Agenda Item 2c - 22-0896

MTC Resolution No. 3989, Revised and 4202, Revised

Subject:

Various revisions to MTC's Exchange Program and the One Bay Area Grant (OBAG 2) regional programs.

Background:

The OBAG 2 program adopted by the Commission establishes the commitments and policies for investing Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement Program (CMAQ) funds for regional and county programs from FY 2017-18 through FY 2021-22.

To provide greater flexibility to deliver select priority projects, MTC may enter into agreements to exchange federal STP/CMAQ funds with non-federal local funds. These exchanges do not increase the total amount of funds available to the region but enable MTC to support key investments within the OBAG policy framework that are ineligible for federal STP/CMAQ funds. MTC Resolution No. 3989, Revised, describes the procedures governing MTC's exchange program and details the agreements and commitments that have been made to date.

This month, staff recommend the following revisions to the OBAG 2 regional programs and exchange program:

1) PDA Planning & Implementation:

Deprogram Cupertino's \$400,000 VTA Cores and Corridors Priority Development Area (PDA) Planning project as the grant has been relinquished by the city. This revision leaves an unprogrammed balance of \$400,000 within the Regional PDA Planning & Implementation program which will be programmed through a future Commission action.

2) State Route 84 Ardenwood Intermodal Bus Facility:

Program \$100,000 in prior cycle regional program balances to the Capitol Corridor Joint Powers Authority's (CCJPA's) State Route 84 Ardenwood Intermodal Bus Facility project as part of a fund exchange agreement with CCJPA.

This project does not currently have any federal funds assigned, which is necessary to establish a federal nexus for the project and allow for concurrent California Environmental Quality Act

(CEQA) and National Environmental Policy Act (NEPA) process. To introduce federal funds on the project, allowing the project to proceed with concurrent CEQA/NEPA process, CCJPA has requested \$100,000 in federal funds for the project as part of a fund exchange in which CCJPA would provide an equal amount in non-federal funds to MTC's exchange account. Funds paid into the exchange account would be programmed to projects within the OBAG framework through future Commission action.

Additional revisions to the OBAG 2 program resolution are proposed under item 3a on this agenda related to the Blue Ribbon Transit Transformation Action Plan. Only revisions approved by the Committee will be forwarded to the Commission.

Issues:

None.

Recommendation:

Refer MTC Resolution Nos. 3989, Revised and 4202, Revised to the Commission for approval and authorize the Executive Director or designee to enter a fund exchange agreement with the Capitol Corridor Joint Powers Authority for \$100,000. Resolution No. 4202 is proposed for revisions under another Agenda Item 3a, but it is included once under this item with all proposed revisions. Only items approved by the Committee will be forwarded to the Commission.

Because the final FFY 2021 FHIP amount is not yet available at the time of the Commission meeting, the final split between the two fund sources will be adjusted by staff as a technical change, with the total amount not to exceed \$7.91 million.

ABSTRACT

Resolution No. 3989, Revised

This resolution establishes the procedures governing the MTC Exchange Program. This resolution supersedes MTC Resolution No. 3018.

Attachment B was revised on October 26, 2011 to provide \$376,000 in Exchange Program funding to the intertribal Electric Vehicle project.

Attachments B and C were respectively revised on February 26, 2014 to include \$10 million in Exchange Program funding for Transit Oriented Affordable Housing (TOAH), and update final balances of the initial STP Exchange Program (Resolution 3018) to reflect final project close out.

Attachments A and B were revised on December 21, 2016 to program \$1.1 million to the Bay Bridge Forward Commuter Parking Initiative and update the name of the Transit Oriented Affordable Housing Program.

Attachments A and B were revised on July 26, 2017 to program \$8.2 million to the Regional Priority Conservation Area (PCA) program and \$2.8 million to the Regional Active Operational Management Program. An additional \$1 million in exchange funds will be committed to a specific project or program through a future Commission action. This action and associated agreement and programming actions are contingent upon California Transportation Commission (CTC) approval of the amendment to the baseline agreement for the Marin Sonoma Narrows project to accept STP/CMAQ funds rather than local funds.

Attachment B was revised on February 28, 2018 to program \$10 million to the Bay Area Preservation Pilot; \$1,024,000 to Richmond's Bike Share Capital and Outreach project; \$826,000 for the joint Transportation Authority of Marin/Sonoma County Transportation Authority (TAM/SCTA) Bike Share Capital and Outreach project along the SMART Corridor;

and redirect \$2,800,000 from Regional Active Operational Management to the Bay Bridge Forward Commuter Parking Initiative project.

