| Pla         | n Bay Area 2050 – Regional Growth Framework Revisions: Next Steps  |
| Subject:    | Presentation on additional refinements to the proposed Regional Growth Framework<br>update, highlighting specific revisions for which staff will be seeking approval by the<br>ABAG Executive Board and Commission in May 2019.  |
| Background: | Last month, staff presented on the Regional Growth Framework Update process in<br>advance of Plan Bay Area 2050, which will kick off in September 2019. Staff<br>identified a suite of potential revisions, including addressing shortcomings of today's<br>Priority Development Areas (PDAs), allowing for nominations of new growth areas,<br>and considering incorporating state-identified Transit Priority Areas and High<br>Opportunity Areas. To respond to Committee requests, this month staff is providing<br>in-depth information about the performance and status of each PDA and presenting<br>detailed proposals to strengthen the current framework.  |
| Issues:     | <ul> <li>Priority Development Areas – Status and Performance. The Horizon Regional Growth Strategies Perspective Paper assessed the region's progress toward implementing the current Regional Growth Framework – a look back at how we've done. While there have been notable successes, many PDAs do not meet the program transit criteria and half of all state-designated Transit Priority Areas (TPAs, or transit-rich locations) have not been nominated by a local jurisdiction to become a PDA. As we chart a path forward, it was equally important to assess the performance of the PDAs against the Horizon Guiding Principles. From that performance analysis, residents of PDAs face disproportionately higher levels of displacement risk and limited access to opportunity. Attachments C and D provide detailed information about the status and performance of each PDA, respectively.</li> </ul>   |
|             | <ul> <li>Priority Development Areas – Path Forward. The regional planning landscape has changed significantly in the past decade, with an escalating housing crisis, growing recognition of the importance of equity and resilience, and new transportation technologies setting the stage for a more comprehensive approach to shaping the Bay Area's growth.</li> <li>To reflect this reality, staff proposes updating the definition of a PDA as: an infill location that is planned for significant housing and job growth, offers a suite of mobility options which enable residents to live a car-free or car-light lifestyle, and promotes greater opportunity for all, regardless of race or income. To operationalize this new definition and to provide greater flexibility for local jurisdictions to meet program guidelines, staff proposes establishing two categories of PDAs:</li> <li>Transit-Rich PDA</li> <li>PDA Plan for housing and job growth, including affordable housing, adopted or to be completed by 2025; and</li> <li>High-Quality Transit: at least 50% of land in PDA is within ½ mile of an existing or planned rail station, ferry terminal, or bus line with headways of no more than 15 minutes in peak periods (i.e., Transit Priority Area).</li> </ul> |

|              | <ul> <li>Connected Community PDA</li> <li>✓ PDA Plan for housing and job growth: adopted, or to be completed no later than</li> </ul>  |
|--------------|--|
|              | <ul> <li>2025; and</li> <li>✓ Basic Transit: at least 50% of land in PDA is within ½ mile of an existing or planned bus line with headways of no more than 30 minutes in peak periods, and one of the following:</li> <li>✓ High Resource: located in a high resource area (HRA) as defined by the California Department of Housing and Community Development (HCD); or</li> <li>✓ Supportive Policies: adoption, or commitment to adopt, two or more policies shown to reduce vehicle miles traveled, described in greater detail in Attachment E by January 2020.</li> <li>For PDAs that do not meet the updated transit requirements, staff proposes allowing CTAs and local jurisdictions until September 2019 to identify one or more improvements<sup>i</sup> necessary to meet at least the Connected Community standard. Staff proposes providing until September 2019 for jurisdictions without PDA Plans to provide an expected start and adoption date for a Plan.</li> </ul> |
|              | <b>Priority Conservation Areas (PCAs):</b> No changes are proposed to the definition or criteria for PCAs at this time.  |
|              | <ul> <li>Priority Production Areas (PPAs): PPAs are proposed to be advanced through a pilot program in Plan Bay Area 2050, with an opportunity for further refinement post-Plan adoption in 2021. Staff proposes adoption of the following criteria for PPAs:</li> <li>✓ Zoned for industrial use or has a high concentration of industrial activities, and</li> <li>✓ Does not overlap with a PDA and does not include land within one-half mile of a regional rail station or ferry terminal, and</li> <li>✓ The local jurisdiction has a certified Housing Element</li> <li>Detailed information about the proposed PPA program is included in Attachment G.</li> </ul>   |
| Next Steps:  | After taking into account comments received, staff will seek approval in May by ABAG and MTC. Following adoption, ABAG/MTC staff will engage local jurisdiction and CTA staff, as well as elected officials, to advance new PDAs, PPAs and PCAs, and to ensure existing PDAs meet program standards.   |

