

Association of Bay Area Governments

Executive Board

July 21, 2022

Agenda Item 10.a.

San Francisco Estuary Partnership

Subject:

Presentation on the 2022 San Francisco Estuary Blueprint

Background:

The San Francisco Estuary Blueprint identifies long-term goals and near-term priority actions needed for a healthy, resilient San Francisco Estuary. This document is a required element of the National Estuary Program under the Clean Water Act. The San Francisco Estuary Partnership recently completed an update of the Estuary Blueprint, which is now ready for release.

The 2022 Estuary Blueprint is a collaborative, consensus-driven five-year roadmap for the San Francisco Estuary. The Blueprint identifies the top actions needed for:

- Increased climate resilience
- Improved water quality for animals and people
- Healthier habitats and wildlife
- Thriving human communities

The San Francisco Estuary Partnership will track the Estuary Blueprint over the next five years, including identifying funding and facilitating partnerships to advance implementation, and reporting on progress.

Issues:

None

Recommended Action:
