# Metropolitan Transportation Commission Administration Committee

June 9, 2021 Agenda Item 3b - 21-0673

# MTC Resolution No. 4459. FY 2021-22 MTC Operating and Capital Budgets

# **Subject:**

A request that the Committee refer to the Commission for approval, MTC Resolution No. 4459, approving the MTC FY 2021-22 Operating and Capital Budgets. The budget is balanced as submitted with a slight surplus projected at fiscal year-end.

**Background:** The financial picture has changed considerably in the last few months. Examples of the financial change from one year ago include:

	FY 2020	FY 2021
Unemployment	15%	6.1
GDP	-36%	+38%
Initial Ump Claims * Peak	6 M*	500,000
Bridge Traffic	-52 %	-15 %
Budget Balance	-\$1.7 M	\$123,000

Going into the FY 2020-21 budget, we projected total sales tax (TDA) revenue of \$11 million, a drop of 25% from the FY 2019-20 original budget estimate. However, as of April 2021, MTC sales tax revenue is already nearly \$11million and we now project a year-end number closer to \$14 million. The surprising recovery in retail sales, owed in great part to a federal court decision ending the ban on state sales tax on interstate/internet sales, is a principal reason MTC has avoided an operating deficit for FY 2020-21.

In addition to the unexpected revenue gain, we imposed some strict expenditure guidelines with the FY 2020-21 budget. The budget guidelines include,

- There were no new positions included in the FY 2021 budget
- Controls on hiring and contract expenses to avoid deficit cash-flow
- Continuation of our efforts to reduce post-retirement costs.

Post-retirement benefit costs have been reduced by 60% since FY 2018-19. During the past two years we managed to reduce our annual costs for PERS and OPEB liabilities by over \$2.5 million. Our efforts were successful enough to avoid the operating deficit we feared, at least through March 2021.

# FY 2022 Budget Parameters

The improving economy combined with our reduction of long-term expenses should be sufficient to avoid implementing similar expenditure controls administering the FY 2021-22 budget. Our basic budget preparation assumptions for next year include:

- 2.8% contractual salary increase
- 2.5% PERS normal cost increase
- PERS UAL amortization payment \$2.6 million
- OPEB actuarial contribution \$3.2 million
- Maintain minimum operating reserve 6 months
- No operational draw on reserves
- No special hiring freezes or expenditure controls
- Continued reduction of long-term post-retirement costs

Combining the improving economy and our continuing efforts to reduce long-term obligations, will produce a slight surplus in FY 2021-22, compared to the budgeted deficit of \$1.7 million for FY 2020-21

# **Positions**

Economic conditions limited our ability to include new positions in the development of the FY 2020-21 budget. With the improving economy, and expanding operational needs, we are proposing to loosen those restrictions to add certain positions considered essential to our expanding role.

There are total of 313 positions included in the proposed MTC budget for FY 2021-22, an increase of 13 positions. The new positions are spread throughout the MTC operations, however, as the "parent" company, MTC is responsible for authorizing staffing for MTC and all operating entities. The proposed staffing for FY 2021-22 is as follows:

	<u>2021</u>	<u>2022</u>	Total
MTC	227	5	232
BATA	67	8	75
SAFE	6	0	6
Total	300	13	313

MTC will add the positions to fill needs as follows:

- Address the comprehensive activities associated with BATA/FasTrak electronic toll conversion
- To support priority implementation actions emerging from the Blue Ribbon Task Force (fare coordination/integration; regional wayfinding and its supporting technology; bus priority on road network/design and implementation)
- To support priority implementation actions emerging from the Ad Hoc BATA Recovery working group (asset management development and

- oversight, and advancing implementation of the regional Bay Area Forward suite of projects and related actions)
- To address foundational support functions that had been outpaced by MTC's growing portfolio, including legal and human resources.

Specifically for the positions aligned with MTC activities, funding streams deemed sufficient to underwrite FY 22 needs are also adequate and reliable to support staffing levels in subsequent years, contingent upon Commission policies to ensure those funding streams prioritize the regional programs and the internal staff required to deliver them. In particular, federal Surface Transportation Block Grant (STBG-- formerly STP) funds; and State Transit Assistance (STA: population based) funds are assigned to the Commission directly and are reliable sources that can finance internal MTC program needs. Commitment to support agency supportive resources is essential for multi-year programs and need to be memorialized, in conjunction with the FY 22 budget approval. These will be brought forward as required in separate Commission actions during the year.

