**Agenda Item 4b - 20-1325**

**Contract Amendment – Advanced Toll Collection and Accounting System (ATCAS II):  
TransCore, LP (\$742,547)**

---

**Subject:** This item requests Committee approval to enter into a contract amendment with TransCore, LP (TransCore) in an amount not to exceed \$742,547 to provide funds for replacement spare parts and a price adjustment to TransCore's operating maintenance budget, which the contract authorizes TransCore to receive annually.

**Background:** Following a competitive procurement, BATA entered into a contract with TransCore in 2009 to replace the original toll collection and accounting system. Installation was completed in late 2013 followed by six years of maintenance along with an additional two-year extension which shall end in September 2022. The proposed amendment adds funds for October 2020 to September 2021 for spare parts (\$700,000) and the annual contract price adjustment (\$42,547).

While maintaining the toll collection system, TransCore periodically replaces broken equipment such as cameras, antennas and printers. TransCore also proactively replaces equipment prior to failure, such as in-ground treadles for counting vehicle axles. The spare parts budget is based on usage from previous years along with forecasts of potential additional needs that may occur in the coming year.

Within the contract, the operating maintenance budget for the current year ending September 30, 2021 is \$3,194,558 and is subject to adjustment on an annual basis during the entire maintenance period based on increases and decreases in the Consumer Price Index (CPI) taken from the Urban Wage Earners and Clerical Workers for the San Francisco – Oakland – San Jose area.

Attachment A includes a summary of TransCore and its project team's small business and disadvantaged business enterprise status.

**Recommendation:** Staff recommends that this Committee authorize the Executive Director or designee to negotiate and enter into a contract amendment with TransCore in an amount not to exceed \$742,547 to continue providing toll system maintenance.
