Meeting Agenda

ABAG Legislation Committee

Chair, Scott Haggerty, Supervisor, County of Alameda
Vice Chair, Julie Pierce, Councilmember, City of Clayton

Thursday, January 17, 2019

5:00 PM

Board Room - 1st Floor

Association of Bay Area Governments Legislation Committee

The ABAG Legislation Committee may act on any item on the agenda.

The meeting is scheduled to begin at 5:00 p.m.

Agenda, roster, and webcast available at <http://abag.ca.gov/meetings>.

For information, contact Clerk of the Board at (415) 820-7913.

Legislation Committee Roster

Scott Haggerty, Supervisor, County of Alameda—Chair
Julie Pierce, Councilmember, City of Clayton—Vice Chair
David Cortese, Supervisor, County of Santa Clara
Pat Eklund, Councilmember, City of Novato
Dave Hudson, Councilmember, City of San Ramon
Karen Mitchoff, Supervisor, County of Contra Costa
David Rabbitt, Supervisor, County of Sonoma
Belia Ramos, Supervisor, County of Napa

8. Adjournment / Next Meeting

The next regular meeting of the ABAG Legislation Committee is on March 21, 2019.

Public Comment: The public is encouraged to comment on agenda items at Committee meetings by completing a request-to-speak card (available from staff) and passing it to the Committee secretary. Public comment may be limited by any of the procedures set forth in Section 3.09 of MTC's Procedures Manual (Resolution No. 1058, Revised) if, in the chair's judgment, it is necessary to maintain the orderly flow of business.

Meeting Conduct: If this meeting is willfully interrupted or disrupted by one or more persons rendering orderly conduct of the meeting unfeasible, the Chair may order the removal of individuals who are willfully disrupting the meeting. Such individuals may be arrested. If order cannot be restored by such removal, the members of the Committee may direct that the meeting room be cleared (except for representatives of the press or other news media not participating in the disturbance), and the session may continue.

Record of Meeting: Committee meetings are recorded. Copies of recordings are available at a nominal charge, or recordings may be listened to at MTC offices by appointment. Audiocasts are maintained on MTC's Web site (mtc.ca.gov) for public review for at least one year.

Accessibility and Title VI: MTC provides services/accommodations upon request to persons with disabilities and individuals who are limited-English proficient who wish to address Commission matters. For accommodations or translations assistance, please call 415.778.6757 or 415.778.6769 for TDD/TTY. We require three working days' notice to accommodate your request.

可及性和法令第六章: MTC 根據要求向希望來委員會討論有關事宜的殘疾人士及英語有限者提供服務/方便。需要便利設施或翻譯協助者, 請致電 415.778.6757 或 415.778.6769 TDD / TTY。我們要求您在三個工作日前告知, 以滿足您的要求。

Acceso y el Titulo VI: La MTC puede proveer asistencia/facilitar la comunicación a las personas discapacitadas y los individuos con conocimiento limitado del inglés quienes quieran dirigirse a la Comisión. Para solicitar asistencia, por favor llame al número 415.778.6757 o al 415.778.6769 para TDD/TTY. Requerimos que solicite asistencia con tres días hábiles de anticipación para poderle proveer asistencia.

Attachments are sent to Committee members, key staff and others as appropriate. Copies will be available at the meeting.

All items on the agenda are subject to action and/or change by the Committee. Actions recommended by staff are subject to change by the Committee.

Election of Legislation Committee Chair and Vice Chair
Action

ASSOCIATION OF BAY AREA GOVERNMENTS

Representing City and County Governments of the San Francisco Bay Area

Date: January 10, 2019
To: ABAG Legislation Committee
From: Executive Director
Subject: **Election of Legislation Committee Chair and Vice Chair**

Executive Summary

According to the ABAG Bylaws, Article IX, F.:

