The bill, under those laws, would modify the definition of applicable percentage relating to qualified low-income buildings to depend on whether the building is a new or existing building and federally subsidized, or a building that is, among other things, at least 15 years old, serving households of very low income or extremely low income, and will complete substantial rehabilitation, as specified.

Current law establishes the Department of Housing and Community Development in the Business, Consumer Services, and Housing Agency, and requires the department to administer various housing programs throughout the state, including programs that address the needs of homeless individuals and families, and reviewing local ordinances for the design, development, and operation of homeless shelters in cities and counties that have declared a shelter crisis. This bill would declare that it is the policy of the state that every child has the right to safe and clean shelter and that no child should be without safe and clean shelter by 2025.		
AB 25 Chau	Amended 6/28/2019	Senate Judiciary	California Consumer Privacy Act of 2018. The California Consumer Privacy Act of 2018, beginning January 1, 2020, grants consumers various rights with regard to their personal information held by businesses, including the right to request a business to disclose specific pieces of personal information it has collected and to have information held by that business deleted, as specified. The act requires a business to disclose and deliver the required information to a consumer free of charge within 45 days of receiving a verifiable consumer request from the consumer. The act prohibits a business from requiring a consumer to create an account with the business in order to make a verifiable consumer request. This bill would provide an exception to that prohibition by authorizing a business to require authentication of the consumer that is reasonable in light of the nature of the personal information requested in order to make a verifiable consumer request.		
AB 36 Bloom	Amended 4/22/2019	Assembly Rules	Residential tenancies: rent control. The Costa-Hawkins Rental Housing Act prescribes statewide limits on the application of local rent control with regard to certain properties. This bill would modify those provisions to authorize an owner of residential real property to establish the initial and all subsequent rental rates for a dwelling or unit that has been issued its first certificate of occupancy within 20 years of the date upon which the owner seeks to establish the initial or subsequent rental rate, or for a dwelling or unit that is alienable separate from the title to any other dwelling unit or is a subdivided interest in a subdivision and the owner is a natural person who owns 10 or fewer residential units within the same jurisdiction as the dwelling or unit for which the owner seeks to establish the initial or subsequent rental rate, subject to certain exceptions.

AB 47 Daly	Amended 6/26/2019	Senate Appropriations	Driver records: points: distracted driving. Current law establishes that specified convictions and violations under the Vehicle Code and traffic-related incidents count as points against a driver's record for purposes of suspension or revocation of the privilege to drive and that certain other violations do not result in a violation point. Current law also generally provides that traffic convictions involving the safe operation of a motor vehicle result in a violation point. Current law provides an exemption for the electronic device violations described above from being counted as points against a driver's record for purposes of suspension or revocation of the privilege to drive. This bill would instead make only those electronic device violations that occur within 36 months, beginning January 1, 2021, of a prior conviction for the same offense subject to a violation point against the driver's record.

Would require the Public Utilities Commission to empower the California Alternative Energy and Advanced Transportation Financing Authority to undertake backstop procurement of electricity that would otherwise be performed by an electrical corporation to meet the state resource adequacy, integrated resource planning, and renewable portfolio standard goals not satisfied by retail sellers or load-serving entities. The bill would authorize the authority to undertake backstop procurement consistent with specified objectives and to manage the resale of electricity for its contracted resources. The bill would require the commission to periodically review the need for, and the benefits of, continuing to empower the authority to undertake backstop procurement responsibilities.

The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and sets forth required ordinance standards, including, among others, lot coverage. Current law authorizes a local government to impose only those development and management standards that apply to residential or commercial development within the same zone, however, a local government may impose specified objective standards, including standards for off-street parking based on demonstrated need, as specified. This bill would instead authorize a local government to apply a written objective standard that provides sufficient parking to accommodate the staff working in the emergency shelter, except as provided.		

AB 143 Quirk-Silva	Amended 6/6/2019	Senate Appropriations Suspense File	Shelter crisis: homeless shelters: Counties of Alameda and Orange: City of San Jose. Current law, upon a declaration of a shelter crisis by the City of Berkeley, Emeryville, Los Angeles, Oakland, or San Diego, the County of Santa Clara, or the City and County of San Francisco, specifies additional provisions applicable to a shelter crisis declared by one of those jurisdictions. Current law exempts from the California Environmental Quality Act specified actions by a state agency or a city, county, or city and county relating to land owned by a local government to be used for, or to provide financial assistance to, a homeless shelter constructed pursuant to these provisions. Current law requires a city, county, or city and county that declares a shelter crisis pursuant to these provisions to develop a plan to address the shelter crisis on or before July 1, 2019, and to annually report to specified committees of the Legislature on or before January 1, 2019, and annually thereafter until January 1, 2021. This bill would apply these additional provisions to a shelter crisis declared by the County of Alameda, the County of Orange, any city located within the County of Alameda, any city located within the County of Orange, and the City of San Jose, and extend the above-described repeal date to January 1, 2023.

The bill would specifically authorize the Orange County Housing Finance Trust to enter into these leases.		

