[External Email - Use Caution]

Good afternoon Supervisor Ramos,

I hope this email communication finds you and your family healthy and well! I'm reaching out regarding the ABAG Executive Board Meeting this Thursday evening because the Board will be voting on an official support if amended position on AB 2011: (Wicks): Affordable Housing and High Road Jobs Act. You have been an important affordable housing champion both locally and in your role on ABAG, and we hope that you will be able to attend Thursday's meeting and be a voice of support for the bill.

We believe that this bill would help us address this crisis as it opens up underutilized sites for affordable housing. The bill supports construction in underutilized commercial zones, away from residential areas, a move that we believe is good for the environment. Infill development is key to prevent sprawl, reduce commute times, and cut our car emissions. Moreover, this bill pairs new opportunities to build affordable housing on underutilized commercial sites with important labor standards for California's construction workers. It is pro-affordable housing, pro-worker, and pro-environment.

If you have any questions or want to talk more about the bill, please let me know.

Thank you again!

Efren