The President, subject to the advice and consent of the Executive Board, shall appoint committees and determine the committees' structure, charge, size and membership. Committees may be established to consider any matter within the jurisdiction of the Association. Committees shall operate according to the policies adopted by the Executive Board, and shall submit their reports and recommendations to the Executive Board. Committees shall meet on the call of their chairpersons, who shall be (1) an elected official or the elective or appointive officer of the City and County of San Francisco appointed by the Mayor of the City and County of San Francisco to the Executive Board or General Assembly, and (2) a member of such committee; and who shall be elected by the members of each committee. At the initial meeting of each committee, and annually thereafter at the first committee meeting following January 1 of each year, the committees shall elect their chairpersons and such other officers as may be specified. Committee chairpersons shall be subject to confirmation by the Executive Board. Unless otherwise authorized by the Executive Board, committees of the Association shall be advisory.

Recommended Action

The Legislation Committee is requested to elect its Chair and Vice Chair.

Steve Heminger

Meeting Minutes - Draft

ABAG Legislation Committee

Chair, Scott Haggerty, Supervisor, Alameda County
Vice Chair, Julie Pierce, Councilmember, Clayton

Friday, November 9, 2018

10:10 AM

Board Room - 1st Floor

Association of Bay Area Governments

Special Meeting

The ABAG Legislation Committee may act on any item on the agenda.

The ABAG Legislation Committee will meet jointly with the MTC Legislation Committee.

The meeting is scheduled to begin at 10:10 a.m., or immediately following the preceding joint
ABAG/MTC committee meeting.

Agenda, roster, and webcast available at <http://abag.ca.gov/meetings>.

For information, contact Clerk of the Board at (415) 820-7913.

Legislation Committee Roster

Scott Haggerty, Supervisor, County of Alameda—Chair

Julie Pierce, Councilmember, City of Clayton—Vice Chair

David Cortese, Supervisor, County of Santa Clara

Pat Eklund, Councilmember, City of Novato

Dave Hudson, Councilmember, City of San Ramon

Karen Mitchoff, Supervisor, County of Contra Costa

David Rabbitt, Supervisor, County of Sonoma

Belia Ramos, Supervisor, County of Napa

Greg Scharff, Councilmember, City of Palo Alto

1. Call to Order / Roll Call / Confirm Quorum

Chair Haggerty called the meeting to order at about 11:36 a.m. Quorum was present. The ABAG Legislation Committee met jointly with the MTC Legislation Committee.

Present: 7 - Cortese, Eklund, Haggerty, Mitchoff, Pierce, Rabbitt, and Scharff

Absent: 2 - Hudson, and Ramos

2. ABAG Compensation Announcement

The Clerk of the Board gave the compensation announcement.

3. ABAG Legislation Committee Consent Calendar

- 3.a. [18-0915](#) Approval of ABAG Legislation Committee Minutes of September 20, 2018

Upon the motion by Eklund and second by Scharff, the Consent Calendar was approved. The motion carried unanimously by the following vote:

Aye: 7 - Cortese, Eklund, Haggerty, Mitchoff, Pierce, Rabbitt, and Scharff

Absent: 2 - Hudson, and Ramos

4. MTC Legislation Committee Consent Calendar

- 4.a. [18-0948](#) Approval of MTC Legislation Committee Minutes of October 12, 2018 Meeting

The MTC Legislation Committee took action on this item.

5. Information

- 5.a. [18-0916](#) November 2018 Election: Impact on Transportation and Housing

Effects of the November 6, 2018 General Election on transportation and housing.

The ABAG Legislation Committee and the MTC Legislation Committee received the report.

- 5.b. [18-0917](#) Draft 2019 Joint Advocacy Program

Initial ideas for state and federal legislative priorities for 2019.

The ABAG Legislation Committee and MTC Legislation Committee received the report. Members discussed state and federal legislation.

6. Federal Legislation

- 6.a. [18-0949](#) Tom Bulger's Report

Report from Washington D.C. advocate.

The MTC Legislation Committee received the report.

7. Public Comment / Other Business

There was no public comment.

8. Adjournment / Next Meeting

Chair Haggerty adjourned the meeting at about 12:33 p.m.

The next regular meeting of the ABAG Legislaton Committee will be announced.

