Agenda Item 2d - 20-0911

MTC Resolution No. 4202, Revised

Subject: Revisions to the One Bay Area Grant 2 Program (OBAG 2), to incorporate \$7.7 million in federal Highway Infrastructure Program apportionment provided through the Department of Transportation Appropriations Act, 2020.

Background: **Department of Transportation Appropriations Act, 2020**
The Department of Transportation Appropriations Act of 2020 contained a \$781 million infusion of federal Highway Infrastructure Program funds (referred to herein as the “STP Bump”). These funds were provided in addition to funding federal Surface Transportation Program/Congestion Mitigation and Air Quality Improvement (STP/CMAQ) programs at levels authorized by the Fixing America’s Surface Transportation (FAST) Act. The Bay Area’s share of the additional 2020 STP Bump apportionment is approximately \$7.7 million. This is the third consecutive year of STP Bump apportionment. See table below.

STP Bump Revenues

(\$ millions, rounded)

	2018	2019	2020	Total
National Total	\$1,980	\$2,729	\$781	\$5,490
California	\$185	\$256	\$73	\$514
Bay Area	\$18.8	\$26.4	\$7.7*	\$52.9

*Subject of agenda item.

STP Bump Programming

In early 2019, STP Bump apportionments had been distributed from the 2018 Department of Transportation Appropriations Act. Congressional appropriators were also at work on 2019 appropriations bills, with both the House and Senate versions including continued STP Bump investments.

In February 2019, the Commission approved an action to direct up to \$55 million in STP Bump funds from the 2018 (enacted) and 2019 (anticipated) appropriations to the Golden Gate Bridge (GGB) Suicide Deterrent project. As part of this action, an equal amount of STP/CMAQ funds programmed on the GGB project would then be returned to the regional STP/CMAQ balance. The Commission also set-aside \$16 million of the \$55 million in STP/CMAQ funds to be freed up from the GGB project to help address the first two years (FY 2019-2020) of an anticipated shortfall of CMAQ funds through the OBAG 2 program horizon.

Following the February 2019 Commission action, the full amount of STP Bump funds provided by the 2018 and 2019 appropriations bills, a total of \$44.8 million, has been directed to the GGB Suicide Deterrent project.

The GGB project was recommended to receive the FY18 and FY19 STP Bump funds (and now FY 20 STP bump funds) as it had a large amount (\$55 million) in unobligated STP/CMAQ funds and was prepared to quickly obligate the funds. The

project was also an eligible use of the STP Bump funding, which was originally limited to only the construction of highways, bridges, and tunnels. Although eligibility for the funds have broadened through the subsequent appropriations, staff recommends programming the additional \$7.7 million in FY20 STP Bump funds to the GGB project to focus the STP Bump funds received to date on a single project.

Recommendation

Consistent with the Commission's February 2019 action, staff recommends programming \$7.7 million in STP Bump funds from the 2020 Department of Transportation Appropriations Act to the GGB Suicide Deterrent project, with an equal amount of STP/CMAQ funds returned to the regional. This brings the total STP Bump programmed to the GGB project to \$52.5 million.

Issues: In its February 2019 action, the Commission directed staff to return at a later date with recommendations for the programming of remaining STP/CMAQ balance. Staff will bring a proposal to the Commission in the months ahead.

Recommendation: Refer MTC Resolution No. 4202, Revised to the Commission for approval. Because this resolution is proposed for revision under other agenda items, it is included once under Agenda Item 4a with all proposed revisions. Only items referred by the Committee will be forwarded to the Commission.

Attachments: MTC Resolution No. 4202, Attachment B-1, Revised, can be found under Agenda Item 4a to this packet.
