Agenda Item 4e - 20-1480

MTC Resolution No. 4431, Revised

Subject: Allocation of \$2.4 million in FY 2020-21 State Transit Assistance (STA) funds to WestCAT to support transit operations

Background: Approximately \$340 million in STA Revenue-based and Population-based funds are estimated to be available in FY 2020-21 to support transit operations and capital projects in the Bay Area. STA funds are derived from the sales tax on diesel fuel and are split equally at the state level between the Revenue-based and Population-based programs.

This month, \$2.4 million in STA funding is proposed to be allocated to WestCAT in support of transit operations. These funds come from the BART STA Revenue-based apportionment that is used to support its Feeder Bus Program. WestCAT will receive another \$2.5 million in STA funding through the Executive Director's Delegated Authority process, as the allocation requests from various apportionments fall below the \$1 million threshold. These delegated authority allocations will be included in the second quarter report to PAC in January 2021.

In June, the WestCAT Board adopted a budget for the first quarter of FY 2020-21 and requested approximately \$2 million in Transportation Development Act (TDA), STA, and Regional Measure (RM2) operating funds to support their partial-year budget. In September, WestCAT approved a budget for the entire fiscal year and updated their request for funds accordingly. TDA, STA, and RM2 comprise 54% of WestCAT's operating revenue. Most of the Federal Coronavirus Aid, Relief, and Economic Security Act funds programmed to WestCAT were carried into FY 2020-21 and comprise 27% of their operating revenue.

WestCAT's total operating budget of \$12.8 million is fully funded and is slightly more than the FY 2019-20 budget. Their fixed route service is about 65% of normal while paratransit service is about 40% of normal; ridership on both services is about 30% of normal. Contracted operations staffing will be maintained at current levels to allow for back-up buses and to increase service as needed.

ALLOCATION OF FISCAL YEAR 2020-21 STATE TRANSIT ASSISTANCE FUNDS
TO CLAIMANTS IN THE MTC REGION

FINDINGS

The following findings pertain, as the case may be, to claimants to which State Transit Assistance funds are allocated under this resolution.

1. That each claimant has submitted, or shall have submitted prior to the disbursement of funds, copies, to MTC and to appropriate agencies, of all required State Controller's reports and fiscal audit reports prepared in accordance with PUC §§ 99243 and 99245; and
2. That the projects and purposes for which each claimant has submitted an application for TDA Article 8 funds to MTC are in conformance with MTC's Regional Transportation Plan (21 Cal. Code of Regs. § 6651), and with the applicable state regulations (21 Cal. Code of Regs. § 6600 et seq.), and with the applicable MTC rules and regulations; and
3. That each claimant has submitted to MTC as part of its application for TDA Article 4 funds a budget indicating compliance with the 50% expenditure limitation of PUC § 99268, or with the applicable fare or fares-plus-local-support recovery ratio requirement (PUC §§ 99268.2, 99268.3, 99268.4, 99268.12, or 99270.5), or with the applicable fare or fares-plus-local-match recovery ratio requirement (as set forth, respectively, in PUC §§ 99268.5, 99268.12, or MTC Resolution No. 1209, Revised), as so attested to by the claimant's chief financial officer; and
4. That each claimant is making full use of federal funds available under the Fixing America's Surface Transportation (FAST) Act, as amended; and
5. That the sum of each claimant's allocation of Transportation Development Act and State Transit Assistance funds does not exceed the amount the claimant is eligible to receive, in accordance with the calculations prescribed by 21 Cal. Code of Regs. § 6633.1 or § 6634; and

6. That MTC has given priority consideration to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high priority regional, countywide, or area wide public transportation needs; and
7. That each claimant has made a reasonable effort to implement the productivity improvements recommended pursuant to PUC § 99244; and
8. That each claimant has submitted to MTC a copy of a certification from the California Highway Patrol verifying that the claimant is in compliance with Section 1808.1 of the Vehicle Code (“Pull Notice Program”), as required by PUC § 99251; and
9. That each claimant is in compliance with the eligibility requirements of PUC §§ 99314.6 or 99314.7; and
10. That each claimant has certified that it has entered into a joint fare revenue sharing agreement with every connecting transit operator, and that it is in compliance with MTC’s Transit Coordination Implementation Plan, pursuant to Government Code §§ 66516 and 66516.5, PUC §§ 99314.5(c) and §99314.7, and MTC Resolution No. 3866, Revised.
