TRANSPORTATION
COMMISSION

LEGISLATIVE HISTORY
MTC/ABAG Priority Bills
Thursday, July 09, 2020

Bill Number	Current Text	Status	Summary	MTC Position	ABAG Position
AB 291 Chu	Amended 1/23/2020	Senate Governmental Organization	Local Emergency Preparedness and Hazard Mitigation Fund. Would establish a Local Emergency Preparedness and Hazard Mitigation Fund to, upon appropriation by the Legislature, support staffing, planning, and other emergency mitigation priorities to help local governments meet emergency management, preparedness, readiness, and resilience goals. The bill would require the Office of Emergency Services to establish the Local Emergency Preparedness and Hazard Mitigation Fund Committee under the Standardized Emergency Management System Advisory Board.		
AB 323 Daly	Amended 4/2/2019	Senate Governmental Organization	Disaster Preparedness Account. Current law establishes the various funds in the State Treasury, including the Disaster Response-Emergency Operations Account, Disaster Relief Fund, and the Disaster Assistance Fund. This bill would establish the Disaster Preparedness Account in the State Treasury and would provide that funds in the account are available only for specified purposes, for appropriation by the Legislature, upon the Governor's proclamation of a state of emergency, as provided.		
AB 352 Garcia, Eduardo	Amended 8/14/2019	Senate Environmental Quality	Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020. Would enact the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$3,920,000,000 pursuant to the State General Obligation Bond Law to finance a wildfire prevention, safe drinking water, drought preparation, and flood protection program. The bill would provide for the submission of these provisions to the voters at the November 3, 2020, statewide general election. The bill would provide that its provisions are severable.		

<u>AB 393</u> <u>Nazarian</u>	Amended 5/29/2019	Senate 2 year	Building codes: earthquake safety: functional recovery standard. Would require the California Building Standards Commission, by June 30, 2020, to assemble a functional recovery working group comprised of certain state entities and members of the construction and insurance industries, as specified. The bill would require the working group, by June 30, 2021, to consider whether a “functional recovery” standard is warranted for all or some building occupancy classifications, using specified criteria, and to investigate the practical means of implementing that standard, as specified. The bill would require the working group to advise the appropriate state agencies to propose the building standards, as specified.		Support
<u>AB 429</u> <u>Nazarian</u>	Amended 8/30/2019	Senate 2 year	Seismically vulnerable buildings: inventory. Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. The mitigation program may include, among other things, the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, and the application of structural standards necessary to provide for life safety above current code requirements. Current law requires the Alfred E. Alquist Seismic Safety Commission to report annually to the Legislature on the filing of mitigation programs relating to building construction standards from local jurisdictions. This bill would require the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined.		Support
<u>AB 725</u> <u>Wicks</u>	Amended 1/16/2020	Senate Housing	General plans: housing element: moderate-income and above moderate-income housing: suburban and metropolitan jurisdictions. The Planning and Zoning Law requires that the housing element include, among other things, an inventory of land suitable for residential development, to be used to identify sites that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction’s share of the regional housing need determined pursuant to specified law. This bill would require that at least 25% of a metropolitan jurisdiction’s share of the regional housing need for moderate-income housing be allocated to sites with zoning that allows at least 2 units of housing, but no more than 35 units per acre of housing. The bill would require that at least 25% of a metropolitan jurisdiction’s share of the regional housing need for above moderate-income housing be allocated to sites with zoning that allows at least 2 units of housing, but no more than 35 units per acre of housing.		

AB 828 Ting	Amended 5/18/2020	Senate Judiciary	Temporary moratorium on foreclosures and unlawful detainer actions: coronavirus (COVID-19). Would prohibit a person from taking any action to foreclose on a residential real property while a state or locally declared state of emergency related to the COVID-19 virus is in effect and until 15 days after the state of emergency has ended, including, but not limited to, causing or conducting the sale of the real property or causing recordation of a notice of default.		
AB 873 Irwin	Amended 5/2/2019	Senate 2 year	California Consumer Privacy Act of 2018. The California Consumer Privacy Act of 2018 excludes from the definition of personal information consumer information that is deidentified, or aggregate consumer information. This bill would revise the definition of "deidentified" to instead mean information that does not identify, and is not linkable, directly or indirectly, to a particular consumer, provided that the business makes no attempt to reidentify the information and takes reasonable technical and administrative measures designed to ensure that the data is deidentified, publicly commits to maintain and use the data in a deidentified form, and contractually prohibits recipients of the data from trying to reidentify it.		
AB 953 Ting	Amended 1/6/2020	Senate Gov. & F.	Land use: accessory dwelling units. Current law requires a local agency to ministerially approve or deny a permit application for the creation of an accessory dwelling unit or junior accessory dwelling unit within 60 days from the date the local agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. This bill would deem a permit application for the creation of an accessory dwelling unit or junior accessory dwelling unit approved if the local agency has not acted upon the completed application within 60 days.		
AB 992 Mullin	Amended 4/22/2019	Senate Gov. & F.	Open meetings: local agencies: social media. The Ralph M. Brown Act generally requires that the meetings of legislative bodies of local agencies be conducted openly. That act defines "meeting" for purposes of the act and prohibits a majority of the members of a legislative body, outside a meeting authorized by the act, from using a series of communications of any kind to discuss, deliberate, or take action on any item of business that is within the subject matter jurisdiction of the legislative body. This bill would provide that the prohibition described above does not apply to the participation, as defined, in an internet-based social media platform, as defined, by a majority of the members of a legislative body, provided that a majority of the members do not discuss among themselves, as defined, business of a specific nature that is within the subject matter jurisdiction of the legislative body of the local agency.		