# **FY 2022 Operating Revenue**

Total revenue proposed for FY 2021-22 is just under \$93 million, up \$2.6 million from FY 2020-21. There was a decline in some grants and other project related transfers including STA and SAFE funds. Other revenue increases include:

•	BATA RM2 and other reimbursements	\$4.7 M
•	TDA (sales tax)	\$3.1 M
•	BATA 1% admin transfer	\$2.4 M

The overall recovery in TDA and BATA revenue combined should mitigate the structural expense increases built into the MTC operating budget.

# **Operating Expense**

Total operating expenses proposed for FY 2021-22 is \$92.6 million, up \$0.7 million from FY 2020-21. Highlights include:

•	Salaries & Benefits	\$34.2 M	Down 1%	\$ 0.2 M
•	Temp Salaries & Benefits	\$ 0.7 M	Up 13%	\$ 0.1 M
•	PERS prepayment	\$ 6.6 M	Up 72%	\$ 2.8 M

Total salaries and benefit cost increase is due to the increase in the prepayment of the PERS unfunded liability. The decrease in regular staff cost is the result of restructuring administrative costs between MTC and BATA. The pension prepayment proposed for FY 2021-22 will increase by \$2.7 million to a total of \$6.6 million as we commit additional resources to reducing future post-retirement benefit costs.

# Post Retirement Costs

Since FY 2018-19, MTC has reduced post retirement liabilities by over 60%. The OPEB liability of \$13 million in 2016 was fully retired in FY 2019-20 and has been an asset the past two fiscal years.

The PERS unfunded liability has been reduced 43%, or nearly \$17 million since FY 2018-19. Restructuring the long-term pension liability has:

•	Reduced the amortization period to	13.0 years
•	Reduced future interest costs by	\$18.7 M
•	Reduced annual costs	\$ 1.5 M

The combined reduction in annual costs is in excess of \$2.5 million and has been an important part of mitigating a potential structural deficit in the future.

# **Project Funding**

The proposed contract services budget for FY 2021-22 is \$43.3 million, down nearly \$3 million from the FY 2020-21 budget. Highlights include:

1233 - PTAP projects	\$ 3.6 M	up \$1.7 M
1311 - Means Based fare Subsidy	\$24.4 M	FY 2021 & FY 2022
1517 - Blue Ribbon TF	\$ 2.7 M	New
1611 - Jumpstart – Alameda	\$ 2.0 M	New
1127 - Regional Trails	-\$ 1.9 M	moved to ABAG

Project funding will vary from year to year, which causes some unpredictable contract budget swings.

# MTC Grants

MTC will have a total of over 60 active grants totaling \$293 million. MTC proposes to add 17 new grants and nearly \$35 million. The new project grants include (in millions):

	Budget
Blue Ribbon Transit recovery	\$ 10.2
Climate Initiatives	10.9
RSR Fwd	2.0
NAPA Fwd (\$1M new)	1.1
Dumbarton Fwd	2.0
I-880 Communications upgrade	1.8
CMA Planning	3.3
Other	3.6

# <u>Clipper – Operating</u>

The Clipper operating budget proposed for FY 2021-22 is \$31.6 million, down from \$37.6 million for FY 2020-21. Revenue was down in FY 2020-21 in response to the drop in public transportation ridership. The operating budget is balanced as proposed. Despite the reduction in operating revenue and expense,

Clipper operations are fully funded with no reduction in overall service for FY 2022.

# Clipper Capital

The Clipper capital budget is divided between the closeout of Clipper I and the development of Clipper II.

Clipper I will increase the life-to date budget by \$2 million to a total project cost of \$237 million through FY 2021-22. The funds will come from card sales and go mainly to staff costs and card expenses.

