

Metropolitan Transportation Commission Programming and Allocations Committee

February 13, 2019

Agenda Item 3b

Resolution No. 4324, Revised

Subject: Cycle 4 Regional Active Transportation Program (ATP) of Projects

Background: The State established the Active Transportation Program (ATP) in September 2013. The ATP funding is distributed as follows:

- 50% to the state for a statewide competitive program (“Statewide Competitive ATP”);
- 10% to the small urban and rural area competitive program to be managed by the state; and
- 40% to the large urbanized area competitive program, with funding distributed by population and managed by the Metropolitan Planning Organization (“Regional ATP”).

MTC is responsible for developing the region’s guidelines for the Regional ATP, and for submitting the proposed projects to the California Transportation Commission (CTC) for adoption. CTC approved MTC’s Regional ATP Guidelines on May 16, 2018, and applications for the Regional Program were due to MTC on July 31, 2018. Roughly, \$37 million is available for programming under the Cycle 4 Regional ATP.

MTC staff’s recommended regional project awards and recommended contingency projects are listed in Attachment 1.

Statewide Competitive ATP Results

The CTC adopted the Statewide Competitive ATP list of projects on January 30, 2019. CTC funded two projects in the MTC region for a total of \$12 million, out of a statewide program of \$238 million (only 5% of the statewide total), as listed below.

County	Agency	Description	Amount (\$1,000s)
San Francisco	SFDPW	Aleman Interchange Improvements	\$1,971
Santa Clara	San Jose	Better Bikeway SJ - San Fernando Corr.	\$9,992
Total			\$11,963

The state received 554 applications requesting over \$2.2 billion in ATP funds. The CTC encouraged applicants to apply for large transformative projects, which increased the average ATP request size by \$2 million to \$4 million per application. As a result, the CTC funded 47 fewer projects in ATP Cycle 4 compared to ATP Cycle 3 and ATP Cycle 3 Augmentation. The sharp increase in application request size also influenced the MTC Regional ATP.

MTC’s Regional Project Selection Process

MTC received 72 applications totaling \$339 million in response to the Regional ATP Call for Projects. Of these, Caltrans deemed three projects ineligible for ATP funds: Alameda County Public Works Agency’s Heyer Avenue SRTS Corridor and Proctor Elementary School SRTS projects,

both of which, requested ineligible funding phases, and SFMTA's 27-Bryant Tenderloin Transit Reliability Enhancement Project for ineligible scope. MTC enlisted a 21-member multi-disciplinary evaluation committee to score and rank the remaining applications (see Attachment 2). The review committee used the same evaluation form and scoring criteria used for the Statewide Competitive ATP, plus an additional 10 maximum points for regional priorities, for a maximum point score of 110.

Regional Project Recommendations

Staff recommends fully funding four projects and partially funding two projects for a total of \$37 million (see Attachment 1). This figure includes two projects requesting less than \$1 million to meet MTC's 10% funding target for smaller projects. Staff also recommends adopting a list of contingency projects totaling \$39 million, ranked in order based on the project's evaluation score. MTC would fund projects on the contingency list should there be any project failures, ineligibility determinations, or savings in the Cycle 4 Regional ATP. All projects in the regional ATP as proposed would benefit Disadvantaged Communities, greatly exceeding the 25% target.

Issues:

1. SMART Pathway Windsor to Petaluma Gap Closure Phasing:

The SMART Pathway Windsor to Petaluma Gap Closure project sponsored by the Sonoma-Marín Area Rail Transit District (SMART) requested \$27.5 million in ATP funds; however, not enough funding remains to fully fund SMART's request. Therefore, MTC staff recommends funding two NEPA-cleared segments of the project, the East Petaluma to Penngrove segment at \$5.9 million and the Rohnert Park to Southwest Santa Rosa segment at \$6.6 million, for a total of \$12.5 million. Should SMART not be able to scale the project to deliver the full project benefits, staff recommends fully funding other partially funded projects (see #2 below), followed by projects on the contingency list.

