

**Bay Area Toll Authority
Oversight Committee**

July 10, 2024

Agenda Item 4b-24-0755

Fiscal Year (FY) 2023-24 Bay Area Toll Authority (BATA) Statement of Revenues and Expenses for the Period Ended May 31, 2024 (Unaudited)

Subject:

Statement of revenues and expenses for the period ended May 31, 2024 (unaudited)

Background:

The Bay Area Toll Authority manages the electronic toll revenues collected from the Bay Area's seven bridges owned by the California Department of Transportation (Caltrans). BATA also manages FasTrak[®], which is the electronic toll payment system for the bridges and express lanes. Caltrans is responsible for the operation and maintenance of these bridges.

The Statement of Revenues and Expenses has been prepared in accordance with the generally accepted accounting principles (GAAP). The columns have been designed to provide an easy comparison of current year-to-date actuals to the prior year-to-date actuals, including dollar and percentage variances.

Operating Revenue:

Regional Measures (RM) 1, 2, and 3 are tolls on the state-owned bridges to finance specific bridge and roadway improvements and transportation projects. Year-to-date toll revenues collected were \$732.3 million, which was \$2.4 million more than the prior year-to-date actual. The increase in revenues is primarily driven by an increase in traffic across the Bay Area bridges.

Violation revenues and other revenues collected were \$24.9 million, which was \$8.9 million more than prior year-to-date actual violation revenues and other revenues. Higher violation revenues were recognized in FY 2024 by BATA fully re-commencing the DMV hold violation process as of October 2023.

Operating Expenses:

As of May 31, 2024, Operating Expenses were \$140.1 million, which is \$28.4 million more than the prior year-to-date actual. Higher operating expenses in FY 2024 were driven by an increase in DMV hold fees and advertising costs as well as timing differences in FasTrak operation expenses.

Non-Operating Revenues and Expenses:

As of May 31, 2024, Total Non-operating Revenues (Expenses) were (\$329.8 million), which is \$17.8 million less than the non-operating expenses in prior year-to-date actual. The primary driver of the decrease was an increase in interest income for the current fiscal year driven by a higher interest rate environment. The increase in interest income was slightly offset by an increase in interest expense for the current fiscal year.

Contributions and Transfers:

As of May 31, 2024, Total Contributions and Transfers were \$178.9 million, an increase of \$157.5 million compared to prior year-to-date actual. The large increase in transfers is attributed to RM3 revenues being transferred to the capital fund in FY24. These transfers did not occur as of May 2023 due to RM3 funds being escrowed at the direction of the Authority during the litigation. The State Supreme Court dismissed this lawsuit in January 2023, and RM3 revenues began to be transferred to the capital fund in June FY23.

Budget & Forecast Updates:

FY 2023-24 total operating expenses are currently projected to be within budget.

Recommendations:

None. Information only.
