### ABSTRACT

Resolution No. 4604, Revised

This resolution adopts MTC's First Cycle Community Action Resource and Empowerment (CARE) Program Guidelines.

The following attachment is provided with this Resolution:

- Attachment A — First Cycle Community Action Resource and Empowerment (CARE) Program Guidelines and Funding Fiscal Year (FY) 2022-23 through FY 2025-26.

On November 19, 2025, Attachment A was revised to reflect updated funding information.

On January 28, 2026, Attachment A was revised to reflect updated funding information.

On February 25, 2026, Attachment A was revised to reflect updated funding information and program guidance.

Further discussion of the CARE Guidelines is provided in the Programming and Allocations Committee Summary sheet dated November 8, 2023, November 12, 2025, January 14, 2026 and February 11, 2026.

RE: First Cycle Community Action Resource and Empowerment (CARE) Program Guidelines

METROPOLITAN TRANSPORTATION COMMISSION  
RESOLUTION NO. 4604

WHEREAS, the Metropolitan Transportation Commission (MTC) is the Regional Transportation Planning Agency (RTPA) for the San Francisco Bay Area pursuant to Government Code Section 66500 *et seq.*; and

WHEREAS, MTC adopted Resolution No. 4505, which established the One Bay Area Grant Program (OBAG 3) Project Selection and Programming Policies for programming FY2022-23 through FY 2025-26 federal Surface Transportation Block Grant Program (STP) and Congestion Mitigation and Air Quality Improvement Program (CMAQ) funds; and

WHEREAS, MTC adopted Resolution No. 4548, which authorized an allocation request and established a funding plan for MTC's Regional Early Action Plan (REAP 2.0) formula funds; and

WHEREAS, MTC Resolution Nos.4505, Revised, 4548, and 3989, Revised, program OBAG 3, MTC Exchange Program and REAP 2.0 funds towards Community Choice initiatives; and

WHEREAS, MTC renamed "Community Choice" to the "Community Action Resource and Empowerment (CARE)" Program; and

WHEREAS, MTC has conducted a program evaluation of the Lifeline Transportation Program resulting in the design and formation of the Community Action Resource and Empowerment (CARE) Program; and

WHEREAS, MTC will use the process and criteria set forth in Attachment A of this Resolution to fund a Cycle 1 program of projects for the Community Action Resource and Empowerment (CARE) Program; now, therefore be it

RESOLVED, that MTC approves the program guidelines to be used in the administration and selection of the Cycle 1 CARE projects, as set forth in Attachment A of this Resolution; and be it further

RESOLVED, the Executive Director of MTC shall forward a copy of this Resolution, and such other information as may be required, to such other agencies as may be appropriate.

METROPOLITAN TRANSPORTATION COMMISSION

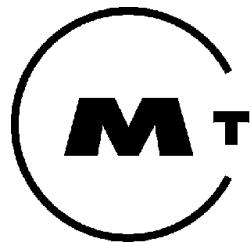

---

Alfredo Pedroza, Chair

The above Resolution was entered into by the Metropolitan Transportation Commission at a regular meeting of the Commission held in San Francisco, California and at other remote locations on November 15, 2023.

**METROPOLITAN TRANSPORTATION COMMISSION  
COMMUNITY ACTION RESOURCE AND EMPOWERMENT (CARE) PROGRAM CYCLE 1  
GUIDELINES**

**FY 2022-23 AND FY 2025-26**

1. **BACKGROUND**. The Community Action Resource and Empowerment (CARE) Program establishes the policy framework and commitments for supporting community-led transportation enhancements in Equity Priority Communities as referenced in Plan Bay Area 2050 (PBA2050): Implementation Strategy. PBA2050 outlines the region's Long-Range Plan, incorporating equity through investments and policies that affect historically and systemically marginalized, underserved and excluded groups, including people with low incomes, people with disabilities and communities of color. Funds for the program come from a four-year period covering federal fiscal years (FY) 2022-23 through FY 2025-26. Attachment A outlines the CARE program mission, goals, objectives, funding availability, program architecture, and programming policies.

Since 2005, the Lifeline Transportation Program (LTP) supported and advanced projects identified in Community Based Transportation Plans and the Coordinated Public Transit-Human Services Transportation Plan. The LTP was redesigned to form the Community Action Resource and Empowerment Program (CARE) to address administrative fund source barriers, to better align and advance high priority community-based transportation plans with project implementation, and to strengthen community assets by better resourcing community relationship and power-building.