<u>AB 148</u> <u>Quirk-Silva</u>	Introduced 12/14/2018	Assembly 2 year	Regional transportation plans: sustainable communities strategies. Current law requires certain transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system. Current law requires the regional transportation plan to include, if the transportation planning agency is also a metropolitan planning organization, a sustainable communities strategy. This bill would require each sustainable communities strategy to identify areas within the region sufficient to house an 8-year projection of the emergency shelter needs for the region, as specified.		
<u>AB 158</u> <u>Voepel</u>	Amended 2/26/2019	Assembly 2 year	Roadside rest areas: commercial vehicles: parking. Current law requires every driver of a commercial vehicle to stop and submit the vehicle to an inspection of the size, weight, equipment, and smoke emissions of the vehicle at any location where members of the Department of the California Highway Patrol are conducting tests and inspections of commercial vehicles and when signs are displayed requiring the stop. This bill would require, if the department or other state or local agencies provide information to drivers, including signage, on the hours of operation of a commercial inspection facility or platform scale, or whether a facility or scale is open or closed, that the department or agency update that information as soon as it changes to enhance driver awareness of when they are required to stop, pursuant to the above-described provision.		

<u>AB 168</u> <u>Aguiar-Curry</u>	Amended 7/1/2019	Senate Gov. & F.	Housing: streamlined approvals. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. Prior to the release of a negative declaration, mitigated negative declaration, or an EIR for a project, CEQA requires the lead agency to begin consultation with a California Native American tribe that is traditionally and culturally affiliated with the geographic area of the proposed project, as provided. Current law provides that a development subject to the streamlined ministerial approval process described above is not subject to CEQA. This bill would require a local government to engage in a scoping consultation to determine whether any potential tribal cultural resource is located on a site for a development subject to the streamlined, ministerial approval process described above, before the application is deemed to be submitted.		
<u>AB 176</u> <u>Cervantes</u>	Amended 6/12/2019	Senate Gov. & F.	California Alternative Energy and Advanced Transportation Financing Authority: sales and use taxes: exclusions. The act prohibits the sales and use tax exclusions from exceeding \$100,000,000 for each calendar year. This bill would require the authority to evaluate a project application for the extent to which the project will create new, or result in the loss of, permanent, full-time jobs in the state, as specified.		
<u>AB 180</u> <u>Gipson</u>	Amended 3/28/2019	Assembly 2 year	Institutional and community corrections: Smart Justice Student Program. Existing law requires the commission and the State Air Resources Board to hold at least 2 joint meetings per calendar year to coordinate their implementation of transportation policies. This bill would instead require the commission, the state board, and a representative from the Department of Housing and Community Development to hold those joint meetings to coordinate their implementation of policies that jointly affect transportation, housing, and air quality.		
<u>AB 191</u> <u>Patterson</u>	Amended 3/28/2019	Assembly 2 year	Building standards: exemptions: rebuilding after disasters. Current law, the State Housing Law, establishes statewide construction and occupancy standards for buildings used for human habitation, including energy conservation and fire prevention requirements relating to energy efficiency and the installation of interior sprinklers. Would exempt from CEQA a project to construct or expand a recycled water pipeline for the purpose of mitigating drought conditions for which a state of emergency was proclaimed by the Governor if the project meets specified criteria. Because a lead agency would be required to determine if a project qualifies for this exemption, this bill would impose a state-mandated local program. The bill would also exempt from CEQA the development and approval of building standards by state agencies for recycled water systems.

In evaluating the reasonableness of the costs and expenses, the commission is required to consider the conduct of the electrical corporation and relevant information submitted into the commission record, including in 12 specified areas. Notwithstanding the commission's determination of whether the costs and expenses are just and reasonable as described above, when determining recovery by an electrical corporation for costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, this bill would authorize the commission to consider the electrical corporation's financial status and determine the maximum amount the corporation can pay without harming ratepayers or materially impacting the electrical corporation's ability to provide adequate and safe service.

The bill would require the PUC to reference the electric vehicle grid integration strategies in relevant ongoing and subsequent proceedings that address issues of transportation electrification in any part and to identify how programs and investments that the PUC may approve will advance the achievement of the strategies. The bill would require the PUC, when executing its transportation electrification responsibilities, to consider how, or if, electric vehicle grid integration can mitigate any generation, transmission, or distribution costs, or increase the economic, social, or environmental benefits associated with transportation electrification, and to not foreclose future utilization of electric vehicle grid integration.

Current law requires the local educational agency to take any action necessary to ensure that the parent of the individual with exceptional needs understands the proceedings at a meeting, including arranging for an interpreter for parents with deafness or whose native language is a language other than English. Current law creates the Veterans Housing and Homeless Prevention Act of 2014, to provide for the acquisition, construction, rehabilitation, and preservation of affordable multifamily supportive housing, affordable transitional housing, affordable rental housing, or related facilities for veterans and their families to allow veterans to access and maintain housing stability. This bill would require the department to establish a rental housing assistance program to provide financial assistance to veterans seeking rental housing, based on the needs of the veterans.		
SB 739 Stern	Introduced 2/22/2019	Senate Rules	Climate change: research, development, and demonstration: financial assistance. The bill would authorize the San Gabriel Valley Regional Housing Trust to fund the planning and construction of housing, receive public and private financing and funds, and authorize and issue bonds.		
SCA 1 Allen	Introduced 12/3/2018	Senate Appropriations	Public housing projects. The California Constitution prohibits the development, construction, or acquisition of a low-rent housing project, as defined, in any manner by any state public body until a majority of the qualified electors of the city, town, or county in which the development, construction, or acquisition of the low-rent housing project is proposed approve the project by voting in favor at an election, as specified. This measure would repeal these provisions.		
SCA 3 Hill	Introduced 12/4/2018	Senate Inactive File	Property taxation: change in ownership: inheritance exclusion. The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. The California Constitution specifies various transfers that are not deemed to be a "purchase" or "change in ownership" of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property transferred from parents or grandparents to their children or grandchildren. This measure would limit the above-decried \$1,000,000 exclusion for purchases or transfers of real property other than a principal residence to purchases or transfers of nonresidential real property.
