June 13, 2018		Agenda Item 2b
	MTC Resolution No. 3649,	Revised
Subject:	Allocation of \$3 million in Regional Measur Marin (TAM) for the San Rafael Multi-Use Greenway project.	re 2 funds to the Transportation Authority of Pathway segment of the North-South
Background:	Regional Measure 2 (RM2), as amended by MTC Resolution No. 3801, Revised, includes about \$19 million for bicycle and pedestrian connectivity improvements to the Larkspur Ferry Terminal in Marin County. The Transportation Authority of Marin (TAM) has identified the North-South Greenway to use this \$19 million. The Greenway project originally included two sections – the northern segment, from Sir Francis Drake Blvd. to Redwood Highway; and the southern segment, from Redwood Highway to Wornum Drive. The northern segment is cleared environmentally and is in the final design phase, while the southern segment is still in the environmental phase. With this request, TAM proposes to add the San Rafael segment as part of the project. The San Rafael segment would construct a multi-use pathway from 2 nd to Andersen in San Rafae closing the gap between the Larkspur Ferry Terminal and the San Rafael Transit Center.

	The cost of constructing the northern segment of the Greenway is also expected to increase. TAM is working with Caltrans to minimize cost and schedule impacts as they work towards 100% final design. The southern segment of the Greenway remains underfunded. TAM is examining additional grant resources, including regional, Air District, and state grants, in order to fully-fund the southern segment.

- 2. Pending completion of the project's environmental review, TAM and SMART agree to enter into a Memorandum of Understanding regarding payment to compensate for future lost lease revenues, future removal of the pathway in the event SMART extends rail south of Larkspur, and absolving SMART of responsibility for maintaining the multi-use pathway until such time as SMART is operating rail service in this segment. The MOU must be substantially complete before entering into final design for the pathway. Agenda Item 2c

MTC Resolution Nos. 3880, Revised, 3881, Revised, and 4053, Revised

Subject:Revisions to the Lifeline Transportation Cycles 2 and 3 Program of
Projects and the Proposition 1B – Regional Transit Program.

Background: MTC's Lifeline Transportation Program (LTP) funds projects that improve mobility for the region's low-income communities. The program is administered by the nine county congestion management agencies (CMAs), and in Santa Clara County via a joint arrangement between the CMA and the County.

Staff recommends the following changes to regional and county programs; as requested by project sponsors:

1) Alameda County

- a) Redirect \$500,000 in program savings from the AC Transit Contra Costa Community College Transit Center Improvement project (LTP Cycle 3) in Proposition 1B - Public Transportation Modernization, Improvement, and Service Enhancement Account Program (PTMISEA) funds to the AC Transit San Pablo and Telegraph Rapid Bus Upgrade project. The San Pablo and Telegraph Rapid Bus Upgrade is a newly added LTP Cycle 3 project that includes improvements to transit signal priority equipment and optimized bus stop locations. Along the Berkeley Southside transit lane, the project will add one mile of red transit lanes. The project footprint and transit service encompasses communities of concern serviced by the Lifeline Transportation Program. The Alameda County Transportation Commission and the Contra Costa Transportation Authority concur with the proposed action.
- b) Redirect \$2.1 million from the AC Transit San Leandro BART Station Terminus project (LTP Cycle 3) in Proposition 1B PTMISEA funds to the AC Transit East Bay Bus Rapid Transit Vehicles, Design and Construction project (LTP Cycles 3 and 4). Both projects are being completed as originally scoped. The San Leandro BART Station Terminus project is being funded with Low Carbon Transit Operations Program (LCTOP) funds. A funding swap is necessary due to LCTOP eligibility requirements. The Alameda County Transportation Commission concurs with this action.

2) San Mateo County

a)	Redirect program savings of \$18,010 from the San Mateo County Transit District (SamTrans) Daly City Bayshore Bus Stop Improvements project (LTP Cycle 2) in Proposition 1B - PTMISEA funds to the existing SamTrans Replacement of the Articulated Bus Fleet project.
b)	Redirect \$91,204 in State Transit Assistance (STA) funds from the discontinued City of East Palo Alto's Youth Shuttle/Mobility Manager/Bus Shelters/Shuttle Operations project (LTP Cycle 2) and redirect \$93,031 in program cost savings in STA funds from the City of Redwood City (via SamTrans) North Fair Oaks On-Demand Shuttle (LTP Cycle 3) to the SamTrans Route 17 project (LTP Cycles 2 and 3). A total of \$184,235 is being redirected to the Route 17 project.
	ne City/County Association of Governments of San Mateo County ncurs with the proposed actions.

Issues: None.

- **Recommendation:** Refer MTC Resolution Nos. 3880, Revised, 3881, Revised, 4053, Revised to the Commission for approval.

* Note added 10/28/15: MTC approved \$6,189,054 for the Van Ness BRT project in April 2015. Upon receipt of SFMTA's Van Ness BRT allocation request, Caltrans PTMISEA staff and the State Controller's Office (SCO) discovered that, in fall 2014, they had mistakenly allocated \$639,282 in MTC's PTMISEA Pop-Based (99313) funds to SFMTA for their Light Rail Vehicle (LRV) project instead of PTMISEA Revenue-Based (99314) funds. Therefore, Caltrans staff and the SCO issued only \$5,549,772 in 99313 funds to the Van Ness BRT project, and instructed SFMTA to submit a Corrective Action Plan (CAP) to move \$639,282 in 99313 funds from the LRV project to the Van Ness BRT project to make the Van Ness BRT project whole. SFMTA submitted and MTC approved such a CAP in October 2015.

ABSTRACT

Resolution No. 3881, Revised

This resolution adopts the FY 2009 through FY 2011 Program of Projects for MTC's Second-Cycle Lifeline Transportation Program, funded with State Transit Assistance (STA), Proposition 1B Transit and Job Access Reverse Commute (JARC) funds.

The evaluation criteria established in Resolution 3860 were used by the county entities administering the program to develop the program of projects.

The following attachments are provided with this resolution: Attachment A — Second-Cycle Lifeline Transportation Program of Projects -FY2009-2011

This resolution was revised on May 27, 2009 to amend Attachment A to incorporate changes to STA-funded projects based on STA reductions in the final FY2009 state budget, and adds two new projects – new transit and shuttle service in Napa County and a SamTrans bus purchase in San Mateo County.

This resolution was revised on October 28, 2009 to amend Attachment A to revise and add STA funds to the Balboa Park Station entrance project in San Francisco County and to incorporate Proposition 1B–funded projects in Santa Clara County.

This resolution was revised December 16, 2009 to add the Tier 2 program of projects.

Abstract MTC Resolution No. 3881, Revised Page 2

This resolution was revised February 24, 2010, to revise funding amounts of Tier 2 Proposition 1B–funded projects to reflect actual state appropriations for FY2009-10 and to add four new Tier 2 projects in San Mateo County.

This resolution was revised April 28, 2010, to add Tier 2 funds to three existing projects and one new project in San Francisco County and to three existing projects in Santa Clara County.

This resolution was revised July 28, 2010, to adjust previously awarded Tier 2 JARC funding amounts based on federal FY2010 appropriations, add five new JARC-funded projects selected by Caltrans in small urbanized areas, and reprogram Tier 2 STA funds in San Mateo County following the discontinuation of the Family Service Agency's Transportation Reimbursement Independence Program.

This resolution was revised on May 25, 2011 to approve new Santa Clara County Lifeline Transportation Program projects.

This resolution was revised on November 16, 2011 to amend Attachment A to make corrections to the FY2005-06 through FY2007-08 Lifeline Transportation program of projects.

This resolution was revised on January 25, 2012 to adjust previously programmed JARC funding amounts in Alameda County.

This resolution was revised on December 19, 2012 to amend Attachment A to approve new projects in Alameda and Napa counties, funded with savings achieved from other projects.

This resolution was revised on April 22, 2015 to amend Attachment A to reprogram \$216,000 in San Francisco County Proposition 1B funds from the San Bruno Transit Preferential Streets (TPS) project to the Potrero Hill Pedestrian Safety and Transit Stop Improvements project. Abstract MTC Resolution No. 3881, Revised Page 3

This resolution was revised on June 22, 2016 to amend Attachment A to reprogram \$100,510 in cost savings from SFMTA's Randolph/Farallones/Orizaba Transit Access Improvements project to the Mission Bay Loop project (an existing Lifeline Transportation Cycle 3 project that is being newly added to Lifeline Transportation Cycle 2).

This resolution was revised on October 26, 2016 to amend Attachment A to reprogram \$13,164 in project cost savings from the Hunter's View Revitalization Transit Stop Connection to the Mission Bay Loop project, (an existing Lifeline Transportation Cycle 3 project that was added to Lifeline Transportation Cycle 2 on June 22, 2016).

This resolution was revised on May 24, 2017 to amend Attachment A to redirect \$304,532 in unused federal Job Access and Reverse Commute (JARC) funds that are remaining in the Lifeline Transportation Cycle 2 program. \$204,532 is being programmed to the San Leandro Links Shuttle project and \$100,000 is being programed to the Neighborhood Bicycle Centers project (both are existing Lifeline Transportation Cycle 2 projects).

