MTC Resolution No. 4444, Revised. Transit Capital Priorities Process and Criteria

Subject:

Minor revisions to the Transit Capital Priorities (TCP) Process and Criteria to update references, including to MTC's current Regional Transportation Plan (Plan Bay Area 2050+) and federal urbanized area designations, and make minor formatting updates.

Background:

With the adoption of Plan Bay Area 2050+ and changes to federal urbanized areas among other things, several references in Resolution No. 4444 needed to be updated. In addition to ensuring that all references in the document are current, staff recommend minor formatting updates to improve document readability.

Issues:

None.

Recommendation:

Staff recommends referral of MTC Resolution No. 4444, Revised to the Commission for approval.
