Agenda Item 2c - 23-0302

**MTC Resolution Nos. 4456, Revised, and 4510, Revised.
Transit Capital Priorities Policy and Program FY2021-22 – FY2023-24**

Subject:

Update of Transit Capital Priorities (TCP) program; including adjustments to programming based on FTA final apportionments for FY 2022-23, and minor reprogramming updates to FYs 2020-21, 2021-22, and 2022-23.

Background:

This item proposes updates to the FY 2020-21 through 2022-23 programming of Federal Transit Administration (FTA) Sections 5307 Urbanized Area Formula, 5337 State of Good Repair, and 5339 Bus and Bus Facilities Funds; to support transit capital replacement and rehabilitation projects and maintenance and operating costs. MTC is the designated recipient of these FTA formula funds for the large Urbanized Areas (UZAs) in the region and has been authorized by Caltrans to select projects and recommend funding allocations for the small UZAs.

Updates to FYs 2020-21 through 2022-23 Programming

In January 2023, FTA released final apportionments for FY 2022-23. Apportionments were largely in keeping with projections, and minor programming changes are proposed to match the actual apportionments:

- FY 2022-23 adjustment of ADA set-asides; each urbanized area (UZA) dedicates 10% of available funds to ADA projects; the FY 2022-23 set-asides are adjusted to match actual apportionments.
- FY 2022-23 reduction of \$0.9 million from the BART Replacement Railcar project to account for actual apportionments in the San Francisco-Oakland, Concord, and Antioch UZAs; this amount will be proposed to be covered with financing instead.

FY 2022-23 reduction of \$0.1 million to SMART preventive maintenance, based on reduced available Santa Rosa UZA funds and as calculated by the agreement between Santa Rosa operators (Santa Rosa CityBus, Sonoma County, and SMART). In addition to the FY 2022-23

apportionment updates, staff proposes minor, net-neutral programming changes as requested by operators:

- FY 2020-21 and FY 2022-23 reprogramming of \$6.3 million within VTA's program, from the SCADA Control Center & System Replacement project to the Cerone Operations Command and Control Center project.
- FY 2021-22 and FY 2022-23 reprogramming of \$2.6 million from Fairfield and Suisun Transit (FAST) to Soltrans; funds are for SolanoExpress replacement buses that were originally programmed to FAST but are reprogrammed to Soltrans as recipient.
- FY 2022-23 reprogramming of \$3 million in Caltrain's 5337 program from the Systemwide Track Rehabilitation project to the Communication System/Signal Rehabilitation project, within their Fixed Guideway cap programming.
- FY 2021-22 and 2022-23 programming (\$3 million and \$2 million, respectively) is transferred from MTC's Vanpool program to BART as part of a fund swap with OBAG. Vanpool will receive OBAG funds in lieu of 5307, and the BART Elevator Modernization project will swap OBAG for 5307. Staff recommend that, for the time being, Vanpool's funding be executed through OBAG rather than FTA formula funds. The OBAG side of this swap is presented under item 4a on today's agenda.

Next Steps

Following continued discussion with transit operators through forums including the Transit Finance Working Group, other amendments to the FYs 2021-22 through 2023-24 program will be brought to the Commission for consideration as appropriate.

Following Commission approval of the TCP program, staff will include projects and funding in upcoming administrative modifications and amendments to the regional Transportation Improvement Program (TIP) as applicable.

Issues:

None.

Recommendation:

Staff recommends referral of MTC Resolution 4456, Revised, and 4510, Revised, to the Commission for approval. Staff will return to this Committee in the coming months with programming for fixed guideway state of good repair and zero-emission/bus infrastructure set-asides for FY 2022-23 as well as any additional programming.

