

**PETITION TO MEMBERS OF THE METROPOLITAN TRANSPORTATION COMMISSION
AND ASSOCIATION OF BAY AREA GOVERNMENTS:**

Subject: MEMBERS OF MTC & ABAG, PLEASE TAKE ACTION AGAINST DISPLACEMENT NOW!

MTC and ABAG are fueling the regional displacement crisis by targeting low-income neighborhoods for redevelopment without first ensuring housing security for long-time residents. The agencies concluded in their environmental analysis that displacement is “unavoidable” under Plan Bay Area 2040 – but they have the political weight and the resources to pursue anti-displacement policies.

We believe MTC and ABAG must act to protect vulnerable communities from displacement! Start by including the following actions in your ACTION PLAN, as proposed by the 6 Wins Network:

1. Generate revenue to address the affordable housing crisis
2. Give more transportation funds to cities that create affordable housing and act to prevent displacement
3. Expand, improve, and implement strong housing initiatives
4. Prioritize public land for affordable housing
5. Pursue state funds and new laws to produce/preserve affordable housing and fight displacement
6. Support good jobs to close the gap between wages and rising housing costs

I will be watching MTC and ABAG in June and July and hold them accountable if they fail to meaningfully address the displacement crisis that is harming our communities. Thank you for your action!