## Regional Growth Framework: PDA, PCA, and PPA Updates

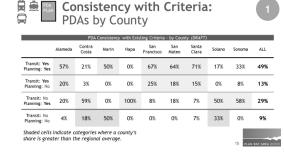

11<sup>12</sup>

Regional Advisory Working Group May 5, 2019 Mark Shorett, MTC/ABAG At your last meeting, we discussed **potential** updates to the Regional Growth Framework.

To inform the update, you asked for additional information about Priority Development Area (PDA) status and performance.

Today, we are **providing that information** and proposing detailed updates to the Framework.

#### **Proposed New Criteria**

Planned for growth Plan must be completed by 2025

incorporating new mobility & equity into the

PDAs that do not already align with one of the two tiers would need to address this by late 2019.

# What about transit-rich\* areas not yet designated PDAs?

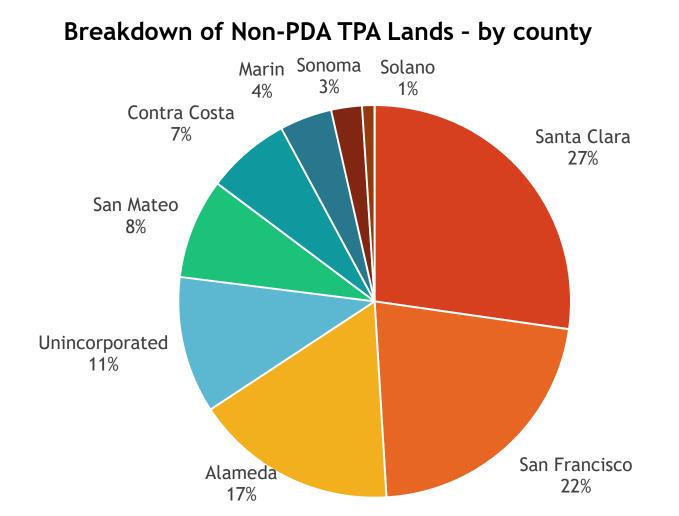

Integrating Transit Priority Areas (TPAs) currently outside of PDAs could add approximately **50 percent** more land to the Regional Growth Framework.

\*meeting the state definition of transit priority areas (<u>Public Resources Code §21099(a)(7)</u>)

# We want to **partner with cities** to more **fully leverage** the region's transit network.

= Action on Element of Regional Growth Framework Update

# First things first: let's better define what a PDA is.

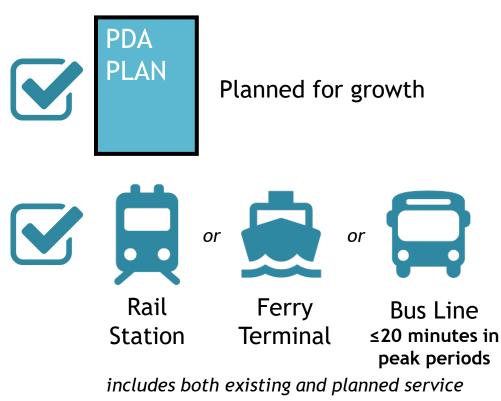

Priority Development Areas are infill locations planned for significant housing and job growth. Priority Development Areas help to reduce greenhouse gas emissions by offering a suite of mobility options that enable residents to live a car-free or car-light lifestyle. Priority Development Areas promote greater opportunity for all, regardless of race or income.

# How would the definition change?

## PDA Criteria Since 2007

## **Proposed New Criteria**

Planned for growth Plan must be completed by 2025

Create **two categories** to allow greater flexibility, incorporating new mobility & equity into the mix

PDAs that do not already align with one of the two tiers would need to address this by late 2019.

