

**Metropolitan Transportation Commission
Regional Network Management Customer Advisory Group**

May 26, 2026

Agenda Item 4a

Chair and Vice Chair Elections

Subject:

Election of Chair and Vice Chair to serve a two-year term for the Regional Network Management Customer Advisory Group.

Background:

In February of 2023, the Metropolitan Transportation Commission (MTC) approved the Regional Network Management (RNM) structure and created the Customer Advisory Group (CAG) (MTC Resolution No. 4564). The purpose of the CAG is to provide diverse customer perspectives to the RNM Committee to help shape regional transit policy and implementation planning. The RNM CAG operates under a formal charter established by MTC Resolution No. 4610.

In September 2025, the MTC Commission approved an update to MTC Resolution No. 4610, which updated the membership structure for the CAG to coincide with the new term for the MTC-ABAG Community Advisory Council. One substantive change to the membership of the CAG was inclusion of six members who also sit on local transit operators' own public advisory bodies such as citizen, community, or accessibility advisory councils or committees. The first meeting of the new CAG term took place on April 28, 2026, during which the floor was opened for chair and vice chair nominations.

Election Process: At the April 28, 2026 Customer Advisory Group meeting, staff received nominations for Chair and Vice Chair. Staff received no further nominations in writing before 5pm on Tuesday, May 5, 2026.

The members who have accepted their nominations are:

- Adina Levin for Chair
- Anya Gupta for Vice Chair

Members will elect the Chair and Vice Chair in accordance with the process outlined in MTC Resolution No. 4610. The Chair shall be the person who receives the most votes from all

Customer Advisory Group members. The Vice Chair shall be the person who receives the most votes from all Customer Advisory Group members.

Issues:

None identified.

Recommendations:

None.