This resolution was revised on June 27, 2018 to amend Attachment A to reprogram \$18,010 in project cost savings from Proposition 1B funds for the San Mateo County Transit District (SamTrans) Daly City Bayshore Bus Stop Improvements project in Lifeline Transportation Program Cycle 2 to the SamTrans Replacement of Articulated Bus Fleet project. \$91,204 in State Transit Assistance (STA) funds is being reprogrammed from the City of East Palo Alto's Youth Shuttle, Mobility Manager, Bus Shelters, Shuttle Operations project to the SamTrans Route 17 project (on the Coastside of San Mateo County).

Further discussion of this action is contained in both the MTC Executive Director's Memorandum to the Programming and Allocations Committee and the Programming and Allocations Committee summary sheet dated January 14, 2009, May 13, 2009, October 14, 2009, December 9, 2009, February 10, 2010, April 14, 2010, July 14, 2010, May 11, 2011, November 9, 2011, January 11, 2012, December 12, 2012, April 8, 2015, June 8, 2016, October 12, May 10, 2017, and June 13, 2018.

Notes

(a) Alameda County received a \$5,098,588 advance of their Tier 1 Prop 1 B funds in FY08. The funds and projects shown here were applied for in April 2008. Allocation of \$270,954 of Proposition 1B funds from from Ashby BART station elevator to MacArthur BART

Station Plaza Improvement is conditioned upon approval from the Alameda County Transportation Commission in December 2012.

(b) Includes \$57,977 in Small Urbanized Area JARC funds administered by Caltrans in Tier 1 and \$130,000 in Tier 2.

(c) JARC funds part of the Small Urbanized Area program administered by Caltrans.

(d) Golden Gate Transit will claim the funds for these projects. Totals include administration costs.

(e) Moved from Tier 2 to Tier 1, May 2009.

(f) AC Transit will claim the funds for these projects.

(g) Tier 1 STA amount partially backfilled with Tier 2 JARC to meet sponsor's original funding request and make additional Tier 2 STA available to other projects.

(h) SamTrans will claim the funds for these projects. Tier 2 STA amounts are for SamTrans' administration costs.

(i) MTA will claim the funds for this project. Approval of this project is subject to project sponsor securing the necessary easements.

(j) JARC funds part of the Small Urbanized Area JARC funds administered by Caltrans in Tier 1 and \$323,225 in Tier 2.

(k) \$165,359 of the total Large Urbanized Area JARC funds awarded in Tier 2 were reprogrammed in Res. 3788 due to discontinuation of another First Cycle Lifeline project in Santa Clara County. The Tier 2 JARC amount

available for MTC to encumber in this Resolution is \$343,450.

(I) JARC funds part of the Small Urbanized Area JARC funds administered by Caltrans.

(m) Allocation of \$35,000 in JARC funds from San Leandro LINKS Shuttle to Neighborhood Bike Centers is conditioned upon approval from the Alameda County Transportation Commission.

(n) \$70,688 in STA funds transferred from VINE Route 11 and reprogrammed to VINE Route 29 in December 2012.

(o) On 4/22/15, \$216,000 in Lifeline Cycle 2 Proposition 1B funds were removed from the San Bruno Transit Preferential Streets (IPS) project and programmed to the Potrero Hill Pedestrian Safety and Transit Stop Improvements project. The San Bruno TPS project never received the \$216,000 in FY2009-10 Proposition 1B funds that were programmed to the project; the San Bruno TPS project is instead being funded as part of SFMTA's Muni Forward project and the \$216,000 in FY2009-10 funds were advanced to the Urban Core category from the Lifeline category in May 2011 in order to accomodate urgent funding needs of the Central Subway project. SFMTA has confirmed that in April 2015, the \$216,000 will be returned to the Lifeline category using SFMTA's FY2015 Revenue-Based PTMISEA funds (see MTC Resolution Nos. 3880, Revised and 4179, Revised).

(p) On 6/22/16, Project Cost saving of \$100,510 in Lifeline Cycle 2 Proposition 1B funds were transferred from the Randolph/ Farallones/ Orizaba Transit Access Improvements project and programmed to the MIssion Bay Loop project. The additional \$100,510 would fund unanticipated project costs associated with relocating a sewer line adjacent to the track on the Mission Bay Loop project. (see also MTC Resolution Nos. 3880, Revised).

(q) On 10/26/16 Project Cost savings of \$13,164 in Lifeline Cycle 2 Proposition 1B funds was transferred from the Humter's View Revitalization Project and programmed to the Mission Bay Loop project. The additional \$13,164 would fund unanticipated project costs associated with relocating a sewer line adjacent on the track of the Mission Bay Loop project (See Resolution 3880 Revised).

(r) On 05/24/17 unused JARC Program funds from FTA Grant CA-37-X104 in the amount of \$304,532 in Lifeline Transportation Cycle 2 (LTP C2) funds were redirected/ programmed to the San Leandro LINKS Shuttle sponsored by San Leandro Transportation Management Organization (\$204,532) and the Page 8 of 9 Neighborhood Bicycle Center project sponsored by Cycles of Change (\$100,000) for similar ongoing work on their LTP C2 projects.

ABSTRACT

Resolution No. 4053, Revised

This resolution adopts the FY2011 through FY2013 Program of Projects for MTC's Third Cycle Lifeline Transportation Program, funded with State Transit Assistance (STA), Proposition 1B Transit, Job Access Reverse Commute (JARC), and Surface Transportation Program (STP)/ Congestion Mitigation & Air Quality Improvement Program (CMAQ) funds.

The evaluation criteria established in Resolution 4033 were used by the local entities administering the program to develop the program of projects.

The following attachments are provided with this resolution:

Attachment A — Third Cycle Lifeline Transportation Program of Projects -FY2011-2013

This resolution was amended on June 27, 2012 to add approximately \$34 million in programming for STA, STP/CMAQ, and JARC projects, and to add about \$21 million in programming for Proposition 1B projects that were previously deferred.

This resolution was amended on July 25, 2012 to add approximately \$0.8 million in programming for projects that were previously deferred.

This resolution was amended on December 19, 2012 to revise the San Francisco Municipal Transportation Agency's (SFMTA's) Proposition 1B program of projects, to program \$2.6

million for San Francisco County STA projects, and to revise Santa Rosa CityBus's JARC project.

This resolution was amended on April 24, 2013 to program approximately \$1.2 million in STP/CMAQ funds for a San Francisco County project; and to revise the funding sources of Tri Delta Transit's Route 200 and 201 project and Contra Costa County Employment and Human Services Department's Taxi Referral program, and of the City of Concord's Monument Shuttle project and the County Connection Preservation of Operations in Communities of Concern project.

This resolution was amended on October 23, 2013 to transfer JARC funds from Cycles of Change Neighborhood Bicycle project to San Leandro Transportation Management Organization LINKS Shuttle project, in the amount of \$35,000, and to adjust previously awarded STA amounts to reflect actual FY2011-12 and FY2012-13 STA revenues.

This resolution was amended on December 18, 2013 to transfer Proposition 1B funds from AC Transit's Internal Text Messaging Signs project to the Contra Costa College Transit Center Improvements project, in the amount of \$500,000.

This resolution was amended on February 26, 2014 to replace FY2010-11 JARC funds which lapsed, with STA or FY2013-14 FTA Section 5307 funds for several projects, with no changes to the total amount programmed to each project.

This resolution was amended on July 23, 2014 to make a minor revision to AC Transit's Proposition 1B-funded East Bay Bus Rapid Transit (BRT) project.

This resolution was amended on November 19, 2014 to replace the City of Vacaville's STP/CMAQ-funded Accessible Paths to Transit project with a Safe Routes to School project, and to make minor revisions to two Proposition 1B-funded projects: CCTA's vehicle replacement project and SFMTA's 8X Mobility Maximization Project.

Abstract MTC Resolution No. 4053, Revised Page 3

This resolution was amended on July 22, 2015 to reassign approximately \$89,000 in unused MTC administration funds to the Community Based Transportation Planning (CBTP) Program.

This resolution was amended on March 23, 2016 to redirect \$213,647 from the cancelled Napa Valley College Northbound Shelter project to the newly added VINE Transit CAD/AVL System Part 1 project, and to redirect \$451,324 from SamTrans' Replacement Fixed Route Vehicles project to the newly added San Carlos Transit Center project.

This resolution was amended on June 22, 2016 to make revisions to the Proposition 1B-funded projects in Contra Costa County. WestCAT is removing the Purchase and Installation of Bus Shelters project from the Lifeline program because the project was completed with other funds. The freed up Proposition 1B funds (\$147,335) are being reprogrammed to a newly added project, the Dial-A-Ride Replacement Vehicles project (which is also a Lifeline Cycle 4 project).