The proposed Clipper II budget for FY 2021-22 will be \$227.7 million, an increase of nearly \$22 million. New funding includes (in millions):

		Budget
•	FTA	\$ 9.2
•	Card Sales	4.0
•	SGR	8.4
	Total FY 2021-22	\$ 21.6

Most of the revenue, \$21.6 million, will be applied to consulting costs, with \$2.9 million being applied to project staff costs. One additional change, the project will utilize \$10.2 million of the \$19.5 million budgeted contingency, leaving a project contingency balance of \$9.3 million.

# Bay Area Forward

The 8 projects that make up the Bay Area Forward will have a proposed budget of \$72.5 million, up \$16.6 million from FY 2020-21. Project changes are as follows (in millions):

	LTD Budget Thru	
	FY 2020-21	FY 2021-22
Bay Bridge Forward 2016	\$22.9	\$22.9
Bay Bridge Forward 2020	11.0	15.9
Richmond Forward	0.0	3.1
Freeway Perf Initiative I-680	14.0	14.0
Freeway Performance Initiative I-880	3.0	3.1
Freeway Performance Initiative US-101	3.0	3.1
Dumbarton Forward	1.0	8.2
Napa Forward	1.0	2.2
Total	\$55.9	\$72.5

The Dumbarton Forward project will get the largest increase including a contribution of \$2.4 million and \$4.8 million from STP and RM2 Capital respectively.

# Exchange Fund

The proposed Exchange Fund balance for the FY 2021-22 budget is \$141 million. The FY 2021-22 funds will be received from Transportation Authority of Marin (TAM) and the Solano Transportation Authority (STA) who have agreed to pay MTC \$76 million and \$65 million, respectively. The funds are an exchange for MTC providing federal funding in lieu of the scheduled RM3 contributions that are currently held in escrow. Both agencies will forward their RM3 project allocations when the RM3 funds are finally released. Balances in the Exchange Fund are programmed by the Commission for use in future regional projects.

# MTC Reserves

As is the case with all MTC operating funds, we have an annual goal of maintaining an operating reserve of 6 months operating revenue. With a proposed FY 2021-22 budget of \$92.7 million, the stated reserve goal is \$46 million.

The audited reserve for FY 2019-20 was \$51 million with budgeted reserve estimates of \$49.2 million and \$49.3 million for FY 2020-21 and FY 2021-22, respectively. The breakdown is as follows (in millions):

	FY 2019-20	FY 2020-21	FY 2021-22
June 30 balance (adjusted)	\$50.9	\$49.2	\$49.3
Reservations	(23.7)	(17.5)	(19.1)
Net before retirement	27.2	31.7	30.2
Retirement costs	(34.1)	(21.0)	(15.7)
Net available/(deficit)	\$(6.9)	10.7	\$14.5

The total reserve for FY 2021-22 is at \$49.3 million. MTC has managed to fully restore the funded reserve since the "Great Recession" of 2008 and maintain the available reserve through the "crash" recession of 2020.

One additional and important variation on the financial goal is to have a "net positive" balance after all designated restrictions. There are two levels of reservations or restrictions on reserve balances. The first designation is to "Reserve" for obligations owed at fiscal year end and, second to designate funds that will be necessary to meet long-term liabilities. The year-end reservations include:

- Year-end contract balances
- Benefit changes
- Compensated absences
- Capital assets
- Liability contingency

What remains after the year-end reservations and after long-term liabilities is considered "Net Available" assets. If the ending number is negative, the agency

owes more than is available. If the ending number is positive, those "net assets" are available for future programming.

Maintaining operating reserves has an important overall operating role. The reserves serve several purposes, including:

- Cash flow to manage grant expenses in advance of reimbursement.
- Contingency funding for unexpected emergencies
- Contingency for economic uncertainties

The reserves serve a valuable purpose for MTC. First, as a cashflow management tool between grant expense and reimbursement, protection against unexpected expenses, and finally the means to manage swings during economic uncertainty.

MTC's reserves are fully funded, but more important, the reserve has a positive balance even after accounting for the remaining unfunded pension liabilities.

**Recommendation**: Staff recommends approval of MTC Resolution No. 4459 authorizing the FY

2021-22 MTC Operating and Capital Budgets and directing staff to submit

Resolution No. 4459 to the MTC Commission for approval.

