511 Open Data

Welcome to 511 SF Bay's **Open Data Portal**. This is the central location for access to 511's data for traffic and transit. Data is free and available using a token.

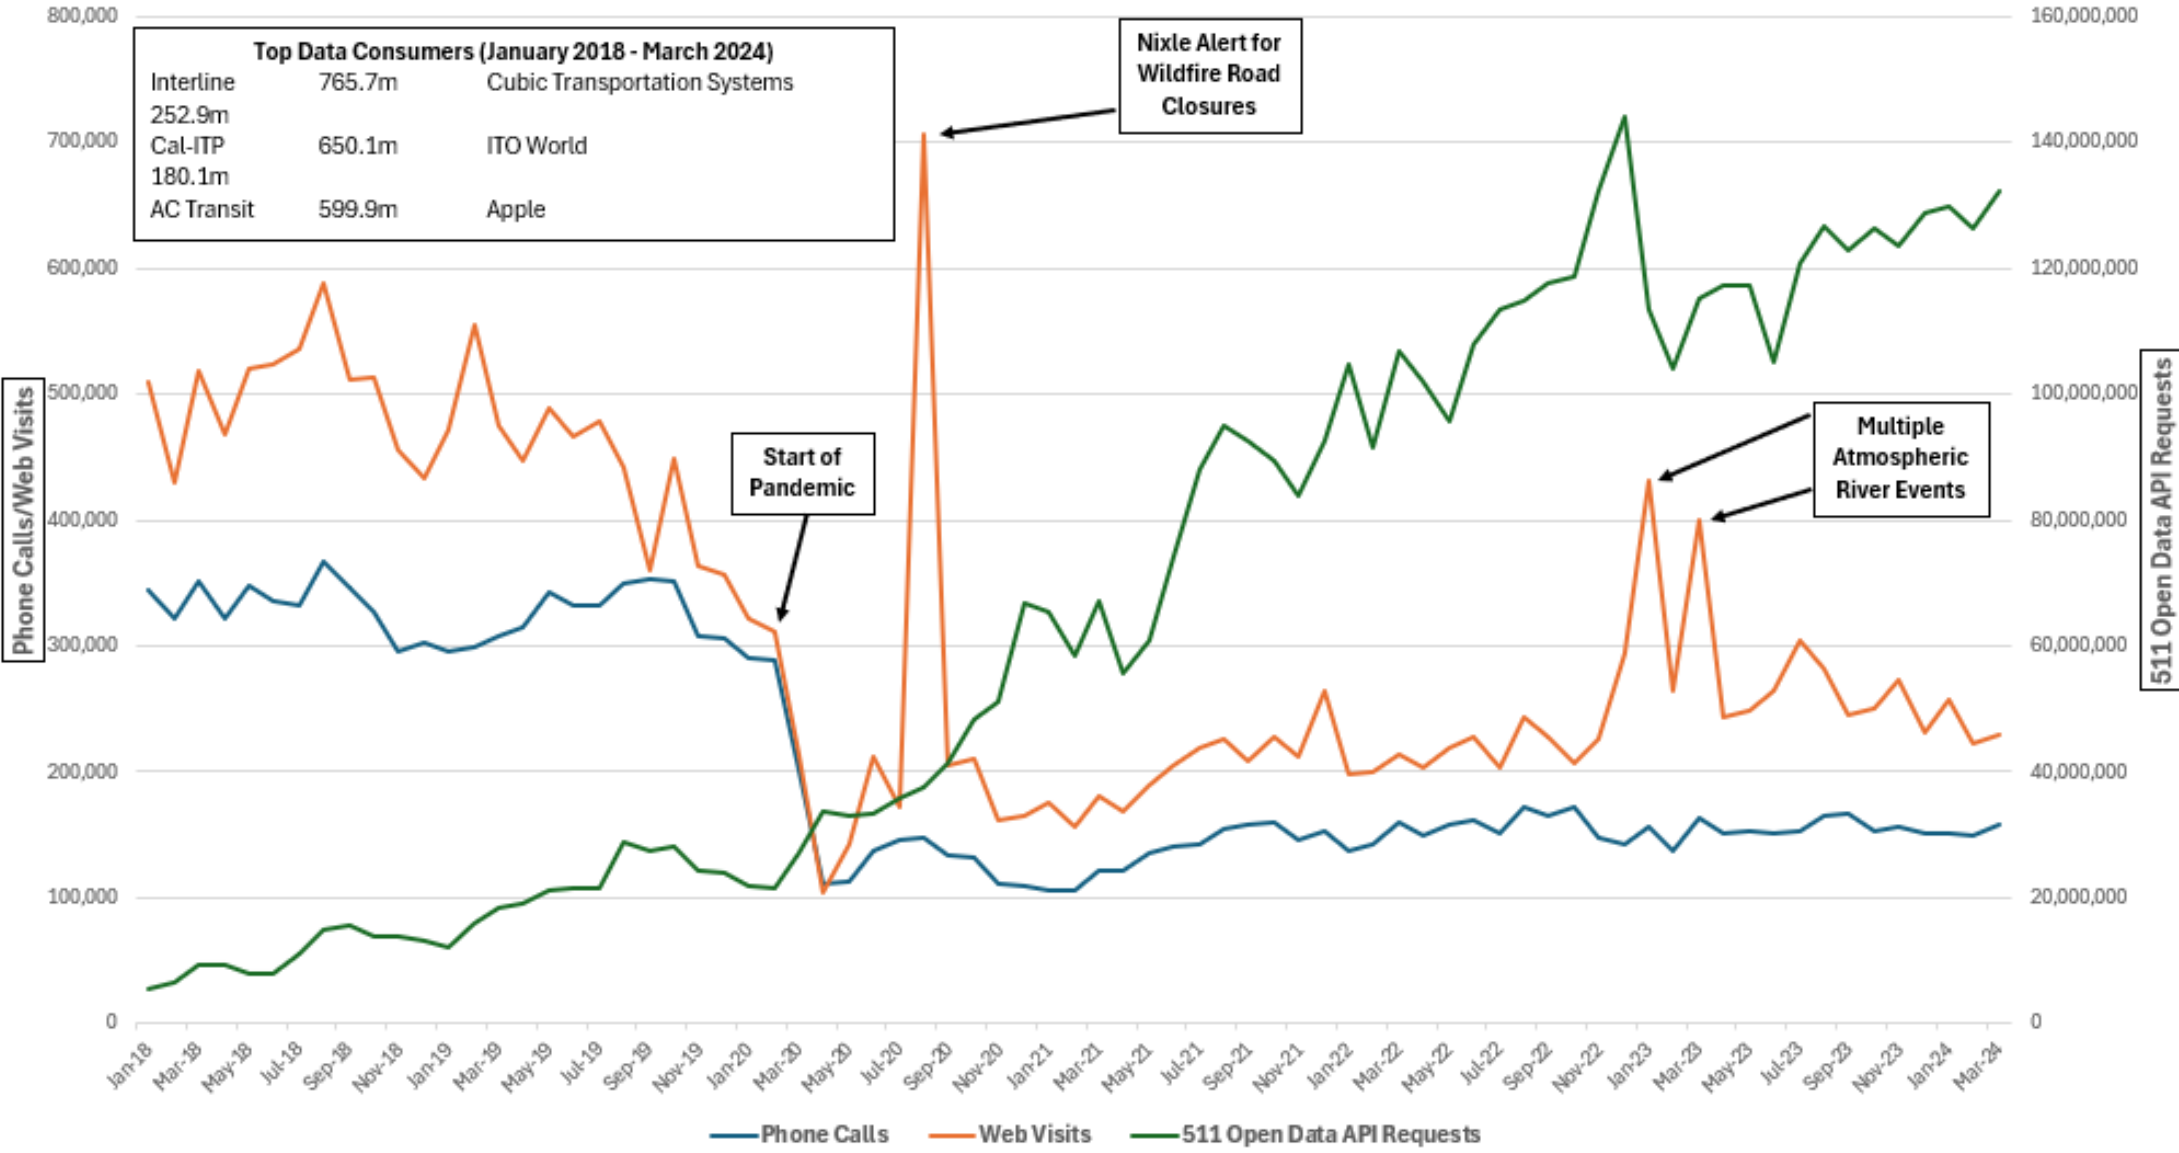

- Transit Data
- Traffic Data

511's Open Data mission is to provide high quality data to public and private sector disseminators in order to maximize the number of travelers benefiting from 511 data. Private sector partners include Google, Apple, Bing, Transit App, HERE, and many others.
