INDEPENDENT AUDITOR'S REPORT

Members of the Executive Committee of the
ABAG Finance Authority for Nonprofit Corporations

Report on the Financial Statements

We have audited the accompanying financial statements of the ABAG Finance Authority for Nonprofit Corporations ("FAN"), as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the FAN basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the ABAG Finance Authority for Nonprofit Corporations, as of June 30, 2020, and the changes in its financial position and its cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the FAN's basic financial statements. The other supplementary information as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

This financial report is designed to provide a general overview of Association of Bay Area Governments Finance Authority for Nonprofit Corporations (FAN). A. Financial Highlights

1. FAN had an operating loss of \$134,781 before a contribution to Association of Bay Area Governments (ABAG).
2. In July 2019, FAN made a contribution of \$987,853 to ABAG (see Note 1.I and Note 7).

ACFA Board of Directors accepted the transfer of responsibilities in May, 2020. Legal council is in the process of mailing out notices of the transfer to interested Parties. The Notice Period allows 90 days for Parties to object before the transaction is completed. The notice period is a formality and generally there are no objections. The transfer will be final following the completion of the notice period.

ABAG Finance Authority for Nonprofit Corporations
Financial Statements as of June 30, 2020
Management's Discussion and Analysis (unaudited)

Interest income decreased by \$65,799 in FY 2020. The decrease was due to lower interest rate and asset balances. Nonoperating expenses increased by \$637,853 in FY 2020. The increase was due to the contribution to ABAG. (see Note 1.I and Note 7).

D. Notes to the Financial Statements

The notes to the financial statements beginning on page 10, provide additional information that is essential to a full understanding of the data provided in this management discussion and analysis (MD&A) and the financial statements.

E. Economic Factors

The San Francisco Bay Area economy entered a recession starting in April 2020. The April recession ended the longest running economic expansion since the post WWII era. Immediate impacts include:

- Sales tax revenue that had grown for nine straight years fell 5 percent for FY 2020.
- Unemployment which was close to 3.5 percent in January, 2020 increased to about 10 percent by June, 2020.
- The impact of shelter-in-place orders on commercial values is not known at this time.

There are some indications that the worst of the recession may be behind us. The growth in retail sales and housing construction continue to increase, and paid traffic toll revenue on the 7 Bay Area bridges is now 80 percent of the FY 2019 level. FAN does not expect the current economic slump to have a direct financial impact on the agency. As a conduit borrower, FAN does not take nor have direct responsibility for the payment of the debt issued on behalf of the project. While the recession may make operating costs, including debt service payments more difficult for the project sponsors, neither the project sponsor, trustee nor bondholder has any recourse, direct or indirect, against FAN for failure to meet any bond covenant, payment or reporting obligation. In addition, the fees assessed by FAN for the administration of the debt are based on the principal outstanding and generally paid through a trustee and, as such not dependent on general economic conditions for payment.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity and Operations

ABAG Finance Authority for Nonprofit Corporations (FAN) was created pursuant to Chapter 5, Division 7, and Title 1 of the Government Code section 6500 of the State of California in 1990, to provide the means to meet the capital financing needs of public agencies and their nonprofit partners serving the public interest.

FAN is a joint powers authority comprising of California municipalities. FAN is governed by a board appointed by its members.

FAN assists eligible nonprofit entities and other borrowers in obtaining tax-exempt financing. Eligible entities include nonprofit corporations organized under Internal Revenue Code 501(c)(3) and other qualified borrowers financing projects in the public interest. Payments by these eligible borrowers are used to repay their respective debt and FAN is not liable for the repayment of debt in the event of a default by a borrower.

Prior to July 2017, the Association of Bay Area Governments (ABAG) provided administrative support for FAN.

In July 2017, ABAG staff was consolidated into the Metropolitan Transportation Commission (MTC) and MTC staff will continue to provide administrative support to FAN in accordance with the ABAG-MTC Contract for Services. FAN paid MTC a total of \$638,703 for these services in the fiscal year ended June 30, 2020. On the *Statement of Revenues, Expenses, and Changes in Net Position*, this amount is reflected as contracted salaries and benefits and overhead costs.

