

**Metropolitan Transportation Commission
Programming and Allocations Committee****July 10, 2019****Agenda Item 2d****MTC Resolution No. 4202, Revised**

Subject: Revision to the One Bay Area Grant Program (OBAG 2), to delegate authority to the Executive Director or designee to enter into Letters of Understanding with regional agencies for the exchange of federal Surface Transportation Block Grant Program (STP) or Congestion Mitigation and Air Quality Improvement (CMAQ) funds, within certain conditions and limitations, and to delegate to a Committee of the Commission the authority to approve exchanges beyond these conditions and limitations.

Background: The OBAG 2 program adopted by the Commission establishes commitments and policies for investing Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) funds for regional and county programs from FY2017-18 through FY2021-22. This month, staff proposes the following revision to the administration of the OBAG 2 program:

Delegation for Letters of Understanding for the exchange of STP/CMAQ funds

It is often difficult for smaller regions to fully utilize their federal funds and deliver projects through the federal-aid process. This can place these more rural regions in conflict with state and federal timely use funds provisions, such as Sections 182.6 and 182.7 of the State Streets and Highways Code, which require federal apportionment to be secured (obligated) within three years of federal eligibility, or when Congress enacts rescissions of unobligated funds. The SF Bay Area region is often in the opposite situation – more projects are ready for delivery than funds available each year.

Regions also find themselves in situations where a project or activity is ineligible for a certain federal fund source such as CMAQ, and may require STP, while another region can easily use either fund source.

To address these funding issues, regions may enter into exchange agreements, where older unused STP/CMAQ funds subject to lapse or rescission from one region are “exchanged” with future funds from a region that can use the funds by the deadline. Such exchanges benefit both regions by avoiding the loss of funds in one region, while another region can advance projects that may be otherwise stalled due to a lack of eligible funding.

MTC has entered into several exchange agreements over the past few years, including the latest agreement with the Mariposa County Local Transportation Commission under agenda item 2h on this agenda. These agreements are becoming more frequent and are purely administrative in nature.

To facilitate and streamline such exchanges, which are usually time sensitive, it is recommended that the Commission delegate authority to the Executive Director or designee to sign letters of understanding with other regions for the exchange of STP/CMAQ funds within the conditions and limitations outlined below.

- The exchange does not negatively impact the delivery of the MTC Region's OBAG STP/CMAQ projects.
- The amount exchanged does not exceed \$2 million per region per year.
- The exchange is a dollar for dollar exchange.
- The exchange is allowed under Caltrans' obligation authority management policy.
- The Letter of Understanding can be executed in time for the MTC to secure the funds prior to any lapse or rescission.
- If any timely use of funds deadlines or Caltrans processes are not met in time and therefore result in the loss of apportionment balance, MTC's apportionment shall not be negatively affected and the Letter of Understanding is null and void.

Exchanges beyond these conditions and limitations may be approved by a standing Committee of the Commission.

Issues: None.

Recommendation: Refer MTC Resolution No. 4202, Revised to the Commission for approval.

The remaining \$2,779,849 is held for future Commission action.

On March 27, 2019, Attachment A, Appendix A-8, Appendix A-10, and Attachment B-1 were revised to clarify provisions pertaining to the interim status report requirements for Priority Development Area (PDA) Investment & Growth Strategies; change the recipient of the Concord IDEA project from CCTA to the City of Concord and reduce the MTC Exchange funding from \$619,000 to \$589,000; and redirect the \$30,000 in MTC Exchange funds to a new MTC-led Concord IDEA project.

On July 24, 2019, Attachment A was revised to delegate authority to the Executive Director or designee to sign Letters of Understanding for the exchange of STP/CMAQ funds with other regions, within certain conditions and limitations, **and to delegate to a Committee of the Commission the authority to approve exchanges beyond these conditions and limitations.**

One Bay Area Grant Program
Project Selection Criteria and Programming Policy

8. Regional STP/CMAQ Exchanges. It is often difficult for smaller regions to fully utilize their federal funds and deliver projects through the federal-aid process. This can place these more rural regions in conflict with state and federal timely use funds provisions, such as Sections 182.6 and 182.7 of the State Streets and Highways Code which require federal apportionment to be secured (obligated) within three years of federal eligibility, or when Congress enacts rescissions of unobligated funds. The SF Bay Area region is often in the opposite situation – more projects are ready for delivery than funds available each year.

Regions also find themselves in situations where a project or activity is ineligible for a certain federal fund source such as CMAQ, and may require STP, while another region can easily use either fund source.

To avoid the lapsing of funds and address these funding issues, regions may enter into exchange agreements, where older unused STP/CMAQ funds subject to lapse or rescission from one region are “exchanged” with future funds from a region that can use the funds by the deadline. Or a simple fund source exchange is needed. Such exchanges benefit both regions by avoiding the loss of funds in one region, while another region can advance projects that may be stalled due to a lack of eligible funding.

To facilitate such exchanges, the MTC Executive Director or designee is hereby authorized to sign letters of understanding with other regions for the exchange of STP/CMAQ funds with the following conditions and limitations.

- The exchange does not negatively impact the delivery of regional STP/CMAQ projects.
- The amount exchanged does not exceed \$2 million per region per year.
- The exchange is a dollar for dollar exchange.
- The exchange is allowed under Caltrans’ obligation authority management policy.
- The Letter of Understanding can be executed in time for the MTC to secure the funds prior to any lapse or rescission.
- If any timely use of funds deadlines or Caltrans processes are not met in time and therefore result in the loss of apportionment balance, MTC’s apportionment shall not be negatively affected and the Letter of Understanding is null and void.

Exchanges beyond these conditions and limitations may be approved by a standing Committee of the Commission.
