The next meeting of the Operations Committee will be January 8, 2016, 9 a.m. in the Lawrence D. Dahms Auditorium, First Floor, 101 Eighth Street, Oakland, CA.

**Public Comment:** The public is encouraged to comment on agenda items at Committee meetings by completing a request-to-speak card (available from staff) and passing it to the Committee secretary. Public comment may be limited by any of the procedures set forth in Section 3.09 of MTC's Procedures Manual (Resolution No. 1058, Revised) if, in the chair's judgment, it is necessary to maintain the orderly flow of business.

**Meeting Conduct:** If this meeting is willfully interrupted or disrupted by one or more persons rendering orderly conduct of the meeting unfeasible, the Chair may order the removal of individuals who are willfully disrupting the meeting. Such individuals may be arrested. If order cannot be restored by such removal, the members of the Committee may direct that the meeting room be cleared (except for representatives of the press or other news media not participating in the disturbance), and the session may continue.

**Record of Meeting:** Committee meetings are recorded. Copies of recordings are available at a nominal charge, or recordings may be listened to at MTC offices by appointment. Audiocasts are maintained on MTC's Web site ([mtc.ca.gov](http://mtc.ca.gov)) for public review for at least one year.

## *Memorandum*

TO: MTC Administrative Committee  
MTC Operations Committee  
BATA Oversight Committee

DATE: December 2, 2015

FR: Executive Director

W.I.: 1150

RE: Recommended Revisions to Executive Director's Signature Authority:

- MTC Resolution No. 3619, Revised
- MTC SAFE Resolution No. 44, Revised
- BATA Resolution No. 46, Revised

### **Summary of Recommendations**

Based on significant increases in contracting activities for MTC, MTC SAFE, BATA, BAHA and BAIFA and review of other Bay Area transportation agencies' practices, staff recommends that the Committee approve, and forward to the Commission or applicable Authority for approval, the following revision to the Executive Director's (ED) and Deputy Executive Directors' (DED) delegated signature authority, expressed in MTC Resolution No. 3619, Revised, MTC SAFE Resolution No. 44, Revised, and BATA Resolution No. 46, Revised, for reasons discussed in this memorandum:

Increase the delegated contracting authority of the ED or DED from \$100,000 to \$200,000 to allow for contracts or amendments to contracts totaling \$200,000 to be authorized by the ED or DED, without Committee approval.

### **Background**

"Signature authority" refers to the ED's or DEDs' ability to authorize contracts or funding agreements without Committee approval. The proposed changes to MTC Resolution No. 3619, Revised, MTC SAFE Resolution No. 44, Revised, and BATA Resolution No. 46, Revised, would establish identical signature authority limits.

The dollar amounts for delegated authority in MTC Resolution No. 3619, Revised, MTC SAFE Resolution No. 44, Revised, and BATA Resolution No. 46, Revised, were last amended in 2004 to increase the ED and DED signature authority from \$25,000 to \$100,000 for contracts, among other changes.

### **Discussion**

Increasing the ED's and DEDs' authority to execute third party contracts to \$200,000 would permit Commissioners to use committee meetings to focus on projects with greater financial and programmatic significance and is consistent with regional practice. To illustrate the likely impact of the proposed delegation on MTC Committees, in Fiscal Year 2014-15, MTC Committees approved 190 contracts or amendments. Under the proposed higher delegation threshold, MTC Committees

would have been asked to approve 123 contracts or amendments, comprising approximately 96% of the total dollar value of MTC's contracts in Fiscal Year 2014-15. Per the attached survey of other California transportation agencies with comparable contracting activities (Attachment 1), the proposed delegation would be higher than larger comparable agencies such as the San Francisco Bay Area Rapid Transit District (BART) and the Bay Area Air Quality Management District (BAAQMD), but below other large agencies such as Orange County Transportation Authority (OCTA), Los Angeles Metropolitan Transit Authority (LAMTA), San Francisco Municipal Transportation Agency (SFMTA), and Santa Clara Valley Transportation Authority (VTA).

Under the proposed delegation, the ED and DED, if authorized by the ED, could sign third-party contracts in amounts up to and including \$200,000 without committee approval, provided that the items to be purchased or work to be done were included in the adopted agency budget. As is the practice under the current \$100,000 ceiling, management staff would continue to identify contracts under \$200,000 likely to be of Commission interest, to refer to the appropriate Committee for approval. Other provisions related to purchase orders, Section Director authority and monthly reporting are proposed to remain unchanged.