Adoption of 2019 Advocacy Program
Rebecca Long
Approval

ASSOCIATION OF BAY AREA GOVERNMENTS

Representing City and County Governments of the San Francisco Bay Area

Date: January 10, 2019
To: ABAG Legislation Committee
From: Executive Director
Subject: **Adoption of 2019 Advocacy Program**

Executive Summary

The proposed Final Advocacy Program for 2019 is attached for your review. The proposed modifications to the draft shared last month are based on feedback received by MTC Commissioners and ABAG Executive Board Members, the MTC Policy Advisory Council and Bay Area transportation agencies and other transportation agency partners from outside the region.

Changes from the draft we presented in November are shown in track changes. The following new advocacy proposals have been added:

- Additional housing related legislation outside of CASA process (1B)
- Funding focused on seniors and disabled (2E)
- Disadvantaged communities definition (2F)
- Expedite project delivery (3)
- SB 375 Update (4C)
- Climate changes and resiliency (4, federal)

This attached version of the advocacy platform (with the references to ABAG) was adopted by MTC at its December 19th meeting. If ABAG adopts this version, staff will revise the final document to incorporate both agencies' logos and title it the "2019 Joint Advocacy Platform."

In response to MTC direction to expand local government outreach with regards to the CASA Compact, staff has scheduled a number of different presentations to local government associations (e.g. conference of mayors) over the next two months, as detailed in the Attachment B. Additional meetings are being planned to reach out to city managers as well.

Recommended Action

The Executive Board is requested to approve the 2019 Advocacy Program.

Steve Heminger

Item 07 Memo Advocacy Program.docx

2019 Advocacy Program

Revised

STATE		
Issue	Goal	Strategy
1. Housing Crisis	A. Implement the CASA Compact's 3Ps & 3Rs	<u>Subject to authorization by the ABAG Executive Board for the ABAG President to sign the CASA Compact, Lead- collaborate with other key local, regional and statewide partners to the Bay Area's efforts to</u> enact legislation to make substantial progress on the "3 Ps" of the upcoming CASA Compact, which focuses on three core areas: 1) Production of additional housing, including affordable and market rate; 2) Preservation of existing affordable housing; and 3) Protection of current residents from displacement. Implementation of these core goals will be through various bills that aim to deliver the "3 Rs," namely Reform, Revenue and Regional Leadership . The Commission and ABAG Executive Board will be briefed on the CASA Compact later this month.
	B. <u>Support complementary legislative efforts to increase funding for affordable housing and accelerate production</u>	<u>Monitor and support complementary legislative efforts to CASA, identified as "Calls for Action" in the draft-CASA Compact document, to address the housing crisis, including support "Redevelopment 2.0," i.e. reinstituting tax-increment financing for affordable housing and supportive infrastructure, lowering the vote threshold for affordable housing bonds to 55 percent, addressing fiscalization of land use, supporting action to alleviate homelessness, and growing and stabilizing the construction labor force. Support appropriate revisions to the Regional Housing Needs Allocation process to broaden the definition of units that count towards an individual jurisdiction's RHNA share.</u>
2. Transportation Funding	A. Defend and expand state investment in transportation	Scenario 1 (Prop 6 Fails): With SB 1 funds remaining intact <u>due to voter rejection of Proposition 6</u> , staff will focus our legislative efforts related to transportation funding on ensuring that statutes and guidelines for existing funds continue to be structured in a manner that recognizes the Bay Area's disproportionate contributions to the state's economy, our significant traffic congestion and public transit system needs, and seek opportunities to expand funding through one-time opportunities, such as Cap and Trade. Scenario 2 (Prop 6 Passes): Staff will actively participate in regional and statewide conversations about next steps to replace SB 1 funding.

