Resolution No. 4498 Providing for Remote Meetings Pursuant to AB 361

Subject:

Approval of Resolution No. 4498 Regarding Remote Meetings Pursuant to AB 361

Background:

The recently-enacted bill, AB 361, provides for continuing availability of remote meetings during the pandemic-related state of emergency in California. In order to invoke this option, governing boards of Brown Act bodies, or their authorized designated committees must make certain findings in support of remote meetings within 30 days of the first meeting occurring after October 1, 2021, and every 30 days thereafter. Attached for your review and approval is a resolution invoking AB 361 and providing for remote meetings retroactive to Oct. 1 of this year and prospectively for 30 days following the Commission's action.

Issues:

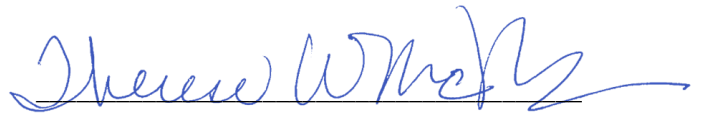

Findings in support of Resolution No. 4498 are found in the attached. Given the continuing state of public health emergency and the improved public access afforded by holding public meetings of regional bodies in a virtual setting, the resolution under AB 361 is supportable.

Recommended Action:

The Commission is requested to adopt Resolution No. 4498, authorizing its committees and related entities, to meet remotely pursuant to the provisions of AB 361.

RE: Findings Pursuant to AB 361 to Continue Virtual Public Meetings for the Metropolitan Transportation Commission (MTC), With its Related Entities and Committees, During the COVID-19 State of Emergency

METROPOLITAN TRANSPORTATION COMMISSION
RESOLUTION NO. 4498

WHEREAS, on March 4, 2020, the Governor of the State of California declared a state of emergency, as defined under the California Emergency Services Act, due to the COVID-19 pandemic; and

WHEREAS, the State of Emergency remains in effect; and

WHEREAS, beginning in March 2020, the Governor's Executive Order N-29-20 suspended Brown Act requirements related to teleconferencing during the COVID-19 pandemic provided that notice, accessibility, and other requirements were met, and the public was allowed to observe and address the legislative body at the meeting; and

WHEREAS, Executive Order N-08-21 extended the previous order until September 30, 2021; and

WHEREAS, the Metropolitan Transportation Commission (MTC) and its related entities and committees have conducted their meetings virtually, as authorized by the Executive Order, since March 17, 2020; and

WHEREAS, on September 16, 2021, the Governor signed into law AB 361, an urgency measure effective upon adoption, that provides flexibility to government bodies, allowing them to meet virtually without conforming to the Brown Act teleconferencing rules if: (i) the legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing; (ii) the legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; or (iii) the legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, that, as a

result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; and

WHEREAS, although applicable social distancing requirements are currently no longer in effect, the San Francisco Public Health Department continues to recommend measures to promote social distancing in combination with other safety precautions when activities occur in shared indoor spaces to mitigate the risk of COVID-19 transmission; and

WHEREAS, in the last few months, the Delta variant has surged in the United States and become the predominant COVID-19 variant, the Delta variant is believed by medical experts to be twice as contagious as previous variants, and data has shown the variant has increased transmissibility even among some vaccinated people; and

WHEREAS, due to uncertainty and concerns about the Delta variant and current conditions, many workplaces that had announced a return to regular in-person operations have pushed back the full return date until later in the year or next year; and

WHEREAS, virtual meetings have not diminished the public's ability to observe and participate and have expanded opportunities to do so for some communities; and

WHEREAS, given the heightened risks of the predominant variant of COVID-19 in the community, holding meetings with all members of the legislative body, staff, and the public in attendance in person in a shared indoor meeting space would pose an unnecessary and immediate risk to the attendees;

NOW, THEREFORE, BE IT RESOLVED, that the Metropolitan Transportation Commission hereby determines that, as a result of the emergency, meeting in person presents imminent risks to the health or safety of attendees; and be it further

RESOLVED, that in accordance with AB 361, based on the findings and determinations herein, meetings of MTC, its related entities and its committees will be held virtually, with Brown Act teleconferencing rules suspended; and be it further

RESOLVED, that this resolution shall be effective upon adoption and remain in effect for 30 days in accordance with AB 361.

To: MTC Legislation Committee Date: November 11, 2021
From: MTC Policy Advisory Council Work Item: 1114
Regarding: 2022 Draft Advocacy Program: Brown Act Reforms

At its November 10, 2021, meeting, the Policy Advisory Council received a presentation on the 2022 Draft Advocacy Program. Among the priorities discussed for the 2021-22 state legislative session were Brown Act reforms.

Acknowledging that holding public meetings virtually has increased accessibility for both Council members and members of the public, the Council voted in support of the Brown Act reform element of the 2022 Draft Advocacy Program (Assembly Bill 361 - Rivas). In particular, the Council recommends that the Commission support Brown Act reforms and MTC policies to allow the following:

- Allow Council members to continue meeting virtually once hybrid meetings are implemented and/or in-person meetings resume;
- Allow virtual public participation once hybrid meetings are implemented and/or in-person meetings resume; and
- Continue exploring innovative meeting techniques, e.g., whether transparent and accessible breakout groups are possible during public meetings.

The Treasurer of the Metropolitan Transportation Commission (MTC) shall invest all funds over which MTC is administratively responsible, including those of MTC, MTC Service Authority for Freeways and Expressways (SAFE), the Bay Area Toll Authority (BATA), the Regional Administrative Facility Corporation (RAFC), the Bay Area Headquarters Authority (BAHA) the Bay Area Infrastructure Financing Authority (BAIFA), and the Association of Bay Area Governments (ABAG) a separate joint powers authority, and its affiliated entities, for which MTC is accepting administrative responsibility for management of funds, effective July 1, 2017 pursuant to a contract for services dated May 30, 2017 in accordance with the provisions of §§ 53600 et seq. of the Government Code and the provisions of this investment policy.

I. Prudent Investor Rule:

Funds shall be managed under the “prudent investor standard” which requires all agencies investing public funds to be trustees of those funds, and therefore, fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling or managing public funds, a trustee shall act with care, skill, prudence and diligence under circumstances then prevailing, including, but not limited to, the general economic conditions and anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. All funds shall be invested within the following objectives, in order of priority:

1. Safety: Preservation and safeguard of capital.
2. Liquidity: Funds shall be invested in a manner consistent with operating needs of the agency.
3. Yield: Funds shall be invested to earn a secured and safe return without compromising the objectives of safety and liquidity.

Eligible paper is further limited to issuing corporations organized and operating in the United States and having total assets in excess of five hundred million dollars (\$500,000,000) and having an “A” or higher rating for the issuers’ debt, other than commercial paper, if any, as provided by Moody’s Investor Services or Standard & Poor’s Corporation or the equivalent of other nationally recognized rating services that may be allowed by statute. Purchases shall not exceed 180 days maturity, 10% of the outstanding commercial paper of a single issuing corporation and 10% of the agency’s surplus money.

- D. Negotiable certificates of deposit issued by a nationally or State chartered bank, not to exceed 10% of surplus agency funds.
- E. Medium-Term notes of a maximum five years maturity issued by corporations meeting criteria in Section C, not to exceed 10% of agency’s surplus funds.

- G. Local Agency Investment Fund (LAIF) as authorized by Government Code §§ 16429.1.
- H. The Alameda County Treasury local agency investment fund authorized under Government Code §§ 53684.
- I. Repurchase agreements collateralized by securities of the United States Government or an agency of the United States Government.
- J. Municipal Obligations issued by State or Local agencies:
 - a) Such bonds can include the obligations of the Bay Area Toll Authority and the Bay Area Infrastructure Financing Authority;
 - b) The maturity does not exceed 5 years from the date of purchase;
 - c) With regards to Municipal Obligations in the form of variable rate demand bonds, the obligations shall have mandatory investor tender rights supported by a third-party liquidity facility from a financial institution with short-term ratings of at least A-1 by S&P or P-1 by

Moody's. The maturity of these bonds shall be equivalent to the investor's tender option supported by the liquidity facility.

- K. All other investments authorized under §§ 53600 et seq. of the California Government Code as appropriate for public fund investments and not specifically prohibited by this policy.

In addition to any prohibited investments listed in California Code §§ 53601.6 and 53631.5, the following are specifically prohibited:

- A. Reverse repurchase agreements.
- B. Financial futures.
- C. Option contracts.
- D. Mortgage interest strips.
- E. Inverse floaters.
- F. Securities lending.
- G. Repurchase agreements purchased for "yield enhancement" purposes and not required for banking and liquidity purposes.
- H. Any investment that fails to meet credit or portfolio limits at the time of investment.

IV. Sales Prior to Maturity:

- A. The primary strategy of this investment policy is to "buy and hold" securities to maturity, however, a security may be sold prior to maturity if the sale is necessary to avoid further erosion of market value or meet operational or project liquidity needs. All sales prior to maturity shall be detailed in the investment report.
- B. A security whose market or credit quality falls outside the investment policy parameters after purchase may be held to maturity without violation of this policy provided the fact is disclosed in the investment report.

10%	15%	30%	

The percentages within the 30 and 90 day counts are cumulative towards the one year minimum.

Specifically designated reserve funds may have a maximum maturity of 40 years or less, provided each fund is clearly identified in the investment report.

Only firms meeting all of the following criteria shall be authorized to buy or sell securities:

- A. Firms licensed to conduct business as a broker-dealer under § 25004 of the Corporations Code, licensed and registered under the Securities Exchange Commission, a Federally or State chartered bank, or designated a “primary dealer” by the Federal Reserve Bank and with offices located in California.
- B. The firm must have a minimum rating of “A-” from a nationally recognized credit rating agency.
- C. Corporate assets or assets under management of at least fifty million dollars (\$50,000,000).
- D. Provided written certification that they received a copy of the approved policy.

VIII. Bond Repurchase Accounts

MTC will use licensed brokerage firms for the purpose of purchasing BATA bonds with the intent of retiring its debt when such debt is offered for sale in the secondary market. Such brokerage firms are for the specific purpose of purchasing and transferring BATA bonds to BATA and as such will be exempt from the requirements of Section VII, except that all firms shall be licensed brokers.

IX. Investment Management Services:

Only firms meeting all of the following criteria shall be authorized to manage investment funds.

- A. Firms licensed to conduct business as an investment advisor under § 25009 of the Corporations Code, licensed and registered under the Securities Exchange Commission.

- B. Safekeeping accounts shall be maintained with firms or banks with at least fifty million dollars (\$50,000,000) in trust and safekeeping accounts under management and a minimum rating in the "A" category from a nationally recognized rating service.
- C. The Treasurer or assignee designated by the MTC Executive Director is authorized to sign documents providing for the sale and purchase of securities, as well as all documents required to provide for safekeeping and trust.

