

Regional Agency Partnership: Technical Assistance and Support on Data

Partnership Agreement between MTC and the Air District

MTC Administration Committee

July 8, 2020

Presented by:

Kearey Smith, Asst. Director of Data & Visualization

Phil Martien, Director, Assessment, Inventory, and Modeling Division

Partnership Agreement Details

- Staff seeks approval to enter into a 1 yr. agreement with the Air District to provide technical assistance and guidance to District staff in support of two key programs; AB 617; Climate Action Plans
- The District will fund MTC \$300k in FY 20/21
- MTC will provide staffing support and other technical resources in support of District staff
- Builds upon previous efforts by staff to establish better collaboration around data and mapping at both agencies

Key Goals

Provide Data Collection, Analysis, and Reporting Support for AB 617

Support and Enhance the District's Climate Action Plan VMT Data Portal

Share staff expertise on the use of data across both organizations

AB 617 ELEMENTS • Focus on Community Action

Community emissions reduction programs

Accelerated retrofit of pollution controls on industrial facilities

Community-level air quality monitoring

Enhanced emissions reporting

Increased penalty provisions

Grants to local community groups

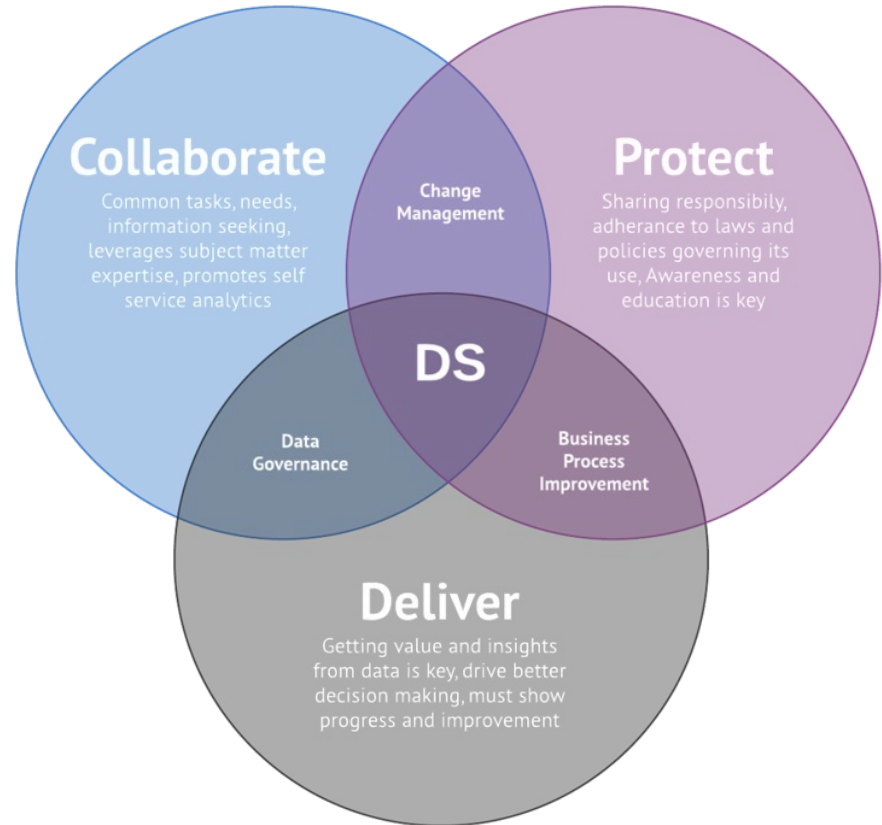

Key Benefits

Establish a Strong Data Sharing Partnership between the District and MTC

Build a community of practice around the collection, standardization, discovery and dissemination of data

Research opportunities for continued collaboration; Software license & subscription sharing, Combined Training programs, Mobility Data/ “Big Data”

Better Data Stewardship (DS)