This resolution was amended on June 27, 2018 to reflect programming changes in Alameda and San Mateo counties. AC Transit is redirecting \$500,000 in Proposition 1B funds from the Contra Costa Community College Transit Center Improvement project to a newly added San Pablo and Telegraph Rapid Bus Upgrade project (Cycle 3) and redirecting \$2,100,000 from the San Leandro BART Station Terminus project to the East Bay Bus Rapid Transit (BRT) Vehicles, Design and Construction Project. San Mateo County is also redirecting \$93,031 in project cost savings in State Transit Assistance (STA) funds from the North Fair Oaks On-Demand Shuttle project (Cycle 3) to the SamTrans Route 17 on the Coastside of San Mateo County project (which is also a Cycle 2 and 3 project).

Further discussion of this action is contained in the Programming and Allocations Committee summary sheets dated May 9, 2012, June 13, 2012, July 11, 2012, December 12, 2012, April 10, 2013, October 9, 2013, December 11, 2013, February 12, 2014, July 9, 2014, November 12, 2014, July 8, 2015, March 9, 2016, June 8, 2016, and June 13, 2018.

Third Cycle Lifeline Program of Projects (FY 2011-2013)

* In most cases, Proposition 1B Transit funds were allocated directly to transit operators by MTC. Upon concurrence from the applicable CMA, transit operators programmed funds to any capital project that was consistent with the Lifeline Transportation Program and goals, and was eligible for the Proposition 1B funds. In Solano and Sonoma Counties, the CMA programmed the Proposition 1B funds to transit operator projects.

Notes

(1) On 10/23/13, the STA amounts were updated to reflect FY2012 & FY2013 actual revenues, including FY2012 and FY2013 interest. The County Lifeline Program Administrators (LPAs) had originally programmed 95 percent of their county's estimated two-year STA amount, and then developed a contingency plan for the remaining five percent should it be available. The actual two-year revenues plus interest were sufficient to fully fund the 95 percent program, and to provide partial funding to the contingency projects that had been previously identified by the County LPAs.

(2) Comply with MTC Resolution 3866, Revised (Transit Coordination Implementation Plan) where applicable, including but not limited to Clipper, 511, real-time transit information and wayfinding signage. For wayfinding signage, project sponsors are expected to follow the regional sign standard developed by MTC, with the exception of wayfinding kiosks and transit information displays which are optional (note that MTC is unable to support maintenance of these signs if installed). For real-time transit information displays at multi-agency transfer stations/stops, project sponsors must work with MTC to determine the appropriate 511 real-time transit sign design to use. MTC Res. 3866, Revised is available at http://www.mtc.ca.gov/planning/tcip/. Consult with project-specific MTC staff during project planning to further assess the applicability of Res. 3866, Revised and how to implement specific aspects of the project.

(3) On 5/9/12, staff recommended SFMTA's and VTA's Proposition 1B projects for deferral (not programming) pending resolution of youth/low income free fare funding discussions. Projects were recommended for funding on 6/13/12.

(4) On 6/13/12, staff recommended deferral of funding for the Richmond Easy Go project in order to clarify eligibility issues. Project was recommended for funding on 7/11/12.

(5) JARC funds include FTA Section 5316 funds apportioned in FY12 and Section 5307 funds apportioned in FY13 and FY14. For more infomation regarding the FY2013 Section 5307 funds, see the Transit Capital Priorities (ICP) Process and Criteria for FY 2012-13 & FY 2013-14 (MTC Resolution No. 4072) and the TCP Program for FY 2012-13 & FY 2013-14 (MTC Resolution No. 4084).

(6) Project must follow the requirements in Attachment A of the Phase II Call for Projects: 2012 RM2 Real-time Transit Information Grant Program

(7) On 6/13/12, staff recommended deferral of funding for BART's Transbay Owl Express in order to work with counties and sponsor to address issues. Project was recommended for funding on 7/11/12.

(8) On 12/19/12, \$405,987 in JARC funding was transferred from Santa Rosa CityBus Enhanced Automatic Vehicle Location (AVL) and Real-Time Transit Information Program and reprogrammed to CityBus Roseland Lifeline Operations.

(9) On 12/19/12, SFMTA's 8X Mobility Maximization Proposition 1B amount was reduced from \$9,310,080 to \$5,285,000, SFMTA's Mission Mobility Maximization Proposition 1B amount was increased from \$2,413,350 to \$5,056,891, and a new Lifeline-eligible project, the Mission Bay Loop, was programmed \$1,381,539 in Proposition 1B funds. CMA Concurrence for SFMTA's Proposition 1B projects is expected in December 2012. MTC approval is contingent on receiving that board approval.

(10) San Francisco County STA projects were recommended for funding in December 2012.

(11) On 4/24/13, \$126,353 in JARC funding was transferred from Contra Costa County Employment & Human Services Taxi Referral Program to Tri Delta Transit for Route 200 & 201. \$126,353 in STA funding was transferred from Tri Delta Transit Route 200 & 201 to Contra Costa County Employment & Human Services Department Taxi Referral Program, as a pass through from Tri Delta Transit.

(12) On 4/24/13, \$150,055 in JARC funding was transferred from City of Concord Monument Neighborhood Shuttle to County Connection Preseve Operations in Community Concern project. \$150,055 in local Measure J funds will be programmed to the Monument Neighborhood Shuttle by the Contra Costa Transportation Authority.

(13) SFCTA Board approval for SFMTA's STP/CMAQ project was received in April 2013.

(14) On 10/23/13, \$35,000 in JARC funding was transferred from Cycles of Change's Neighborhood Bike Centers project to the San Leandro TMO LINKS Shuttle. This modifications pays LINKS back from funds borrowed by Cycles in 2012, LTP2 JARC funds.

(15) On 12/18/13, \$500,000 in Proposition 1B funding was transferred from AC Transit's Internal Text Messaging Signs project to the Contra Costa College Transit Center Improvements project. This modification is due to cost savings on the Internal Text Messaging Signs project and will allow the scope of the Transit Center Improvements project to include real-time displays and amenities upgrades.

(16) On 2/26/14 \$1,745,579 in STA funds were redirected to five projects impacted by the loss of JARC funds: Oakland Broadway Shuttle, \$723,000; San Leandro "LINKS" Shuttle, \$310,089; Concord Monument Neighborhood Shuttle, \$161,648; Outreach Family Transportation Services, \$461,829; and MTC Admin & Tech. Asst., \$89,013. The STA funds were from the Means-Based Fare Study (\$691,745) and the FY14 STA Lifeline category (\$1,053,834). Additionally, JARC funds were replaced with 5307 FY14 funds on the following projects: Contra Costa County Taxi Referral Program, \$37,884; AC Transit Preserve Ops in Comm of Concern, \$45,986; and Santa Rosa Roseland Operations, \$124,214.

(17) On 7/23/14, AC Transit's East Bay Bus Rapid Transit (BRT) project was revised to add a design and construction component to the existing vehicle purchase component.

(18) On 11/19/14, the City of Vacaville's Accessible Paths to Transit project was replaced with the Safe Routes to School (SRTS) Infrastructure Improvements Project.

(19) As of 11/19/14, CCCTA's original bus replacement project was delivered using alternative funds because the Lifeline Prop 1B funds were not available at the time of procurement, partly due to the delay in available bond proceeds. The \$484,534 in Lifeline Prop 1B funds will be used in a future vehicle procurement (anticipated FY2014-15), which will serve the same areas (Concord Monument Corridor and North Martinez).

(20) On 11/19/14, SFMTA's 8X Mobility Maximization project scope was expanded to include improvements at the Balboa Park Station Area and Plaza.

(21) On 7/22/15, \$89,013 in STA funds that had originally been set aside and allocated for MTC administration and technical assistance in FY 2014, but had not been needed for that purpose, were re-programmed to the Community Based Transportation Planning (CBTP) program.

(22) On 3/23/16, \$213,647 in Proposition 1B funds were redirected from the cancelled Napa Valley College Northbound Shelter project to the newly added VINE Transit CAD/AVL System Part 1 project. VINE Transit CAD/AVL project is also a Lifeline Cycle 4 project.

(23) On 3/23/16, \$451,324 in Proposition 1B funds were redirected from the SamTrans' Replacement Fixed Route Vehicles project to the newly added San Carlos Transit Center project.

(24) On 6/22/16, \$147,335 in Proposition 1B funds were reprogramed from the cancelled WestCAT Purchase and Installation of Bus Shelters project to the newly added Dial-A-Ride Replacement Vehicles project (also a Lifeline Cycle 4 project).