XI. Internal Controls:

The Treasurer shall be responsible for developing a system of internal controls that maintain appropriate records of all transactions as well as individual fund ownership of all investments and interest earnings and shall also be subject to the annual independent audit process.

MTC Resolution No. 4265, Revised – MTC Debt Policy Issuance and Management

Subject:

Staff requests that the Committee authorize the referral of MTC Resolution No. 4265, Revised to the Commission for the renewal of the Debt Policy for MTC and all MTC affiliated entities as well as ABAG which is administered under the Contract for Services.

Background:

The Debt Policy establishes the rules and limitations for all debt issued by MTC or any affiliated entity as well as ABAG. Prior to January 2017, the Debt Policy was primarily a BATA concern. However, in light of MTC now covering ABAG and ABAG FAN debt pursuant to the Contract for Services as well as preparing a federal funding securitization through BAIFA, the Debt Policy has shifted to the MTC Administration Committee.

The criteria listed in Resolution No. 4265, Revised are quite extensive and specifically relate to the authorization to issue debt. The provisions include:

- Issuance only by approved resolution
- Complete detail on total issuance and debt costs
- Complete capital financing plan
- Criteria for the use of credit enhancements
- Credit criteria for use of structured products (Derivatives)
- Analysis of debt capacity
- Refunding requirements of minimum 3% net present value for savings

There are also specific requirements for internal controls, administration, and audit. The Debt Policy complies with state law and all state reporting requirements.

Resolution No. 4265, Revised, requires review and approval on an annual basis. There are no changes to the policy as adopted by the Commission last year.

Additionally, BATA expects to amend its existing International Swaps and Derivatives Association (ISDA) Agreements via the ISDA Fallback Rate Protocol (once published) to

address the potential discontinuance of the London Interbank Offered Rate (LIBOR) at the end of 2021. This is provided for informational purposes only and has no impact on the policy.

None identified.

This Debt Policy is intended to guide decisions related to any debt issued by MTC or its affiliated entities. This Debt Policy is also intended to guide decisions related to any debt issued by the Association of Bay Area Governments (ABAG), a separate joint powers authority, and its affiliated entities for which MTC is administering debts and other obligations, effective July 1, 2017 pursuant to a contract for services between MTC and ABAG dated May 30, 2017. Collectively, these entities comprise MTC as defined in this Debt Policy. The MTC recognizes that cost-effective access to the capital markets is highly dependent on sound management of the MTC's debt program.

Objectives

The purpose of the Debt Policy is to assist the MTC in meeting the following objectives:

- Issue debt in accordance with established guidelines
- Complete an approved capital financing plan
- Timely repayment of debt
- Maintain the highest of ratings that are consistent with the financing plan
- Ensure compliance with applicable State and Federal laws
- Assure access to credit markets
- Preserve financial flexibility

The MTC's Debt Policy shall be reviewed and updated at least annually and presented to the Board for approval. The Debt Policy requires that the MTC's Board specifically authorize each debt financing by resolution approved by the Board.

I. Long-Term Debt Financing

- A. The MTC will use the following criteria to evaluate pay-as-you-go versus long-term debt financing in funding capital projects.

- 1) Factors that favor pay-as-you-go:
 - a) Current revenues and adequate fund balances are available
 - b) Project phasing is feasible
 - c) Debt levels could adversely affect the MTC's or its affiliated entities' credit rating
 - d) Market conditions are unstable or present difficulties in marketing long-term debt
- 2) The MTC will consider the use of long-term debt financing for capital projects under, but not limited to, the following circumstances:
 - a) When the project's useful life will equal or exceed the term of the financing.
 - b) Revenues available for debt service are considered self-sufficient and reliable so that long-term financing can be marketed with an appropriate credit rating.
 - c) The project that is being considered will not adversely affect the MTC's or its affiliated entities' credit rating.
 - d) Market conditions present favorable interest rates.
 - e) High priority projects that result from regional or economic conditions that require use of long-term debt.
- 3) Each debt issuance for the financing of capital projects shall be approved by resolution specifying the following:
 - a) The security pledge for repayment of debt service
 - b) Total principal-- amount of the bonds.
 - c) Maximum interest rate, not to exceed 12%.
 - d) Total expected principal and interest payments, and such estimates may be set forth in a staff report accompanying or relating to the resolution approving the debt issuance.
 - e) All fees associated with the issuance. Fees may be in the form of a discount rate applied to the bond issue or direct payments of the fees.
 - f) Whether bonds are to be fixed or variable rate.
 - g) Any other special terms or conditions, including forward or delayed issuance and delivery of bonds.

- B. The MTC may use debt in special circumstances for projects other than long-term capital projects. Long-term debt will not be used to fund any ongoing operational costs.
- C. The MTC may use lease financing as an appropriate means of financing capital facilities, projects and certain equipment. The useful life of the capital equipment, the terms and conditions of the lease and budget flexibility will be evaluated prior to the implementation of the lease obligation. Efforts will be made to fund capital on a pay-as-you-go basis where feasible.
- D. No debt shall be issued for the financing of capital projects without approval of the resolution by the Board.

Capital Financing Plan

A Capital Financing Plan will be prepared for each long-term debt financing. Analysis must include, but is not limited to, the following requirements:

- a) Description and availability of all sources of funds
- b) Timing and priority of capital projects
- c) A financing plan which includes, but is not limited to:
 - 1) Debt service coverage
 - 2) Debt covenants
- d) Debt service requirements
- e) Effect of projects on debt capacity
- f) Measurable objectives or goals
- g) Conformance with California Government Code Section 58521.1

Debt Service Reserve Fund

A Debt Service Reserve Fund (DSRF) will not be required on a financing if there is no negative or additional cost implications to the financing. An analysis and financing plan will be prepared for each debt financing which analyzes the optimal method and level of funding the DSRF and selecting the appropriate bond insurer to achieve project objectives and support debt service. If funded, the reserve will be funded through cash on hand, bond proceeds or a DSRF surety policy provided by a rated bond insurer.

II. Short-Term Financing

Short-term borrowing may be utilized for any purpose for which long-term debt may be issued. Additionally, short-term borrowing may be utilized as a source of temporary

funding of operational cash flow deficits, of anticipated revenues, of inter-fund borrowing or as an interim source of funding in anticipation of long-term borrowing. Short-term debt can be issued as follows, but not is limited to:

- a) Bond Anticipation Notes (BANs)
- b) Tax and Revenue Anticipation Notes (TRANs)
- c) Grant Anticipation Notes (GANs)
- d) Lines of Credit/Letters of credit/Loans
- e) Commercial Paper (CP)
- f) Term rate bonds
- g) Floating rate notes

A financing plan must be submitted prior to the use of short-term financing.

III. Variable Rate Debt

The MTC may issue variable rate debt. It is often appropriate to issue variable rate debt to diversify the debt portfolio and improve the match of assets to liabilities. An analysis and budgeting plan will be prepared for each debt financing which analyzes the optimal amount of hedged and unhedged variable rate debt appropriate to achieve project objectives and support debt service.

IV. Credit Enhancements

The MTC may purchase bond insurance, letters of credit or other means of credit enhancement for its borrowing of publicly sold or direct purchase bonds if the credit enhancement improves the credit quality of the bonds and as a result provides MTC with interest cost savings or other substantial market advantages. An analysis of utilizing credit enhancement instruments will be prepared for each debt financing to determine if there is appropriate value to support purchasing the enhancement.

V. Structured Financial Products (Derivatives)

The MTC may utilize derivative products such as floating-to-fixed and fixed-to-floating rate swaps as a tool to manage interest rate risk or reduce interest rate cost in the debt portfolio. Derivative products will be evaluated on a case-by-case basis to determine the value of potential benefits as well as a clear understanding of structured products.

The MTC will consider the following risks when considering structured products:

- 1) Counterparty risk: The counterparty's ratings, or the ratings of an entity controlling the counterparty, must be the equivalent of "A+" or better from three nationally recognized rating agencies, and the counterparty must have ratings that are equal to or better than MTC's current ratings from any two nationally recognized rating agencies at the time of the execution of the transaction.

1A) Counterparty Limits:

Corporate Rating ^(a)	Counterparty Security	Portfolio Limit	Single Firm Limit
AAA	Collateral	No Limit	No Limit
AAA Agreement	Over-Collateralized	No Limit	No Limit
AA ^(b)	Collateral	No Limit	No Limit
A ^(b)	Collateral	No Limit	25%

^(a) – or equivalent

^(b) – without graduation

- 2) Credit risk: Swap agreement will require unilateral posting by the counterparty if it fails to maintain its credit ratings.
- 3) Counterparty exposure risk: The MTC will attempt to use different counterparties to diversify exposure; however, the selection of a counterparty should not be at the expense of pricing or other credit factors.
- 4) Termination risk: Swap agreement will allow the MTC the unilateral option to terminate the swap at any time with 30 days notice.
- 5) Rollover risk: All swap transactions will be coterminous with or terminate earlier than the underlying bonds.
- 6) Amortization risk: The swap will be structured to amortize with or earlier than the maturity of the underlying bonds.

Structured financial derivative products may not be used for speculative purposes. Derivative products shall not be used for the sole purpose of generating operating or capital proceeds. Prior Board approval is required in order to utilize a derivative product.

- 7) Novation/Assignment: If counterparty or the entity controlling the counterparty does not maintain ratings conforming to subparagraph (1), the MTC may seek novations and assignments with replacement counterparties to reduce the MTC's exposure. Replacement counterparties must be rated higher than the counterparty being novated but not less than "A-" or equivalent from two rating agencies. In determining eligible novations/assignments, credit limitations in Section I shall not apply.

- 8) Conformance with Dodd-Frank: It is the intent of the MTC to conform this policy to the requirements relating to legislation and regulations for over-the-counter derivatives transactions under Title VII of the Wall Street Transparency and Accountability Act of 2010, as supplemented and amended from time to time (herein collectively referred to as "Dodd-Frank"). Pursuant to such intent, it is the policy of the MTC that: (i) each swap advisor engaged or to be engaged by the MTC will function as the designated qualified investment representative of the MTC, sometimes referred to as the "Designated QIR"; (ii) each swap advisor agrees to meet and meets the requirements specified in Commodity Futures Trading Commission Regulation 23.450(b)(1) or any successor regulation thereto (herein referred to as the "Representative Regulation"); (iii) each swap advisor provide a written certification to the MTC to the effect that such swap advisor agrees to meet and meets the requirements specified in the Representative Regulation; (iv) the MTC monitors the performance of each swap advisor consistent with the requirements specified in the Representative Regulation; (v) the MTC exercise independent judgment in consultation with its swap advisor in evaluating all recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy; and (vi) the MTC relies on the advice of its swap advisor with respect to transactions authorized pursuant to this Debt Policy and not rely on recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy

VI. Debt Capacity

An analysis and financing plan will be prepared for each debt financing which analyzes the optimal amount of debt capacity to achieve project objectives and support debt service. Debt levels will be maintained at a level consistent with project objectives and creditworthiness goals.