<u>AB 1035</u> <u>Ramos</u>	Amended 6/25/2020	Senate Judiciary	COVID-19 emergency: small businesses: immunity from civil liability. Would exempt a small business with 25 or fewer employees from liability for an injury or illness to a person due to coronavirus (COVID-19) based on a claim that the person contracted COVID-19 while at that small business, or due to the actions of that small business. The bill would require the small business, for this exemption to apply, to have implemented and abided by all applicable state and local health laws, regulations, and protocols. The bill would not permit this exemption to apply if the injury or illness resulted from a grossly negligent act or omission, willful or wanton misconduct, or unlawful discrimination by the business or an employee of the business.		
<u>AB 1112</u> <u>Friedman</u>	Amended 6/19/2019	Senate 2 year	Shared mobility devices: local regulation. Current law generally regulates the operation of bicycles, electric bicycles, motorized scooters, and electrically motorized boards. Current law allows local authorities to regulate the registration, parking, and operation of bicycles and motorized scooters in a manner that does not conflict with state law. This bill would define a "shared mobility device" as a bicycle, electric bicycle, motorized scooter, electrically motorized board, or other similar personal transportation device, that is made available to the public for shared use and transportation, as provided.		
<u>AB 1142</u> <u>Friedman</u>	Amended 8/12/2019	Senate 2 year	Regional transportation plans: transportation network companies. Current law requires a regional transportation plan to include a policy element, an action element, a financial element, and, if the transportation planning agency is also a metropolitan planning organization, a sustainable communities strategy. Under current law, the policy element describes the transportation issues in the region, identifies and quantifies regional needs, and describes the desired short-range and long-range transportation goals, as well as pragmatic objective and policy statements. Current law authorizes the policy element of transportation planning agencies with populations that exceed 200,000 persons to quantify a set of specified indicators. This bill would authorize the inclusion of an additional indicator regarding measures of policies to increase use of existing transit.	Support	
<u>AB 1190</u> <u>Irwin</u>	Amended 5/1/2019	Senate Rules	Unmanned aircraft: state and local regulation: limitations. Would, among other things, prohibit a state or local agency from adopting any law or regulation that bans the operation of an unmanned aircraft system. The bill would also authorize a local agency to adopt regulations to enforce FAA regulations regarding the operation of unmanned aircraft systems and would authorize local agencies to regulate the operation of unmanned aircraft and unmanned aircraft systems within their jurisdictions, as specified. The bill would also authorize a local agency to require an unmanned aircraft operator to provide proof of federal, state, or local registration to licensing or enforcement officials.		

AB 1279 Bloom	Amended 4/24/2020	Senate Housing	Planning and zoning: housing development: high-opportunity areas. The Planning and Zoning Law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit if the development satisfies certain objective planning standards, including that the development is (1) located in a locality determined by the Department of Housing and Community Development to have not met its share of the regional housing needs for the reporting period, and (2) subject to a requirement mandating a minimum percentage of below-market rate housing, as provided. This bill would require the department to designate areas in this state as high-opportunity areas, as provided, by January 1, 2022, in accordance with specified requirements and to update those designations within 6 months of the adoption of new Opportunity Maps by the California Tax Credit Allocation Committee.		
AB 1286 Muratsuchi	Amended 6/6/2019	Senate 2 year	Shared mobility devices: agreements. Would require a shared mobility service provider, as defined, to enter into an agreement with, or obtain a permit from, the city or county with jurisdiction over the area of use. The bill would require that the provider maintain a specified amount of commercial general liability insurance and would prohibit the provider from including specified provisions in a user agreement before distributing a shared mobility device within that jurisdiction. The bill would define shared mobility device to mean an electrically motorized board, motorized scooter, electric bicycle, bicycle, or other similar personal transportation device, except as provided.		
AB 1350 Gonzalez	Amended 6/17/2020	Senate Education	Retroactive grant of high school diplomas: COVID-19 crisis. Would authorize a high school district, unified district, or county office of education to retroactively grant a high school diploma to a person who was in their senior year of high school during the 2019–20 school year; in good academic standing as of March 1, 2020; and unable to complete the statewide graduation requirements as a result of the COVID-19 crisis.		

