MTC Resolution No. 3801, Revised. Regional Measure 2 Program Amendments

Subject: A Summary of public comments received and recommendation to reassign a total of approximately \$663,000 in Regional Measure 2 (RM2) funds.

- Modify scope of Transit Commuter Benefits Promotion project (RM2 project #35) to include transit recovery strategies identified by the Blue Ribbon Transit Recovery Task Force;
- Modify scope of Regional Express Lanes Network (RM2 project #38) to include operational improvements;
- Redirect \$225,000 in unused funds from Dumbarton Rail (RM2 project #4) to Dumbarton Forward suite of bus projects (under RM2 project #29); And
- Redirect \$438,000 in savings from Regional Rail Master Plan to RM2 project #35 for transit recovery strategies identified by the Blue Ribbon Transit Recovery Task Force.

Background: On November 4, 2020, MTC held a public hearing to gather input on proposed changes to the RM2 capital program to modify the scope of two existing projects and reassign approximately \$663,000 in RM2 funds. Written comments were also accepted from October 25th to November 25th. A summary of written and oral comments and responses is included as Attachment A.

This month, staff proposes to formalize these changes to the RM2 program by approving the revisions to MTC Resolution No. 3801, Revised. Further discussion of the proposals is below.

Blue Ribbon Transit Recovery Task Force

To support the work of the Blue Ribbon Transit Recovery Task Force, staff proposes modifying the scope of Project 35, the Transit Commuter Benefits Promotion, to include transit recovery. Specifically, marketing programs, projects, and studies to promote transit ridership and transit system performance, and the implementation of transit recovery strategies identified by the Task Force would be made eligible for funding from this RM2 project. Project 35 currently has approximately \$1.6 million in project savings that could be applied to this new scope. Additionally, staff has identified approximately \$438,000 in savings from previous regional planning projects under RM2 Project 33, the Regional Rail Master Plan. Under this proposal, these savings would be redirected into project 35, meaning a total of approximately \$2 million would be made available to support transit recovery and strategies identified by the Task Force.

Bay Bridge Forward

In May 2020, the BATA Oversight Committee heard a presentation on the funding plan for Bay Bridge Forward, which would include \$4.8 million from RM2 that was allocated to the I-80 express lanes in 2013. The changes proposed under this public hearing would formalize this plan by adding scope to Project 38, Regional Express Lane Network, to explicitly include operational improvements on the Bay Bridge corridor, with priority given to improvements identified in the Bay Bridge Forward suite of projects, including but not limited to design feasibility and environmental studies, express lanes, interchange improvements, dedicated HOV/bus lanes, queue jump lanes, pricing, and other operational and demand management strategies to increase person throughput on the Bay Bridge Corridor.

Dumbarton Forward

In 2014, \$14.8 million in unused funds from the RM2 Dumbarton Rail project were redirected to RM2 Project 29, Regional Express Bus Service and Operational Improvements for San Mateo, Dumbarton, and Bay Bridge Corridors (commonly known as “Express Bus South”) for Dumbarton Express Bus projects. A cost-effective bus procurement subsequently replaced the Dumbarton Express fleet, and approximately \$4.8 million remains, intended for upcoming Dumbarton Forward projects to improve bus travel in the corridor. Staff proposes a similar redirection of approximately \$225,000 in remaining savings from the Dumbarton Rail project to Express Bus South, to be made available for the upcoming Dumbarton Forward projects.

Issues: None

Recommendation: Refer MTC Resolution No. 3801, Revised, to the Commission for approval.

Interchange Modifications in the Vicinity of I-80 and San Pablo Dam Road in Contra Costa County).

This resolution was revised on May 28, 2014 to reassign \$88,267,135 in RM2 funds from eight projects, modify the scope for several projects, and create one new project.

This resolution was revised on December 21, 2016 to program \$74 million in RM2 funds from unneeded financing cost coverage to three existing projects, and to modify the scope on those three projects.

This resolution was revised on July 26, 2017 to add two new projects to the RM2 Operating program: Clipper Operations, funded at \$2 million annually, and Transbay Transit Center Operating Support, funded at \$3 million annually.

WHEREAS, on March 2, 2004, voters approved Regional Measure 2, increasing the toll for all vehicles on the seven state-owned toll bridges in the San Francisco Bay Area by \$1.00, with this extra dollar funding various transportation projects within the region that have been determined to reduce congestion or to make improvements to travel in the toll bridge corridors, as identified in SB 916 (Chapter 715, Statutes of 2003), commonly referred as Regional Measure 2 (“RM2”); and

WHEREAS, RM2 establishes the Regional Traffic Relief Plan and lists specific capital projects and programs and transit operating assistance eligible to receive RM2 funding as identified in Streets and Highways Code Sections 30914(c) & (d); and

WHEREAS, RM2 assigns administrative duties and responsibilities for the implementation of the Regional Traffic Relief Plan to MTC; and

WHEREAS, BATA is to fund the projects of the Regional Traffic Relief Plan by transferring RM2 authorized funds to MTC; and

WHEREAS, Streets and Highways Code Section 30914(f) authorizes MTC to modify any RM2 program and the scope of any RM2 project, decrease its level of funding, or reassign some or all of the funds to another program or project; and

WHEREAS, MTC has been requested to make the changes in the RM2 program and projects specified in Attachment A to this resolution pursuant to Streets and Highways Code Section 30914(f) for the reasons set forth in Attachment A; and