2. **PROGRAM MISSION AND GOALS**. The Community Action Resource and Empowerment (CARE) Program is a capacity building, technical assistance, and participatory budgeting grant program for under-resourced communities (i.e., Equity Priority Communities, Priority Populations) in the 9-county Bay Area region.

a. **Mission:**

- i. To provide under-resourced communities (i.e., Equity Priority Communities, Priority Populations) with the opportunity to advance high priority community-based, multi-sector transportation-housing-climate initiatives that improve mobility.
- ii. To support community leaders in transformative change, working effectively in diverse, ambiguous, and challenging contexts in achieving multi-beneficial transportation mobility, housing, and climate outcomes.

b. **Goals:** The goals of the program are to:

- i. Strengthen multi-sector partnerships to advance more impactful, intersectional, and innovative projects. These initiatives must:
  - Address transportation gaps and/or barriers identified in Community-Based Transportation Plans (CBTP), MTC Coordinated Public Transit-Human Services Transportation Plan, or other substantive local planning efforts involving focused outreach to low-income populations. While preference will be given to community-based plan priorities, strategies emerging from countywide or regional welfare-to-work transportation plans, or other documented assessment of need within the

designated Equity Priority Community will also be considered. Findings emerging from one or more CBTPs or other relevant planning efforts may also be applied to other low-income areas, or otherwise be directed to serving low-income constituencies within the county, as applicable.

- Support the development of projects to close the race and equity gap.
- Invest in historically underserved communities, which may include projects prioritized in a Community-Based Transportation Planning (CBTP) or Participatory Budgeting process, or projects located within Equity Priority Communities with demonstrated community support. Equity Priority Communities are defined in Chapter 1 Plan Bay Area 2050 and described at <https://mtc.ca.gov/planning/transportation/access-equity-mobility/equitypriority-communities>;
- Advance project readiness and further develop priority community ideas or concepts so that projects/initiatives can become competitive for local, state, and/or federal fund sources.

ii. Build community power and engagement.

- Acknowledge and grow community leadership and knowledge.
- Build mutually beneficial relationships for meaningful, inclusive collaboration that includes outreach, education and broad partnerships among a variety of stakeholders such as public agencies, transit operators, community-based organizations, residents, and underrepresented, overburdened groups.

iii. Support intersectional leadership and expertise with particular focus on increasing access to funding and resources for project planning and implementation within under-resourced communities to advance Community Based Transportation Plans or Coordinated Public Transit-Human Services Transportation Plan strategies.

- Improve diverse range of transportation solutions, and in particular transportation needs specific to older adults, youth, and people with disabilities of low-income communities.

3. **PROGRAM ADMINISTRATION.** The CARE Program will be administered by MTC, supported by county transportation agencies (CTAs) or other designated county-wide agencies as follows:

County	CARE Program Liaison
Alameda	Alameda County Transportation Commission
Contra Costa	Contra Costa Transportation Authority
Marin	Transportation Authority of Marin
Napa	Napa Valley Transportation Authority
San Francisco	San Francisco County Transportation Authority
San Mateo	City/County Association of Governments
Santa Clara	Santa Clara Valley Transportation Authority and Santa Clara County
Solano	Solano Transportation Authority
Sonoma	Sonoma County Transportation Authority

This involves CTA coordination and a full commitment to a broad, inclusive public involvement process and using multiple methods of public outreach. Methods of public outreach include but are not limited to highlighting the program and application solicitation on the CTA website; sending e-mails to local community-based organizations, city departments, and non-profit organizations (particularly those that have previously participated in local planning processes); and contacting local elected officials and their staffs. Further guidance for public involvement is contained in MTC's Public Participation Plan.

For projects involving federal funds, MTC and CARE Program Liaisons must also consider fair and equitable outreach and selection of project candidates in accordance with federal Title VI requirements, i.e., funds must be distributed without regard to race, color, and national origin.

4. **FUNDING AVAILABILITY**. Fund sources for the Cycle 1 CARE Program (FY2022-23 through FY2025-26) include State Regional Early Action Planning Grant Program (REAP) 2.0 funds<sup>1</sup> and One Bay Area Grant (OBAG), which encompasses federal Surface Transportation Program (STP), Congestion Mitigation and Air Quality Improvement (CMAQ), and other local funds available to MTC, as shown in Table A. CMAQ funds may be used for eligible projects that demonstrate air quality benefits and implement Plan Bay Area's climate initiative goals and priorities.

Funding for CARE from REAP 2.0 and OBAG will be assigned a minimum of \$1M to counties, for eligible projects based on a competitive process to be conducted by MTC and in coordination with CARE Program Liaisons in each county. All funded projects must meet the eligibility requirements of the respective funding source. See Appendix 1 for detailed eligibility requirements by fund source.

