Toll Discount Pilot

Pilot scope

- Toll discount of 50% or more in the I-880 Express Lanes for 18 months
- Same eligibility requirements as Clipper[®] STARTSM:
 - Proof of identification and income
 - Income at or below 200% Federal poverty level
- Toll discount applied to FasTrak[®] account
- 1,931 enrollees as of March 31, 2024

Pilot goals

- Improve I-880 express lanes access for low-income drivers,
- Provide these drivers with a good experience, and
- Understand the effect on express lane operations.

Pilot evaluation topics

Cross-cutting challenges for MTC means-based programs

- Different programs in different phases:
 - Clipper START Pilot – 4 years operating
 - Express Lanes START Pilot – 1 year operating
 - Bay Area Toll Payment Plan – 1 year operating
 - Highway 37 – earliest operation est. 2027
- Undertaking internal technical analysis of strategy options:
 - Reach more eligible residents
 - Expand access to more residents

Recommendation and next steps

- Extend pilot to March 31, 2026 to allow time to:
 - Prepare 12-month pilot evaluation (underway)
 - Present 12-month pilot evaluation results and preliminary recommendations to BAIFA (fall 2024)
 - Complete internal means-based projects technical analysis (fall 2024)
 - Engage stakeholders (fall 2024/winter 2025)
 - Recommend pilot future to BAIFA (winter 2025)
 - Implement pilot future (timeline to be determined)
- Amend budget with Polytechnic to add \$700,000 for enhanced outreach and communications
