Agenda Item 2b

Resolution No. 3881, Revised

Subject: Revisions to the Lifeline Transportation Cycle 2 Program of Projects

Background: MTC's Lifeline Transportation Program (LTP) funds projects that improve mobility for the region's low-income communities. The program is administered by the nine county congestion management agencies (CMAs), and in Santa Clara County via a joint arrangement between the CMA and the County.

1) Lifeline Transportation Program - Cycle 2 Revisions:

In 2009, the Commission adopted Resolution No. 3881, which approved the Lifeline Transportation Program of Projects for Cycle 2 (FYs 2008-09, 2009-10, and 2010-11), totaling approximately \$57 million. The Second-Cycle program is funded by State Transit Assistance (STA), Proposition 1B Transit funds, and federal Job Access and Reverse Commute (JARC) funds.

As of 2018, all of the projects have been completed, closed out, or discontinued. However, a balance of approximately \$130,193 in unspent JARC funds still remains in an open FTA grant due to projects that either did not spend all of these funds or were canceled. The Federal Transit Administration (FTA) has requested that MTC close out this JARC-funded grant by September 2019 or demonstrate the ability to use the remainder of the funds in the immediate future. Only existing Lifeline Cycle 2 projects funded with FTA JARC funds are eligible to use the JARC funds; no new projects can be added to the program.

To meet FTA's request, staff recommends redirecting the JARC funds to an active project that is positioned to utilize the funds immediately. Other eligible projects listed in the FTA grant were considered, but they were either completed, not active or would result in inefficiently parsing out the funds to a large number of smaller projects.

Staff recommends redirecting the JARC funds to Ways to Work Family Loan Program sponsored by Peninsula Family Service in the amount of \$130,193. The project provides low-interest auto loans to individuals in San Mateo and Santa Clara counties who are unable to access consumer loan financing. The loans, coupled with financial education and credit repair assistance, help address transportation barriers so that individuals can pursue efforts at self-sufficiency, including work, education, asset building and job training.

Issues: For the Lifeline Transportation Program - Cycle 2 proposed revision, the award, allocation and reimbursement of JARC funds to the Peninsula Family Service project is contingent upon FTA's approval and availability of funds within the existing grant.

Recommendation: Refer Resolution No. 3881, Revised to the Commission for approval.
