Agenda Item 9a

## **MTC Resolution Nos. 4481 and 4202, Revised – American Rescue Plan Act of 2021 Phase 1 Distribution and Accelerated Funding for Integration Strategies**

---

**Subject:** Proposed programming of \$912 million of American Rescue Plan Act of 2021 (ARP) funds to Bay Area transit operators for COVID-19 relief, and \$1.75 million in federal Safe and Seamless Quick-Strike funding for the implementation of small operator focused recovery efforts.

**Background:** **ARP Distribution Proposal and Next Steps**  
At the June 14<sup>th</sup> Programming and Allocations Committee (PAC) meeting, staff presented its proposal to distribute \$912 million in ARP funding for transit operations and set aside approximately \$157 million in funding for implementation of Blue Ribbon Transit Recovery Task Force (BRTF) initiatives, specific hardships or disparities, and focused recovery strategies.

In response to Commissioner concerns and requests stated at PAC, staff recommends the following specific concerns be considered for funding from the amount set aside for hardships and focused recovery efforts:

- Santa Clara Valley Transportation Authority – hardship related to the May 2021 tragedy at light-rail facility.
- Sonoma County Operators – hardships related to past and on-going fire concerns, and focused recovery strategies to smooth service provision until sales tax reauthorization in 2025.
- Marin Transit – focused recovery strategy to facilitate agreement with partner agency for service provision.

With the above concerns in mind, staff proposes to work towards determining specific funding needs for set-aside funds and will return to PAC in September with a detailed programming recommendation.

Further, in light of preliminary estimates to make meaningful progress on proposed initiatives in the BRTF Transformation Action Plan, staff recommends the Commission consider retaining a minimum of 5%, or approximately \$85 million, of the set-aside funds to be used specifically for BRTF initiative implementation.

### **Accelerated Integration and Coordination Funding**

In addition, to respond to Commissioner requests, staff is recommending the accelerated programming of federal funds for integration and coordination efforts as part of the Commission's action on this item.

As part of the programming framework for the Safe and Seamless Quick Strike program, the Commission set aside approximately \$6 million of total program funds for investment in BRTF initiatives that could be delivered in the very near term. To jump start integration strategies for Solano, Sonoma, and Contra Costa counties, staff is proposing to accelerate the programming of \$1.75 million of those funds for the development of integration and coordination implementation plans. These plans are expected to improve transit customer experience and advance the goals of the BRTF through enhanced coordination and integration of neighboring bus operators and micro-mobility improvements. The funds are proposed to be programmed to three County Transportation Authorities to manage these efforts as follows:

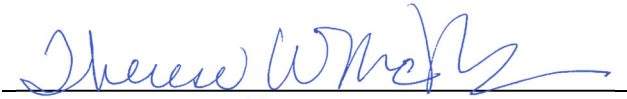

- Contra Costa Transportation Authority: \$500,000
- Solano Transportation Authority: \$500,000
- Sonoma County Transportation Authority: \$750,000

Staff will return to PAC in a later month to recommend programming for the approximately \$4 million in remaining funds for BRTF initiatives that were set aside from the Safe and Seamless Quick-Strike program.

**Issues:** None

**Recommendation:** Approve MTC Resolution Nos. 4481 and 4202, Revised; Because Resolution No. 4202 is proposed for revision under other agenda items, it is included under this agenda item with all proposed revisions. Only items approved by the Commission will be retained.

**Attachments:** Resolution 4202, Revised