AB 1436 Chiu	Amended 7/2/2020	Senate Judiciary	Tenancy: rental payment default: state of emergency: COVID-19. Would prohibit a landlord from applying a security deposit or monthly rental payment for the satisfaction of an obligation other than the prospective month's rent if the obligation accrued between the date a state of emergency relating to the COVID-19 pandemic was declared and either April 1, 2021, or 90 days after termination of the state of emergency, whichever is earlier (hereafter "effective time period"), unless the payment or security is specifically designated by the tenant for the obligation. The bill would provide that a covered tenant, as defined, who failed to pay rent that accrued during that effective time period shall not be deemed to be in default and would prohibit any action for recovery of unpaid rent until 12 months after the effective time period.		
AB 1484 Grayson	Amended 9/6/2019	Senate Rules	Mitigation Fee Act: housing developments. The Mitigation Fee Act requires a local agency that establishes, increases, or imposes a fee as a condition of approval of a development project to, among other things, determine a reasonable relationship between the fee's use and the type of development project on which the fee is imposed. This bill would prohibit a local agency from imposing a housing impact requirement adopted by the local agency on a housing development project, as defined, unless specified requirements are satisfied by the local agency, including that the housing impact requirement be roughly proportional in both nature and extent to the impact created by the housing development project.		
AB 1580 Levine	Amended 7/1/2019	Senate 2 year	Major infrastructure construction projects: oversight committees. Current law requires the Department of Transportation and the Bay Area Toll Authority to establish the Toll Bridge Program Oversight Committee, as provided, to review and provide program direction for seismic retrofit and replacement projects on toll bridges within the geographic jurisdiction of the committee. This bill, except as specified, would similarly require a state agency undertaking a publicly funded major infrastructure construction project that is estimated to cost \$1,000,000,000 or more to form an oversight committee, as provided, to develop and use risk management plans throughout the course of the project, and to take specified actions relating to managing risks. The bill would require the oversight committee to act as the authority for critical decisions regarding the implementation of the project's risk management plan and to have sufficient staff to support decisionmaking.		

<u>AB 1782</u> <u>Chau</u>	Amended 6/18/2020	Senate Judiciary	Personal information: contact tracing. The California Consumer Privacy Act of 2018 (CCPA), grants a consumer various rights with respect to personal information, as defined, that is collected or sold by a business, as defined, including the right to require a business to delete personal information about the consumer, as specified. This bill would generally regulate public health entities and businesses that provide technology-assisted contact tracing (TACT), as defined, services. The bill would, among other things, require a business or public health entity offering TACT to provide a simple mechanism for a user to revoke consent for the collection, use, maintenance, or disclosure of data and permit revocation of consent at any time. The		
<u>AB 1851</u> <u>Wicks</u>	Amended 5/5/2020	Senate Gov. & F.	Religious institution affiliated housing development projects: parking requirements. Would prohibit a local agency from requiring the replacement of religious-use parking spaces that a developer of a religious institution affiliated housing development project proposes to eliminate as part of that housing development project. The bill would prohibit the number of religious-use parking spaces requested to be eliminated from exceeding 50% of the number that are available at the time the request is made. The bill would prohibit a local agency from requiring the curing of any preexisting deficit of the number of religious-use parking spaces as a condition of approval of a religious institution affiliated housing development project.		
<u>AB 2285</u> Committee on Transportatio n	Amended 5/4/2020	Senate Transportation	Transportation. The California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program, upon appropriation from the Greenhouse Gas Reduction Fund, funds zero- and near-zero-emission truck, bus, and off-road vehicle and equipment technologies and related projects. The program provides that projects eligible for funding include, among others, technology development, demonstration, precommercial pilots, and early commercial deployments of zero- and near-zero-emission medium- and heavy-duty truck technology, and requires, until December 31, 2020, no less than 20% of funding made available for that purpose to support early commercial deployment of existing zero- and near-zero-emission heavy-duty truck technology. This bill would extend the requirement that 20% of that funding be made available for that same purpose until December 31, 2021.		