	B. Transportation Development Act (TDA) Performance Standards Review	Participate in a subcommittee to be convened by the California Transit Association to evaluate the appropriateness of California's current TDA (Transportation Development Act) fare-box requirements in an era of disruptive on-demand transportation options that are contributing to declining transit ridership nationwide. Explore development of alternative measures that are focused on incentivizing transit agency actions that increase ridership for enactment in 2020.
--	--	---

Issue	Goal	Strategy
2. Transportation Funding (cont'd)	C. Active Transportation Program Reform	Support legislation to streamline the administration of the Active Transportation Program (ATP) so that the projects do not require an allocation by the California Transportation Commission and a larger share of the funds are suballocated to regional transportation planning agencies to expand their competitive ATP programs, similar to the federal Surface Transportation Block Grant Program and Congestion Mitigation and Air Quality.
	D. Capturing Sales Tax from Internet Sales	In June 2018, the Supreme Court ruled 5-4 in <i>South Dakota v. Wayfair</i> that internet retailers can be required to collect sales taxes even in states where they have no physical presence if a seller's gross revenue exceeds a reasonable threshold of value or quantity. The decision was hailed as a victory for brick-and-mortar businesses and for states that have expressed concern about losing out on tax revenue as internet sales comprise an increasingly larger share of all sales. The Legislature has recently begun to explore next steps to implement this ruling through informational hearings. Staff will engage in legislative and regulatory efforts in 2019 to conform state law to this ruling in order to expand the sales tax base, which holds promise to increase transportation funding from local-option sales taxes and TDA funding across the region, as well as local county and city resources.
	<u>E. Transportation Options Seniors/Persons with Disabilities</u>	<u>Given the significant increase in the share of seniors in Bay Area's population in the coming decades (growing from 14% in 2014-15 to 23% by 2040), support the efforts to establish new funding to address the growing needs of seniors and persons with disabilities, consistent with the goals and strategies outlined in MTC's 2018 Coordinated Public Transit Human Services Transportation Plan. Advocate for new funding for such programs, rather than a diversion of existing funds.</u>

	<u>F. Disadvantaged Communities</u>	<u>Monitor legislation related to the definition of disadvantaged communities (DACs) as it relates to grant eligibility criteria for Cap and Trade funds and other funding programs. In partnership with the California Association of Councils of Government, support legislation that would broaden the state's definition of DACs so that it captures the socio-economically disadvantaged communities, regardless of their environmental characteristics and reform state law so that the criteria used to designate a community as a DAC is selected with regard to the goals of the funding program. Monitor and engage in administrative efforts related to updating the CalEnviroScreen, the state's current DAC screening tool developed by the Office of Environmental Health Hazard Assessment.</u>
<u>3. Project Delivery</u>	<u>Speed up the design and construction of transportation projects</u>	<u>Support legislation to expedite transportation project delivery by increasing contracting and financing options, including increased flexibility in the Caltrans design review process and broad authority for the use of design-build and public-private partnerships by Caltrans and regional transportation agencies. Support opportunities to establish requirements that would provide greater certainty and oversight of Caltrans reimbursement expenses for locally-sponsored projects on the state highway system.</u>
<u>43. Climate Change & Resilience</u>	A. Accelerate the transition to a low carbon future	Support legislation to accelerate the transition to a low carbon future through electrification of the vehicle fleet as well as incentives for low carbon buildings. Advocate for consideration of resilience and redundancy in electric vehicle charging infrastructure deployment. Seek additional funding to help transit operators meet the state's ambitious zero emission bus (ZEB) targets.
	B. Improve the Bay Area's resilience to various hazards	Support legislation aimed at increasing the Bay Area's resilience, including increased funding for mitigation of multiple hazards including <u>sea level rise</u> , seismic, fire and earthquake, as well as funding for local and regional hazard mitigation planning, <u>emergency alert systems</u> -and policy implementation.