---

<sup>1</sup> REAP 2.0 Guidelines: <https://www.hcd.ca.gov/docs/grants-and-funding/mpo-reap-2-0-final-guidelines.pdf>

**Table A: Funding Available FY2022-23 through FY2025-26**

FUND SOURCE	CARE PROGRAM COMPONENTS			PROGRAM TOTAL (in millions)
	Project Development Technical Assistance for a CBTP Project*	Implementation of Neighborhood-level Project/ Participatory Budgeting and Project Delivery (PB-PD) (capital)	Community Power-Building and Engagement (Pb+E)	Overall CARE Program Total (in millions)
OBAG 3**	\$12.0	\$0	\$0	\$12.0
Exchange***	\$0 \$12.0	\$0	\$3.0	\$3.0 \$15.0
REAP 2	\$0	\$0	\$2.0	\$2.0
<b>Total</b>	<b>\$12.0</b>	<b>\$5.0 \$0</b>	<b>\$5.0</b>	<b>\$22.0 \$17.0</b>

\*\* Local match of 11.47% required if federal funds are awarded

Minimum Project Amount	\$250K	\$250K	\$20K	
Award Amounts	Minimum: \$1M for each of the 9-Counties Total for CARE Maximum: No County will receive more than 50% of the funding available.			

\*Also includes strategies in MTC's Coordinated Plan or other substantive local planning effort.

\*\*\*Community power-building and engagement includes \$3.0 million in local/Exchange Program funds available to MTC within the OBAG framework.

**Table B. County Funding Targets\***

County	Project Development Technical Assistance for a CBTP Project**
Alameda	\$2,379,000
Contra Costa	\$1,692,000
Marin	\$668,000
Napa	\$562,000
San Francisco	\$1,456,000
San Mateo	\$1,095,000
Santa Clara	\$2,110,000
Solano	\$1,044,000
Sonoma	\$994,000
<b>Total</b>	<b>\$12,000,000</b>

\* Pb+E funds were allocated through an MTC-led call for projects, with funding awarded on a project basis. A list of awarded Pb+E projects is available on the [MTC website](#).

\*\*Funding targets are subject to change. See Appendix 3 for additional funding details.

- a. Local Fund Exchanges. Project Sponsors have the discretion to use local fund exchanges to fund projects that are not otherwise eligible for the state and federal funds in Cycle 1. Project Sponsors must notify MTC about their intent to exchange funds, and MTC staff will review and approve the exchanges on a case-by-case basis. MTC staff is supportive of these fund exchanges to the extent that the exchange projects meet the spirit of the CARE Program.
5. ELIGIBLE LOCATION, RECIPIENTS/SUBRECIPIENTS
  - a. Eligible Locations. All projects must be located in one or more of the following locations:
    - Equity Priority Communities (EPCs)
    - Priority Development Areas (PDAs)
    - Bay Area Air Quality Management District's (BAAQMD) Community Air Risk Evaluation Program Area or similar local designation
  - b. REAP 2.0. Project sponsors selected for REAP funds through the CARE program may include: Bay Area counties, cities, a city and county, transit agencies or districts, county transportation agencies, Tribal Entities, community-based organizations, Public Housing Authorities, academic institutions, school districts, special districts, developers of Affordable Housing, or regional Housing Trust Fund (<https://www.hcd.ca.gov/docs/grants-and-funding/mpo-reap-2-0-final-guidelines.pdf>).
  - c. OBAG and Exchange. Project sponsors selected for OBAG or Exchange funding through the CARE program may include: Bay Area cities, counties, transit agencies, federally recognized Tribal governments, and County Transportation Agencies (CTAs). Non-profit organizations are eligible for Exchange funds, and eligible for OBAG funds if they partner with an eligible OBAG recipient (e.g., CTA, transit operator) that is willing to serve as the recipient of the funds and pass through the funds to the non-profit, and if they have an eligible project.
6. REAP 2.0 AND FEDERAL OBAG PROGRAMMING PROCESS. For REAP 2.0 and OBAG funds, MTC will solicit applications, in collaboration with CARE Program Liaisons.

- a. Outreach - Consistent with MTC's Public Participation Plan and FTA's Title VI Circular (FTA C 4702.1B), MTC will conduct a broad, inclusive public involvement process, and use multiple methods of public outreach in collaboration with CARE Program Liaisons.

Methods of public outreach may include, but are not limited to, highlighting the program and application solicitation on websites, and sending e-mails to all prospective applicants, including those that serve predominantly minority and low-income populations.