	Metropolitan Transportation Commission Programming and Allocations Committee
June 13, 2018	Agenda Item 2d
	MTC Resolution Nos. 4035, Revised and 4202, Revised
Subject:	Revisions to the One Bay Area Grant (OBAG 1 and 2) Regional and County programs.
Background:	The OBAG 1 and 2 programs adopted by the Commission establish commitments and policies for investing Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) funds for regional and local programs from FY2012-13 through FY2021-22.
	1. Regional Programs
	This month, staff recommends the following changes to regional programs:
	<i>a. Transit Capital Rehabilitation</i> Redirect approximately \$0.6 million from Eastern Contra Costa Transit Agency's (Tri-Delta Transit) Transit Vehicle Replacement project to the Clipper [®] Next Generation Fare Collection System. Tri-Delta Transit's project is fully funded and no longer needs these funds. Redirecting these funds to Clipper [®] would reduce the amount of financing proceeds proposed within the FY2016-17 through FY2019-20 Transit Capital Priorities program, thereby reducing future financing costs.
	<i>b. 511 Traveler Information</i> Revise the amounts programmed to 511 Next Gen and 511 Implementation to reflect the proposed scope for the future of the 511 program. As presented by staff at the January 2018 MTC Operations Committee, these changes include an increased focus on providing data to private sector firms for disseminating to the public, reduction of real-time features on the 511 phone, a re-designed 511.org including an elimination of the trip planner. These changes result in a \$2.38 million net decrease in OBAG 2 funding for the 511 program.
	<i>c. Freeway Performance Program</i> Redirect \$820,000 from the Bay Bridge Forward Commuter Parking Initiative Access Improvements project, as the funds are no longer needed to complete the project, and \$2 million from the 511 Traveler Information program to Contra Costa Transportation Authority's I-80 Central Avenue Interchange Improvements to complete the funding plan for the second phase of this important operational improvement project. This redirection of funds replaces earmark funds previously committed to the Central Avenue project that were repurposed to the San Mateo US 101 HOV lanes.
	Additionally, clarify the limits for the I-880 Freeway Performance Program project to reflect the scope of the project, which extends from I- 280 in Santa Clara County to I-80 in Alameda County.

2. Solano County Program

As the Congestion Management Agency (CMA) for Solano County, the Solano Transportation Authority (STA) has requested to redirect \$1.4 million from Vallejo's street rehabilitation project to Fairfield's Heart of Fairfield Improvements project. Vallejo's project name is also revised to reflect the reduced scope.

June 13, 2018	Agenda Item 2e
MTC I	Resolution Nos. 4169, Revised, 4262, Revised, 4263, Revised, and 4272, Revised
Subject:	Revisions to the FY2016-17 through FY2019-20 Transit Capital Priorities Program, AB 664 Net Bridge Toll Revenues program and allocations, and BATA Project Savings allocations for FY2017-18 to reflect final FY2017-18 FTA apportionments and transfers of funding between projects.
Background:	MTC is responsible for programming the region's Federal Transit Administration (FTA) Urbanized Area Formula (Section 5307), State of Good Repair (Section 5337) and Bus & Bus Facilities (Section 5339) funds, as well as One Bay Area Grant (OBAG) Cycle 2 Transit Capital Rehabilitation funds. MTC programs these funds to eligible transit operators to support capital replacement and rehabilitation projects, preventive maintenance, and operating costs through the Transit Capital Priorities (TCP) program.
	This item proposes revisions to the preliminary FY2016-17 through FY2019-20 TCP program adopted by the Commission in July 2017 in order to reconcile the program with final FY2017-18 FTA apportionment amounts for the region's 12 urbanized areas (UZAs) and to make other minor adjustments to the program.
	The regional apportionments for the Section 5307, 5337 and 5339 programs, which were released in May, totaled approximately \$481 million. This is approximately \$45 million above the projections use to develop the preliminary program, due to the additional transit funding included in the Federal FY2017-18 Omnibus Appropriations.
	Approximately \$37 million of the increase was in the large UZAs of San Francisco- Oakland, Concord, and Antioch, our most heavily subscribed UZAs, and those for which we are proposing financing. In the preliminary program, Caltrain was proposed to receive approximately \$120 million in financing proceeds for their new electric railcars being procured as part of the Peninsula Corridor Electrification Program. As a result of the FY2018 increase in funding, staff is proposing to use the majority of these additional funds - \$36 million - to reduce the financing proceeds needed for Caltrain and replace them with Section 5307 funds. Additionally, another \$13 million of San Jose UZA funds that are not needed for high-scoring VTA projects are proposed to be programmed for Caltrain railcars. These funds are part of the overall commitment to the EMU project, and are being accelerated from future years. Another \$15 million of Section 5307 funds were programmed to the EMU program, due to the award of a ferry discretionary grant (discussed further below) and other technical revisions to the programming. Approximately \$1 million will also be added to the BART Railcar procurement programming, slightly reducing the need for financing for that project. This strategy, as opposed to using these one-time funds for other projects, will reduce the region's debt liabilities from financing through FY2034-35.
	Balancing the FY2017-18 TCP program to account for the other differences in final apportionments from the projections requires only minor revisions, including:
	• Transferring costs between the UZAs and programs to keep the total amounts received by the operators at the same level, where possible;
	• Increasing programming amounts in urbanized areas that received more

apportionments than had been projected, primarily in the small UZAs.

This item also proposes other minor revisions to the program as requested by operators, and that are consistent with the regional TCP programming policy, summarized on the following page:

- AC Transit: Reprogram approximately \$13 million in FY2016-17 from a 60-ft Articulated Bus replacement and \$8 million in FY2017-18 from the Double Decker Bus procurement to a 45-ft Over-the-Road Coach procurement;
- ACE: Reprogram ADA Set-Aside in all four years to Railcar Midlife Overhaul;
- Caltrain: Reprogram ADA Set-Aside in FY2017-18 through FY2019-20 from Revenue Vehicle Rehabilitation to a Ticket Vending Machine Rehabilitation and Clipper® Functionality Project;
- LAVTA: Add a new project to the program Hybrid Bus Battery Pack Replacement with programming of \$800,000 of FY2017-18 and FY2018-19 FTA Section 5307 and 5339 funds from the Livermore UZA;
- SolTrans: Reprogram \$560,000 of FY2016-17 Section 5307 funds from Data Management Technology Enhancements (\$320,000) and Facilities and Amenities Improvements (\$240,000) to Operating Assistance;
- VTA: Reprogram approximately \$4 million of Section 5337 funds to Rail Rehabilitation and Replacement and \$5 million of 5337 funds to Overhead Catenary System Rehabilitation from Roadway Protection System for Light Rail (\$1.5 million) and Light Rail Crossovers and Switches (\$8 million) in FY2017-18. Reprogram approximately \$22 million of Section 5337 funds to Rail Replacement and Rehabilitation from Overhead Catenary System Rehabilitation (\$5.5 million) and Light Rail Crossovers and Switches (\$16 million) in FY2018-19; and
- WETA: Defer \$5 million of fixed guideway funding to beyond FY2019-20 due to award of a Ferry Discretionary funding grant by the US DOT.

Additionally, AB 664 Net Bridge Toll Revenues are programmed annually to eligible transit operators to help meet the local match requirement for federal funds programmed through the TCP program. AB 664 funds are programmed in accordance with MTC Resolution No. 4015, generally in proportion to each operator's share of federal funds in the TCP program. AB 664 funds for projects included in the Core Capacity Challenge Grant Program (MTC Resolution 4123, Revised) are programmed separately based on the cash flow needs of the projects.

The initial FY2017-18 AB 664 program, which was adopted by the Commission in March 2017, included funds for Core Capacity Projects for AC Transit and SFMTA only. Therefore, this item also proposes to program the remaining \$2.3 million of FY2017-18 AB 664 funds to other operators based on the final TCP program.

Finally, this item also proposed to allocate approximately \$41 million of AB 664 Net Bridge Toll Revenues and \$37 million of BATA Project Savings funds (also bridge tolls) to SFMTA, for a total allocation of \$78 million. When the FY2016-17 through FY2019-20 TCP Program was first adopted in March 2017, staff proposed shifting approximately \$69 million of AB 664 Net Bridge Toll Revenue funds and \$83 million of BATA Project Savings funds (a total of \$152 million) from BART to SFMTA as part of a larger plan to use the the proceeds of a proposed financing for the BART Railcar Procurement project and to advance the SFMTA bus project. At that time, those funds were programmed to SFMTA, but were held contingent on finalizing the details of financing. Recently, SFMTA staff requested that \$78 million of the \$152 million of bridge tolls programmed be allocated at this time to meet the cashflow needs of their 40-ft and 60-ft motor coach procurement that is currently in delivery. The balance of the shifted funds - \$74 million –

Programming and June 13, 2018 Page 3 of 3	Allocations Committee	Agenda Item 2e
	would remain unallocated and contingent on financing bein recommending this allocation at this time to allow SFMTA and with the understanding that the FTA financing is closer	to meet their cashflow needs
Issues:	TCP program still assumes approximately \$1 billion in fination for the BART Car project, starting in FY2019.	ncing proceeds will be needed

ABSTRACT

Resolution No. 4262, Revised

This resolution establishes the AB 664 Net Bridge Toll Revenues program of projects for FY2016-17 through FY2019-20. The initial program consists of funds programmed to SFMTA and AC Transit towards their fleet replacement projects in FY2016-17 consistent with the Transit Capital Priorities Program, and reprogramming of FY2012-13 AB 664 funds for BART, SFMTA, and WETA that had lapsed due to unforeseen project delays. This resolution will be amended to add the remainder of FY2016-17 programming and attachments for FY2017-18 through FY2019-20 AB 664 program in conjunction with final revisions to the FY2016-17 through FY2019-20 Transit Capital Priorities program.

