Memorandum

TO: BATA Oversight Committee

DATE: September 7, 2016

FR: Deputy Executive Director, Operations

W. I. 1254

RE: BATA Financial Statements Unaudited for June 2016

Attached are the BATA Financial Statements for the fiscal year ending on June 30, 2016. The June 2016 financials are preliminary, unaudited and subject to change upon completion of the annual audit process.

Overall, BATA had an excellent operating year with increases in revenue and reductions in both operating and debt service costs. Highlights include:

Revenue:

Toll Revenue – Total revenue for FY 2015-16 was \$831 million, with toll revenue of \$714 million which is \$27 million or nearly 4% over the adopted budget. During the year, total traffic increased by 4.8 million vehicles of which 3.3 million were 2-axle vehicles.

Rebate for BABs – BATA has also received \$71 million in subsidy payments from the U.S. government to offset the interest expense for the Build America Bonds (BABs).

Expense:

Caltrans Operations and Maintenance – Overall the total Caltrans Operations and Maintenance expense was \$30.8 million, just 0.5% under budget.

FasTrak® Operations and Maintenance – Electronic toll collection costs were \$41.3 million, \$2.6 million below the adopted budget. Net costs were \$32.4 million after reimbursement from our FasTrak® partners.

Bridge Toll Administration – BATA's expenses for bridge toll administration ended FY 2015-16 at \$12.3 million, \$4.4 million under the adopted budget.

Transfers – A total of \$57 million in transfers were made to various programs. RM 2 transit operating transfers of \$35.8 million were 63% of all transfers and nearly \$8 million below the budgeted amount of \$43.8 million.

Debt Service – Debt service costs, including fees, were \$501 million for FY 2015-16, \$24 million under budget. The savings are the result of continuing low variable rate debt and some restructuring that had an immediate impact in cash flow.

Unrealized Loss on Hedge Termination – BATA also recorded an unrealized interest rate swap loss of \$130 million from the change in the market valuation from the prior fiscal year. The interest rate swaps were not terminated, so no funds actually changed hands. This is an accounting entry to record the difference in market value every fiscal year.

If you have any questions about this report, please contact Eva Sun at (415) 778-6795.