Transit Capital Priorities / Transit Capital Rehabilitation Program Notes

1	Program is based on actual apportionments for FY 2021-22 (except 5339 small UZAs, which are estimates) and estimated apportionments for FYs 2022-23 and 2023-24. Program assumes availability of financing proceeds, subject to future Commission authorization. If financing is not secured, this program will be revised accordingly.
2	AC Transit: \$11,719,686 of AB 664 Bridge Toll funds and \$24,493,576 of BATA Project Savings, for a total of \$36,213,262, have been programmed to AC Transit as part of the Core Capacity Challenge Grant Program (CCCGP). These FY2021-22 funds will support AC Transit's purchase of 65 40ft urban buses.
3	BART: The program has assumed the need for financing proceeds of approximately \$840,000,000 will be needed for the BART Railcar Replacement Project, starting in FY2021-22, with programming largely limited to debt service. Due to the influx of FTA formula funds from the BIL, there is an opportunity to provide significant pay-go funds in FYs 2021-22, 2022-23, and 2023-24. \$323,931,484 in funds is programmed in May 2022 toward pay-go.
4	VTA: VTA is programmed 5337 funds above its \$8,103,000 fixed guideway cap in each year of the program. The totals above the cap are \$19,440,200 in FY2021-22; \$20,240,750 in FY2022-23, and \$19,546,430 in FY2023-24, totaling \$59,227,380 over the three-year cap total of \$24,309,000 and for a total of \$83,536,380 in fixed guideway programming. VTA staff requested and was granted a waiver of the cap due to additional funds available in the San Jose UZA after meeting other VTA funding needs and in recognition of the Caltrain funding agreement. VTA is also provided a waiver to the \$20,000,000 cap on bus replacements, as funds are available to cover the entire request. The FY2021-22 bus procurement at \$40,359,250 is waived its \$20,359,250 over the cap. The FY2022-23 bus procurement at \$27,013,510 is waived its \$7,013,510 over the cap.
5	Santa Rosa UZA: Santa Rosa CityBus, Sonoma County Transit and Sonoma-Marín Area Rail Transit District (SMART) apportion Santa Rosa urbanized area funding in accordance with an agreement first in effect for FY2020 funds. The portion of FTA 5307 funds within the Santa Rosa urbanized area to be divided by the City and the County is the prior year's subtotal apportioned to those two operators, modified by the same rate as the modification to the FTA 5307 funds nationwide (ex.a 2% increase). That modified amount is divided between the two operators per the agreement in effect starting with FY2014 (58% Santa Rosa City Bus and 42% Sonoma County). The portion of the appropriated funds not divided by Santa Rosa and Sonoma County is distributed to SMART. For FY2021-22, \$2,333,370 is available to Sonoma County Transit, \$3,222,272 to Santa Rosa CityBus, and \$4,148,529 to SMART for 5307. For FY2022-23, \$2,333,370 is available to Sonoma County Transit, \$3,222,272 to Santa Rosa CityBus, and \$3,969,816 to SMART for 5307. For FY2023-24, \$2,394,574 is available for Sonoma County Transit, \$3,306,792 for Santa Rosa CityBus, and \$4,257,328 for SMART for 5307.
6	SFMTA: SFMTA's FY2021-22 request for \$113,635,101 for light rail vehicle replacement procurement will be partially funded with \$5,000,000 in BATA Project Savings, as committed through MTC Res. 4123. The remaining funds are obligated in the 5337 program.
7	WETA: WETA has opted to reinstate deferred caps from prior years in the proposed program. WETA had previously deferred \$15,313,252 in FG cap funds that is programmed across the three years of the program toward their fixed guideway needs. In FY 2021-22, WETA defers its \$1.9 M FG cap increase. [note, previously, in FY2023-24, WETA borrowed \$160,728 against its FY2024-25 cap of \$6,310,000 -- now that the cap has gone up this should be adjusted]
8	SamTrans: SamTrans is provided a waiver to the \$20,000,000 cap on bus replacements, as funds are available to cover the entire request. The FY2021-22 bus procurement at \$26,616,000 is waived its \$6,616,000 over the cap. The FY2022-23 bus procurement at \$36,160,000 is waived its \$16,160,000 over the cap. Finally, the FY2023-24 bus procurement at \$59,108,000 is waived its \$39,108,000 over the cap.
9	Vacaville: Vacaville Transit is programmed \$221,978 in FY2021-22 funds (\$215,296 in 5339 and \$6,682 in 5307) toward their Electric Bus Fleet project, replacing lapsed FY2018-19 5339 funds that were programmed in the FY2020-21 TCP but did not get put into a grant in time.
10	GGBHTD: Golden Gate is programmed \$4,000,000 in FY 2022-23 and \$12,000,000 in FY 2023-24 for the design and construction of a replacement ferry vessel pending required compliance with CARB zero emission regulations. The funds are programmed but will not be entered in to the TIP until finalization of the CARB regulations and design and construction estimates.
11	Petaluma: Petaluma's automatic vehicle location (AVL) equipment request was for \$680,000 in FY2021-22 and \$80,000 in FY2022-23. With only \$67,000 remaining after programming their other requests in FY2021-22, the total request of \$740,000 is programmed FY2022-23.
12	CCCTA (County Connection): CCCTA's FY2021-22 bus procurement request, at \$28,880,000 exceeds the Concord UZA's available funds in that fiscal year by \$1,235,962; thus, that amount is programmed to the bus procurement project in FY2022-23. This request is also granted a waiver of the \$20,000,000 bus replacement cap, waiving its \$8,880,000 over the cap.
13	Vanpool: MTC's vanpool program is funded using 5307 funds for the first time in FY2021-22. The program receives 100% of its expected need, estimated at \$400 per van per month, and going up to \$600 per van per month starting in July 2022. FTA policy guiding vanpool service allows vanpool passenger fares that exceed operating expenses to be re-invested in capital equipment and to be counted toward a recipient's local match requirement. These programming amounts assume the use of this provision. Staff will reevaluate annually.