AB 2323 Friedman	Amended 7/1/2020	Senate Environmental Quality	California Environmental Quality Act: exemptions. CEQA exempts from its requirements certain residential, employment center, and mixed-use development projects meeting specified criteria, including that the project is undertaken and is consistent with a specific plan for which an environmental impact report has been certified. This bill would require that the project is undertaken and is consistent with either a specific plan prepared pursuant to specific provisions of law or a community plan, as defined, in order to be exempt. Because a lead agency would be required to determine the applicability of this exemption, this bill would impose a state-mandated local program.		
AB 2345 Gonzalez	Amended 5/22/2020	Senate Housing	Planning and zoning: density bonuses: annual report: affordable housing. The Planning and Zoning Law requires the planning agency of a city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of net new units of housing that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, as provided. This bill would require that the annual report include specified information regarding density bonuses granted in accordance with specified law.		
AB 2405 Burke	Amended 7/7/2020	Senate Housing	Right to safe, decent, and affordable housing. Would declare that it is the policy of the state that every individual has the right to safe, decent, and affordable housing, and would require the policy to consider homelessness prevention, emergency accommodations, and permanent housing, as specified. The bill would, among other things, require all relevant state agencies and departments, including, but not limited to, the Department of Housing and Community Development, the State Department of Social Services, and the Office of Emergency Services, and local jurisdictions to consider that state policy when revising, adopting, or establishing policies, regulations, and grant criteria when those policies, regulations, and criteria are pertinent to advancing the guidelines listed as core components of Housing First. The bill would make these provisions operative on January 1, 2026, and would make implementation of these provisions subject to an appropriation of funds in the annual Budget Act for these purposes.		

<u>AB 2542</u> <u>Kalra</u>	Amended 7/1/2020	Senate Public Safety	Criminal procedure: discrimination. Would prohibit the state from seeking a criminal conviction or sentence on the basis of race, ethnicity, or national origin, as specified. The bill would allow a writ of habeas corpus to be prosecuted on the basis of that prohibition. The bill would require the prosecution to disclose, pursuant to a written request, all evidence relevant to a potential violation of that prohibition. By expanding the duties of local prosecutors, the bill would impose a state-mandated local program. The bill would require a court that finds a violation of that prohibition to dispose of the case against the defendant as specified.		
<u>AB 2621</u> <u>Mullin</u>	Amended 7/2/2020	Senate Environmental Quality	Office of Planning and Research: regional climate networks: climate adaptation action plans. Current law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Current law establishes the Office of Planning and Research in state government in the Governor's office. Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible agencies, as defined, to establish and participate in a regional climate network, as defined, to prepare a regional climate adaptation action plan for certain regions, as specified. The bill would authorize eligible agencies to voluntarily determine whether to establish membership in a regional climate network.	Support if Amended	Support if Amended
<u>AB 2690</u> <u>Low</u>	Amended 5/4/2020	Senate Judiciary	Mobilehome parks: local ordinances. Current law, the Mobilehome Residency Law, prescribes various terms and conditions of tenancies in mobilehome parks. Current law exempts new construction, defined as spaces initially held out for rent after January 1, 1990, from any ordinance, rule, regulation, or initiative measure adopted by a city or county, which establishes a maximum amount that a landlord may charge a tenant for rent. This bill would repeal the exemption regarding new construction from ordinances, rules, regulations, and initiative measures, establishing a maximum amount that a landlord may charge a tenant for rent.		

<u>AB 2730</u> <u>Cervantes</u>	Amended 5/4/2020	Senate Governmental Organization	Access and functional needs: local government: agreement for emergency management, transportation, and paratransit services. Would require a regional transit district, county transportation commission, or other local transportation authority that provides paratransit services to enter into an agreement with adjacent regional transit districts, county transportation commissions, or local transportation authorities, upon request of the adjacent district, commission, or authority, for purposes of permitting the adjacent district, commission, or authority to borrow, for compensation, paratransit vehicles and drivers in the event of an emergency that requires the evacuation and relocation of the access and functional needs population in the jurisdiction or service area of the adjacent district, commission, or authority.		
<u>AB 2800</u> <u>Quirk</u>	Amended 6/4/2020	Senate Natural Resources and Water	Climate change: state infrastructure planning: Climate-Safe Infrastructure Working Group. Current law requires the Natural Resources Agency to establish a Climate-Safe Infrastructure Working Group for the purpose of examining how to integrate scientific data concerning projected climate change impacts into state infrastructure engineering, including oversight, investment, design, and construction. Current law requires the working group, by July 1, 2018, to make recommendations to the Legislature and the Strategic Growth Council that address specified climate change issues. Current law requires these provisions to be inoperative on July 1, 2020, and repeals them on January 1, 2021. This bill would delete the above inoperative and repeal dates, thereby extending the above provisions indefinitely.		
<u>AB 2850</u> <u>Low</u>	Amended 7/8/2020	Senate L., P.E. & R.	Public transit employer-employee relations: San Francisco Bay Area Rapid Transit District. Current law creates the San Francisco Bay Area Rapid Transit District with various powers and duties and establishes a board of directors as the legislative body of the district. Current law requires the board, upon a majority of district employees in a unit appropriate for collective bargaining indicating a desire to be represented by a labor organization, to bargain with the accredited representative of those employees. Current law requires the board and employees to bargain in good faith and make all reasonable efforts to reach agreement on the terms of a written contract governing wages, salaries, hours, working conditions, and grievance procedures. This bill would specify that the Public Employment Relations Board, and the powers and duties of the Public Employment Relations Board, has jurisdiction, as appropriate, to enforce these statutory provisions governing employer-employee relations within the district. The bill would prescribe the rights of employee organizations, as defined, and exclusive representatives, as defined.		