### **Recommendation**

Staff recommends that the Committee forward to the Commission or applicable Authority for its approval the revisions to MTC Resolution No. 3619, Revised, MTC SAFE Resolution No. 44, Revised, or BATA Resolution No. 46, Revised, as applicable, as set forth in the attached revised resolution.

### ABSTRACT

#### SAFE Resolution No. 44, Revised

SAFE Resolution No. 9, Revised, delegated signature authority to the Executive Director of the Authority, Deputy Executive Director, or a designee of the Executive Director, to enter into certain specified contracts and funding agreements.

This resolution revises the signature authority delegated to the Executive Director of the Authority, or to the Deputy Director if authorized by the Executive Director, to increase the threshold amounts to enter into certain contracts and funding agreements without Operations Committee approval.

This resolution supersedes Resolution No. 9, Revised.

Attachment A of this resolution was revised on April 25, 2007 to delegate signature authority to the Executive Director of the Authority or to the Deputy Director or other designee, if authorized by the Executive Director, to execute contract amendments that in total do not exceed the dollar value of a contract allotment approved by the Operations Committee. In addition, clarifying changes were made to this resolution to reflect the SAFE's current staffing organization.

Attachment A of this resolution was revised on June 23, 2010 to modify and clarify the delegation of signature authority.

Attachment A of this resolution was revised on \_\_\_, 20\_\_ to increase the delegation of signature authority.

RE: Delegation of Contracting Authority, without Oversight Committee approval, to the Executive Director of the Authority

METROPOLITAN TRANSPORTATION COMMISSION  
SERVICE AUTHORITY FOR FREEWAY EMERGENCIES

Resolution No. 44

WHEREAS, SAFE Resolution No. 1 established a Metropolitan Transportation Commission Service Authority for Freeway Emergencies ("MTC SAFE" or "SAFE"), pursuant to Streets and Highways Code Sections 2550 *et seq.*; and

WHEREAS, the MTC SAFE has appointed an Executive Director who, subject to the direction of the SAFE, has charge of administering the affairs of the SAFE; and

WHEREAS, pursuant to the Executive Director's duties in administering the affairs of the Authority, the Executive Director, among other things, enters into contracts and purchase orders for goods and services necessary to carry out the statutory purposes of the Authority and funding agreements with other public agencies for the distribution and receipt of funds; and

WHEREAS, funds for the purchase of goods and services by purchase order and contract are programmed by the MTC SAFE with the adoption of the annual budget for each fiscal year; and

WHEREAS, in order to efficiently administer such purchase orders, contracts and funding agreements, the Authority authorized the Executive Director to execute certain agreements without prior approval by the Oversight Committee under SAFE Resolution No. 9, Revised; and

WHEREAS, the Authority wishes to revise the delegations authorized under SAFE Resolution No. 9, Revised; now, therefore, be it

RESOLVED, that the Executive Director, or the Deputy Director, or a designee of the Executive Director, is hereby authorized and directed to sign purchase orders, contract documents and funding agreements, as indicated on Attachment A; and, be it further

RESOLVED, that any action taken by the Executive Director (or the Deputy Director or designee, as applicable), shall be reported to the Operations Committee as part of the regular financial reporting procedure; and, be it further

RESOLVED, SAFE Resolution No. 9, Revised is hereby superseded with the approval of this Resolution.

RE: Emergency Management Program Update

At the February Operations Committee, during approval of Resolution No. 4171, which established a Transit Emergency Service Contingency Fund Policy and Guidelines, the Committee requested an update on MTC's Emergency Management Program.

Since the 1989 Loma Prieta earthquake, MTC has been involved in spearheading regional emergency transportation preparedness. What began as a need for an agency to lead regional emergency transportation planning has since evolved into a program that both 1) prepares the region's transportation infrastructure through regional planning and coordination, and 2) serves in a distinct emergency response function during incidents affecting the transportation system.

The Emergency Management Program enhances Bay Area transportation agencies' emergency coordination and response capabilities, which are critical to resumption of transportation service and economic resiliency. To facilitate coordination across jurisdictional and modal boundaries, program staff collaborate with transportation and emergency management agencies including the Federal Emergency Management Agency, California Governor's Office of Emergency Services, county emergency management agencies, California Highway Patrol, Caltrans, and Bay Area transit agencies.

Specific emergency planning and response services of the Program include:

- developing and managing regional transportation emergency plans;
- leading regional emergency transportation coordination;
- conducting exercises to test regional transportation emergency plans;
- managing the \$1M Transit Emergency Service Contingency Fund; and
- providing communication software and hardware to partner agencies to aid in emergency response.

Staff will provide an overview of the Emergency Management Program and its activities in recent years.
