Bay Area Toll Authority Oversight Committee

January 8, 2020 Agenda Item 5a

BATA Resolution No. 130, Revised – Amendments to the FY 2019-20 Toll Bridge Program Operating and Capital Budgets

Subject:

A request that the Committee refer BATA Resolution No. 130, Revised to the Authority for approval of an amendment to the FY 2019-20 Toll Bridge Program Operating and Capital Budgets. The proposed amendment will add two new positions to the Operating Budget and to make modifications to the BATA Toll Bridge Rehabilitation Program.

Background: A. Operating Budget

Staff is proposing to amend the BATA operating budget to increase the total BATA positions by two, from 53 to 55 full time positions. A total of \$455,587 salary and benefit expense are added to the operating budget.

- 1. Assistant Director this position will be performing due diligence vetting the scope and risk of the SR 37 Evaluation project. This will be a project-based position continuing to exist in the future until project is completed or the SR 37 Program is suspended, terminated or otherwise not completed.
- 2. Contract Specialist this position will draft, review and oversee our procurement and contract process.

The new positions are in response to the MOU overseeing the potential redesign and construction of SR37 as a possible toll operation and the increasing complexity of BATA contract and procurement processes.

In addition to the new positions, the operating budget has been augmented by approximately \$4.2 million in carryover encumbrances. The encumbrances are for contracts executed in FY 2018-19 with work continuing in FY 2019-20.

The impact of the new positions and encumbrance carryover will be a reduction in the budgeted surplus from \$80.03 million to \$75.35 million between the FY 2019-20 approved and amended budgets respectively.

These changes are shown in Attachment A of BATA Resolution No. 130, Revised.

B. Capital Project Changes

These are three recommended changes to the BATA Capital Program:

1.	Richmond Bridge I-580 access	\$1.3 million
	improvements – increased to include	
	funds from funding agreement approved	
	on December 11, 2019.	
2.	BATA Rehab Program Contingency- The	\$8.4 million
	increase is to account for costs related to	
	damage caused by the recent fires.	
3.	Express Lane adjustment transferring the	<\$208 million>
	budget remaining on June 30, 2019 to	
	BAIFA	

The transfer of the Express Lane Project balance was authorized as part of BATA Resolution No. 130, when it was approved in June 2019.

Recommendation:

Staff recommends that this Committee refer BATA Resolution No. 130, Revised, to the Authority for approval. The addition of the new positions is also covered in the January, 2020 MTC Administration Committee Item 3A, MTC Resolution No. 4371, revised.