	<u>C. SB 375 Implementation</u>	<u>Monitor legislation aimed at amending SB 375 (Steinberg, 2008) in light of the California Air Resources Board’s recent 2018 Progress Report on the bill, which concluded that the legislation is falling short of expectations with respect to greenhouse gas reductions from changes in land use and travel behavior. Advocate for meaningful changes that would provide additional policy tools to reduce single-occupancy vehicle travel, such as congestion pricing, and incentives to accelerate housing production near transit in job-rich areas. Relatedly, support efforts to update Congestion Management Program law so that it aligns with the state’s overarching goal of reducing vehicle miles traveled rather than “level of service,” a measure of vehicle delay.</u>
<u>54.</u> Toll Collection & Enforcement	Technical clean-up to toll statutes related to enforcement and interoperability	Co-sponsor clean-up legislation with other California toll operators related to authorizing the sharing of information about toll transactions necessary for the collection of tolls and toll penalties. The bill would retain current privacy protections (and penalties for violations thereof) for customers, while ensuring that toll agencies can comply with federal requirements (known as “interoperability”) which mandate the sharing of toll transaction information across toll agencies so that tolls can be seamlessly processed across toll agencies nationwide. Specifically, the legislation would: 1) affirm toll agencies’ ability to share information with the DMV and third parties necessary to place a hold on a vehicle’s registration for unpaid toll violations; and 2) affirm toll agencies’ authority to share relevant information related to toll transactions with other toll agencies for the purpose of processing a transaction by a customer with an account from another toll agency.
<u>65.</u> HOV Lanes	Improve HOV and Express Lane performance	Support efforts to improve the performance of high-occupancy vehicle (HOV) and express lanes through enhanced enforcement of vehicle passenger occupancy requirements. <u>Potential</u> Components of a legislative effort <u>we would support</u> include: <ul style="list-style-type: none"> (1) Authorization to deploy technology, on a pilot basis, to enforce vehicle occupancy requirements on HOV and express lanes. (2) Enhanced funding of and/or establishment of a dedicated vehicle occupancy enforcement unit within California Highway Patrol (CHP).

76. Bus Service	Authorize “bus-on-shoulder”	Support efforts by the California Transit Association and Bay Area operators to expand authorization of buses to use the highway shoulder, known as “bus-on-shoulder” during periods of heavy traffic. This is under development in Contra Costa County and is currently allowed in the Santa Cruz/Monterey area and 12 other metropolitan areas in the U.S., (including Seattle, Miami, Minneapolis/ St. Paul, Atlanta, and the Washington, D.C. area), to help speed up bus service in highly-congested corridors. Require collaboration with the California Highway Patrol in the development of guidelines to determine which roadways qualify to ensure public safety.
87. Active Transportation	Improve roadway safety for all users	Monitor and support legislation aimed at achieving Vision Zero goals of no roadway-related deaths or serious injuries by increasing bicycle and pedestrian safety. Oppose legislative efforts to reduce funding for active transportation or roll back other measures designed to enhance pedestrian and bicycle safety. See also Item 2C.
98. Shared Mobility	Support policies that enable technological innovations to improve mobility, while protecting the public’s interest	Monitor and support legislation and regulations related to shared mobility applications, such as that provided by transportation network companies and real-time carpooling, to ensure that mobility benefits are maximized for all users, including persons with disabilities and low-income households. Advocate for increased access to critical travel pattern data by local, regional and state agencies for transportation and land-use planning and operational purposes, while ensuring user privacy is protected. .
109. Connected and Autonomous Vehicles	Monitor and engage in legislation and regulations to facilitate deployment of connected vehicles and autonomous vehicles	In partnership with Bay Area cities and counties, transit agencies, the business community, and other transportation organizations, engage in regulatory and legislative efforts related to facilitating the deployment of connected and autonomous vehicles with the goal of accelerating their safety, mobility, environmental, equity and economic benefits, including opportunities to support improved transit access. Similar to the “shared mobility” strategy, support access to critical data relevant to transportation and land use planning and operational purposes. In addition, support Bay area jurisdictions’ efforts to test and deploy these new technologies.