The following attachments are provided with this resolution:

Attachment A of this resolution was revised on April 26, 2017 to reprogram FY2012-13 AB 664 Bridge Toll funds for AC Transit that had lapsed due to unforeseen project delays.

Attachment A of this resolution was revised on July 26, 2017 to program the remainder of the FY2016-17 AB 664 Bridge Toll funds based on the final revisions to the FY2016-17 Transit Capital Priorities program.

Attachments B through D of this resolution were revised on December 20, 2017 to program AB 664 Bridge Tolls funds to AC Transit, BART, and SFMTA in FY2017-18 through FY2019-20 consistent with the Transit Capital Priorities Program and commitments of the Core Capacity

Challenge Grant Program, and to reprogram FY2013-14 funds for AC Transit, SFMTA, and WestCAT that had lapsed due to unforeseen project delays.

Attachments A and B of this resolution were revised on June 27, 2018 to program the remainder of the FY2017-18 AB 664 Bridge Toll funds based on the final revisions to the FY2017-18 Transit Capital Priorities program and make other minor revisions to the FY2016-17 program.

Transit Capital Priorities / Transit Capital Rehabilitation Program Notes

1	FY17 & FY18 Program is based on final apportionments. FY1 9-FY20 Program is based on estimated apportionments, and will be revised when final apportionments are issued by FTA. Program assumes availability of financing proceeds, subject to future Commission authorization. If financing is not secured, this program will be revised accordingly.
2	AC Transit: \$25,416,508 of BATA Project Savings and \$7,672,907 of AB 664 Bridge Toll funds have been programmed to AC Transit's Core Capacity Challenge Grant Program (CCCGP) projects, proportionately, according to the CCCGP funding plan from FY2016-17 through FY2019-20.
	AC Transit is exercising a Preventive Maintenance Funding Exchange in FY2016-17 for electric battery buses (\$3,003,000), using 5307 for PM in place of local funds for the bus purchases. They are also using compensation for deferred replacement of 40 40-foot diesel electric hybrids for one year (from FY17 to FY18) for \$780,640.
3	Caltrain's FY17 FG cap reduced by \$3,264,826 (\$1,570,770 from FY16 and \$1,694,056 from FY17) to \$11,128,174 due to failure to meet grant spend-down goals in FY15 and FY16.
	Programming of 5337 funds to the South San Francisco Station and Revenue Vehicle Rehab projects in FY17 is conditioned on action by the SMCTA Board to program an equal dollar amount to the PCEP, fixed guideway projects (up to Caltrain's cap amount) or other Score 16 projects.
	In July 2017, \$5.2M of 5337 reprogrammed from Systemwide Track Rehab to the South San Francisco Station project to offset an equal reprogramming from the station project to track rehab in the FY15 program. Also, \$5.2 million of 5337 reprogrammed from South San Francisco station project (to be replaced with San Mateo local funds) to the Revenue Vehicle Rehab project; there is no net decrease in funding to the station project from these actions.
4	Petaluma is using compensation for deferred replacement of a paratransit vehicle from FY12 to FY17. They are applying compensation to Transit Yard Facility Project in FY17 (\$45,100).
5	SamTrans, in FY17, is applying for the incremental cost difference between 10 diesel and 10 hybrid 40-foot buses that were programmed in FY15 and FY16. This will help fund the increased cost of purchasing 10 electric buses from the 60 bus replacement project (SM150005) for a demonstration project.
6	SFMTA: \$12,741,300 of BATA Project Savings and \$6,283,687 of AB 664 Bridge Toll funds have been programmed to SFMTA's CCCGP projects, proportionately, according to the CCCGP funding plan in FY2016-17 through FY2019-20. Additionally, CCCGP Funds totalling \$152 million (\$69,443,401 of AB 664 and \$83,000,000 of BATA Project Savings) have been reprogrammed from BART to SFMTA in the FY17-FY20 program period. Allocation of these funds will be committed upon the execution of financing.
	In FY17, SFMTA's FG reduced by \$21,470,406 to \$12,555,594 due to failure to meet grant spend-down goals in FY16.
7	WETA: \$4,941,210 of FG caps voluntarily deferred in FY15 (\$3,424,000) and FY16 (\$1,517,210) are being restored through FY20.
8	VTA requested and was granted a waiver to program \$5M in FG projects above FG cap amounts in FY17. VTA to produce an SRTP or similar by the end of FY17 so that staff can ensure sufficient FTA funds are available to cover VTA capital needs before granting exceptions for FY18-FY20.
9	GGBHTD: \$23,628,000 of FG caps voluntarily deferred from FY11 through FY16 are being restored in FY19.
10	In FY20, MCTD will request less than bus list price for 2 35-ft diesel buses, and apply 1/12 of savings to a PM project.
11	Petaluma is using compensation for deferred replacement of a paratransit vehicle from FY15 to FY18 and another from FY16 to FY18. They are applying compensation to purchase a service vehicle in FY18 (\$28,000).
	Petaluma is using compensation for deferred replacement of two paratransit vehicles from FY17 to FY20. They are applying compensation to Transit Yard Facility Project in FY20 (\$90,528).
12	VTA and Caltrain are executing a local fund swap in FY18 and FY19, with VTA applying \$300K of local sales tax funds on a Score 16 FG project for Caltrain and Caltrain directing \$300K of FTA funds for a FG project for VTA. Caltrain's FY18 programming for Systemwide Track Rehab was reduced by \$300K in the San Jose UZA, and VTA's FY19 programming for their Rail Replacement Program was increased by \$300K.
13	WestCat is deferring replacement of 4 40-ft diesel buses from FY17 to FY19. They are applying compensation from deferred replacement to supplement funding for the replacement of 4 40-ft diesel buses with 4 40-ft TBD buses in FY19. The FY19 TCP program will need to be revised to specify the type of buses being procured before WestCAT includes these funds in an FTA grant.
14	WETA is exercising a fund swap, using local funds for ferry vessel replacement purchases and applying FTA funds in the same amount to Richmond Ferry Service expansion in FY18.
15	BART's FY18 FG cap reduced by \$436,918 to \$49,774,082 due to failure to meet grand spend-down goals in FY17.
16	Caltrain's FY18 FG cap reduced by \$380,691 to \$14,012,309 due to failure to meet grand spend-down goals in FY17.
17	SFMTA's FY18 FG cap reduced by \$14,023,663 to \$20,002,337 due to failure to meet grand spend-down goals in FY17.
18	WETA is voluntarily deferring \$5 million of FG caps in FY18, to be restored after FY20.
19	FG Caps for FY19 to FY20 for all FG operators will be revised if necessary based on performance against grant spend-down targets as specified in TCP policy.

Subject:	Allocation of \$5 million in bridge toll funds to the Transbay Joint Powers Authority (TJPA) for the operations and maintenance of the Temporary Transit Center and the soon to open Salesforce Transit Center for FY2018- 19.
Background:	Pursuant to Streets and Highways Code 30914(b), the Commission shall annually allocate toll bridge revenues to the TJPA for operation and maintenance expenditures of the Transbay Terminal Building.
	The FY2018-19 draft BATA budget includes roughly \$5.0 million, which is equivalent to the inflation-adjusted "not to exceed" amount, for operation and maintenance of the Transbay Terminal Buildings. Staff recommends allocating these funds for operating and maintaining both the Temporary Transit Center and the soon to open Salesforce Transit Center.
	The Salesforce Transit Center is expected to open in late summer 2018. Operating costs are expected to be \$32.9 million for FY2018-19 and include an eleven percent operating contingency. Bridge Tolls, including RM2 and this allocation, will provide \$8 million. AC Transit and SFMTA, the primary tenants, are expected to cover any operating revenue shortfall and are expected to contribute a combined \$1.1 million in FY2018-19.
	The amount of operating funds that the transit operators are expected to contribute significantly exceeds the original estimates contemplated before construction started. However, the TJPA has worked with the operators to reduce the contribution needed from them.

Subject:	Programming for FY2018-19 and allocation of approximately \$1.9 million in Five Percent Unrestricted State Fund Revenues and \$3.0 million in Two Perc Bridge Toll Revenues for WETA ferry operations and the San Francisco Bay Trail project.	ent			
Background:	The Two Percent Bridge Toll Revenues are derived from the transit element of Regional Measure 1 (RM1). The Five Percent Unrestricted State Fund Reven are state funds derived from a cooperative agreement between the California Department of Transportation, Federal Highway Administration, and the Bay Area Toll Authority (BATA) following state action to "federalize" certain tol bridge projects under BATA's jurisdiction. The state funds replace the Five Percent Bridge Toll Program funds originally generated from RM1 bridge tol revenues for ferry operations. Programming and allocation policies for both funding sources are outlined in MTC Resolution No. 4015.	ues 1			
	The Five Percent Revenues totaling \$1.9 million are proposed to continue to fund the San Francisco Bay Trail project and for WETA to operate the Vallejo and Alameda Ferry routes in FY2018-19. The Two Percent Revenues totaling \$3.0 million are proposed to fund San Francisco Bay Trail program management and capital support and a ferry capital project for WETA. The MV Solano, which was constructed and entered service during 2004, will undergo refurbishment that will extend the useful life of the vessel by 25 years.