- 2. Partial Funding:** The Willow-Keyes Complete Streets Improvements project sponsored by San Jose requested \$16.5 million in ATP funds; however, only \$12.9 million of ATP remains after funding higher-scoring projects. Therefore, staff recommends partially funding the project at \$12.9 million. Should San Jose not be able to scale the project to deliver the full project benefits, or to fully fund the project using other funds, staff recommends funding projects on the contingency list to fully program the remaining \$12.9 million.

- 3. Caltrans Eligibility Determination Pending:** Caltrans performed an initial examination of scope eligibility and deliverability for all projects applying for ATP funds. Once MTC releases its staff recommendations, Caltrans and MTC staff will work with project sponsors to resolve any issues. Therefore, it is important for sponsors to note that MTC's proposed funding amounts are subject to this review. Following review and agreement, MTC and CTC may amend the project descriptions and funding amounts.

- 4. Improvements for Cycle 5 and Legislative Program:** Between the Statewide and Regional ATP, only eight projects received funding in four Bay Area counties in Cycle 4. State law requires MTC to hold a competitive process to determine the funding program, and does not allow for geographic distribution in the competitive process. In light of these results in Cycle 4, staff will work with CTC and stakeholders to consider developing the state and regional Cycle 5 Program Guidelines. Further MTC's legislative program includes exploring ATP reform ideas to improve the program. In particular, having reliable adequate ATP funding is an important tool for making the regions' SB 375 goals. MTC anticipates the Cycle 5 process to begin in 2020.

Recommendation: Refer MTC Resolution No. 4324, Revised to the Commission for approval, and direct staff to transmit the recommended project list to the CTC.

Attachment 1

Recommended Cycle 4 Regional ATP Program of Projects (Alphabetical Order)

			Requested Amount (\$1,000s)	
County	Sponsor	Project		Project Description
Alameda	ACPW	Active and Safe Oakland	999	Active & Safe Oakland will bring Safe Routes to School and Safety Patrol programming to 18 disadvantaged elementary schools that have not adopted and maintained such programs.
Alameda	ACTC	Alameda County School Travel Opportunities Program	3,761	Comprehensive school transportation alternatives program targeting disadvantaged and high-collision communities to encourage active transportation in Alameda County K-12 schools.
Alameda	Albany	Ohlone Greenway Trail Safety Improvements	410	Project includes installing 3 bulb outs, new signal equipment, leading pedestrian interval, pedestrian countdown heads, APS pedestrian push buttons and high visibility crosswalks.
San Francisco	SFMTA	6th Street Pedestrian Safety Project	6,000	Install pedestrian safety improvements, including wider sidewalks, new traffic signals, corner bulbouts, street lighting, and traffic lane reallocation, on a high-injury corridor.
Santa Clara	San Jose	Willow-Keyes Complete Streets Improvements	12,926*	Construct Class IV protected bike lane, sidewalk, curb-extension, enhanced crosswalks, pedestrian-scale lighting, transit boarding improvements; reconfigure complex intersections.
Sonoma	SMART	SMART Pathway Project - East Petaluma to Penngrove Segment	5,910	Construct a Class 1 non-motorized pathway within the publicly owned SMART railroad right-of-way between Penngrove and Petaluma.
		SMART Pathway Project - Rohnert Park to Southwest Santa Rosa Segment	6,664	Construct a Class 1 non-motorized pathway within the publicly owned SMART railroad right-of-way between Rohnert Park and Southwest Santa Rosa.
Total			\$36,670	

* San Jose requested \$16,538; however, \$12,926 is available for funding. San Jose has committed to delivering the project benefits using other funds, and may receive contingency funds if available.