VII. Refunding

Outstanding debt will be monitored, on an ongoing basis, for potential savings via refunding opportunities. Refunding, either on a tax-exempt or taxable basis, will be considered if and when there is a net present value economic benefit of 3% resulting from the refunding or refundings may be non economic and may be undertaken to achieve other project objectives such as, changes in covenants, call provisions, operational flexibility, tax status, issuer, or the debt service profile.

VIII. Debt Rollover

An analysis will be prepared discussing the economic merits of the refunding and presented to the Board. Debt that is maturing or subject to mandatory tender and will be refunded as a rollover or remarketing to a new maturity, may be refunded or advance refunded as a business practice necessary for the administration of the debt portfolio without consideration of refunding criteria.

IX. Bond Proceeds

Proceeds will be invested in compliance with the provisions of the applicable bond indenture, federal and state tax requirements, and the adopted Investment Policy.

X. Bond Covenants and Laws

The MTC shall comply with all covenants and requirements of the bond resolutions, indentures, tax certificates and State and Federal laws authorizing and governing the issuance and administration of debt obligations.

The MTC shall comply with the reporting requirements of California Government Code Section 8855.

XI. Continuing Disclosure

In addition to annual audit and reporting disclosures, MTC's Finance department shall be responsible for complying with all continuing disclosure agreement (CDA) requirements entered into pursuant to the requirements of Securities and Exchange Commission Rule 15(c)-12 ("The Rule") which applies to publicly offered securities. The Finance department will be responsible for ensuring that all filings required under "The Rule" and outstanding CDA's are filed in a complete and timely manner.

XII. Arbitrage and Rebate Compliance

The Finance department shall maintain a system of accounts, record keeping and reporting as required under Generally Accepted Accounting Principles (GAAP), bond covenants and resolutions.

The use of bond proceeds and their investments must be monitored to ensure timely compliance with both current and future federal tax arbitrage restrictions. All rebates, if any, shall be made in a timely manner.

XIII. Internal Control Procedures

The Finance department maintains internal control procedures to monitor and ensure that the proceeds of all debt issuance is directed to and utilized for the intended use. Such procedures are tested as part of the annual financial audit.

XIV. Bond Rating Agency

The Finance department shall be responsible for maintaining the MTC's relationships with the credit rating agencies. The MTC will maintain a practice of meeting regularly with

credit analysts from the bond rating agencies to keep them informed of the MTC's borrowing plans, financial profile, and financial condition.

XV. Investor Relations

The Finance department will make all efforts to keep the various investors informed of current events surrounding the MTC. The Finance department will make all efforts to respond to questions from fund managers in a timely and efficient manner.

Agenda Item 2e - 21-1295

MTC Resolution No. 4265, Revised – MTC Debt Policy Issuance and Management

Subject:

Staff requests that the Committee authorize the referral of MTC Resolution No. 4265, Revised to the Commission for the renewal of the Debt Policy for MTC and all MTC affiliated entities as well as ABAG which is administered under the Contract for Services.

Background:

The Debt Policy establishes the rules and limitations for all debt issued by MTC or any affiliated entity as well as ABAG. Prior to January 2017, the Debt Policy was primarily a BATA concern. However, in light of MTC now covering ABAG and ABAG FAN debt pursuant to the Contract for Services as well as preparing a federal funding securitization through BAIFA, the Debt Policy has shifted to the MTC Administration Committee.

The criteria listed in Resolution No. 4265, Revised are quite extensive and specifically relate to the authorization to issue debt. The provisions include:

- Issuance only by approved resolution
- Complete detail on total issuance and debt costs
- Complete capital financing plan
- Criteria for the use of credit enhancements
- Credit criteria for use of structured products (Derivatives)
- Analysis of debt capacity
- Refunding requirements of minimum 3% net present value for savings

There are also specific requirements for internal controls, administration, and audit. The Debt Policy complies with state law and all state reporting requirements.

Resolution No. 4265, Revised, requires review and approval on an annual basis. There are no changes to the policy as adopted by the Commission last year.

Additionally, BATA expects to amend its existing International Swaps and Derivatives Association (ISDA) Agreements via the ISDA Fallback Rate Protocol (once published) to

address the potential discontinuance of the London Interbank Offered Rate (LIBOR) at the end of 2021. This is provided for informational purposes only and has no impact on the policy.

Issues:

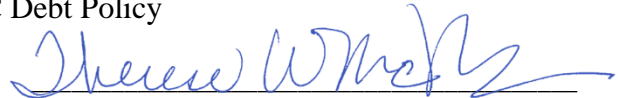

None identified.

Recommendations:

Refer MTC Resolution No. 4265, Revised to the Commission for approval.

METROPOLITAN TRANSPORTATION COMMISSION DEBT POLICY

Introduction

The purpose of the Debt Policy is to establish guidelines for the issuance and financial management of debts for which the Metropolitan Transportation Commission (MTC) is administratively responsible, including those of the Bay Area Toll Authority (BATA), the Bay Area Infrastructure Financing Authority (BAIFA). This Debt Policy is intended to guide decisions related to any debt issued by MTC or its affiliated entities. This Debt Policy is also intended to guide decisions related to any debt issued by the Association of Bay Area Governments (ABAG), a separate joint powers authority, and its affiliated entities for which MTC is administering debts and other obligations, effective July 1, 2017 pursuant to a contract for services between MTC and ABAG dated May 30, 2017. Collectively, these entities comprise MTC as defined in this Debt Policy. The MTC recognizes that cost-effective access to the capital markets is highly dependent on sound management of the MTC's debt program.

Objectives

The purpose of the Debt Policy is to assist the MTC in meeting the following objectives:

- Issue debt in accordance with established guidelines
- Complete an approved capital financing plan
- Timely repayment of debt
- Maintain the highest of ratings that are consistent with the financing plan
- Ensure compliance with applicable State and Federal laws
- Assure access to credit markets
- Preserve financial flexibility

The MTC's Debt Policy shall be reviewed and updated at least annually and presented to the Board for approval. The Debt Policy requires that the MTC's Board specifically authorize each debt financing by resolution approved by the Board.

I. Long-Term Debt Financing

- A. The MTC will use the following criteria to evaluate pay-as-you-go versus long-term debt financing in funding capital projects.

- 1) Factors that favor pay-as-you-go:
 - a) Current revenues and adequate fund balances are available
 - b) Project phasing is feasible
 - c) Debt levels could adversely affect the MTC's or its affiliated entities' credit rating
 - d) Market conditions are unstable or present difficulties in marketing long-term debt
- 2) The MTC will consider the use of long-term debt financing for capital projects under, but not limited to, the following circumstances:
 - a) When the project's useful life will equal or exceed the term of the financing.
 - b) Revenues available for debt service are considered self-sufficient and reliable so that long-term financing can be marketed with an appropriate credit rating.
 - c) The project that is being considered will not adversely affect the MTC's or its affiliated entities' credit rating.
 - d) Market conditions present favorable interest rates.
 - e) High priority projects that result from regional or economic conditions that require use of long-term debt.
- 3) Each debt issuance for the financing of capital projects shall be approved by resolution specifying the following:
 - a) The security pledge for repayment of debt service
 - b) Total principal-- amount of the bonds.
 - c) Maximum interest rate, not to exceed 12%.
 - d) Total expected principal and interest payments, and such estimates may be set forth in a staff report accompanying or relating to the resolution approving the debt issuance.
 - e) All fees associated with the issuance. Fees may be in the form of a discount rate applied to the bond issue or direct payments of the fees.
 - f) Whether bonds are to be fixed or variable rate.
 - g) Any other special terms or conditions, including forward or delayed issuance and delivery of bonds.

- B. The MTC may use debt in special circumstances for projects other than long-term capital projects. Long-term debt will not be used to fund any ongoing operational costs.
- C. The MTC may use lease financing as an appropriate means of financing capital facilities, projects and certain equipment. The useful life of the capital equipment, the terms and conditions of the lease and budget flexibility will be evaluated prior to the implementation of the lease obligation. Efforts will be made to fund capital on a pay-as-you-go basis where feasible.
- D. No debt shall be issued for the financing of capital projects without approval of the resolution by the Board.

Capital Financing Plan

A Capital Financing Plan will be prepared for each long-term debt financing. Analysis must include, but is not limited to, the following requirements:

- a) Description and availability of all sources of funds
- b) Timing and priority of capital projects
- c) A financing plan which includes, but is not limited to:
 - 1) Debt service coverage
 - 2) Debt covenants
- d) Debt service requirements
- e) Effect of projects on debt capacity
- f) Measurable objectives or goals
- g) Conformance with California Government Code Section 58521.1

Debt Service Reserve Fund

A Debt Service Reserve Fund (DSRF) will not be required on a financing if there is no negative or additional cost implications to the financing. An analysis and financing plan will be prepared for each debt financing which analyzes the optimal method and level of funding the DSRF and selecting the appropriate bond insurer to achieve project objectives and support debt service. If funded, the reserve will be funded through cash on hand, bond proceeds or a DSRF surety policy provided by a rated bond insurer.

II. Short-Term Financing

Short-term borrowing may be utilized for any purpose for which long-term debt may be issued. Additionally, short-term borrowing may be utilized as a source of temporary

funding of operational cash flow deficits, of anticipated revenues, of inter-fund borrowing or as an interim source of funding in anticipation of long-term borrowing. Short-term debt can be issued as follows, but not is limited to:

- a) Bond Anticipation Notes (BANs)
- b) Tax and Revenue Anticipation Notes (TRANs)
- c) Grant Anticipation Notes (GANs)
- d) Lines of Credit/Letters of credit/Loans
- e) Commercial Paper (CP)
- f) Term rate bonds
- g) Floating rate notes

A financing plan must be submitted prior to the use of short-term financing.

III. Variable Rate Debt

The MTC may issue variable rate debt. It is often appropriate to issue variable rate debt to diversify the debt portfolio and improve the match of assets to liabilities. An analysis and budgeting plan will be prepared for each debt financing which analyzes the optimal amount of hedged and unhedged variable rate debt appropriate to achieve project objectives and support debt service.

IV. Credit Enhancements

The MTC may purchase bond insurance, letters of credit or other means of credit enhancement for its borrowing of publicly sold or direct purchase bonds if the credit enhancement improves the credit quality of the bonds and as a result provides MTC with interest cost savings or other substantial market advantages. An analysis of utilizing credit enhancement instruments will be prepared for each debt financing to determine if there is appropriate value to support purchasing the enhancement.