Transit P	Performance Initiative Investment Program Semi-Annual Report				
Subject:	Semi-annual update on the Transit Performance Initiative (TPI) Investment Program				
Background:	TPI Investment Program The TPI Investment program funds low-cost capital investments that can improve operations and customer experience on major transit corridors and systems, and that can be implemented rapidly. In October 2012, the Commission committed \$82 million in federal Cycle 2 STP/CMAQ funds to the Transit Performance Initiative (TPI) Investment Program. As of July 2017, these funds have been fully programmed.				
	In May 2016, the Commission committed one-third of the region's annual population-based Low Carbon Transit Operations Program (LCTOP) funds to augment the TPI program, subject to the region's Cap and Trade Framework in MTC Resolution No. 4130, Revised. Approximately \$1 million in FY2016-17 LCTOP funds were added to the third round call for projects and programmed along with STP/CMAQ funds. The Commission approved programming of approximately \$3 million in FY2017-18 LCTOP funds to projects for SFMTA, VTA, and AC Transit in March 2018; those projects will begin reporting in the next period.				
	This program update covers the period from December 2017 through April 2018. Please refer to the attached presentation for more information.

June 13, 2018	Programming and Allocations Committee Agenda Item 21 Concurrence Request for STIP Amendment					
Subject:	STIP Amendment (AB 3090 Reimbursement) Request for I-680/SR-4 Interchange Phase 3 project in Contra Costa County					
Background:	The Contra Costa Transportation Authority (CCTA) requests MTC's concurrence for an AB 3090 STIP amendment for the I-680/SR-4 Interchange Phase 3 project. MTC's 2018 Regional Transportation Improvement Program (RTIP), approved in December 2017 and amended in April 2018, programmed \$18.8 million for the construction of the I-680/SR- 4 Interchange Phase 3 project in FY 2019-20. Since the project has secured the requested Senate Bill 1 (SB 1) funding, and is now ready for construction, CCTA requests amending the STIP to convert the I-680/SR-4 Interchange Phase 3 project into an AB 3090 Reimbursement project. AB 3090 Reimbursement allows sponsors to use local funds to advance projects, and receive reimbursement from state funds at a later date. Contra Costa requests payback over a three-year period beginning in FY 2019-20.					
	Since this action proposes to amend the STIP to convert a project into an AB 3090 Reimbursement project, Committee action is required to concur with the proposed amendment. This action is in accordance with the 2018 Regional Transportation Improvement Program (RTIP) Policies and Procedures (MTC Resolution No. 4308), available at http://mtc.ca.gov/ourwork/fund-invest/investment-strategies-commitments/transit-21st-century/funding-sales-tax-and .

Administration and Projects Committee STAFF REPORT

Meeting Date: May 3, 2018

Subject	Interstate 680 (I-680)/State Route 4 (SR4) Interchange Improvements, Phase 3 (Project 1117/6001) – Authorization to Submit Assembly Bill 3090 (AB 3090) Request to the California Transportation Commission (CTC)
Summary of Issues	The I-680/SR4 Interchange Improvements, Phase 3 (Project 1117/6001) is expected to be Ready to List (RTL) for construction advertisement in May 2018. Funding for the project includes \$18.8 million in State Transportation Improvement Project (STIP) funds, which will not be available until FY 2019-20.
	To expedite the project construction schedule, staff proposes advancement of STIP funds with Measure J funds by submitting an AB 3090 request to the CTC for approval.
Recommendations	Staff seeks approval of Resolution 18-21-P, which will authorize staff to submit an AB 3090 request to advance \$18.8 million in STIP funds with Measure J funds to allow the project to be advertised for construction in June 2018.
Financial Implications	Sufficient cash reserves are available to advance the project. Reimbursement of Measure J funds will likely take place over three years starting in FY 2019-20. Along with the AB 3090 request, staff will concurrently request that the CTC advance the programming of the STIP funds from FY 2019-20 to FY 2018-19. Should the STIP funds be programmed in FY 2018-19, staff will withdraw the AB 3090 request and the STIP funds will be allocated in June 2018.
Options	The Authority Board could modify staff recommendation or not approve this request; however, the project would be delayed.

Background

The I-680/SR4 Interchange Improvements, Phase 3 (Project 1117/6001) is expected to be ready to list (RTL) for construction advertisement in May 2018. Final Plans, Specifications & Estimates (PS&Es) were approved by the California Department of Transportation (Caltrans) and Right-of-Way (ROW) certification has been issued. Draft regulatory permits and/or conditions have been received and final permitting is expected in May 2018. Utility relocation work in advance of the construction contract will start in Summer 2018.

Funding for the construction capital phase of the project includes \$18.8 million in STIP funds, which will not be available until FY 2019-20. Other fund sources on the construction phase include \$9.1 million in Measure J funds, \$4.8 million in Formulaic Local Partnership Program (LPP) funds, \$20.5 million in State Highway Operations and Protection Program (SHOPP) funds, and anticipated \$33.6 million in competitive LPP funds. CTC will approve allocations of competitive LPP funds in May 2018.

To expedite the project construction schedule, staff proposes advancement of STIP funds with Measure J funds by submitting an AB 3090 reimbursement request to the CTC for approval. Government Code Section 14529.7, as amended by AB 3090, allows local agencies to enter into one of two arrangements whereby a local agency pays for the delivery of STIP projects with its own funds in advance of the year in which the project is programmed. Under the first type of arrangement, the local agency gets to program an equivalent value in the STIP for "AB 3090 replacement project(s)." Under the second type of arrangement, the local agency receives a direct cash reimbursement. These arrangements are implemented by a STIP amendment that gives approval for Caltrans to execute a reimbursement agreement and programs the reimbursement request for the fiscal year in which the project was scheduled in the STIP.

Scheduled project reimbursements have the highest STIP priority among projects programmed within a fiscal year. Direct reimbursements are normally made as a lump sum or on a quarterly basis, as to be specified in the Caltrans reimbursement agreement.

CTC Resolution G-03-05 states that the CTC will consider approval of an AB 3090 reimbursement request only when the following conditions are met:

1. The Metropolitan Transportation Commission (MTC) explicitly finds the project to be the region's highest priority among projects programmed in the STIP for that fiscal year.

- Identification of local funds to be used, why the funds would not be available for the STIP project without an AB 3090 direct reimbursement arrangement, and what the funds would be available for if not used for the STIP project.
- 3. Before approving an AB 3090 reimbursement arrangement, the CTC will consider programming the reimbursement to a later programming year based on regional and State priorities and availability of funds.

Staff requests authorization for the Chair to execute Resolution 18-21-P, which authorizes the advancement of \$18.8 million in STIP funds with Measure J funds. Along with the AB 3090 request, staff will concurrently request the CTC to advance the programming of the STIP funds from FY 2019-20 to FY 2018-19. Should the STIP funds be reprogrammed to FY 2018-19, staff will withdraw the AB 3090 request and the STIP funds will be allocated in June 2018 eliminating the need for the Authority to use Measure J funds.

Information regarding the operating budgets and major initiatives of the above operators is provided in Attachment A. Some highlights are:

- WETA plans to start the Richmond-San Francisco ferry service this Fall. Additional RM2 operating approved as part of the Bay Bridge Forward project will continue to sustain service increases to the Alameda/Oakland and Vallejo services.
- The STA allocation for MTC is to support Clipper[®] annual operating and capital needs. MTC covers thirty percent of the operating costs while transit agencies contribute the balance.
- The Salesforce Transit Center is expected to open in late summer. Operating costs are expected to be \$32.9 million for FY2019 and includes an eleven percent operating contingency. Bridge Tolls, including RM2 and funds allocated in Agenda Item 2h, will provide \$8 million. AC Transit and SFMTA, the primary tenants, are expected to cover any operating revenue shortfall and are expected to contribute a combined \$1.1 million in FY2018-19.