AB 3040 Chiu	Amended 7/7/2020	Senate Housing	Local planning: regional housing need assessment. Would authorize a city or county to include in its inventory of land suitable for residential development specified sites that contain an existing single-family dwelling unit, but that the city or county has permitted, or is proposing to permit, to contain 4 dwelling units as a use by right. The bill would require these sites to be identified to satisfy either the moderate or the above-moderate income regional housing need income level. The bill would require a city or county identifying a site pursuant to these provisions to include in its housing element a description of the development standards that enable the identified sites to be redeveloped at a higher density, as specified. The bill would authorize a city or county, instead of listing sites individually in its inventory of land suitable for residential development, to include a summary of the credits received if the list of sites is included elsewhere in the housing element.		
AB 3088 Chiu	Amended 5/12/2020	Senate Judiciary	Tenancy: termination: rent caps. Current law prohibits an owner of residential real property from terminating the tenancy of certain tenants without just cause, either at-fault or no-fault of the tenant. Current law also exempts certain types of residential real properties or residential circumstances from these provisions, including housing that has been issued a certificate of occupancy within the previous 15 years. This bill would, among other things, additionally exempt housing that has been issued a final inspection, final permit, or similar approval for initial residential occupancy of the unit within the previous 15 years.		
AB 3107 Bloom	Amended 5/11/2020	Senate Housing	Planning and zoning: general plan: housing development. The Planning and Zoning Law requires that the housing element include, among other things, an inventory of land suitable and available for residential development, as provided. If that inventory does not identify adequate sites to accommodate the need for groups of all household income levels, as specified, existing law requires the city or county to rezone those sites within specified periods. This bill, notwithstanding any inconsistent provision of a city's or county's general plan, specific plan, zoning ordinance, or regulation, would require that a housing development be an authorized use on a site designated in any element of the general plan for commercial if certain conditions apply. Among these conditions, the bill would require that the housing development be subject to a recorded deed restriction requiring that at least 20% of the units have an affordable housing cost or affordable rent for lower income households, as those terms are defined, and located on a site that satisfies specified criteria.		

<u>AB 3182</u> <u>Ting</u>	Amended 5/7/2020	Senate Housing	Common interest developments: governing documents: rental or leasing of separate interests. Current law specifies that an owner's right to rent or lease the separate interest shall not be deemed to have terminated if the transfer meets one of specified conditions, including that the transfer is exempt for purposes of reassessment by the county tax assessor. Current law makes these provisions applicable only to a provision in a governing document or a provision in an amendment to a governing document that became effective on or after January 1, 2012. This bill would make void and unenforceable any governing document that purports to prohibit the rental or leasing of any of the separate interests in a common interest development. The bill would also provide that an owner of a separate interest in a common interest development is not subject to a provision in a governing document or an amendment to a governing document that effectively prohibits or unreasonably restricts the rental or leasing of any of the separate interests in that common interest development to a renter, lessee, or tenant.		
<u>AB 3205</u> <u>Salas</u>	Amended 5/19/2020	Senate B., P. & E.D.	Regions Rise Grant Program. Would establish the Regions Rise Grant Program within the Governor's Office of Business and Economic Development for the purpose of supporting inclusive, cross-jurisdictional, and innovative processes that lead to inclusive strategies to address barriers and challenges confronting communities in creating economic prosperity for all. The bill would define "region" as a geographic area comprised of one or more counties and cities that form a functional economy.		
<u>AB 3256</u> <u>Garcia,</u> <u>Eduardo</u>	Amended 6/4/2020	Assembly Rules	Economic Recovery, Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020. Would enact the Economic Recovery, Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$6,980,000,000 pursuant to the State General Obligation Bond Law to finance projects for an economic recovery, wildfire prevention, safe drinking water, drought preparation, and flood protection program.		
<u>AB 3269</u> <u>Chiu</u>	Amended 7/2/2020	Senate Housing	State and local agencies: homelessness plan. Would, upon appropriation by the Legislature or upon receiving technical assistance offered by the federal Department of Housing and Urban Development (HUD), if available, require the coordinating council to conduct, or contract with an entity to conduct, a statewide needs and gaps analysis to, among other things, identify state programs that provide housing or services to persons experiencing homelessness and create a financial model that will assess certain investment needs for the purpose of moving persons experiencing homelessness into permanent housing.		