V. Structured Financial Products (Derivatives)

The MTC may utilize derivative products such as floating-to-fixed and fixed-to-floating rate swaps as a tool to manage interest rate risk or reduce interest rate cost in the debt portfolio. Derivative products will be evaluated on a case-by-case basis to determine the value of potential benefits as well as a clear understanding of structured products.

The MTC will consider the following risks when considering structured products:

- 1) Counterparty risk: The counterparty's ratings, or the ratings of an entity controlling the counterparty, must be the equivalent of "A+" or better from three nationally recognized rating agencies, and the counterparty must have ratings that are equal to or better than MTC's current ratings from any two nationally recognized rating agencies at the time of the execution of the transaction.

1A) Counterparty Limits:

Corporate Rating ^(a)	Counterparty Security	Portfolio Limit	Single Firm Limit
AAA	Collateral	No Limit	No Limit
AAA Agreement	Over-Collateralized	No Limit	No Limit
AA ^(b)	Collateral	No Limit	No Limit
A ^(b)	Collateral	No Limit	25%

^(a) – or equivalent

^(b) – without graduation

- 2) Credit risk: Swap agreement will require unilateral posting by the counterparty if it fails to maintain its credit ratings.
- 3) Counterparty exposure risk: The MTC will attempt to use different counterparties to diversify exposure; however, the selection of a counterparty should not be at the expense of pricing or other credit factors.
- 4) Termination risk: Swap agreement will allow the MTC the unilateral option to terminate the swap at any time with 30 days notice.
- 5) Rollover risk: All swap transactions will be coterminous with or terminate earlier than the underlying bonds.
- 6) Amortization risk: The swap will be structured to amortize with or earlier than the maturity of the underlying bonds.

Structured financial derivative products may not be used for speculative purposes. Derivative products shall not be used for the sole purpose of generating operating or capital proceeds. Prior Board approval is required in order to utilize a derivative product.

- 7) Novation/Assignment: If counterparty or the entity controlling the counterparty does not maintain ratings conforming to subparagraph (1), the MTC may seek novations and assignments with replacement counterparties to reduce the MTC's exposure. Replacement counterparties must be rated higher than the counterparty being novated but not less than "A-" or equivalent from two rating agencies. In determining eligible novations/assignments, credit limitations in Section I shall not apply.

- 8) Conformance with Dodd-Frank: It is the intent of the MTC to conform this policy to the requirements relating to legislation and regulations for over-the-counter derivatives transactions under Title VII of the Wall Street Transparency and Accountability Act of 2010, as supplemented and amended from time to time (herein collectively referred to as "Dodd-Frank"). Pursuant to such intent, it is the policy of the MTC that: (i) each swap advisor engaged or to be engaged by the MTC will function as the designated qualified investment representative of the MTC, sometimes referred to as the "Designated QIR"; (ii) each swap advisor agrees to meet and meets the requirements specified in Commodity Futures Trading Commission Regulation 23.450(b)(1) or any successor regulation thereto (herein referred to as the "Representative Regulation"); (iii) each swap advisor provide a written certification to the MTC to the effect that such swap advisor agrees to meet and meets the requirements specified in the Representative Regulation; (iv) the MTC monitors the performance of each swap advisor consistent with the requirements specified in the Representative Regulation; (v) the MTC exercise independent judgment in consultation with its swap advisor in evaluating all recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy; and (vi) the MTC relies on the advice of its swap advisor with respect to transactions authorized pursuant to this Debt Policy and not rely on recommendations, if any, presented by any counterparty with respect to transactions authorized pursuant to this Debt Policy

VI. Debt Capacity

An analysis and financing plan will be prepared for each debt financing which analyzes the optimal amount of debt capacity to achieve project objectives and support debt service. Debt levels will be maintained at a level consistent with project objectives and creditworthiness goals.

VII. Refunding

Outstanding debt will be monitored, on an ongoing basis, for potential savings via refunding opportunities. Refunding, either on a tax-exempt or taxable basis, will be considered if and when there is a net present value economic benefit of 3% resulting from the refunding or refundings may be non economic and may be undertaken to achieve other project objectives such as, changes in covenants, call provisions, operational flexibility, tax status, issuer, or the debt service profile.

VIII. Debt Rollover

An analysis will be prepared discussing the economic merits of the refunding and presented to the Board. Debt that is maturing or subject to mandatory tender and will be refunded as a rollover or remarketing to a new maturity, may be refunded or advance refunded as a business practice necessary for the administration of the debt portfolio without consideration of refunding criteria.

IX. Bond Proceeds

Proceeds will be invested in compliance with the provisions of the applicable bond indenture, federal and state tax requirements, and the adopted Investment Policy.

X. Bond Covenants and Laws

The MTC shall comply with all covenants and requirements of the bond resolutions, indentures, tax certificates and State and Federal laws authorizing and governing the issuance and administration of debt obligations.

The MTC shall comply with the reporting requirements of California Government Code Section 8855.

XI. Continuing Disclosure

In addition to annual audit and reporting disclosures, MTC's Finance department shall be responsible for complying with all continuing disclosure agreement (CDA) requirements entered into pursuant to the requirements of Securities and Exchange Commission Rule 15(c)-12 ("The Rule") which applies to publicly offered securities. The Finance department will be responsible for ensuring that all filings required under "The Rule" and outstanding CDA's are filed in a complete and timely manner.

XII. Arbitrage and Rebate Compliance

The Finance department shall maintain a system of accounts, record keeping and reporting as required under Generally Accepted Accounting Principles (GAAP), bond covenants and resolutions.

The use of bond proceeds and their investments must be monitored to ensure timely compliance with both current and future federal tax arbitrage restrictions. All rebates, if any, shall be made in a timely manner.

XIII. Internal Control Procedures

The Finance department maintains internal control procedures to monitor and ensure that the proceeds of all debt issuance is directed to and utilized for the intended use. Such procedures are tested as part of the annual financial audit.

XIV. Bond Rating Agency

The Finance department shall be responsible for maintaining the MTC's relationships with the credit rating agencies. The MTC will maintain a practice of meeting regularly with

credit analysts from the bond rating agencies to keep them informed of the MTC's borrowing plans, financial profile, and financial condition.

XV. Investor Relations

The Finance department will make all efforts to keep the various investors informed of current events surrounding the MTC. The Finance department will make all efforts to respond to questions from fund managers in a timely and efficient manner.

MTC Resolution Nos. 4465, Revised; and 4466, Revised

Subject:

Allocation of \$69 million in FY2021-22 Transportation Development Act (TDA) and State Transit Assistance (STA) funds to SamTrans, Vacaville, and VTA.

Background:

This month's proposed actions continue the annual allocation process of these funds for FY2021-22. SamTrans, and Vacaville, and VTA are requesting TDA or STA allocations this month that exceed the \$1 million delegated authority limit. Allocation requests that are less than \$1 million are approved separately through the Executive Director's Delegated Authority process. Santa Clara Valley Transportation Authority (VTA)'s first allocation was approved in June 2021; this current requesting is for STA fundings that became available as a result of the update of the FY 2021-22 Fund Estimate in October, since their claim was approved in June 2021.

These funds comprise an important source of ongoing funding for transit agencies.

The proposed allocation amounts are based on the programming levels identified in the FY 2021-22 Fund Estimate (MTC Resolution 4450) and the RM2 Operating Program (MTC Resolution 4463). The proposed allocations are summarized in the following table:

Claim Amounts by Operator (amounts in millions)

Claimant	TDA (Res 4465)	STA (Res. 4466)	Total Amount
SamTrans	\$36.9	\$22.5	\$59.4
Vacaville	\$2.4	-	\$2.4
VTA	\$.4	\$6.5	\$6.9
Total	\$39.7	\$29.0	\$68.7

Information regarding the FY 2021-22 operating budget and transit services for SamTrans and Vacaville is provided in Attachment A. Vacaville is piloting on-demand service and SamTrans is conducting outreach on a refreshed bus network with the goal of implementing changes next fall.

Issues:

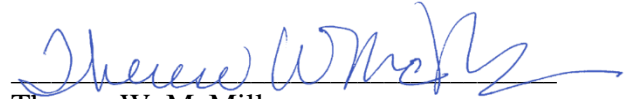

None identified.

Recommendations:

Refer MTC Resolution Nos. 4465, Revised; and 4466, Revised to the Commission for approval.

Attachment A – Transit Operator Budget Summary

SamTrans

Proposed Operating Budget	\$196.4 million
Change in Budget compared to FY2019-20 (excluding Caltrain pass through)	2.2%
Current Average Ridership Decrease (Aug 2021 to Feb 2020)	-56.5%
Total Proposed TDA & STA FY2021-22 Allocation ¹	\$51.1 million plus \$10 million pass through to Caltrain
Proportion of Operating Budget Funded with Allocations	15%

Budget Highlights

- Wage and benefit cost increases are partially offset by a reduction in purchased transportation cost due to expected continuing lower ridership on paratransit.
- SamTrans adopted a reserve policy and is funding a three-month operating reserve and sales tax stabilization reserve.
- Due to the passage of Measure RR, a sales tax measure for Caltrain, the three member agencies—SFMTA, SamTrans, and VTA—will not provide support to Caltrain in FY2021-22.

Operations Summary

- Service is currently at 88 percent of pre-COVID levels. Additional service restoration is dependent on hiring additional drivers.
- SamTrans is currently redesigning their entire bus system and starting their third round of outreach. A preferred network has been identified and is expected to be approved early next year and implemented in August 2022.

¹ The allocation request includes funds that will be allocated through Executive Director's Delegated Authority as allowed by MTC Resolution No. 3620, Revised. Allocations made by Delegated Authority are reported to the Commission quarterly.

Vacaville

Proposed Operating Budget	\$2.7 million
Change in Budget compared to FY2019-20	4.9%
Current Average Ridership Decrease (Sept 2021 to Sept 2019)	-37.6%
Total Proposed TDA & STA FY2021-22 Allocation ¹	\$3.9 million
Proportion of Operating Budget Funded with Allocations	54%

Budget Highlights

- Federal funding comprises the balance of Vacaville’s operating revenue. City Coach continues to operate fare free with the use of federal relief funds.
- One million of the requested \$2.4 million capital request will be used to purchase 10 vehicles to support paratransit and on-demand service. Other capital projects include electrification and bus capital maintenance.

Operations Summary

Vacaville was in the process of assessing its transit service before the pandemic. As a result of this assessment, Vacaville is now piloting on-demand service and has reduced its fixed service routes from six to four, with two routes operating throughout the day and two other routes operating only during the morning and mid-day. Vacaville continues to assess demand and is prepared to increase service. In order to encourage transit use, City Coach continues to operate fare free through the use of federal relief funds.