Staff Recommendations for MTC Cycle 4 Regional ATP – Contingency List

MTC Score	County	Sponsor	Project	Requested Amount (\$1,000s)
91.0	Santa Clara	San Jose	Willow-Keyes Complete Streets Improvements	\$3,612*
90.0	Alameda	ACTC	East Bay Greenway: San Leandro BART to South Hayward BART (PS&E)	\$10,400
90.0	Alameda	Berkeley	Milvia Street Bikeway Project	\$3,351
89.0	Alameda	ACPW	San Lorenzo Creek Multi-Use Trail	\$6,200
88.3	Contra Costa	City of Concord	Downtown Corridors Bicycle and Pedestrian Improvement Project	\$2,962
87.0	San Francisco	SFMTA	Hairball Intersection Improvements Phase 2	\$2,646
86.7	Santa Clara	Santa Clara County	Healthy, Safe and Active South Santa Clara County	\$2,698
85.0	Marin	San Rafael	Francisco Blvd W. Multi-use Pathway Gap Closure	\$3,184
83.3	Contra Costa	Richmond	Complete Streets: Harbour Way Bicycle and Pedestrian Improvements	\$3,768
Total				\$38,821

* San Jose requested \$16,538 however \$12,926 was available for funding, a difference of \$3,612 remains.

RE: 2019 Statewide Competitive Active Transportation Program (Cycle 4)

Dear Ms. Bransen:

Thank you and your staff for the hard work in developing the Cycle 4 Active Transportation Program statewide recommendations. Your staff released the initial staff recommendations in late 2018, and released revised recommendations in mid-January.

The Metropolitan Transportation Commission (MTC) appreciates that the current ATP application and evaluation process is the result of extensive public participation and stakeholder input. The region is grateful for the addition of savings from Cycles 1 and 2 into the program, allowing more projects (including \$10 million for the City of San Jose) to be funded. Still, the Bay Area's overall performance in the statewide competitive ATP is deeply disappointing – with only two successful projects (out of 51 successful projects statewide) capturing \$12 million in statewide ATP funding (out of \$238 million available – or 5%).

Many of the Bay Area's proposed ATP projects strongly meet state goals advanced by Governor Executive Orders, the California Air Resources Board, and ATP program itself. These goals include encouragement of active transportation and mode shift, reduction of greenhouse gas emissions, reduction of vehicle-miles travelled, and focus on disadvantaged communities. Example projects that closely align with these state goals include the following projects that scored in the 80s:

- Alameda County Transportation Commission's East Bay Greenway project – a transformative \$120 million pathway project connecting San Leandro to South Hayward (score: 89)
- Oakland's Plaza de la Fuente (E. 12th Street Pedestrian and Bicycle Improvements) project – improving the active transportation experience and safety in Oakland's disadvantaged Fruitvale District (score: 87)
- Sonoma Marin Area Rail Transit District's Pathway Gap Closure project – closing an important gap between Santa Rosa and Rohnert Park through disadvantaged areas of Sonoma County (score: 85)
- Santa Clara Department of Public Health's Healthy, Safe, and Active South Santa Clara County – a non-infrastructure project focused on disadvantaged areas of Southern Santa Clara County (score: 85)

Through our analysis, there are many potential reasons why CTC is unable to fund more Bay Area projects. MTC looks forward to discussing these issues and their solutions with you and your staff in the coming months. Potential topics include:

- Re-examine definitions and scoring of disadvantaged communities, such as replacing the regional definition with one that considers cost-of-living factors in different parts of the state;
- Simplify further the application process, including consolidating questions and reducing evaluation subjectivity; and
- Examine additional resources for technical assistance, including from the Active Transportation Resource Center, CTC and Caltrans staff, and non-profit/ advocacy groups.

Also of note, this year's MTC legislative platform includes exploring ATP reform ideas that improve the program. After five years and the passage of Senate Bill 1 (2017), the region believes there are opportunities to improve the program further to ensure it is a key element of meeting regional SB375 goals.

MPOs such as MTC have important goals to meet in order to truly implement our regional transportation and land use plans. The Active Transportation Program is an important tool in the array of programs helping regions meet their state-mandated emission targets, among other goals. Having reliable, adequate funding is key. Therefore, we look forward to discussing ideas with you and your staff.