FEDERAL

Issue	Goal	Strategy
1. FAST Act Reauthorization	Engage in national deliberations prioritizing the funding and policy framework for the next surface transportation act	Work with partners across the country to support a long-term, fully funded transportation authorization with funding and financing tools that work for metropolitan regions, including Build America Bonds. Advocate for increased funding for existing authorized programs, including the Surface Transportation Block Grant and Congestion Mitigation and Air Quality Improvement programs. Support new revenues for major transit, congestion relief and goods movement projects, and a new flexible metro-mobility formula program to assist regions in improving near-term mobility and preparing our most heavily trafficked population and job centers for a connected and autonomous future. Additionally, work state, local and national partners to identify planning and funding needs to support the transition to an autonomous and connected transportation system.
1. Infrastructure Initiative	Increase federal transportation and housing investment in metropolitan regions under any new infrastructure funding initiative	In the event that Congress takes up an infrastructure initiative outside of reauthorization of the Fixing America's Surface Transportation (FAST) Act, urge that the nation's metropolitan regions receive priority for funding and that funds be invested in housing as well as transportation. Work with partners across the country to support an investment package with funding and financing tools that work for metropolitan regions, including Build America Bonds. Support new revenues for major transit, congestion relief and goods movement projects, a new metro-mobility formula program and increased funding for existing authorized programs, including the Surface Transportation Block Grant and Congestion Mitigation and Air Quality Improvement programs. In conjunction, support growing federal resources for affordable housing, including augmenting the Low Income Housing Tax Credit program and expanding federal tools for housing-supportive infrastructure investments.
2. Transportation and Housing Appropriations	A. Defend fiscal year (FY) 2019 and FY 2020 transportation appropriations	Partner with local, regional and statewide transportation agencies as well as national stakeholders to ensure that Congress appropriates, at a minimum, amounts authorized in the Fixing America's Surface Transportation (FAST) Act for highway and transit formula programs. If Congress proposes to increase appropriations above FAST Act-authorized levels, seek to maximize Bay Area funding in revenue allocations.
	B. Advocate for Capital Investment Grant funding	Work with regional, state and national partners to advocate for both funding and implementation of the Capital Investment Grant (CIG) Program as authorized by the

	for Resolution 3434/ <i>Plan Bay Area 2040</i> Projects	FAST Act. Support federal appropriations consistent with the full funding grant agreements approved for the Caltrain Peninsula Corridor Electrification project. Seek to advance through the CIG process the Bay Area's next generation of transit expansion projects, namely: San Francisco Transbay Transit Center (Phase 2)/Downtown Extension (DTX), BART to Silicon Valley: Phase 2, and the Transbay Corridor Core Capacity project. Support transit operator requests for Small Starts funding for projects consistent with <i>Plan Bay Area 2040</i> .
	C. Support robust FY 2019 and FY 2020 housing appropriations	Work to defend federal affordable housing funds and programs, such as Section 8 housing vouchers, the HOME Investment Partnership Program and the Community Development Block Grant Program. Work with national coalitions to identify opportunities to advocate for new tools to support affordable housing, address homelessness, and invest in housing-supportive infrastructure.
3. Connected Vehicles and Autonomous Vehicles (CV/AV)	Monitor and engage in legislation and regulations to facilitate CV/AV deployment	In partnership with Bay Area cities and counties, the business community, state and national transportation organizations, engage in regulatory and legislative efforts with the goal of accelerating safety, mobility, environmental, equity and economic benefits associated with CV/AV deployment, including deployment in the transit sector. Support strong federal vehicle safety standards while also preserving the ability of state and local agencies to continue to set policies governing the operation of vehicles on highways and local roads, regardless of whether they are driven autonomously or manually.
4. Climate Change and Resiliency	Strengthen federal partnership to support resiliency and climate change preparedness	Partner with other regional agencies and statewide stakeholders in efforts to protect existing federal resources that support the Bay Area's efforts to plan for and combat climate change. Monitor legislative proposals related to climate change adaptation and mitigation. Engage on efforts that could support the region in improving resiliency, responding to new or worsening environmental hazards and meeting the <i>Plan Bay Area 2040</i> climate goal.

CASA Preliminary Local Government Outreach Schedule

Meeting Date	Organization	Notes
December 12, 2018	Alameda County Mayors' Conference	Completed
January 9 th , 5 pm	League of Cities/North Bay Division (includes 4 North Bay Counties) meeting	Confirmed