¹ The allocation request includes funds that will be allocated through Executive Director’s Delegated Authority as allowed by MTC Resolution No. 3620, Revised. Allocations made by Delegated Authority are reported to the Commission quarterly.

FINDINGS

The following findings pertain, as the case may be, to claimants to which State Transit Assistance funds are allocated under this resolution.

1. That each claimant has submitted, or shall have submitted prior to the disbursement of funds, copies, to MTC and to appropriate agencies, of all required State Controller's reports and fiscal audit reports prepared in accordance with PUC §§ 99243 and 99245; and
2. That the projects and purposes for which each claimant has submitted an application for TDA Article 8 funds to MTC are in conformance with MTC's Regional Transportation Plan (21 Cal. Code of Regs. § 6651), and with the applicable state regulations (21 Cal. Code of Regs. § 6600 et seq.), and with the applicable MTC rules and regulations; and
3. That the claimant is in compliance with the 50% expenditure limitation of PUC § 99268, or is exempt from compliance with the applicable fare or fares-plus-local-support recovery ratio requirement (PUC §§ 99268.2, 99268.3, 99268.4, 99268.12, or 99270.5), or with the applicable fare or fares-plus-local-match recovery ratio requirement (as set forth, respectively, in PUC §§ 99268.5, 99268.12, or MTC Resolution No. 1209, Revised) as provided by PUC § 99268.9; and
4. That each claimant is making full use of federal funds available under the Fixing America's Surface Transportation (FAST) Act, as amended; and
5. That the sum of each claimant's allocation of Transportation Development Act and State Transit Assistance funds does not exceed the amount the claimant is eligible to receive, in accordance with the calculations prescribed by 21 Cal. Code of Regs. § 6633.1 or § 6634; and
6. That MTC has given priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public

transportation services, and to meet high priority regional, countywide, or area wide public transportation needs; and

7. That each claimant has made a reasonable effort to implement the productivity improvements recommended pursuant to PUC § 99244; and

8. That each claimant has submitted to MTC a copy of a certification from the California Highway Patrol verifying that the claimant is in compliance with Section 1808.1 of the Vehicle Code (“Pull Notice Program”), as required by PUC § 99251; and

Programming and Allocations Committee****November 10, 2021****Agenda Item 2d - 21-1324****MTC Resolution No. 4486, FY2021-22 STA-State of Good Repair Allocations**

Subject:

Allocation of \$43 million of State Transit Assistance-State of Good Repair (STA-SGR) funds to MTC and transit operators for projects approved by the State Department of Transportation (Caltrans).

Background:

The Road Repair and Accountability Act of 2017, Senate Bill (SB) 1 (Chapter 5, Statutes of 2017), created the State of Good Repair Account within the State Transit Assistance Program. The State Controller provides the estimate of funding available by operator in accordance with PUC Section 99314 (Revenue-based share) and to the MTC region in accordance with PUC Section 99313 (Population-based share). Approximately \$31.5 million is expected in revenue-based funds, along with \$11.5 million in population-based funds and these amounts are included in the MTC Fund Estimate (MTC Resolution 4450, Revised).

MTC compiled and submitted the FY 2021-22 STA-SGR proposed project list for Caltrans' review through Resolution 4472 in July 2021 and the CalSMART grant system. MTC proposes to allocate funds to these projects as required by statute.

Funding recipients are responsible for working directly with Caltrans to deliver their projects and meet the program guidelines. Funds will be allocated to a variety of projects to improve the state of good repair of the Bay Area's transit systems – see Attachment A to this resolution for the complete list of projects and allocations.

Most operators will use their revenue-based funds for state of good repair projects of equipment or facilities, to provide local match for projects funded with other state or federal funds, or for the rehabilitation or purchase of public transit vehicles. In accordance with the policy set forth in MTC Resolution 4321, the population-based STA-SGR funds are allocated to MTC to assist in the delivery of the Next Generation Clipper® system.

None identified.

MTC Resolution No. 3931, Revised - Policy Advisory Council Appointments & Stipends

Subject:

Update on stipends and appointments to the 4-year Policy Advisory Council term that will run January 1, 2022 - December 31, 2025.

Summary:

MTC Resolution No. 3931, Revised, which created the MTC Policy Advisory Council (“Council”), calls for recruitment and appointment of a new Council every four years. All voting Commissioners have reviewed the applications and affirmatively named their appointments. Staff is also recommending increasing the meeting stipend for the first time since the Policy Advisory Council was established in 2010.

Background:

The Council consists of 27 members, one third (9) representing communities of color, environmental justice or low-income interests; one third (9) representing older adults (a.k.a. “senior”) or disabled interests; and one third (9) represent economic and environmental interests. Current advisors were eligible for reappointment for a new term, provided they re-apply, along with new candidates.

Nine Council members — one from each county — are to represent low-income communities and communities of color, with four aligned with low-income communities, four representing communities of color, with the ninth member coming from either category. The same formula holds for the nine members representing older adults and persons with disabilities (one from each county, with four from each category and the ninth member coming from either). These advisors are recommended for appointment by the Commissioners from their particular county.

Of the nine members representing economic and environmental interests, four represent the economy, and four represent the environment, with the ninth member selected from either category. These advisors are recommended for appointment by the Commission chair and vice chair on an at-large basis; with at least one member each from the five most populous Bay Area counties — Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara.

Recruitment Results:

The recruitment window lasted seven weeks from June 14 – August 1, 2021. The recruitment announcement and online application were posted to MTC’s website, and a press release was picked up in the local press and shared on social media sites including LinkedIn, Facebook, and Twitter. An announcement was also included in MTC’s E-newsletter to 33,200 individuals (including our partner agencies), subscribers to our headlines (15,600 people), as well as a blog post (1,700 subscribers). In addition, hundreds of postcards were distributed via libraries in all nine counties to reach those without internet access.

132 applications were submitted for the 27 available seats, including 17 applications from current advisors. Applicants included individuals from a range of fields including academics, business professionals, community leaders and transportation system users. The candidates possessed a rich array of skills and experiences, and this year’s recruitment pool stood out for its deep knowledge and demonstrated commitment to improving the quality of life for all Bay Area residents.

Selection and Appointment:

Staff completed an initial review of the applicants for experience and availability to attend Council meetings. Following this initial assessment, staff did a second assessment - including group Zoom interviews with non-incumbents – to further assess the extremely well-qualified pool of candidates. Following these assessments, staff made an initial set of recommendations, while also sharing application materials from all of the candidates' to the relevant Commissioners for consideration. Staff received recommendations from all voting members of the Commission. The recommended candidates are included at the end of this memo.

Compensation:

Dating back to when the current iteration of the Policy Advisory Council was established in 2009, Members have been provided with a \$50 stipend per meeting (up to 3 meetings per calendar month), along with transportation costs. During the recruitment period, a number of candidates asked whether the compensation and stipend policy would be updated to lower participation barriers for representatives from low-income and other historically excluded

communities. A survey of other regional bodies indicated that meeting stipends go significantly higher. For example, the California Air Resource Board, the San Francisco Bay Conservation and Development Commission, and the Bay Area Air Quality Management District pay their advisory board members upwards of \$500 per meeting.

Issues:

Representation on the Council reflecting the Bay Area's diverse communities and constituencies.

Staff Recommendations:

MTC Resolution No. 1058 currently states that Policy Advisory Council Members' stipends be set at \$50 per meeting while Commissioners are paid \$100 stipends per meeting. Staff recommends that the Joint MTC ABAG Legislation Committee request the Administration Committee update MTC Resolution No. 1058 to increase Policy Advisory Council Members' stipends to \$100 per meeting compensation for up to three (3) meetings in any calendar month. Staff requests Staff further recommends that you refer MTC Resolution No. 3931, Revised, to appoint the Policy Advisory Council members for the new term to the Commission for approval.

Metropolitan Transportation Commission
Policy Advisory Council

A. Mission Statement

The mission of the Metropolitan Transportation Commission's Policy Advisory Council (Council) is to advise the Commission on transportation policies in the San Francisco Bay Area, incorporating diverse perspectives relating to the environment, the economy and social equity. The Council advises the Commission and its staff through the appropriate MTC standing committees on matters within MTC's jurisdiction and as assigned by the Commission.

B. Roles/Expectations

1. Advisors Provide Interest-Based and/or Geographic Perspectives

Advisors should represent the stakeholder interest under which they have been appointed. Although some advisors may be appointed based on an organizational affiliation, they should represent their constituency (not just their individual organization).

2. Responsibilities

Advisors will be expected to regularly attend their Council meetings and to maintain an ongoing engagement with organizations and individuals who make up the advisor's constituency.

3. Council Work Plan

The Commission will hold an annual workshop as a separately agendized meeting with the Policy Advisory Council to set the Council's work plan and schedule for the year. At this meeting, the Commission will identify several priority areas in which it desires feedback and/or research from the Council, and establish appropriate goals and performance measures. Advisors also will be given the opportunity to recommend initiatives of potential relevance to the Commission for inclusion in the work plan.

4. Reporting to the Commission

With the assistance of MTC staff, the Council will report on its work plan progress or present recommendations to the full Commission or MTC's standing committees, as appropriate.

5. Limitations on Advisor Activities

The role of the advisors is to advise the MTC Commission. Advisors are not to convey positions to outside agencies on behalf of the Council, independent of Commission action.

6. Conflict of Interest Policy

In order to avoid potential conflict of interest, no person shall sit on the Policy Advisory Council and concurrently be in a business relationship with MTC/BATA. A member is considered to have a business relationship with MTC/BATA when that member is employed by or serves on the Board of Directors of an organization that has received a grant or contract award from MTC – where MTC staff alone reviews proposals and recommends an organization or organizations for award of that grant or contract. In such cases, the member shall resign from the Council for the duration of the contract or grant, but may reapply for any vacancies upon completion of the contract or grant.

7. Ethics Training

All members of the Council shall complete an ethnics training course within the first year of their term on the Council.

C. Membership

The Council shall be composed of twenty-seven (27) members as follows.

A total of nine (9) members, one from each Bay Area county, shall be selected to represent interests related to the communities of color, environmental justice and low-income issues. A minimum of four members shall represent the communities of color, and a minimum of four shall represent environmental justice/low-income issues. The ninth member shall be selected from either category.

A total of nine (9) members, one from each Bay Area county, shall be selected to represent the interests of disabled persons and seniors. A minimum of four members shall represent senior issues, and a minimum of four shall represent disabled issues. The ninth member shall be selected from either category.

A total of nine (9) members shall be selected to represent interests related to the economy and the environment. A minimum of four members shall represent economy interests and a minimum of four members shall represent environmental interests. The ninth member shall be selected from either category. Of these nine seats, at least five should be held by residents from each of the five most populous counties. The remaining four seats may be selected at large from throughout the entire Bay Area.

