction	mitigation may have schedule impacts
	Next-Generation Clipper				Construction	
28	Transit Fare Payment System	MTC	\$	50.00	(implementation)	Equipment installation nearly complete; system testing ongoing
						Environmental phase ongoing; two-year delay and nearly 50%
	I-680/I-880/Route 262					cost increase for the environmental phase caused by longer-
29	Freeway Connector	ACTC	\$	10.00	Environmental	than-expected scoping and alternative refinement
	I-680/SR 84 Interchange					Construction continuing; minor delay due to weather impacts
30	Reconstruction Project	ACTC	\$	85.00	Construction	and environmental restrictions
	Mokelumne Trail					
	Bicycle/Pedestrian					Construction completed and opened to the public March 20,
34.1	Overcrossing of SR-4	ССТА	\$	14.00	Substantially Complete	2024; closeout pending ongoing environmental monitoring
	Martinez Amtrak & Walnut					
	Creek BART Shared Mobility					
35.1	Hubs	ССТА	\$	0.50	Env and PS&E	Allocated May 2024, will begin reporting next round
