Agenda Item 5a

MTC SAFE Resolution No. 65: FY 2019-20 Operating and Capital Budget

Background: Total operating revenue for FY 2019-20 is \$20.8 million, an increase of \$2.6 million or 15% above the FY 2018-19 budget (Table 1). The increase includes an additional \$2.6 million in Local Assistance Program (LAP) grant funding and \$2.3 million in the Senate Bill 1 funding for freeway tow services. The budget also projects a \$2.8 million funding loss in the Surface Transportation Program (STP) funding. The STP funding is being reassigned to other MTC projects.

Operating Expense

The operating budget recommended for FY 2019-20 shows an increase of \$3.5 million or 21% in comparison to the FY 2018-19 budget (Table 2) due to an expansion in the Freeway Service Patrol (FSP) tow services. The FSP is expanding its services with additional routes, extended service periods and new tow trucks in FY 2019-20, as required to receive the SB1 funding.

Transfers

Staff proposes the following project and operational transfers for FY 2019-20.

- \$1.5 million to MTC SAFE Capital Program
- \$1.9 million to MTC for operating contracts

Capital Program

Additional Funding for Existing Capital Program:

CBX Site Improvement (6314). The additional \$900,000 will fund a contract to remove equipment that is no longer in use from the freeway right-of-way, including removing call boxes from the bridges and removing legacy 511 FasTrak electronic readers from freeway signage. A portion of the funds will be used to upgrade modems on the remaining rural and bridge call boxes.

Commuter Parking Initiative (6318). A transfer of \$3,200,000 from the closing Active Operations Management Program (6319) will be used on the ridesharing parking lot construction projects in Oakland and Albany.

Changing Name for Existing Capital Program:

Emergency/Major Incidents Program (6319) previously known as Active Operations Management Program. Staff proposes a \$1 million budget for this new Emergency/Major Incidents Program. The program will fund projects that support MTC preparedness efforts for emergencies and major freeway incidents. A focus of the funding will be to improve regional communication coordination efforts between agencies and improve mass communication to the public.

Closing of Existing Capital Program:

Bay Area Camera Upgrade (6303). The Bay Area Video Upgrade project is complete and in a maintenance phase. The project delivered an improved camera control and monitoring system for the operators at the Regional Transportation Management Center through improved real-time traffic video distribution. SAFE Capital Program 6303 will be closed with the adoption of the FY 2019-20 SAFE capital budget.

Operating Reserve

The current and projected operating reserve position is shown in Table 3 below.
