Agenda Item 2b - 21-1085

BAHA Financial Statements for Fourth Quarter FY 2020-21 (Unaudited)

Background:

Attached are the BAHA Operating and Capital Financial Statements for the fourth quarter fiscal year ending on June 30, 2020. BAHA is the operating authority and provides oversight for the entire Bay Area Metro Center (BAMC) enterprise, including the operation of the 375 Beale Condominium Corporation (375 Beale Inc.). The June 2020 financials are preliminary, unaudited and subject to change upon completion of the annual audit process.

BAMC Summary: As of the end of the FY 2020-21 fiscal year, BAHA had a cash-flow surplus of nearly \$6.9 million, before transfers and depreciation. Funds remaining after operating transfers and 375 Beale reimbursements will be assigned to the designated operating and depreciation reserves approved in the FY 2022 budget resolution.

Overall revenue was approximately \$16.7 million or 101% of the approved budget. BAHA ended FY 2021 with a positive ending balance of \$540,000 after all transfers and depreciation expense.

Total expenses for FY 2020-21 were \$9.8 million or 78% of the approved budget. Since occupancy in the building was low during the past fiscal year, due to the work-from-home policy in place during the COVID pandemic, many expenses budgeted for the year were delayed.

BAHA Building Operations: BAHA Building Operations represent the commercial side of BAMC building operations.

Overall building operations produced a cash-flow surplus of \$5.3 million, before transfers and depreciation. However, the ending balance is a deficit of nearly \$1.0 million after transfers and depreciation. The primary revenue source is lease payments and at \$10.7 million, which were slightly over the approved budget.

Total operating expense was approximately \$5.4 million or 79% of the approved budget. Overall, expenses are generally inline or below the approved budget for the fiscal year, especially given the low level of occupancy and use.

<u>375 Beale Inc.</u>: The board of directors of 375 Beale Inc., composed of representatives of the three condominium owners, oversees the condominium operations.

As of June 30, 2021, the condominium operations showed a surplus of nearly \$1.4 million. Revenue of \$5.8 million is mainly owner assessments that are transferred on a quarterly basis to offset operating expenses. Operating expenses were approximately \$4.4 million consisting of \$1.5 million in internal costs and \$2.9 million in building management expenses. Any surplus revenue at the end of the fiscal year will be returned to the condominium owners based on the assessment allocation formula.

<u>Property Management</u>: Cushman & Wakefield of California, Inc. (CW) is the property manager for the BAMC. CW is responsible for building operations including managing utility services, building security, janitorial service, and building maintenance.

Total expenses incurred by CW at the end of the fiscal year were \$8.7 million or 84% of the approved budget. Overall expenses are in line with the lower building occupancy and use level with a slight exception for utility costs which were impacted by the 2020 wildfires. CW expenses are split between BAHA Building Operations and 375 Beale Inc.

<u>BAHA Building Development</u>: The capital budget is 99% expended. The project budget has \$1 million remaining after expenditures and encumbrances.

<u>Commercial Development</u>: Tenant improvements are 98% complete with three open projects remaining. The entire development project has \$1.1 million budget remaining which is largely reserved for the first floor Retail Space project.

<u>Building Improvement</u>: Total life-to-date budget for this capital fund is \$4.5 million. Total spent and encumbered was \$3.3 million as of the end of September, leaving \$1.2 million for future improvements.

Recommendation: None. This item provided as information only.
