# COMMISSION AGENDA ITEM 7a Metropolitan Transportation Commission Administration Committee

October 14, 202	0 Agenda Item 3a - 20-1324 MTC Resolution No. 4422, Revised –
N	ATC FY 2020-21 MTC Operating and Capital Budgets Amendment
Subject:	Staff requests that the Committee refer to the Commission for approval, MTC Resolution No. 4422, Revised, approving Amendment No. 1 to the MTC FY 2020-21 Operating and Capital Budgets.
Background:	Staff is recommending an Amendment to the FY 2020-21 Operating and Capital Budget to include one new grant as well as a minor account change. Total revenue increase is \$1.16 million in grant revenue with an increase of the same amount in expenses. The FY 2020-21 Operating and Capital Budgets remain balanced.
	The proposed amendment includes the following changes:
	<u>Work Element 1521</u> : MTC was awarded an FTA 5304 Bay Area Regional Rail Partnerships: Project Delivery and Governance planning grant in the amount of \$400,000. The grant was awarded to bring together Bay Area rail operators in a collaborative working group, to assess existing rail linkages, issues, and challenges as well as to identify options for coordinated project delivery and governance structures. In addition, the project will include a final report and presentation outlining recommendations and next steps. To clarify the project goals and segregate the grant funds, the project was moved from work element 1517 to work element 1521.
	<u>Work Element 1614</u> : MTC was awarded a Senate Bill 1 (SB1) State Highway Account (SHA) Sustainable Communities grant in the amount of \$539,534. The grant is awarded for the Vehicle Miles Traveled Reduction Planning for Priority Development Areas (PDAs). MTC will partner with the City of Vallejo and City of Richmond to develop plans and policies to support the reduction of vehicle miles traveled in their PDAs.
	Work Element 1618: This work item is amended to increase revenue by \$620,000 in order to continue implementation activities on the California Air Resources Board (CARB) grant-funded Car Sharing and Mobility Hubs in Affordable Housing Pilot Project. The pilot project will provide battery electric car sharing vehicles and electric charging stations along with a suite of mobility options such as bikeshare, transit passes, and other rideshare solutions at three affordable housing sites in disadvantaged communities in the cities of Oakland, Richmond, and San Jose.
	In addition to the above changes, staff has also made some minor revisions to the budget schedules which have no effect on the overall budget. The proposed amendment maintains a balanced budget.