There shall be no alternates to the appointed membership.

D. Appointment Process

1. General

MTC staff shall secure nominations to fill terms and vacancies for the Council and present them to the appropriate Commissioners for confirmation. Appointments for advisors representing a particular county will be made by that county's Commissioners. Appointments for all the at-large advisors will be made by the Commission's chair and vice chair. Nominations for members of the Council will be solicited from a wide range of sources including, but not limited to: MTC Commissioners, current advisors, relevant organizations in the community, and via news releases or display ads sent to media outlets in the nine-county Bay Area.

2. Terms of Appointment

In general, advisors will serve four-year terms. Although there are no term limits, MTC Commissioners are to consider length of service and effectiveness before recommending the reappointment of advisors. All advisors wishing to be reappointed must reapply.

E. Procedures

Attendance and Participation

1. Advisors must attend at least two-thirds of the Council's regularly scheduled meetings each year and make a constructive contribution to the work of the Policy Advisory Council. Those who do not do so may be subject to dismissal from the Council at the discretion of the appointing Commissioner(s).

2. Residency Requirements

Advisors must live or work in the nine-county Bay Area.

3. Compensation

Subject to the Commission Procedures Manual (MTC Resolution No. 1058, Revised,

Appendix D), advisors will receive a stipend per meeting and be reimbursed for actual expenses for travel, with a maximum of three meetings per month. Meetings are defined as a) publicly noticed meetings or meetings of ad hoc working groups of the Council; b) noticed MTC Commission or committee meetings; or c) attendance at a community meeting at the request of the Commission or MTC staff to provide outreach assistance (i.e., when he/she attends a community meeting with MTC staff to provide an introduction to a particular community).

4. Meeting Frequency and Location of Meetings

The Council will meet regularly as required by its annual work plan. Public meetings will be held at the MTC offices or other locations at a regular time to be agreed upon by the members of the Council.

5. Ad Hoc Working Groups

To implement its work plan, the Council may establish working groups, with participation from MTC staff, on an ad hoc basis.

6. Quorum Requirements

At least 50 percent plus one of the Council's appointed membership must be present to constitute a quorum and vote on issues. The Council can hold discussions in the absence of a quorum, but cannot vote.

7. Election of Council Chair and Vice Chair

The Council will have a chair and a vice-chair, to be elected by the council for a two-year term. Although Council officers may be reelected, regular rotation of these positions among the Council membership is strongly encouraged.

8. Public Meetings

All Council meetings and any ad hoc working group meetings will be noticed and open to the public.

Appendix B to the Commission Procedures Manual was revised on July 24, 2019 to substitute the updated Meeting and Travel Expense Claim Form for the prior version of the Meeting and Travel Expense Claim Form as the attachment to Appendix B.

The Commission Procedures Manual was revised on March 25, 2020 to incorporate MTC's revised Conflict of Interest Code, as approved by the California Fair Political Practices Commission (FPPC) on January 27, 2020, to revise the designated positions to reflect MTC's affiliation with the Bay Area Regional Collaborative and MTC's current organizational structure (Appendix A to Attachment A); to add a new Section 5.03 regarding meeting protocol in declared emergencies; and to incorporate as Appendix F the Protocol Governing Amendments to Commission Procedure During Declared Emergencies.

The Commission Procedures Manual was revised on August 26, 2020 to allow the Chair and Vice Chair to serve as regular voting members of joint committees formed with ABAG, provide for inclusion of the Bay Area Housing Finance Authority (BAHFA), eliminate the MTC Legislation Committee, and authorize appointment of commissioners to a new Joint Committee with ABAG appointed representatives, with the new Joint MTC ABAG Legislation Committee's role to review legislation and pass recommendations up to the full Commission and the ABAG Executive Board.

PROCEDURES MANUAL

INTRODUCTION

The Metropolitan Transportation Commission (MTC) is the regional transportation planning agency for that area of California comprising the City and County of San Francisco and the Counties of Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano, and Sonoma (Government Code § 66500 *et seq.*). These nine counties of the Bay Area cover an area of approximately 7,000 square miles and have a population of approximately 7.2 million (2010 census). Within the structure of California governmental agencies, MTC is classified as a local area planning agency and not as part of the executive branch of the state government.

In accordance with its legislative mandate, MTC adopted a Regional Transportation Plan (RTP) in June 1973. Thereafter, the Commission has regularly reviewed and revised the RTP in compliance with the statutory requirement of continuing plan review. The enactment of Senate Bill 375 (Steinberg) in 2008 requires MTC to adopt a Sustainable Communities Strategy (SCS) together with its RTP to strive to reach greenhouse gas (GHG) reduction targets. The first SCS/RTP is scheduled for adoption in 2013.

The Commission is charged with certain responsibilities for implementation of the SCS/RTP, as well as the RTP standing alone. Applications of local agencies for grants of certain state and federal transportation funds are subject to MTC review and approval as to their compatibility with the RTP. Generally, the state must conform to the RTP in allocating funds for construction on the state highway system within the MTC region.

Legislation passed in 1997 gave MTC increased decision-making authority over the selection of project and allocation of funds for the State Transportation Improvement Program (STIP). MTC is the agency responsible for allocation of local transportation funds among qualified claimants

under the Transportation Development Act (TDA) (Public Utilities Code § 99200 *et seq.*). The TDA statute provides MTC with a role in fulfilling fiscal and performance audit requirements with respect to claimants of TDA funds.

Under AB 1107 (Public Utilities Code § 29142.2), MTC allocates among eligible claimants one-fourth of the one-half cent Bay Area Rapid Transit District (BART) sales tax in Alameda, Contra Costa and San Francisco counties. Under AB 664 (Streets and Highways Code § 30880 *et seq.*), MTC is responsible for allocation of net revenues of state toll bridges located within the region. Pursuant to Streets and Highways Code § 30889, MTC may establish tolls for such bridges in order to generate net revenues provided that net revenues may not exceed the average net revenues available during fiscal year 1977-78 and 1978-79, except as may be adjusted annually according to the appropriate inflationary index as adopted by MTC. SB 620 (Public Utilities Code § 99310 *et seq.*) provides MTC with authority to allocate the regional share of the State Public Transportation Account.

MTC is responsible for meeting state and federal Transportation Improvement Program (TIP) requirements for the Bay Region. (Government Code § 65080 *et seq.* and 23 Code of Federal Regulations Section 450 Subpart B.) The Commission is the region's Metropolitan Planning Organization (MPO) and conducts the continuing, comprehensive, cooperative planning program necessary to maintain this region's eligibility for federal transportation funding. (23 Code of Federal Regulations Section 450 Subpart A.) MTC is the designated recipient of large urbanized area Federal Transit Administration (FTA) formula funds, such as 5307, 5339, and 5337. MTC is also designated other responsibilities for FTA funds by the California Department of Transportation (Caltrans), such as the 5303 planning funds, 5311, and 5310.

Through state law, MTC has programming responsibilities for Federal Highway Administration (FHWA) funds such as Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ). MTC is also responsible for submitting a Regional Transportation Improvement Program to the California Transportation Commission and Caltrans every two years.

MTC has conducted special planning studies at a multi-regional and subregional level. Examples include the Transit Connectivity Plan, the Transit Sustainability Project, and the Regional Goods Movement Study. MTC is jointly responsible with the Association of Bay Area Governments (ABAG) and the Bay Area Air Quality Management District (BAAQMD) for air quality planning to meet the requirements of the federal Clean Air Act, as amended, and shares with the BAAQMD the responsibility for air quality transportation control measures under the state Clean Air Act, as amended. MTC shares with ABAG the responsibility for preparing the SCS.

The Metropolitan Transportation Commission Service Authority for Freeways and Expressways (“MTC SAFE”) was created by legislation effective January 1, 1988 (Streets and Highways Code § 2550 *et seq.*), which authorized the creation of an MTC SAFE to provide for implementation, maintenance and operation of motorist-aid services through a call box program linked directly to the California Highway Patrol and a fleet of roving tow truck patrols, the Freeway Service Patrol. Under the law, MTC oversees the regional SAFE, which was officially convened in mid-1988.

The Bay Area Toll Authority (“BATA”) was created by legislation effective January 1, 1998 (Streets & Highways Code § 30950 *et seq.*) to administer the base \$1 toll on the San Francisco Bay Area’s seven state-owned toll bridges. Pursuant to additional legislation including SB 60, AB 1171, AB 144 and AB 1175 and voter-approved toll increases, tolls in addition to the \$1.00 base toll are collected and administered. Under the law, MTC serves as BATA.

In July, 2012 AB 57 (Beall) was chaptered. AB 57 amended Sections 66503 and 66504 of the Government Code to add, effective January 1, 2013, two additional voting seats on the commission and impose certain other requirements on commissioner appointments as further outlined in Part I of this Commission Procedures Manual.

In 2015 Congress enacted, and the President signed into law the FAST Act (23 U.S.C. §101). Title 23 U.S.C. §134 (d)(2) provides that a metropolitan planning organization shall consist of local officials, officials of public agencies that administer or operate major modes of transportation in the metropolitan area, including representation by providers of public transportation, and appropriate

State officials. Title 23 U.S.C. §134 (d)(3)(B) provides that, subject to the bylaws or enabling statute of the metropolitan planning organization, a representative of a provider of public transportation may also serve as a representative of a local municipality.

In October 2019, AB 1487 (Chiu) was chaptered. AB 1487 added Title 6.8 to the Government Code, commencing with Government Code Section 64510, which created the Bay Area Housing Finance Authority (“BAHFA”) with jurisdiction extending throughout the San Francisco Bay Area and provided that BAHFA shall be governed by the same board that governs MTC.

For the purposes of this Commission Procedures Manual, the term “MTC” includes the four agencies: the Metropolitan Transportation Commission, the Metropolitan Transportation Commission Service Authority for Freeways and Expressways, the Bay Area Toll Authority and the Bay Area Housing Finance Authority. It also includes two joint powers authorities formed by MTC and BATA: the Bay Area Infrastructure Financing Authority (“BAIFA”), and the Bay Area Headquarters Authority (“BAHA”).