Thank you again for considering the Bay Area's comments. If you have any questions on our comments, please contact Anne Richman, Director of Programming and Allocations, at (415) 778-6722.

Best regards,

Steve Heminger
Executive Director

ABSTRACT

Resolution No. 4324

This resolution adopts the Active Transportation Program (ATP) Regional Program Cycle 4 Guidelines for the San Francisco Bay Area, for submission to the California Transportation Commission (CTC), consistent with the provisions of Senate Bill 99 and Assembly Bill 101.

This resolution includes the following attachments:

- Attachment A – Guidelines: Policies, Procedures, and Project Selection Criteria
- Attachment B – Cycle 4 Regional ATP Program of Projects

This resolution was amended via Commission action on February 27, 2019 to update Attachment B, Cycle 4 Regional Active Transportation Program of Projects.

Further discussion of these actions is contained in the summary sheet to the MTC Programming and Allocations Committee dated April 11, 2018 and February 13, 2019.

Date: April 25, 2018

RE: Adoption of Regional Active Transportation Program (ATP)
Cycle 4 Guidelines and Program of Projects

METROPOLITAN TRANSPORTATION COMMISSION
RESOLUTION NO. 4324

WHEREAS, the Metropolitan Transportation Commission (MTC) is the regional transportation planning agency for the San Francisco Bay Area pursuant to Government Code Section 66500 *et seq.*; and

WHEREAS, MTC has adopted and periodically revises, pursuant to Government Code Sections 66508 and 65080, a Regional Transportation Plan (RTP); and

WHEREAS, MTC is the designated Metropolitan Planning Organization (MPO) for the nine-county San Francisco Bay Area region and is required to prepare and endorse a Transportation Improvement Program (TIP) which includes federal funds; and

WHEREAS, MTC is the designated recipient for federal funding administered by the Federal Highway Administration (FHWA) assigned to the MPO/Regional Transportation Planning Agency (RTPA) of the San Francisco Bay Area for the programming of projects (regional federal funds); and

WHEREAS, the California State Legislature passed and the Governor signed into law Senate Bill 99 (Chapter 359, Statutes 2013) and Assembly Bill 101 (Chapter 354, Statutes 2013), establishing the Active Transportation Program (ATP); and

WHEREAS, MTC adopts, pursuant to Streets and Highways Code Section 2381(a)(1), an Active Transportation Program of Projects using a competitive process consistent with guidelines adopted by the California Transportation Commission (CTC) pursuant to Streets and Highways Code Section 2382(a), that is submitted to the CTC and the California Department of Transportation (Caltrans); and

WHEREAS, MTC has developed, in cooperation with CTC, Caltrans, operators of publicly owned mass transportation services, congestion management agencies, countywide

transportation planning agencies, and local governments, guidelines to be used in the development of the ATP; and

WHEREAS, a multi-disciplinary advisory group evaluates and recommends candidate ATP projects for MTC inclusion in the Active Transportation Program of Projects; and

WHEREAS, the ATP is subject to public review and comment; now, therefore, be it

RESOLVED, that MTC approves the guidelines to be used in the evaluation of candidate projects for inclusion in the ATP, as set forth in Attachment A of this resolution, and be it further

RESOLVED, that MTC approves the Active Transportation Program of Projects, as set forth in Attachment B of this resolution, and be it further

RESOLVED that the Executive Director or designee can make technical adjustments and other non-substantial revisions; and be it further

RESOLVED, that the Executive Director shall forward a copy of this resolution, and such other information as may be required to the CTC, Caltrans, and to such other agencies as may be appropriate.

METROPOLITAN TRANSPORTATION COMMISSION

Jake Mackenzie, Chair

The above resolution was entered into by the Metropolitan Transportation Commission at a regular meeting of the Commission held in San Francisco, California, on April 25, 2018.
