Agenda Item 2e - 23-0364

MTC Resolution No. 4519, Revised

Subject:

An update to the Transit Transformation Action Plan Program of Projects to reflect the programming and allocation of approximately \$1.8 million to AC Transit and \$2.2 million to BART for staff support of the delivery of Action Plan Priorities.

Background:

In September 2021, the Commission received and accepted the Blue Ribbon Transit Recovery Task Force's 27-point Transit Transformation Action Plan (Action Plan). The Action Plan sets a course for accelerating the Bay Area's transit network transformation while integrating with recovery actions that are on-going in the wake of the pandemic. Central to the Action Plan was a focus on three initiatives that were underway prior to the pandemic. These accelerated initiatives - Fare Integration and Policy, Regional Mapping and Wayfinding (Customer Information), and Transit Priority on Roadways were identified and endorsed for accelerated action and focus.

In June 2022, the Commission endorsed a Blue Ribbon Funding Framework, Program of Projects, and programmed approximately \$117 million to support implementation of the Action Plan. The \$117 million is comprised of \$85 million in Blue Ribbon funding (via MTC Resolution No. 4519) and \$31.6 million in OBAG 3 funding (via MTC Resolution No. 4505, Revised).

Transit Transformation Action Plan Programming Update:

The \$85 million in near-term Blue Ribbon funding comes from a commitment made by the Commission during the programming of American Rescue Plan (ARP) federal COVID-relief funds. The Blue Ribbon Action Plan Program of Projects, Attachment B, identifies the programmed amounts for each of the five initiatives plus staffing support. Specific programming actions within each initiative are being brought to the Commission as projects that are ready to move forward.

This month’s programming action includes the following:

- **Staff Support:** \$1.8 million to AC Transit and \$2.2 million to BART is proposed to be programmed and allocated for staff support of Action Plan implementation.

In October 2022 MTC programmed \$4 million in funding to transit operators, available over three years, to help provide staffing to deliver key initiatives identified in the Action Plan. These funds roughly equate to the salary and benefits package for four full-time equivalents (FTEs) for the full three years. The October 2022 programming action did not include specific allocation amounts to individual operators as the transit operators were still formulating a proposed staffing approach at that time.

This month’s proposed allocation will program specific State Transit Assistance Revenue-Based Exchange funds and Regional Measure 2 Marketing funds to AC Transit and BART to support the staffing initiatives detailed in Table 1 below.

Table 1. Programming by Operator, Transit Operator Staff Support for Transit Transformation Action Plan Implementation

Attachment A: Blue Ribbon Transit Transformation Action Plan Funding Framework

I. Funding

This funding framework pertains to the \$85 million in funds anticipated to be available to support implementation of the Transit Transformation Action Plan (Action Plan). The Action Plan was developed as part of the Blue Ribbon Transit Recovery Task Force and sets a course for accelerating the Bay Area's transit network transformation while integrating with recovery actions that are on-going in the wake of the pandemic.

As part of the distribution of federal COVID relief funds provided through the American Rescue Plan Act (ARP), MTC initially set aside a minimum amount of \$85 million in ARP funding for the implementation of Blue Ribbon initiatives. In October 2021, to address and optimize transit operator funding opportunities at the Federal level, the \$85 million was directly distributed to transit operators and, in exchange, transit operators agreed to work with MTC staff to identify alternate near-term revenue sources. Transit operators and County Transportation Agencies, in the case of Sonoma and Solano, have agreed to provide funding in the respective amounts shown in Table 1 to support implementation of the Action Plan.

The \$85 million in funding is focused on three initiatives to accelerate transformation of the transit system for the benefit of transit customers in the San Francisco Bay Area and to support on-going transit recovery in the wake of the pandemic. These initiatives are Fare Coordination/Integration, Regional Mapping and Wayfinding (Customer Information), and Transit Priority on Roadways. The \$85 million is primarily intended to support near-term implementation activities for these initiatives. A smaller share of the funds is also available to support other initiatives coming out of the Action Plan and to provide staff resources for implementation.

More funding is needed to fully implement the three accelerated initiatives as well as other actions in the Action Plan. MTC will collaborate with partner agencies, including transit operators, to advocate for and secure other funds to implement the Action Plan.

II. Fund Sources

MTC and transit operators have identified a variety of fund sources to fulfill the \$85 million funding commitment. These potential fund sources include, but are not limited to:

- Population-based State Transit Assistance (STA);
- Revenue-based STA;
- Federal Transit Administration funds through the Transit Capital Priorities; and
- Federal STP/CMAQ funds through One Bay Area Grant Programs.

The specific fund sources will be identified through programming actions contained in Attachment B, Blue Ribbon Action Plan Program of Projects, to this resolution. MTC and transit operators will continue to work together to secure funds to fulfill the \$85 million funding commitment. MTC will be able to independently program some of these fund sources while others will require additional coordination with and participation of transit operators.

Funding exchanges may be needed to implement the Blue Ribbon Action Plan Program of Projects. MTC will pursue funding exchanges, as necessary, to fulfill the \$85 million funding commitment.

III. Programming and Allocations Process

The Blue Ribbon Action Plan Program of Projects, Attachment B, identifies the programmed amounts for each initiative. Specific programming actions within each initiative will be taken as projects are ready to move forward. Should additional funding be secured to implement the projects identified in Attachment B, recommendations to shift funds between initiatives may be made based on project eligibility for different funding and overall needs of the Blue Ribbon Program.

Programming of funds, up to \$1 million, may be made through the Executive Director's Administrative Authority.

Additional actions may be needed following the adoption of the Blue Ribbon Program of Projects that are specific to the fund source assigned to a project. Project sponsors are responsible for ensuring completion and compliance with any additional actions needed to secure the funds identified for the project through this resolution in Attachment B.

A summary of subsequent actions necessary to obligate or encumber the expected fund sources is provided below. This information is not exhaustive and additional fund sources may be identified and incorporated into the Blue Ribbon Funding Plan at a future date. Project sponsors are responsible for complying with all policies related to the respective fund sources programmed to the project in Attachment B.

State Transit Assistance Funds:

An allocation request should be submitted to MTC by the project sponsor or subrecipients in order to encumber funds to the project.

Federal Transit Administration (FTA) 5307 or 5311:

Following or concurrent with the programming through Attachment B, these funds must be programmed through the MTC Transit Capital Priorities Program. The project sponsor must

then add the funds to the Transportation Improvement Program (TIP) and, following approval of the TIP, submit a request to FTA for the funds.

Federal Transportation Program Funds—Surface Transportation Block Grant (STP) or Congestion Management and Air Quality Improvement (CMAQ) funds:

Along with the programming through Attachment B, these funds must be formally amended into the One Bay Area Grant Program. The project sponsor must then add the funds to the Transportation Improvement Program (TIP), and following approval of the TIP, submit a request to Caltrans for the funds. Caltrans will issue an authorization to proceed.

IV. Timely Use of Funds

Project sponsors shall adhere to the respective project delivery milestones, invoice, and funding expiration deadline, or other requirements of the funding received.

The Blue Ribbon funds are intended to support the near-term (approximately three years) implementation of Transit Transformation Action Plan. Should priorities or conditions change, or if a project is not ready to advance, funds may be reassigned to another project.