# **Proposed PDA Designations**

Transit requirements include both current & planned (Plan Bay Area 2050) service levels. 50% of land in PDA must be within ½ mile of transit meeting criteria

# How many PDAs meet proposed transit criteria?

# How are high-resource areas (HRAs) being integrated?

Local jurisdictions are encouraged to self-nominate HRAs that meet updated eligibility criteria as PDAs.

Defined by HCD as places that offer "the best chance at economic advancement, high educational attainment, and good physical and mental health"

Based upon economic, environmental, and educational indicators shown to affect these outcomes

# **Defining PPAs**

### Pilot Program Goals

- Support strong clusters of the region's economy.
- Align with the transportation planning framework for freight and goods movement.
- **Plan for space** needed for middlewage job opportunities.
- Encourage middle-wage job growth close to affordable housing.

## **Proposed PPA Definition**

Zoned for **industrial use** or with high concentration of industrial activities

Not located in a PDA and not within one-half mile of a regional rail station\*

Jurisdiction has a **certified housing element** 

\* = includes both existing and planned service; includes BART, Caltrain, ACE, SMART, Amtrak, and any future heavy/commuter/intercity rail systems.

#### Plan Bay Area 2050: Regional Growth Framework Update - PDA Implementation Status

This attachment provides detailed information about the status of each of the Bay Area's 188 Priority Development Areas in achieving consistency with PDA program guidelines and in issuing housing permits. The attachment is divided into two tables:

**Table C1: PDA Implementation Status - Transit and Planning Criteria** shows the consistency of each PDA with current program transit and planning criteria. A detailed definition for each column is provided below. A web-based map highlighting the areas of PDAs that meet transit criteria can be viewed <u>here</u>.

|   | Definition   |
|---|--|
|   | Name of Priority Development Area (PDA) designated by local jurisdiction   |
| -   | County within which PDA is located   |
|   | Jurisdiction within which PDA is located (this is also the jurisdiction that nominated the PDA)  |
| Total Acres   | Gross Acres within PDA boundaries  |
| Acres Within <sup>1</sup> / <sub>2</sub>                | Gross Acres within PDA that are 0.5 mile or less from a transit stop that  |
| Mile of Transit   | meets PDA program guidelines, defined for this analysis as:  |
| Meeting Standard  | <ul> <li>an existing or planned rail station or ferry terminal; or</li> </ul>  |
|   | <ul> <li>an existing or planned bus stop served by one or more route with a<br/>20-minute frequency in the AM and PM peak periods</li> </ul>   |
|   | "Planned" is defined as included in the fiscally-constrained Plan Bay Area 2040.   |
| Percent Within ½<br>Mile of Transit<br>Meeting Standard | Acres Within $\frac{1}{2}$ Mile of Transit Meeting Standard divided by Total Acres   |
|   |  |
|   | "Yes" indicates a plan has been adopted for the entire PDA; "Part of PDA"<br>indicates a plan has been adopted for part of the area within the PDA; "In<br>progress" indicates that a plan for all or part of the PDA is underway; "No"<br>indicates a plan has not been completed and is not underway.<br>"Plan" is defined as a Specific, Precise, or other Plan creating development<br>standards specifically for the area included in the PDA, accompanied by a<br>programmatic EIR |
|   | "Yes" indicates an EIR for an adopted plan for the entire PDA has been<br>certified; "Part of PDA" indicates an EIR for an plan for part of the area<br>within the PDA has been certified; "In progress" indicates an EIR for a plan<br>for all or part of the PDA is underway; "No" indicates an EIR has not been<br>certified for the PDA, and is not underway. plan has not been completed<br>and is not  |
|   | "Yes" indicates that an adopted Plan, or update to adopted Plan, was funded by an MTC grant.   |

Table C2: PDA Implementation Status - Housing Permits Issued, 2015-2017 shows the number of housing permits issued for each PDA between 2015 and 2017. A detailed definition for each column is provided below:

