

## Regional Network Management Customer Advisory Group

November 19, 2024

Agenda Item 4a

### Draft 2024 Coordinated Public Transit-Human Services Transportation Plan

---

**Subject:**

Recommendations from the draft 2024 Coordinated Public Transit-Human Services Transportation Plan

**Background:**

MTC staff have undertaken an update of the region’s Coordinated Public Transit-Human Services Transportation Plan, better known as the “Coordinated Plan.” This federally required planning effort establishes the region’s funding priorities and coordination strategies between public transit and human services transportation providers to better serve older adults, people with disabilities, and low-income populations. For details, please refer to the enclosed items originally presented at the Policy Advisory Council Equity and Access Subcommittee Committee on May 24, 2024.

For this informational item, staff welcomes additional feedback from Customer Advisory Group members to build off comments already received through an extensive outreach process. Staff will then present the draft plan to the Regional Network Management Committee and to the Commission in December for adoption.

**Issues:**

None identified.

**Recommendations:**

Information only.