	• VTA will implement a major bus service redesign, named the Next Network, in conjunction with the opening of the BART Berryessa station scheduled for late 2018.						
	STA County Block Grant: In February 2018 the Commission adopted MTC Resolution No. 4321 which established a new STA County Block Grant program to distribute STA Population-Based funds in the region. Congestion Management Agencies (CMAs) are tasked with establishing policies to distribute STA County Block Grant funds within their jurisdictions and are required to report their distribution policies to MTC. Attachment B contains the latest information on the proposed distribution policies of the CMAs for FY 2018-19.						
	 Some highlights of the policies are: Six of the nine counties have submitted their approval policies. Marin County's policy is pending formal approval at the end of the month while San Francisco and Solano County's policies are still under development. One county is funding an affordable pass program. Two counties are continuing lifeline programs. Two counties are distributing funds based on percentages. 						
Issues:	1. In April 2017, the California Legislature passed SB1, the <i>Road Repair and</i> <i>Accountability Act of 2017</i> , consisting of approximately \$5 billion annually of transportation funding including additional funding for the State Transit Assistance (STA) Program. A measure to repeal the law is pending signature verification. Repeal of the law would reduce STA funds in FY2018-19 by approximately one-third.						
	2. Except for VTA, operating costs are rising much faster than service levels for all the transit agencies subject to these allocations. The primary reasons for this negative trend are increases in labor and benefit costs as well as purchased transportation costs. See Attachment A for details. As a reminder, MTC's Transit Sustainability Project (MTC Resolution No. 4060, Revised) requires the large operators to meet cost effectiveness or cost efficiency metrics, namely a 5% reduction in cost/hour, cost/passenger, or cost/passenger-mile, by FY17 compared to a baseline year, with increases held to the Consumer Price Index (CPI) rate thereafter. The FY17 data should be available this summer and MTC staff will report the results to the Commission in the fall. As of the last evaluation period, all operators were meeting the 5% reduction target on at least one of the metrics, except SFMTA.						
Recommendation:	Refer MTC Resolution Nos. 4334, 4335, 4336, and 4337 to the Commission for approval.

AC Transit adopted a new Transbay fare program which will be implemented in January 2019 after the new Transbay Terminal begins operation. 70% of the budget increase is attributed to wage and benefit costs. Wage and benefits also comprise 70% of the operating budget.
County Connection (CCCTA)	\$ 37,088,928	\$ 39,474,896	6.4%	0%	\$ 25,886,557	65.6%	 County Connection recently completed a Comprehensive Operational Analysis and is now planning a major service change in Spring 2019. The last time major service changes were made was 2009. County Connection expects that the changes will increase efficiency, improve ridership, and be more fiscally sustainable. County Connection is also starting outreach on a fare program to increase cash fares, eliminate all paper passes, and shift more riders to Clipper. An \$800,000 contingency accounts for one-quarter of the budget increase and labor and fringe benefits costs account for another quarter.
VTA	\$409,511,032	\$438,214,664	7.0%	12.8%	\$127,845,839	29.2%	 VTA will implement a service redesign with a high frequency network as well as increased late night, and weekend services. Bus service will increase 19% and changes will occur in conjunction with the BART opening. Added cost of bus service accounts for two-thirds of the budget increase. VTA will conduct an Express Bus Productivity Study to improve the productivity and effectiveness of its long-distance express bus program. VTA adopted Transit Service guidelines which includes a performance monitoring framework and process to develop service change recommendations.

¹ The allocation request includes funds that will be allocated through Executive Director's Delegated Authority as allowed by MTC Resolution No. 3620, Revised. Allocations made by Delegated Authority are reported to the Commission quarterly.

The new Central Bay Operations and Maintenance Facility will be completed this summer. Richmond Ferry service is expected to start at the end of 2018 and is expected to cost \$3.25 million and accounts for 80% of the budget increase. Contra Costa Measure J will provide operating funds for this service. Increase in the cost of purchased transportation accounts for the remaining budget increase due to contract cost increase, additional service on Harbor Bay due to vessel maintenance, and additional maintenance staff. WETA will conduct a small vessel study to explore the potential role of smaller vessels in supporting the growth and development of WETA's regional ferry service.

FINDINGS

The following findings pertain to the allocation of funds under this resolution to AC Transit and/or SFMTA, as the case may be.

	AC Transit
1. In accordance with Public Utilities Code §29142.4(a), the operator is a participating member of the Clipper Executive Board and the Bay Area Partnership Board, established by MTC and which serve the function of a regional transit coordinating council.	YES
2. In accordance with Public Utilities Code §29142(c), the operator has complied with the transit system standards established by MTC pursuant to Government Code §66517.5.	YES
3. In accordance with Public Utilities Code § 29142.5, MTC may consider local support revenues in excess of the operator's base amount as fare revenues, as long as by doing so it will enable the operator to maintain or improve vital transit service within a coordinated fare structure. The audited financials submitted by the claimant for FY 2015-16 and included in the proposed FY 2017-18 budget demonstrate a fare ratio of greater than 33 percent when considering other local excess revenue. 	Metropolitan Transportation Commission Programming and Allocations Committee
June 13, 2018	Agenda Item 4a MTC Resolution Nos. 4035, Revised and 4202, Revised
Subject:	Revisions to the One Bay Area Grant (OBAG 1 and 2) programs to program \$1.5 million in Climate Initiatives Program funds to two strategies identified in Plan Bay Area 2040: Carsharing and Targeted Transportation Alternatives.
Background:	MTC's Climate Initiatives Program identifies a variety of strategies and programs to meet per capita greenhouse gas (GHG) emissions reduction targets identified in Plan Bay Area 2040 and established by the California Air Resources Board (CARB).
	In November 2015, MTC committed \$22 million to the Climate Initiatives Program for implementation of carsharing, Targeted Transportation Alternatives (TTA) and electric vehicle incentives and infrastructure. In October 2017, the MTC Commission programmed \$10 million of the Program to the Air District for electric vehicle strategies and infrastructure.
	Over the past year, staff have developed implementation strategies for Carsharing and Targeted Transportation Alternatives (TTA). These strategies are two of the highest performing Climate Initiatives strategies in Plan Bay Area 2040 to reduce GHG emissions and were approved by CARB for inclusion in Plan Bay Area 2040. Both strategies will target areas in the region expected to achieve higher rates of success and accordingly, GHG emissions reductions; generally these are the 16 cities expected to have the most growth identified in Plan Bay Area 2040.
	 Carsharing (\$1.2 million): Allows individuals to rent vehicles usually for short-term use, providing access to an automobile without the costs of individual ownership. Carsharing is evolving and growing in the Bay Area through traditional roundtrip, one-way and peer-to-peer models, with close to 3,000 cars managed by various operators. The implementation strategy is intended to expand carsharing and reduce the need to own a personal vehicle through a multipronged approach to address the challenges currently facing cities and carshare operators that limit expansion of service. These challenges were ascertained from meetings with staff from a number of cities and carshare operators. The implementation plan includes the following: <u>Clearinghouse/Policy Assistance</u>: develop model policies and regulations for jurisdictions to use in addressing fragmented policy and procurement processes. This strategy is expected to encourage cross-jurisdictional operations and ease barriers for innovation. <u>Agency Fleet Conversion</u>: develop guidance to integrate carshare vehicles for cities trying to reduce and electrify their fleet. These vehicles can be made available to the public after business hours. <u>Trip Planning</u>: better integrate carsharing into trip planning tools. <u>Shared Mobility Hubs</u>: partner with transit operators to facilitate intermodal connections, including carshare options, at regional hubs.
	Staff recommends the OBAG 1 (\$400,000) and 2 (\$800,000) funds be applied to fleet and mobility hub demonstration projects and to develop model legislation, guidance and marketing materials.

	 Targeted Transportation Alternatives (\$325,000): GHG emissions reductions from this strategy are achieved by shifting solo driving trips to sustainable modes (walking, biking, taking transit, carpooling, vanpooling and vehicle sharing). Encouraging people to make this shift is difficult; however, Santa Monica, Portland and Seattle have successfully decreased solo driving trips with their version of targeted travel assistance programs. Portland and Seattle in particular have sustained the success of their program for well over ten years. TTA adapts this approach to the Bay Area's landscape and outreach preferences. From information gleaned through interviews with residents and meetings with local agency staff, the proposed program will be tailored around Bay Area residents' readiness and willingness to try new modes of travel, grounded in behavioral psychology, consumer experience and targeted marketing techniques. The program will apply these techniques through a digital app that will prompt users with coaching and incentives. This approach is successfully used by many private companies in our region and the public health sector for behavior change, but has not been fully utilized in transportation. The app will help users become aware of and understand how to use local resources to try new modes of travel besides driving alone. Lastly, the strategy will employ contemporary outreach techniques to target audiences and provide information most relevant to them instead of creating blanket campaigns that are too broad to be effective. Staff recommends OBAG 2 funds be used to fine tune target audiences, develop an app prototype and draft an effective marketing strategy. Both strategies will be piloted and evaluated to determine their effectiveness in meeting Plan Bay Area 2040 GHG emissions reduction targets. In the area of shared use mobility – traditional and new technologies – MTC has many programs. These range from vanpool to bike share to a micro transit pilot
Issues:	options. None.
Recommendation:	Refer MTC Resolution Nos. 4035, Revised and 4202, Revised to the Commission for approval. Because Resolution Nos. 4035, Revised and 4202, Revised are also proposed for revision under Agenda Item 2d, they are included under this Agenda Item with all proposed revisions. Only items referred by the Committee will be forwarded to the Commission.

ABSTRACT

Resolution No. 4202, Revised

Adoption of the project selection policies and project programming for the second round of the One Bay Area Grant program (OBAG 2). The project selection criteria and programming policy contain the project categories that are to be funded with various fund sources including federal surface transportation act funding available to MTC for its programming discretion to be included in the federal Transportation Improvement Program (TIP) for the OBAG 2 funding period.