I. THE COMMISSION AND COMMISSIONERS

1.01. Commissioners. Effective January 1, 2013, there are eighteen voting commissioners. The City and County of San Francisco and the Counties of Contra Costa and San Mateo, each have two commissioners, and the Counties of Alameda and Santa Clara each have three commissioners, appointed as follows: the Board of Supervisors of each county appoints one commissioner; in San Francisco, the Mayor appoints one commissioner; in each of the remaining counties, the City Selection Committee appoints one commissioner; and in the Counties of Alameda and Santa Clara, the Mayors of the Cities of Oakland and San Jose shall be self-appointed or shall appoint a member of their respective City Councils to serve as the third commissioner . The Counties of Marin, Napa, Solano, and Sonoma each have one commissioner who is appointed by the county's Board of Supervisors from a list of three nominees furnished by the Mayor's Selection Committee. The Association of Bay Area Governments appoints one commissioner who shall not be from the Counties of Alameda or Santa Clara or from the City and County of San Francisco. The San Francisco Bay Conservation and Development Commission appoints one commissioner, who shall be a resident of the City and County of San Francisco approved by the Mayor of San Francisco. All appointments are subject to Section 1.02.

Effective September 28, 2016, any sitting commissioner who also serves on the board of a public transit agency shall be deemed to be a representative of a provider of public transportation within the meaning of the FAST Act ("Transit Representative"). Subsequent to September 28, 2016, at the beginning of each Commission term, the Chair shall designate and the Commission shall approve any sitting commissioner who also serves on the board of a public transit agency as a Transit Representative. Upon a vacancy occurring during a Commission term of a commissioner then serving as a Transit Representative, the Chair shall designate, and the Commission shall approve, one or more representatives not then currently designated, if any, from the commissioners then currently on the board who are also serving on a board of a transit agency as a Transit Representative.

The Commission's enabling legislation provides for three non-voting members, one appointed by the Secretary of the Business, Transportation and Housing Agency, and one each appointed by the United States Department of Transportation, and the United States Department of Housing and Urban Development.

1.02. Selection. The basis for selection of a commissioner is special familiarity with the problems and issues in the field of transportation. Elected or appointed public officers may serve as commissioners during their terms of public office. The effect of this is that such public officers are not prohibited from being commissioners; i.e., the two positions are not necessarily incompatible. No more than three voting members of the Commission shall be residents of the same county.

1.03. Term of Office. The term of office of a commissioner is four years. Since the initial term for commissioners commenced February 10, 1971, the organizational meeting date of the Commission, the four-year terms of commissioners shall commence quadrennially from that date. The current appointment term began February 10, 2019. The next appointment dates are February 10, 2023 and February 10, 2027. Appointments to fill a resignation or vacancy during a term shall be only for the balance of such term. Commissioners shall continue to serve as such until reappointed or until their successor is appointed; provided that, where a commissioner has been appointed as a public officer, the commissioner must vacate his/her Commission seat upon ceasing to hold such public office, unless the appointing authority consents to completion of the commissioner's term (Government Code Section 66504).

1.04. Oath of Office. Commissioners shall complete oath of office forms when they are appointed to the Commission, which are then notarized. The original is kept on file at the MTC offices.

1.05. Conflict of Interest Code. The Commission adopted a conflict of interest code by Resolution No. 1198, Revised (Appendix A), which was subsequently approved by the State of California Fair Political Practices Commission. Commissioners are required to file annual statements of economic interest and within thirty days of assuming or leaving office.

1.06. Alternates. There is no provision for voting alternates for the voting commissioners. Substitutes may sit on behalf of non-voting commissioners.

1.07. Reimbursement. Commissioners serve without compensation. Commissioners are entitled to receive reimbursement for actual and necessary expenses incurred in connection with the performance of their duties. In lieu of such reimbursement for attendance at Commission or committee meetings, each commissioner shall receive one hundred dollars (\$100.00) per meeting for a maximum of five (5) such meetings in any one calendar month, plus necessary travel expenses as authorized by the Commission pursuant to the rates and terms set forth in Appendix B to this manual. Commissioners may be reimbursed a separate per diem for each such meeting in any one day up to the monthly maximum reimbursement number of meetings. The monthly maximum is calculated and applied separately to MTC, BATA and BAHFA; provided however that for BAHFA a maximum of two monthly meetings shall be applicable. BAIFA and BAHA meeting per diem is applied and counts toward the BATA monthly maximum. No reimbursement applies to MTC SAFE meetings.

1.08. Travel Expenses. Commissioners shall be paid necessary traveling expenses as may be authorized from time to time by the Commission. The Commission policy for travel expenses is set forth in Appendix B to this manual. The policy applies to all MTC employees as well.

1.09. Orientation for New Commissioners. When a new commissioner is appointed to the Commission, the Secretary to the Commission will provide the commissioner, along with administrative materials, copies of the current major MTC, BATA, BAHFA, MTC SAFE, BAIFA and BAHA documents and an overview of the content of these documents. The Secretary will also arrange an orientation session for the new commissioner with the Executive Director and section managers.

II. OFFICERS

2.01. Commission Officers. There are two (2) Commission officers: a Chair and a Vice-Chair. Any voting commissioner is eligible to hold the office of Chair or Vice-Chair. Non-voting commissioners are ineligible for such offices.

2.02. Term. The Chair and Vice-Chair shall serve two-year terms commencing upon elections at the regular Commission meeting in February of odd numbered years. A commissioner may serve as Chair or Vice-Chair without restriction as to number of terms. The Chair and Vice-Chair shall serve as such until their successors are elected.

2.03A. Nomination/Election of Commission Officers (New Commission Term). In years when new Commission terms begin, the following procedure for the nomination and election of Commission officers shall be followed:

2.03B. Nomination/Election of Commission Officers (Mid-Commission Term.) The Chair shall appoint an Ad Hoc Nominating Committee of commissioners subject to the confirmation of the Commission at the regular Commission meeting in December of even-numbered years. The Ad Hoc Nominating Committee shall send its report in writing to the Commission with the packet for the regular January Commission meeting. Additional nominations may be offered after the Committee report. Thereafter, nominations may be closed; but, if not closed, nominations shall remain open until the February Commission meeting. The Commission shall elect a Chair and Vice-Chair at its regular February meeting as the first order of business, or as soon thereafter as possible.

2.04. Duties of Chair. The Chair shall preside at all meetings of the Commission, state each question for vote, announce the decision, and decide all questions of order subject to appeal to the Commission. The Chair is a voting ex-officio member of all standing committees of the Commission, with the exception of any joint committee formed with the Association of Bay Area Governments (“ABAG”). As an ex-officio member of a standing committee the Chair shall vote only when necessary to attain a quorum of voting members of a committee. In the case of joint committees formed with ABAG, the Chair if so appointed to such committee shall be a full voting member, authorized to vote whether or not there is a quorum. The Chair shall execute all resolutions adopted by the Commission, the approved minutes, and any other documents that may require the signature of the Chair.

The Chair shall appoint, subject to approval of the Commission, members of standing committees, and subsequent to September 28, 2016, the Chair shall designate, subject to approval of the Commission, the Transit Representative(s). In making committee and Transit Representative appointments/designations, the Chair shall, as much as possible, attempt to balance the representation of various areas of the region. The Chair shall select the Chair and Vice-Chair of each committee subject to approval of the Commission. The Chair should request individual commissioners to submit their preferences and areas of interest regarding appointment to

committees. The Chair shall also appoint, subject to the approval of the Commission, Commission members of special committees.

In years when a new Chair is elected, then current committee members, chairs, and vice chairs shall continue to serve as such until the new Chair makes new committee appointments. To the extent necessary to carry out committee business, the Chair may appoint temporary committee chairs, vice-chairs, and members, pending confirmation of committee appointments at the regular March Commission meeting.

The Chair shall approve, within the limits of the approved budget, commissioner's attendance and expenses at an out-of-region conference or any conference in which MTC has a substantial interest in being represented.

The Chair shall perform such functions as may be delegated by action of the Commission. Where circumstances warrant, the Chair may, in the absence of existing policy, act as necessary for the Commission between its scheduled meetings and shall report that action at the next Commission meeting.

The Chair shall select a temporary chair of a committee when that committee's chair and vice-chair are both unable to attend that committee's meeting(s).

2.05. Duties of Vice-Chair. The Vice-Chair shall assume the Chair's duties in his/her absence. The Vice-Chair is a voting ex-officio member of all standing committees of the Commission, with the exception of any joint committee formed with ABAG. As an ex-officio member of a standing committee the Vice-Chair shall vote only when necessary to attain a quorum of voting members of a committee. In the case of joint committees formed with ABAG, the Vice-Chair if so appointed to such committee shall be a full voting member, authorized to vote whether or not there is a quorum.

2.06. Chair Pro Tem. If both the Chair and Vice-Chair are or will be absent from a Commission meeting or other functions, or duties of the Chair must be performed (including, but not limited to, the execution of documents), the most senior member of the Commission shall perform such functions and duties.

2.07. Vacancies During Term of Office.

A. Chair. In the event the office of Chair is vacated during the term, the vacancy shall be filled for the unexpired balance of the term by the Vice-Chair.

B. Vice-Chair. In the event the office of Vice-Chair is vacated during the term, the vacancy may be filled for the unexpired balance of the term by a special election. If the vacancy is to be filled, an ad hoc nominating committee shall be appointed by the Chair, subject to the approval of the Commission at the next regular Commission meeting. At the Commission meeting following the meeting approving the ad hoc nominating committee, the ad hoc nominating committee shall present its written report which shall be included in the meeting packet sent to commissioners; additional nominations, if any, may be made by commissioners at the meeting; nominations shall thereafter be closed and the election for Vice-Chair held at that meeting.

C. Chair and Vice-Chair. In the event the office of Chair and Vice-Chair are both vacated simultaneously during their terms, the vacancy for Chair and Vice-Chair shall be filled in the same manner as the vacancy for Vice-Chair in paragraph B of this Subsection, with the ad hoc nominating committee being appointed by the Commission.

2.08 Staff Officers.

A. Executive Director. The Commission shall appoint an Executive Director who shall have charge of administering the affairs of the Commission subject to the Commission's direction and policies. The Executive Director shall in turn appoint, subject to approval of the Commission, such employees as may be necessary to carry out the functions of the Commission (Resolution No. 664). The Executive Director shall designate an employee to act as Secretary of the Commission for the purpose of keeping its minutes and resolutions.

B. Legal Counsel. The Executive Director shall appoint a Legal Counsel subject to the approval of the Commission. In addition to other duties, the Legal Counsel shall have a responsibility to directly advise the Commission and commissioners in the course of their duties (Resolution Nos. 663 and 664, Appendix C).

be required to carry any action of the Commission; provided that, no action shall be valid unless approved by at least a majority of a quorum.

3.07. Voting. Voting shall be by voice; provided that a roll call shall be taken at the Chair's discretion or upon the request of one (1) commissioner.

3.08. Conduct of Meetings. Robert's Rules of Order, as revised, except when inconsistent with these procedures, law, or specific resolutions of the Commission, shall govern the conduct of meetings of the Commission and its established committees.

3.09. Agenda. The Commission may take no action on any item not appearing on the agenda except as allowed under the Brown Act. All items on Commission agendas shall be subject to action.