<u>AB 3308</u> <u>Gabriel</u>	Amended 5/22/2020	Senate Housing	School districts: employee housing. Would specify that the state policy created by the Teacher Housing Act of 201 includes permitting school districts to restrict occupancy on land owned by school districts to teachers and school district employees of the school district that owns the land, so long as that housing does not violate any other applicable laws, but excluding those laws that may prohibit any priority or preference in favor of teachers and school district employees in occupying the housing. The bill would specify that a school district may allow local public employees to occupy housing created through the act.		
<u>AB 3352</u> <u>Friedman</u>	Amended 5/12/2020	Senate Housing	State Housing Law: enforcement response to complaints. Current law deems a building, portion of a building, or premises on which a building is located to be a substandard building if any one of specified conditions exists to the extent that it endangers the life, limb, health, property, safety, or welfare of the public or its occupants. Current law deems a building, portion of a building, or premises on which a building is located to be in violation of the State Housing Law if it contains lead hazards, as specified, that are likely to endanger the health of the public or the occupants. This bill would, beginning July 1, 2021, require a city or county that receives a complaint of a substandard building or a lead hazard violation, as described above, from a tenant, resident, or occupant, or an agent of a tenant, resident, or occupant, to inspect the building, portion of the building intended for human occupancy, or premises of the building, cite the lead hazard violations or the building, portion of the building intended for human occupancy, or premises on which the building is located as being substandard, as applicable, and provide free copies of the inspection report and citations issued, if any, to the tenant, resident, occupant, or agent, and to all potentially affected tenants, residents, occupants, or the agents of those individuals, as specified.		
<u>ACA 1</u> <u>Aguiar-Curry</u>	Amended 3/18/2019	Assembly Reconsideration	Local government financing: affordable housing and public infrastructure: voter approval. The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.	Support	Support

SB 45 Allen	Amended 1/23/2020	Assembly Desk	Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020. Would enact the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020, which, if approved by the voters, would authorize the issuance of bonds in the amount of \$5,510,000,000 pursuant to the State General Obligation Bond Law to finance projects for a wildfire prevention, safe drinking water, drought preparation, and flood protection program.		
SB 59 Allen	Amended 7/3/2019	Assembly 2 year	California Transportation Commission: advisory committee: autonomous vehicle technology. Current law creates the California Transportation Commission with various powers and duties, including the duty to advise and assist the Secretary of Transportation and the Legislature in formulating and evaluating state policies and plans for transportation programs in the state. This bill would require the chair of the commission to establish an advisory committee, the California Council on the Future of Transportation, to provide the Governor and the Legislature with recommendations for changes in state policy to ensure that California continues to be the world leader in autonomous, driverless, and connected vehicle technology.		
SB 146 Beall	Amended 7/13/2020	Assembly Transportation	Regional transportation plans: sustainable communities strategies: procedural requirements. Would revise the procedures required for the adoption of a sustainable communities strategy or alternative planning strategy by, among other things, recharacterizing the workshops as gatherings and reducing the required number of informational meetings and gatherings to one meeting or gathering and the required number of public hearings to 2 hearings. The bill would authorize these informational meetings, gatherings, and public hearings to be conducted digitally or telephonically. The bill would also require the draft sustainable communities strategy or an alternative planning strategy to be prepared and circulated not less than 45 days, instead of 55 days, before adoption of a final regional transportation plan.		

<u>SB 182</u> <u>Jackson</u>	Amended 9/6/2019	Assembly 2 year	Local government: planning and zoning: wildfires. Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after January 1, 2020, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.		
<u>SB 254</u> <u>Hertzberg</u>	Amended 7/13/2020	Assembly Revenue and Taxation	Personal income taxes: corporation taxes: transfer of tax losses. Would allow a taxpayer under either the Personal Income Tax Law or the Corporation Tax Law to transfer any tax loss, as defined, to an unrelated party, as provided. The bill, for taxable years beginning on or after January 1, 2021, and before January 1, 2026, would provide for an additional exclusion from the taxpayer's "gross income" under both of those laws any amount received by a taxpayer in exchange for a tax loss transferred under this bill if the taxpayer invests that amount in an affordable housing project or a corporation, partnership, or limited liability company that is engaged in providing affordable housing, as provided, within 180 days of receipt. The bill would authorize the Franchise Tax Board to adopt regulations to implement these provisions and exempt those regulations from the rulemaking provisions of the Administrative Procedure Act.		Support and Seek Amendments
<u>SB 278</u> <u>Beall</u>	Amended 3/28/2019	Assembly Transportation	Metropolitan Transportation Commission. The Metropolitan Transportation Commission Act creates the Metropolitan Transportation Commission as a local area planning agency to provide comprehensive regional transportation planning for the region comprised of the 9 San Francisco Bay area counties. The act requires the commission to continue to actively, on behalf of the entire region, seek to assist in the development of adequate funding sources to develop, construct, and support transportation projects that it determines are essential. This bill would also require the commission to determine that those transportation projects are a priority for the region.		

