Platforms will incorporate passenger amenities like seating and shelters or canopies. The transit center will also include provisions for paratransit, pick-up/drop-off, maintenance vehicles, and shuttle curb space, as well as bicycle parking with racks and lockers. Other features of the transit center will include public art, security, and wayfinding signage. The SRTC is the largest regional transit hub in Marin County, providing access to the regional transportation network for area residents and a key transfer point for employees, visitors, and students in San Rafael and the greater North Bay region. An additional \$30 million in RM3 funding is programmed under RM3 Project #24, San Rafael Transit Center, in the RM3 Capital Expenditure Plan.