The resolution includes the following attachments:

Attachment A – OBAG 2 Project Selection Criteria and Programming Policy
 Attachment B-1 – OBAG 2 Regional Program Project List
 Attachment B-2 – OBAG 2 County Program Project List

On July 27, 2016, Attachment A, and Attachments B-1 and B-2 were revised to add additional funding and projects to the OBAG 2 framework, including \$72 million in additional Fixing America's Surface Transportation Act (FAST) funding, and to incorporate housing-related policies.

On October 26, 2016, Attachment A, and Attachment B-1 were revised to clarify language related to the North Bay Priority Conservation Area (PCA) Program in Attachment A and to deprogram \$2,500,000 from the Water Emergency Transportation Authority (WETA) Ferry Service Enhancement Pilot within the Regional Active Operational Management Program.

On December 21, 2016, Attachments B-1 and B-2 were revised to redirect \$417,000 in unprogrammed balances from the Regional Active Operational Management program to MTC's Spare the Air Youth within the Climate Initiatives Program; divide MTC's Rideshare Program into three subcomponents totaling \$10,000,000: \$720,000 for Rideshare Implementation, \$7,280,000 for the Carpool Program, and \$2,000,000 for the Vanpool Program; direct \$1,785,000 from 511 Next Gen to the Commuter Benefits program; direct \$1,000,000 in un-programmed balances to SMART's

Multi-Use Pathway; transfer \$1,000,000 from MTC's Casual Carpool project to MTC's Eastbay Commuter Parking project within the Bay Bridge Forward program, as the former will be funded with non-federal funds; transfer \$500,000 from the Freeway Performance Initiative program and \$500,000 in un-programmed balances to US 101/Marin Sonoma Narrow's B2 Phase 2 project in the Regional Active Operational Management Program; shift \$40,000,000 from the BART Car Replacement/Expansion project to the Golden Gate Bridge Suicide Deterrent project and \$13 million from MTC's Clipper project to un-programmed balances within the Transit Priorities program as part of a RM2 funding action to address a cost increase on the Golden Gate Bridge Suicide Deterrent project; and program \$5,990,000 to Alameda County's Safe Routes to School Program in the County Program.

On March 22, 2017, Attachment B-1 was revised to program \$17,000,000 in un-programmed balances within the Regional Transit Priorities Program to MTC's Clipper Program, as part of the FY17 Transit Capital Priorities program.

On April 26, 2017, Attachment B-2 was revised to program \$1,655,000 to the Sonoma Safe Routes to School program; and redirect \$1,000 from Contra Costa Transportation Authority's Planning Activities Base to its discretionary balance and \$1,000 from San Francisco County Transportation Authority's Planning Activities Base to its discretionary balance to address an inconsistency between amounts programmed to planning activities in Appendix A-3 and reflect actual amounts obligated for planning.

On May 24, 2017, Attachment B-1 was revised to redirect \$1,237,000 from 511 Next Gen to AOM Implementation within the Regional Active Operational Management program to reflect reorganization of staff between program elements; direct \$18,000,000 in Arterial/Transit Performance to the Program for Arterial System Synchronization (\$5,000,000) and the Next Gen Arterial Operations Program (\$13,000,000) within the Regional Active Operational Management program; direct \$19,000,000 from the Transportation Management System (TMS) Field Equipment Devices Operations and Maintenance to TMS Implementation (\$2,910,000), Performance-Based Intelligent Transportation Systems Device Maintenance and Rehabilitation (\$5,940,000), Transportation Management Center Asset Upgrade and Replacement (\$4,000,000), I-880 Communication Upgrade and Infrastructure Gap Closures (\$4,000,000) and a Detection Technology Pilot (\$5,000,000) within the Regional Active Operational Management program; and remove \$290,556 in un-programmed balances from the Regional Active Operational Management program to address over-programming in a previous cycles of the STP/CMAQ regional programs.

On June 28, 2017, Attachments B-1 and B-2 were revised to reprogram \$1,000,000 from the SMART Pathway – 2nd to Andersen to San Rafael's Grand Ave Bike/Pedestrian Improvements within the Regional Climate Initiatives program as part of a funding exchange within the City of San Rafael, conditioned on San Rafael committing \$1 million in non-federal funds to the construction of the pathway, and a resolution of local support for the use of federal funds on the Grand Ave project, and TAM approval of the redirection of local measure funds between the projects; split out \$8,729,000 from the 511 Next Gen program to 511 Implementation within the Regional Active Operational Management program; program \$1,250,000 to Golden Gate Bridge Highway and Transportation District for the Bettini Transit Center as part of the Marin County Program; and program \$2,617,000 within the San Mateo County Program to the San Mateo County Office of Education for the SRTS program, including \$223,000 in supplemental funds from San Mateo's discretionary balance.

On July 26, 2017, Attachment B-1 was revised to program \$12,000,000 to the US 101 Marin Sonoma Narrows project as part of a fund exchange agreement with Sonoma County Transportation Authority; \$11,000,000 in exchange funds are added to the program for tracking purposes, with the final \$1 million in exchange funds to be identified through a future Commission action.

Metropolitan Transportation Commission Programming and Allocations Committee

June 13, 2018	Agenda Item 5a California Transportation Commission Update
Subject:	Update from the May 16-17, 2018 California Transportation Commission meeting and Senate Bill 1 (SB 1) Programs.
Background:	The California Transportation Commission (CTC) is responsible for programming and allocating certain state funds for the construction of highway, passenger rail, non-motorized facilities, and transit improvements throughout California. The CTC consists of eleven voting members and two non-voting ex-officio members. The San Francisco Bay Area has three (3) CTC members residing in its geographic area: Bob Alvarado, Jim Ghielmetti, and Carl Guardino.
	May CTC Meeting (May 16-17, San Diego, CA) The CTC discussed the following issues of significance to the region.
	Senate Bill 1 Competitive Program Adoption. The CTC approved the staff recommendations for the following competitive programs authorized by Senate Bill 1 (Attachment 1). There were no changes since the last Programming and Allocations Committee report in May.
	 <u>Solutions for Congested Corridors Program</u>. CTC received 32 applications seeking \$2.5 billion, with \$1 billion available. CTC approved funding 9 projects, including \$318 million to two Bay Area projects (32% of total). <u>Trade Corridor Enhancement Program</u>. CTC received 42 applications seeking \$2 billion, with \$1.3 billion available. CTC approved funding 28 projects, including \$249 million to five Bay Area projects (19% of total). <u>Local Partnership Program (Competitive)</u>. CTC received 90 applications seeking \$900 million, with \$300 million available. CTC approved funding 27 projects, including \$96 million to six
	Bay Area projects (32% of total). Going forward, the focus will shift to advancing the projects, as well as SB 1 accountability including reporting.
	2018 Transit and Intercity Rail Capital Program (TIRCP) Awards . The California State Transportation Agency (CalSTA) reported on its awards for the 2018 Transit and Intercity Rail Capital Program. TIRCP is funded through both Senate Bill 1 as well as cap and trade proceeds

awards for the 2018 Transit and Intercity Rail Capital Program. TIRCP is funded through both Senate Bill 1 as well as cap and trade proceeds. CalSTA awarded \$2.7 billion to 28 projects, including \$695 million to ten Bay Area projects (26% of total). CalSTA also committed \$1.7 billion in future funds, including \$707 million to Bay Area projects (bringing the total Bay Area awards to \$1.4 billion, or 32% of total). Attachment 1 includes Bay Area TIRCP awards. **Caltrans Planning Grant Programs.** On May 11, Caltrans released the list of successful grant award applicants for the Sustainable Communities (SC), Strategic Partnerships (SP), and Adaptation Planning (AP) grant programs for fiscal year 2018-19. Caltrans received 154 applications seeking \$42.7 million out of an available \$21.8 million for the SC and SP grant program, and 26 applications seeking \$8 million out of an available \$7.1 million for the AP grant program. MTC submitted two SC and one SP grant applications – all of which are proposed for funding:

- Sustainable Communities and Climate Resilience for People with Disabilities (regionwide), awarded \$406,000 SC funds
- The Future of Mobility: Analyzing the Impact of Ride-hailing on California Communities (with San Diego and Southern California Associations of Governments), awarded \$913,000 SC funds
- Diridon Integrated Station Concept Plan, awarded \$500,000 SP funds

Overall, the region performed well on the planning grant awards – roughly 31% across all three programs (which includes multi-region projects). All successful applicants in the region are included in Attachment 2 to this memo.

Active Transportation Program Guidelines Adoption. CTC approved the 2019 Statewide Active Transportation Program (ATP) Guidelines. MTC adopted the 2019 Regional ATP Guidelines in April, and CTC approved MTC's Regional ATP Guidelines at the same meeting. Both the state and MTC issued the Call for Projects following Guideline approval. Applications are due by July 31.

The next CTC meeting is scheduled for June 27-28, 2018 in Sacramento.

Issues: None.

- Recommendation: Information. No action required.
