Programming and Allocations Committee**

**August 12, 2026**

**Agenda Item 2j-26-0846**

**MTC Resolution No. 4505, Revised**

---

**Subject:**

Various revisions to the One Bay Area Grant (OBAG 3) and MTC exchange program, including programming \$120,000 for various Priority Development Area (PDA) and Transit Oriented Communities (TOC) planning grants and an informational update on FY 2026 federal apportionment exchange agreements.

**Background:**

The OBAG 3 programs establish the policy and programming framework for federal Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement program (CMAQ) funds for FY 2022 through FY 2026.

This month, staff recommend the following revisions to the OBAG 3 program:

- **PDA and TOC Planning Grants:** In June 2023, MTC awarded approximately \$15 million in OBAG 3 PDA planning grants to 24 projects throughout the region. Since that time, cost savings of \$120,000 have been realized from prior cycle PDA planning grants. Staff propose to use these savings to augment two active OBAG 3 PDA planning grants facing unforeseen technical study costs that are critical to project completion. The City of Vacaville requires an additional \$60,000 to complete a Water and Storm Drain System Impact Evaluation needed for environmental review of its specific plan, while Sonoma County requires \$60,000 to prepare a Water Supply Assessment and related water service documentation for the Airport Area Specific Plan. Without these studies, neither project can advance. This month, staff recommend reprogramming \$120,000 in prior cycle planning grant savings to the Vacaville and Sonoma County PDA grants to address increased costs needed to complete the work.

***FY 2026 Apportionment Exchange Agreement***

In addition to the programming changes summarized above, this month staff are also providing an informational update on a federal apportionment exchange agreement executed in July 2026.

Exchange agreements over \$2 million must be reported to a standing Committee of the Commission for information. Consistent with OBAG policy, MTC entered into one apportionment exchange agreement this fiscal year for \$17,000,000 in FY 2026 CMAQ apportionment from San Diego Association of Governments, to be repaid with an equal amount of FY 2027 CMAQ apportionment on October 1, 2026. This apportionment loan enables Bay Area project sponsors to deliver additional CMAQ-funded projects this fiscal year, while putting to use available CMAQ balances from the San Diego region.

As a reminder, the OBAG policy authorizes MTC's Executive Director to execute federal apportionment exchange agreements with other California Regional Transportation Planning Agencies. Apportionment exchanges benefit both regions by advancing projects in one region that may be stalled due to a lack of funding, while also avoiding the loss or lapse of funds in the other region.

**Issues:**

None.

**Recommendations:**

Refer MTC Resolution No. 4505, Revised to the Commission for approval.