Attachment B was revised on March 28, 2018 to program \$30,000 to the Bay Area Greenprint Priority Conservation Area (PCA) Improvements.

Attachments A and B were revised on November 28, 2018 to add the SCVTA SR 85 Transit Guideway Study and the CCTA I-680 NB HOV/Express Lane exchange agreements, and to program \$4,000,000 in Exchange funds to the following projects: \$619,000 to CCTA for Innovative Deployment for Enhanced Arterials; \$621,000 to the city of Walnut Creek for innovative Deployment for Enhanced Arterials; \$500,000 to the city of Richmond for the Richmond-San Rafael Bridge Bikeway Access; \$1,160,000 to MTC for Richmond-San Rafael Bridge Forward; and \$1,100,000 to MTC for Napa Valley Transportation Demand Management Strategies.

Attachment B was revised on March 27, 2019 to change the recipient of the Concord IDEA project from CCTA to the City of Concord and reduce the funding from \$619,000 to \$589,000; and reduce the funding amount for the MTC Richmond-San Rafael Bridge Forward project from \$1,160,000 to \$1,046,000; and redirect these funds to a new project with MTC as the recipient for the Concord IDEA project for \$144,000. The matching funds for the Concord IDEA project as identified in MTC Resolution 4357, are included within the \$144,000 amount. These changes result in no net change to total funds committed to-date.

Attachment A was revised on June 26, 2019 to cancel the \$1,200,000 exchange agreement with the SCVTA for the SR 85 Transit Guideway Study as the funds provided through the exchange are no longer needed.

Attachment B was revised on September 25, 2019 to reflect MTC as the direct recipient of exchange funds for the Concord and Walnut Creek IDEA projects; funds will be provided on a reimbursement basis to each project sponsor pursuant to their respective funding agreements with MTC.

Attachment B was revised on November 20, 2019 to program \$6,023,000 to 13 projects as part of the Priority Conservation Area (PCA) Grant program; funds will be provided on a

reimbursement basis to each project sponsor pursuant to their respective funding agreements with MTC.

Attachment B was revised on March 25, 2020 to redirect \$25,000 from MTC's Bay Bridge Forward Commuter Parking Initiative to MTC's Fruitvale Quick Build project.

Attachment B was revised on November 20, 2020 to program \$647,000 to four projects as part of the Priority Conservation Area (PCA) Grant program. For the Yerba Buena Island Multi-Use Pathway, which provides access to the San Francisco-Oakland Bay Bridge, \$1 million of federal OBAG 2 funds are being provided at this time for cash flow purposes. The Bay Area Toll Authority will repay non-federal funds to the MTC Exchange Program within three years. MTC's funds for the Twin Peaks trail will be provided to the Coastal Conservancy for management of the two fund sources for this project. Because the Conservancy is a state entity, the funds will be provided as an up-front grant rather than on a reimbursement basis. Funds for projects other than the Twin Peaks Trail will be provided on a reimbursement basis to each project sponsor pursuant to their respective funding agreements with MTC.

Attachment A was revised on May 26, 2021 to add the Transportation Authority of Marin's (TAM's) US 101 Marin-Sonoma Narrows (MSN) High-Occupancy Vehicle (HOV) Lanes project for \$75,651,097.

Attachment A was revised on June 23, 2021 to add the Solano Transportation Authority's (STA's) Solano I-80 Managed Lanes project for \$63,464,510.

Attachment A was revised on July 28, 2021 to add the Solano Transportation Authority's (STA's) Solano I-80 Managed Lanes project for \$1,845,000, and to add the Bay Area Infrastructure Financing Authority's (BAIFA's) Solano I-80 Managed Lanes Toll System project for \$2,822,000.

Attachment A and B were revised on March 23, 2022 to add the \$500,000 exchange agreement with Midpeninsula Regional Open Space District for programming an equal amount of federal funds to VTA's Highway 17 Bicycle/Pedestrian Trail and Wildlife Crossing project; and to remove the \$251,000 funding commitment for Albany's Albany Hill Access Improvements project, as the sponsor will not be moving forward with the project scope as originally proposed.

Attachment A was revised June 22, 2022 to add the Capitol Corridor Joint Powers Authority's (CCJPA's) State Route 84 Ardenwood Intermodal Bus Facility project for \$100,000, as part of a fund exchange agreement with CCJPA.