- b. Competitive Process. The CARE Program is a competitive grant program within the OBAG 3 and/or REAP 2.0 framework. Projects will be selected through an open, competitive process.
- c. Multi-Year Programming: The First Cycle CARE Program will cover a four-year programming cycle, with funds available from FY2022-2023 to FY2025-2026.

## 7. ELIGIBLE ACTIVITIES

- a. Eligible Categories: Projects must advance “Community Based Transportation Plan” projects or strategies within “MTC’s Coordinated Public Transit-Human Services Transportation Plan” (or other substantive local planning efforts involving focused outreach to low-income populations) through:
  - i. Category 1: CBTP project development technical assistance
  - ii. Category 2: Participatory Budgeting Process and Implementation or Advancing High-priority neighborhood level projects through similar extensive outreach/engagement process
  - iii. Category 3: Community power-building and engagement initiatives
- b. Eligible capital projects. Eligible capital projects, consistent with requirements of funding sources, may include (but are not limited to); bus stop improvements, including accessibility enhancements, the provision of bus shelters, benches, lighting, or sidewalk improvements at or near transit stops; art and cultural placemaking, rehabilitation, safety or modernization improvements; non-transit projects such as bike lanes, complete streets, streetscape improvements, safety improvements, crosswalk improvements; or other enhancements to improve transportation access for residents of low-income communities or people with disabilities. See Appendix 1 for additional details about eligibility by funding source.
- c. Projects must be eligible for STP or CMAQ or REAP.
  - i. For STP or CMAQ funds, refer to details in 23 USC Sec. 133 and at <https://www.fhwa.dot.gov/fastact/factsheets/stbgfs.cfm> (STP), and in 23 USC Sec. 149 and at [https://www.fhwa.dot.gov/environment/air\\_quality/cmaq/policy\\_and\\_guidance/](https://www.fhwa.dot.gov/environment/air_quality/cmaq/policy_and_guidance/) (CMAQ); Consistent with Plan Bay Area 2050, available at <https://planbayarea.org/>; and meet all OBAG 3 programming policy requirements described in these guidelines and in MTC Resolution 4505. Note: Projects selected for local funds within the OBAG framework do not need to meet STP/CMAQ eligibility requirements.
  - ii. For REAP funds, see Section 204 of REAP 2.0 Guidelines: <https://www.hcd.ca.gov/sites/default/files/docs/grants-and-funding/MPO-REAP-2-0-Final-Guidelines.pdf>. Activities generally may include: Technical assistance, planning, staffing, consultant needs (CARE/CBTP or Coordinated Plan related). Projects must support one or more of the following REAP 2.0 objectives:
    - a) Accelerating infill development that facilitates housing supply, choice, and affordability through various planning programs, or services;
    - b) Realizing multimodal communities through programs, plans, and implementation actions shifting travel behavior by reducing driving through programs, ordinances, funds, and other mechanisms;
    - c) Shifting travel behavior through reducing driving; and,
    - d) Increasing transit ridership through implementation actions, and planning.
  - iii. For exchange funds, projects must meet CARE goals.

8. **LOCAL MATCHING REQUIREMENTS.** The CARE Program requires a minimum local match of 11.47% of the total project cost for projects awarded federal funds.

- a. **Exception to the local match requirement:** Projects selected for Community Power-Building and Engagement will be funded with local funds and do not require a local match.
- b. **Sources of local match.** Project sponsors may use certain state, or local funding sources (Transportation Development Act, operator-controlled State Transit Assistance, local sales tax revenue, etc.) to meet the match requirement. In-kind contributions such as the market value of in-kind contributions integral to the project may be counted as a contribution toward local share.

Toll Credits are not an eligible source of local match for the CARE Program. However, for capital projects, sponsors that fully fund the project development or Preliminary Engineering (PE) phase with non-federal funds may use toll credits in lieu of a match for the Construction (CON) phase. For these projects, sponsors must still meet all federal requirements for the PE phase.

9. **COORDINATED PLANNING.** In the Bay Area's Coordinated Plan, through community outreach and engagement, MTC continues to identify the transportation needs of individuals with disabilities, older adults, and people with low incomes, and to provide strategies for meeting those local needs. Therefore, projects funded with CARE Transportation Program funds should be consistent with the transportation needs, proposed solutions, and enhanced coordination strategies presented in the Coordinated Plan.