SB 336 Dodd	Amended 4/29/2019	Assembly 2 year	Transportation: fully-automated transit vehicles. Would require a transit operator, as defined, until January 1, 2025, to ensure each of its fully-automated transit vehicles, as defined, is staffed by at least one of its employees, who has had specified training, while the vehicle is in service. The bill would require a transit operator that deploys a fully-automated transit vehicle to report the results of that deployment to the Legislature on or before March 31, 2025.		
SB 474 Stern	Amended 6/19/2020	Assembly Local Government	Very high fire hazard severity zone: state responsibility area: development prohibition. Would, in furtherance of specified state housing production and wildfire mitigation goals, prohibit the creation or approval of a new development, as defined, in a very high fire hazard severity zone or a state responsibility area. By imposing new duties on local governments with respect to the approval of new developments in very high fire hazard severity zones and state responsibility areas, this bill would impose a state-mandated local program. The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.		
SB 592 Wiener	Amended 7/13/2020	Assembly Judiciary	Jury service. Would require the Franchise Tax Board (FTB) to annually furnish the jury commissioner of each county with a list of resident state tax filers, as defined, and include the list of resident state tax filers as a source list for the purposes of jury selection. The bill would also require the FTB to revise the state resident income tax return to include a line for taxpayers to include the address of their principal residence and their county of principal residence.		
SB 621 Glazer	Amended 6/17/2019	Assembly 2 year	California Environmental Quality Act: expedited judicial review: affordable housing projects: reports. Would require the Judicial Council, by July 1, 2020, to adopt a rule of court applicable to an action or proceeding brought to attack, review, set aside, void, or annul the certification of an environmental impact report for an affordable housing project, as defined, or the granting of an approval of an affordable housing project that requires the action or proceeding, including any potential appeals therefrom, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceeding with the court. The bill would provide that these provisions do not apply to an affordable housing project if it is in certain locations.		

SB 664 Allen	Amended 9/10/2019	Assembly 2 year	Electronic toll and transit fare collection systems. Current law requires the Department of Transportation, in cooperation with the Golden Gate Bridge, Highway and Transportation District and all known entities planning to implement a toll facility, to develop and adopt functional specifications and standards for an automatic vehicle identification system, in compliance with specified objectives, including that a vehicle owner shall not be required to purchase or install more than one device to use on all toll facilities, and generally requires any automatic vehicle identification system purchased or installed after January 1, 1991, to comply with those specifications and standards. Current law authorizes operators of toll facilities on federal-aid highways engaged in an interoperability program to provide only specified information regarding a vehicle's use of the toll facility. This bill would expand the above-described objective so that a user of a toll facility shall also not be required to purchase or install more than one device to use on all toll facilities.	Support	
SB 672 Hill	Amended 4/25/2019	Assembly 2 year	Planning and zoning: regional housing need allocation: City of Brisbane. Would, for the 5th and 6th cycle of the housing element planning period for the City of Brisbane, prohibit the Association of Bay Area Governments from allocating to the City of Brisbane a share of the regional housing need that exceeds the share allocated to the city for the current planning period if specified conditions apply. Among these conditions, the bill would require that the City of Brisbane has taken action during the current planning period to zone or rezone sites sufficient to accommodate 615% or more of its regional housing need allocation for the current planning period.		
SB 773 Skinner	Amended 7/13/2020	Assembly Governmental Organization	Emergencies: State 911 Advisory Board. The Warren-911-Emergency Assistance Act establishes the State 911 Advisory Board to advise the Office of Emergency Services on specified subjects relating to the state's 911 emergency telephone response system and to conduct specified hearings on a final plan on implementation. This bill, commencing on June 1, 2021, would revise membership on the advisory board by (1) reducing one representative appointed on the recommendation of the California Police Chiefs Association, one representative appointed on the recommendation of the California State Sheriffs' Association, and one representative appointed on the recommendation of the CalNENA Executive Board, except that any member in those categories whose term began before June 1, 2021, may serve out their term as set forth in existing law at the pleasure of the Governor, and (2) adding one representative of the California Welfare Directors Association, one county public guardian, and one county mental health professional, all 3 of whom will serve at the pleasure of the Governor, as specified.		