# *Plan Bay Area 2050:* Regional Growth Framework Update - Horizon Guiding Principle Indicators

This attachment provides detailed information about the performance of each of Bay Area's 188 Priority Development Areas relative to the Horizon Guiding Principles. As part of the *Horizon Perspective Paper*, one indicator was identified and analyzed to assess the performance of different locations in achieving each of the Guiding Principles. The Perspective paper, available for download <u>here</u>, analyzed all of the urbanized census blocks in the Bay Area using consistent, objective data shown in the table below. This attachment focuses specifically on Priority Development Areas. Table B1 provides the average score (from 1-5, with 1 lowest and 5 highest) of the census blocks within each PDA on the indicators included in the Paper.<sup>i</sup>

A detailed definition for each column, and the indicators, is provided below:

| Column  | Definition   |
|---|--|
| PDA Name  | Name of Priority Development Area (PDA) designated by local jurisdiction   |
| Jurisdiction  | Jurisdiction within which PDA is located (this is also the jurisdiction that nominated the PDA)  |
| Access to Opportunity<br>(indicator for "Vibrant"<br>Guiding Principle)   | <ul> <li>1-5 score corresponding with the California Department of Housing<br/>and Community Development (HCD)-adopted "Community Resource<br/>Level" for the census tracts in each PDA (average of tracts used for<br/>PDAs with one more than one census tract).</li> <li>"Community Resource" is a composite score based upon<br/>environmental, economic, and educational metrics shown by peer-<br/>reviewed research to affect the probability of success for low-income<br/>children and families. HCD publishes these Resource Level scores as<br/>part of its Opportunity Mapping project. More information is available<br/>here.</li> <li>The following scores correspond to each HCD-defined resource level:<br/>1 (lowest) : High Segregation &amp; Poverty<br/>2: Low Resource<br/>3: Moderate Resource</li> <li>4: High Resource</li> </ul> |
|   | 5 (highest): Highest Resource<br>Data Source: California HCD, 2018 Opportunity Maps, Bay Area Region.  |
| VMT Reduction Potential<br>(indicator for "Vibrant"<br>Guiding Principle) | 1-5 score based upon the average miles driven per day by car per<br>resident for the Transportation Analysis Zone(s) in each PDA (average<br>of TAZs used for PDAs with more than one TAZ), using MTC Travel<br>Model 1.5 2015 model year. Regional data was distributed into<br>quintiles, with a "1" equal to the <i>highest</i> 20% of TAZs by VMT/person,<br>and "5" equal to the <i>lowest</i> VMT/resident.<br>Data Source: MTC Travel Model 1.5, 2015 Model Year.   |

# *Plan Bay Area 2050:* Regional Growth Framework Update - Supportive VMT-Reduction Policies

The table below summarizes a set of proposed policies demonstrated to reduce Vehicle Miles Travelled (VMT) intended to complement the VMT-reduction of transit service in PDAs, particularly those with limited access. Connected Community PDAs that are outside of a High Resource Area (HRA) would be required to adopt at least 2 of these policies, which may be refined in advance of the final adoption of new PDAs.

| Supportive Policy   | Description  |
|---|--|
| Senate Bill 743<br>(SB743) <sup>i</sup><br>Implementation | <ul> <li>Adopt a Parking and Transportation-Demand Management (TDM)<br/>Ordinance that includes a monitoring and enforcement<br/>component. The ordinance would apply to new commercial and<br/>residential development and require developers and property<br/>managers to reduce VMT through measures like free transit<br/>passes, bike and car share memberships with the bikes/vehicles<br/>on-site.</li> <li>Create new, or revise existing, development impact fees to be<br/>added to a transportation fund that can be invested in VMT-<br/>reduction investments citywide</li> </ul> |
| Active<br>Transportation<br>Planning                      | <ul> <li>Adopt a policy to prioritize planning and implementation of<br/>Class 2<sup>ii</sup> or better bike infrastructure and safe, pedestrian-scaled<br/>streets</li> <li>Adopt Vision Zero<sup>iii</sup> and universal design (designs that<br/>accommodate the widest range of potential users, including<br/>people with mobility and visual impairments) policies</li> </ul>  |