B. Basis of Presentation

FAN's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

FAN's basic financial statements are prepared using the *economic resources measurement focus* and the *accrual basis of accounting*. FAN accounts for all transactions in a single enterprise fund, which is a separate set of self-balancing accounts that comprise assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues and expenses. All transactions are accounted for on the accrual basis, which means that expenses are recorded when the liability is incurred and revenues are recorded when earned, rather than when cash changes hands.

D. Cash and Investments

FAN has assigned its management of cash and investments to MTC under the contract for services and adopted MTC's investment policy. The prudent investor rule states, in essence, that "in investing ... property for the benefit of another, a trustee shall exercise the judgment and care, under the circumstance then prevailing, which people of prudence, discretion, and intelligence exercise in the management of their own affairs." This policy affords FAN a broad spectrum of investment opportunities as long as the investment is deemed prudent and is authorized under the California Government Code Sections 53600, et seq.

Investments allowed under MTC's investment policy adopted by FAN include the following:

- Securities of the U.S. Government or its agencies
- Securities of the State of California or its agencies

- Authorized pooled investment programs
- Commercial paper – Rated "A1" or "P1"
- Corporate notes – Rated "A" or better

FAN applies the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, as amended (including by GASB Statement No. 72, *Fair Value Measurement and Application*), which generally requires investments to be recorded at fair value with the difference between cost and fair value recorded as an unrealized gain or loss. FAN reports its money market securities and short-term investments at cost. Net increases or decreases in the fair value of investments are shown in the Statement of Revenues, Expenses and Changes in Net Position as interest income.

FAN considers all balances in demand deposit accounts and the Local Agency Investment Fund (LAIF) to be cash, and classifies all other highly liquid cash equivalents as short-term investments. Highly liquid cash equivalents are short-term investments that meet the following definitions:

- Readily convertible to known amounts of cash.
- So near their maturity that they present insignificant risk of changes in value because of changes in interest rates.

I. Contribution to Association of Bay Area Governments (ABAG)

J. Use of Estimates

FAN's management has made a number of estimates and assumptions relating to the reporting of assets and liabilities and revenues and expenses and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles in the United States of America. Actual results could differ from those estimates.

K. Recent Event

During FY 2020, a novel strain of coronavirus spread around the world and was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. In March 2020, the State of California declared a statewide shelter-in-place order. The statewide shelter-in-place order had no appreciable effect on the operations and business results of the FAN business operations. The extent to which the coronavirus may impact business activity will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus. Management has not included any contingencies in the financial statements specific to this recent event.

2. NET POSITION

Net position represents residual interest in assets after liabilities are deducted.

ABAG Finance Authority for Nonprofit Corporations
Financial Statements for the Year Ended June 30, 2020

3. CASH

A. The composition of cash at June 30, 2020 is as follows:

Cash at banks	\$ 264,800

Deposits in LAIF are presented as cash as they are available for immediate withdrawal or deposit at any time without prior notice or penalty and there is minimal risk of principal. LAIF is unrated.

B. Deposit Risk Factor

Custodial credit risk can affect the value of deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, FAN may not be able to recover its deposits that are in the possession of an outside party. All checking accounts are insured by the Federal Depository Insurance Corporation (FDIC) up to the limit of \$250,000.

Under California Government Code Sections 53651 and 53652, depending on specific types of eligible securities, a bank must deposit eligible securities to be posted as collateral with its agent with the securities having a fair value of 110% to 150% of FAN's cash on deposit.

4. CONDUIT FINANCING PROGRAMS FOR ELIGIBLE ORGANIZATIONS

FAN is a conduit finance issuer. Debt obligations issued through FAN are those of the governments, non-profit organizations and private companies who utilize FAN's governmental status to access the tax-exempt and taxable municipal bond market.