<u>SB 899</u> <u>Wiener</u>	Amended 6/18/2020	Assembly Housing and Community Development	Planning and zoning: housing development: higher education institutions and religious institutions. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit if the development satisfies certain objective planning standards. This bill would require that a housing development project be a use by right upon the request of an independent institution of higher education or religious institution that partners with a qualified developer on any land owned in fee simple by the applicant on or before January 1, 2020, if the development satisfies specified criteria.		
<u>SB 902</u> <u>Wiener</u>	Amended 5/21/2020	Assembly Local Government	Planning and zoning: housing development: density. Would authorize a local government to pass an ordinance, notwithstanding any local restrictions on adopting zoning ordinances, to zone any parcel for up to 10 units of residential density per parcel, at a height specified by the local government in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2022, based on specified criteria.		
<u>SB 995</u> <u>Atkins</u>	Amended 6/18/2020	Assembly Natural Resources	Environmental quality: Jobs and Economic Improvement Through Environmental Leadership Act of 2011: housing projects. CEQA requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA authorizes the preparation of a master EIR and authorizes the use of the master EIR to limit the environmental review of subsequent projects that are described in the master EIR, as specified. This bill would require a lead agency to prepare a master EIR for a general plan, plan amendment, plan element, or specified plan for housing projects where the state has provided funding for the preparation of the master EIR.		

SB 1085 Skinner	Amended 6/18/2020	Assembly Housing and Community Development	Density Bonus Law: qualifications for incentives or concessions: student housing for lower income students: moderate-income persons and families: local government constraints. Current law requires the amount of a density bonus and the number of incentives or concessions a qualifying developer receives to be pursuant to a certain formula based on the total number of units in the housing development, excluding the units added by a density bonus awarded pursuant to the Density Bonus Law or any local law granting a greater density bonus. This bill would require a unit designated to satisfy the inclusionary zoning requirements of a city or county to be included in the total number of units on which a density bonus and the number of incentives or concessions are based.		
SB 1120 Atkins	Amended 6/18/2020	Assembly Local Government	Subdivisions: tentative maps. Would, among other things, require a proposed housing development containing 2 residential units to be considered ministerially, without discretionary review or hearing, in zones where allowable uses are limited to single-family residential development if the proposed housing development meets certain requirements, including that the proposed housing development would not require demolition or alteration requiring evacuation or eviction of an existing housing unit that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.		
SB 1238 Hueso	Amended 6/18/2020	Assembly Transportation	Department of Transportation: highways and roads: recycled plastics study and specifications. Would authorize the Department of Transportation to conduct a study to assess the feasibility, cost effectiveness, and life-cycle environmental benefits of including recycled plastics in asphalt used as a paving material in the construction, maintenance, or rehabilitation of a highway or road. If the department determines that this use of recycled plastics is feasible and that recycled plastics can be included in asphalt in a manner that is cost effective and provides life-cycle environmental benefits, the bill would authorize the department to establish specifications for including recycled plastics in asphalt used as a paving material in the construction, maintenance, and rehabilitation of a highway or road.		

<u>SB 1291</u> Committee on Transportation	Amended 4/3/2020	Assembly Transportation	Federal Statewide Transportation Improvement Program: submissions. Current law requires each metropolitan planning organization and transportation planning agency, not later than October 1 of each even-numbered year, to submit its Federal Transportation Improvement Program to the Department of Transportation for incorporation into the Federal Statewide Transportation Improvement Program, which current law requires the department to submit to the United States Secretary of Transportation by not later than December 1 of each even-numbered year. This bill would provide that a metropolitan planning organization or transportation planning agency is not required to submit a Federal Transportation Improvement Program to the department, and the department is not required to submit the Federal Statewide Transportation Improvement Program to the secretary, for 2020.		
<u>SB 1320</u> <u>Stern</u>	Amended 6/18/2020	Assembly Natural Resources	Climate change: California Climate Change Assessment. Would require the Office of Planning and Research to develop the California Climate Change Assessment, in coordination with the Natural Resources Agency, the State Energy Resources Conservation and Development Commission, and the Strategic Growth Council, and in consultation with partner public agencies designated by the office. The bill would require the office to conduct the assessment every 5 years. The bill would require the assessment to assess and report the impacts and risks of climate change and identify potential solutions to inform legislative policy, as provided. The bill would require the assessment to include sector-specific liability projections that assess the impacts of climate change under varied emissions scenarios for the years 2025, 2030, 2050, and 2100.		
<u>SB 1385</u> <u>Caballero</u>	Amended 6/18/2020	Assembly Local Government	Local planning: housing: commercial zones. The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. This bill, the Neighborhood Homes Act, would deem a housing development project, as defined, an allowable use on a neighborhood lot that is zoned for office or retail commercial use under a local agency's zoning code or general plan. The bill would require the density for a housing development under these provisions to meet or exceed the density deemed appropriate to accommodate housing for lower income households according to the type of local jurisdiction, including a density of at least 20 units per acre for a suburban jurisdiction.		

January 1 Statutes take effect 6 Legislature reconvenes 10 10 Budget must be submitted by Governor (Art. IV, Sec. 12(a)) 17 Last day for policy committees to hear and report to fiscal committees fiscal bills introduced in their house in the odd-numbered year 20 Martin Luther King, Jr. Day 24 Last day for any committee to hear and report to the floor bills introduced in that house in the odd-numbered year.