A preliminary agenda shall be distributed electronically or by regular or express mail prior to the date of the meeting, consistent with the Brown Act. (See Subsection 3.04, Notice Regarding Commission Meetings.) A final agenda will be prepared and posted adjacent to the front door of the Bay Area Metro Center in accordance with the Brown Act. Copies of the final agenda will be available at the meeting.

If, in the Chair's judgment, it is necessary to maintain the orderly flow of business, public comment may be restricted by any one or a combination of the following procedures:

1. limiting the time each speaker may testify per agenda item. The limit may not be less than one (1) minute for each speaker, and may range, at the discretion of the Chair, up to three (3) minutes per speaker.
2. requiring a speaker who plans to speak on more than one agenda item to combine his or her testimony on all agenda items to one appearance. The limit for a combined appearance may not be less than three (3) minutes per speaker, and may range, at the discretion of the Chair, up to seven (7) minutes per speaker.
3. establishing the maximum amount of time available during the meeting for public comment so as to permit the meeting agenda to be completed before the loss of a quorum; provided, however, that each speaker be permitted to speak at least one (1) minute.

4. establishing a single period of time during a meeting to take all public testimony before proceeding with the agenda, when there are multiple requests to speak on multiple items on the agenda.

5. rearranging the order of items on the agenda to accommodate public testimony.

Any decision of the Chair regarding the taking of public testimony made pursuant to the Commission Procedures Manual shall govern for the meeting unless overruled by a two-thirds vote of the quorum present.

The order of agenda items may also be changed, if, in the Chair's judgment, there are other reasons to do so.

3.10. Resolutions. Resolutions may be considered by the Commission at any regular or special Commission meetings. All resolutions shall be in writing.

A summary explanation of the purpose and content of each resolution shall be prepared and attached to the proposed resolution, but shall not be considered part of such resolution. The original of a resolution adopted by the Commission is the one signed by the Chair and shall be the official text of that resolution.

3.11. Regional Transportation Plan Revisions. Revisions of the Commission's adopted Regional Transportation Plan (RTP) are prepared as the need arises. Except for revisions approved by the Commission under emergency procedures, revisions to the RTP are considered by the Commission for adoption every four years. Review of proposed Plan revisions is assigned to a standing committee of the Commission, which shall make recommendations to the full Commission for Plan revision. Notice of availability of the text of proposed revisions of the RTP shall be sent to organizations and concerned citizens on the current Commission mailing list. Not earlier than twenty (20) days after this distribution of the proposed revisions, and at a time convenient to the public, no less than (2) public hearings shall be held in the region to receive comments, suggestions, and reactions to the proposed revisions. Additional hearings may be scheduled if necessary to allow opportunity for public comment in parts of the region significantly affected by proposed revisions. These public hearings may be conducted by less than a quorum of

the Commission. A transcript or summary of the public hearings shall be provided to all commissioners prior to their acting on the Plan revisions. Notice of the public hearings shall appear in major newspapers of the region and other media as appropriate at least thirty (30) days prior to the scheduled hearings.

3.12 Public Hearings. Public hearings shall be conducted in accordance with MTC's Public Participation Plan, MTC Resolution No. 3821.

3.13. Recording of Meetings. Commission meetings shall be recorded electronically and are available on the Commission's website at no cost and are archived for meetings occurring since 2004. Copies of any recordings (in accessible formats, for persons with disabilities) shall be made available to the public upon request. Further, any citizen may record a Commission meeting or parts thereof, if such recording is done in a reasonable manner.

3.14. Minutes of Meetings. The Commission shall keep accurate minutes of all meetings and make them available to the public. Minutes shall include a record of attendance, a summary of motions, resolutions, consensus items, discussion on motions receiving a split vote and/or resulting in a direction to staff or a Commission committee, other business, and public comment. Minutes approved by the board at a succeeding meeting shall be the evidence of action taken at a prior meeting.

3.15. Public Information Materials. MTC staff will routinely prepare and provide all commissioners with general public informational material. Requests for specialized public information assistance for a specific commissioner will be handled on a time-available basis.

3.16 Meeting Conduct. In the event that any public meeting conducted by MTC is willfully interrupted or disrupted by a person or by a group or groups of persons so as to render the orderly conduct of the meeting unfeasible, the Chair may order the removal of those individuals who are willfully disrupting the meeting. Such individuals may be subject to arrest. If order cannot be restored by such removal, the members of the Commission may direct that the meeting room be cleared (except for representatives of the press or other news media not participating in the disturbance), and the session may continue on matters appearing on the agenda.

IV. COMMISSION COMMITTEES

4.01. Types. Commission committees are designated as standing committees, special committees, or advisory committees.

4.02. Policy. It is the general policy of the Commission to receive comments from the public on specific items at committee meetings. Summaries of these comments shall be included in the committee minutes and forwarded to all commissioners.

4.03. Standing Committees. Each standing committee is charged with subject matter responsibility over specific element(s) of the Commission's overall mission and/or organizational functions. Standing committees shall be composed solely of commissioners. Non-voting commissioners may be appointed to standing committees. Notwithstanding that there may be a quorum of the Commission (10 or more commissioners commencing January 1, 2013) in attendance at a standing committee meeting, no standing committee may act for the full Commission unless the meeting is noticed, in accordance with the Brown Act, as a Commission meeting. Each standing committee shall be responsible for reviewing comments of appropriate MTC advisory committees and such comments shall accompany any standing committee recommendations to the Commission.

4.04. Special Committees. The Commission may establish special committees to supervise the development of a specific task or project. Membership of special committees is not limited to commissioners. Composition of special committees will depend upon the task to be performed and may involve the participation of private citizens or representatives of other public agencies.

4.05. Advisory Committees. Advisory committees are discussed in Section 4.14C.

4.06. Appointments to Committees.

A. Manner of Appointment. The Chair of the Commission, subject to the approval of the Commission, shall appoint members of standing committees and special committees to the extent that special committee appointments are the responsibility of MTC. The Commission Chair

shall designate the Chair and Vice-Chair of the standing committee, subject to approval of the Commission. Designation by the MTC Chair of special committee chairs and vice-chairs is subject to the approval of the Commission to the extent that these appointments are the responsibility of MTC. Appointments to advisory committees shall be made by the Commission in accordance with the Commission resolution establishing the particular advisory committee. In the event the Chair and Vice-Chair of a standing committee are not present at a standing committee meeting, the committee members present shall select a Chair Pro Tem for that meeting from among themselves.

B. Term. Subject to Section 2.04, appointments to standing committees shall be for the term of the Commission Chair. Appointments of commissioners to special committees shall be for the term of the Commission Chair. Other appointments to special committees shall be for a term dependent upon the function of the special committee as set forth in the resolution which governs the special committee. Appointments to advisory committees are for a term dependent upon the function of the advisory committee as set forth in the resolution establishing the particular advisory committee.

4.07. Quorum. The quorum for committees established by the Commission shall be a majority of the committee's non-ex-officio voting membership. Except as otherwise provided in Sections 2.04 and 2.05, if necessary to establish a quorum of a committee at a meeting, the Chair and Vice-Chair of the Commission, as ex-officio members of the committee, shall become voting members for that meeting. Unless otherwise approved by the Commission and except as otherwise provided in Sections 2.04 and 2.05, MTC standing committees shall have eight (8) voting members, as approved by the Commission, plus the MTC Chair and Vice-Chair as ex-officio, voting members.

Every member of the Commission who is not a voting member of a standing committee is an ad hoc non-voting member. Although a quorum of the Commission may be in attendance at a meeting of a standing committee, the committee may take action only on those matters delegated to it. The committee may not take any action as the full Commission unless a meeting has been previously noticed as a Commission meeting.

An ad hoc non-voting committee member who is also a voting member of the Commission may be designated by the committee chairperson as a voting member at a particular committee meeting if an additional voting member is needed for a committee quorum. In the case of joint committees formed with ABAG, additional provisions contained in Appendix E shall also apply.

4.08. Open Meetings. It is recognized that "legislative body" as defined in the Brown Act does not include committees composed solely of commissioners when they number less than a quorum of the Commission or a quorum of a standing committee. It is the intention of the Commission to apply the Brown Act to include all non-ad-hoc committees created by the Commission, not just those identified as advisory commissions or committees. All meetings of non-ad-hoc committees created by the Commission, with the exception of closed sessions permitted by the Brown Act, shall be open meetings properly announced in accordance with the provisions of the Brown Act.

4.09. Notice of Meetings. Notice of regular committee meetings shall be given consistent with applicable provisions of the Brown Act and posted adjacent to the front door of the Bay Area Metro Center not less than 72 hours, preceding the date of the meeting. If a special meeting is called on short notice, then notice shall comply with the requirements of Subsection 3.04 B of these procedures. The notice shall announce the date, time, and location of the meeting together with an agenda. This notice shall be sent to all commissioners and to media representatives, concerned citizens, and organizations who have filed a request for receipt of notice of committee meetings and posted in the MTC library. Special meetings of committees shall comply with the minimum notice provisions of the Brown Act. Notices of postponed or canceled committee meetings shall be posted adjacent to the front door of the Bay Area Metro Center not less than 72 hours prior to the regular date of the meeting and shall state the date, time, and location of the next committee meeting if possible. Notices of meetings held earlier than the regular meeting date shall be sent out and posted adjacent to the front door of the Bay Area Metro Center as soon as possible.

4.10. [Reserved]

4.11. Recording of Meetings. Standing and special committee meetings, if possible, shall be recorded electronically and follow the procedures as stated in Subsection 3.13 of this document.

4.12. Minutes of Committee Meetings. Minutes of all committee meetings shall be kept and made available to the public. Minutes shall include a record of attendance, a summary of motions, resolutions, consensus items, discussion on motions receiving a split vote and/or resulting in a direction to staff or a Commission committee, other business, and public comment.

4.13. Reimbursement and Travel Expenses. Commissioners who are members of standing or special committees shall be entitled to receive in lieu reimbursement for attendance at such committee meetings in accordance with Government Code Section 66504.1. Commissioners serving on standing and/or special committees shall also be entitled to receive necessary travel expenses in accordance with the Commission's current resolution in this regard. (See Appendix B.) Members of special committees appointed by the Commission and members of advisory committees appointed through Commission resolutions shall be reimbursed for their necessary travel expenses in accordance with the Commission's current procedures regarding this subject. (See Appendix D.)

Commissioners appointed by the Chair or the full Commission to represent MTC on committees other than those created by MTC shall be entitled to receive the MTC per diem and necessary travel expenses for attendance at such committee meetings. If the procedures of such committees require or permit the appointment of an alternate representative, MTC alternates to such committees may not claim per diem or travel expenses for any meeting at which the MTC commissioner is also present and claiming per diem.