**Attachments:** MTC Resolution No. 4459, MTC Operating and Capital Budgets for FY 2021-22.

# **ABSTRACT**

Resolution No. 4459

This resolution approves the Agency's Operating and Capital Budgets for FY 2021-22.

Further discussion of the agency budget is contained in the Administration Committee Summary Sheets dated June 9, 2021. A budget is attached as Attachments A through F.

Date: June 23, 2021

Re: Metropolitan Transportation Commission's Operating and Capital Budgets for FY 2021-22

# METROPOLITAN TRANSPORTATION COMMISSION RESOLUTION NO. 4459

WHEREAS, the Metropolitan Transportation Commission (MTC or the Commission) is the regional transportation planning agency for the San Francisco Bay Area pursuant to Government Code Section 66500 *et seq.*; and

WHEREAS, on April 28, 2021 the Commission approved MTC's Overall Work Program (OWP) for Fiscal Year 2021-22 with the adoption of MTC Resolution No. 4458; and

WHEREAS, the OWP identifies MTC's unified work program for FY 2021-22; and

WHEREAS, the final draft MTC Agency Budget for FY 2021-22 as reviewed and recommended by the Administration Committee will be consistent with the OWP as adopted pursuant to MTC Resolution No. 4458; now, therefore, be it

<u>RESOLVED</u>, that MTC's Agency Budget for FY 2021-22, prepared in accordance with generally accepted accounting principles and modified accrual, attached hereto as Attachment A, and incorporated herein as though set forth at length, is approved; and, be it further

RESOLVED, that the Executive Director or designee may approve adjustments among line items in the MTC operating budget for FY 2021-22, provided that there shall be no increase in the overall MTC operating budget without prior approval of the Commission; and, be it further

<u>RESOLVED</u>, that MTC delegates to its Administration or Operations Committees the authority to approve all contracts and expenditures in MTC's Agency Budget for FY 2021-22, providing that there shall be no increase in the overall budget without prior approval of the Commission; and, be it further

<u>RESOLVED</u>, that MTC's Executive Director, or the responsible MTC staff person designated by the Executive Director, shall submit written requests to the Administration or

Operations Committees for approval of consultants, professional services, and expenditures authorized in the MTC Agency Budget for FY 2021-22; and, be it further

RESOLVED, that MTC's Executive Director and the Chief Financial Officer are authorized to carry over and re-budget all grants, contracts and funds properly budgeted in the prior year for which expenditures were budgeted and encumbered and which will take place in FY 2021-22; and, be it further

<u>RESOLVED</u>, that the Commission authorizes the use of MTC funds for cash flow purposes, as an advance on authorized expenditures until the expenditures have been reimbursed; and, be it further

RESOLVED, that the Commission authorizes the designation of certain reserves for FY 2021-22 as follows: Benefits, Liability, Compensated Absences, Encumbrances, Building, Unfunded Pension Obligation, Other Post-Employment Benefits (OPEB) and Capital and Fixed Asset Replacement. The Chief Financial Officer is authorized to set aside \$1,000,000 for computer capital and replacement. The Chief Financial Officer is authorized to utilize the funds in the Benefits Reserve to meet any obligations resulting from the requirements of or changes in the employee labor agreements or for the purpose of prepaying or retiring unfunded pension or OPEB Liability. No additional expenditures shall be authorized from any designated reserves authorized by MTC's Agency Budget for FY 2021-22 without prior authorization of the Administration Committee; and, be it further

RESOLVED, that the total of full time regular and project term limited employees is established at 313 and will not be increased without approved increase to the appropriate FY 2021-22 budget and that the Executive Director or Designee is authorized to manage all contract, hourly or agency employees within the authorized FY 2021-22 budgets; and, be it further

<u>RESOLVED</u>, that MTC's Executive Director, or the responsible MTC staff person designated by the Executive Director, shall furnish the Administration Committee with a quarterly financial report to reflect budgeted and actual income, expenditures, obligations for professional and consultant services and such other information and data as may be requested by the Administration Committee.

METROPOLITAN TRANSPORTATION COMMISSION	1
Alfredo Pedroza, Chair	

The above resolution was entered into by the Metropolitan Transportation Commission at a regular meeting of the Commission held in San Francisco, California and at remote locations on June 23, 2021.

Date: June 23, 2021