<sup>&</sup>lt;sup>1</sup> SB743, adopted in 2013, changes the way that cities are required to analyze the transportation impacts of a development project to focus on its impact on Vehicle Miles Travelled (VMT) rather than its impact on roadway congestion (commonly analyzed as Level of Service). The policy proposed here would enable a city to achieve the objective of SB743 by putting in place requirements to reduce VMT. ## *Plan Bay Area 2050:* Regional Growth Framework Update Priority Conservation Areas (PCAs) - Overview and Eligibility Criteria

#### **Program Information**

The Priority Conservation Areas (PCA) complement PDAs by protecting a network of locallyidentified at-risk open space, farmland, and habitat. Along with PDAs, PCAs were the centerpiece of the Regional Growth Framework that shaped the first two iterations of Plan Bay Area. The goal of the nominating PCAs is to:

- Protect key open spaces under pressure from urban development and other factors.
- **Preserve the lands necessary** to maintain the region's quality of life, ecological diversity, and agricultural production capabilities.
- **Provide opportunities for partnerships** and coordination in open space protection and preservation efforts, focusing available resources within a regional framework.
- Create a regional vision for open space conservation and preservation needs.

### Eligible Areas

For an area to be eligible for nomination as a PCA, it must:

- Provide **regionally significant** agricultural, natural resource, scenic, recreational, and/or ecological values and ecosystem functions, demonstrated through adopted plans and recognized data sources such as the Conservation Lands Network (CLN);
- **Require protection** due to pressure from urban development or other factors; and
- Fall into **one or more PCA designation category:** Natural Landscapes, Agricultural Lands, Urban Greening, and Regional Recreation.

### Nomination Process

Similar to the proposed process for PDAs, applicants would have the option of submitting a letter of interest prior to full application for staff review, or submitting a full application. **Letters of interest** would include: a) a completed checklist demonstrating consistency with eligibility criteria; b) a narrative description of the proposed area; and c) a map of the area. **Full applications** would include all of this information as well as an adopted resolution by the jurisdiction or special district with primary land use control - typically a city, county or park/open space district.

#### *Plan Bay Area 2050:* Regional Growth Framework Update Proposed Priority Production Area (PPA) Pilot Program - Overview and Eligibility Criteria

#### **Program Information**

The Priority Production Area (PPA) program would identify industrial areas of importance to the regional and local economies, provide supportive resources and implementation actions for these areas, and encourage middle-wage job opportunities. PPAs would be locally-designated areas where industrial jobs (including manufacturing and supply chain services such as warehousing, distribution and repair) would be a priority consideration in determining future land use. In many cases, PPAs would be areas with broad community support for continued industrial activity that face pressure for conversion to higher-value uses.

The PPA program would complement existing Priority Development Area (PDA) and Priority Conservation Area (PCA) programs. It would build on the regional and local partnerships and knowledge resources that ABAG/MTC has developed over the past three years in establishing the Greater Bay Area Regional Economic Development District. The goals of designating PPAs would be to:

- Support strong clusters of the region's economy.
- Align with the transportation planning framework for freight and goods movement.
- Plan for space needed for middle-wage job opportunities.
- Encourage middle-wage job growth close to affordable housing.

For Plan Bay Area 2050, the PPA program will be implemented as a pilot program, with a limited number of PPAs designated from selected jurisdictions. The criteria for the pilot program described below would be improved and revised through testing during the Plan Bay Area 2050 analysis.

### Proposed Eligibility Criteria for Pilot PPA Program

Each application will be evaluated according to local context and needs. Staff proposes the following criteria for PPAs:

- The area is zoned for industrial use<sup>i</sup> or has a high concentration of industrial activities
- The area does not overlap with a Priority Development Area and does not include land within one-half mile of a regional rail<sup>ii</sup> station
- The jurisdiction has a certified housing element

#### **Proposed Nomination Process**

Applicants would have the option of submitting a letter of interest prior to full application for staff review, or submitting a full application for PPAs. Letters of interest would include: a) a completed checklist demonstrating consistency with eligibility criteria; b) a narrative description of the proposed area; and c) a map of the area. Full applications would include all of this information as well as an adopted resolution by the City Council or Board of Supervisors. Applications that are not accepted for the pilot program to include in the plan may still be helpful in testing and shaping the PPA program that will be finalized after adoption of PBA 2050.