Mobility management is among key coordination strategies recommended in the plan. The designation of and funding for countywide mobility managers is identified as an essential component of that strategy. For more information on the strategies within the Coordinated Plan, please see: [mtc.ca.gov\coordinatedplan](http://mtc.ca.gov\coordinatedplan).

10. **GRANT APPLICATION.** To ensure a streamlined application process for project sponsors, a universal application form will be used. The application and guidelines are informed by input from the “call for project ideas” process. If a project proposal is a universally, regionally applied project, the project proposal could be elevated to a regional project.

- a. Applications for projects eligible for CMAQ funds must also provide inputs for air quality improvement calculations, using the Supplemental Air Quality Inputs v.1.1 template.

11. **APPLICATION EVALUATION.** Per OBAG 3 federal funding and REAP 2.0 guidelines, MTC evaluates and selects projects. MTC staff may solicit input from a panel of stakeholders, reflecting diverse perspectives to inform and advise MTC decision-making.

- a. **Evaluation criteria.** Standard evaluation criteria will be used to assess projects. The six criteria include (1) project need/goals and objectives, (2) community-identified priority, (3) implementation plan and project management capacity, (4) coordination and program outreach, (5) cost-effectiveness and performance indicators, and (6) project budget/sustainability. MTC will establish the weight to be assigned for each criterion in the assessment process.
- b. **Selection criteria considerations.** In addition to the evaluation criteria, projects will be selected with considerations to the following: (1) geographic diversity; (2) need, with a priority on lower-capacity communities; and (3) range of project types: diverse range of project types, interdisciplinary approach, and focus on equity.

See Appendix 2 for the detailed standard evaluation criteria.

See Appendix 3 for detailed evaluation criteria for CBTP Project Development Technical Assistance.

**12. POLICY BOARD ADOPTION**

- a. Project sponsor resolution of local support. As part of the grant award, project sponsors will be required to adopt a resolution of local support. The resolution shall state that the local project sponsors understand and agree to meeting all project delivery, funding match and eligibility requirements, and obligation and reporting deadlines and requirements. MTC will provide a resolution of local support template. This requirement only applies to project sponsors awarded federal funds.

**13. PROJECT DELIVERY. All projects funded under the county programs are subject to the following MTC project delivery requirements:**

- a. REAP 2.0. If selected for REAP 2.0 funding, project sponsors must expend the CARE REAP 2.0 funds by December 31, 2026, or earlier, as required by the individual CARE program. The December deadline is established by state statute (Chapter 3.15 of California Health and Safety Code sections 50515.06 to 50515.10) and is the date by which MTC must fully expend its REAP 2 grant.
- b. OBAG 3. If selected for OBAG funding, project sponsors must obligate CARE Program OBAG funds by **January 31, 2027**, per OBAG 3 program deadline. Note: Project awards will be cancelled, and funds will be reverted for use in future CARE Program grants if projects are not obligated by January 31, 2027.

**14. PROJECT OVERSIGHT. All project budget and scope of work changes must be approved by MTC CARE staff. All scope changes must be fully explained and must demonstrate consistency with CARE Program goals. Project sponsors must have a record of consistently meeting state and federal timely use of funds deadlines and requirements or demonstrate/identify revised/new internal processes to ensure they will meet funding deadlines and requirements moving forward at the time of project nomination.**

See Appendix 1 for detailed accountability and reporting requirements by funding source.

**15. PERFORMANCE MEASURES. As part of the Call for Projects, applicants will be asked to establish project goals, and to identify basic performance indicators to be collected in order to measure the effectiveness of the CARE projects. At a minimum, performance measures projects could include documentation of outcome-based metrics provided with the funding, and a qualitative summary of procedures employed for the project. For capital projects, project sponsors are responsible for establishing milestones and reporting on the status of project delivery. Project sponsors are responsible for satisfying all reporting requirements, as referenced in Appendix 1. Project sponsors will forward reports containing performance measures to MTC for review and overall monitoring of the CARE Program.**

## 16. FUND ADMINISTRATION

- a. OBAG. Project sponsors are responsible for entering OBAG funded projects into MTC's Fund Management System (FMS) for inclusion in the Transportation Improvement Program (TIP). Grantees will access their funds through the Caltrans federal-aid process.
- b. REAP 2.0. Project sponsors selected for REAP 2.0 funds are responsible for complying with fund administration and reporting requirements as stipulated in funding agreements with MTC or another pass-through agency. Eligible entities for REAP include community-based organizations (CBO), which can be their own project sponsor. MTC would enter into a funding agreement with the CBO directly.

## 17. COMPLIANCE WITH FEDERAL REQUIREMENTS

- a. Project Sponsor Responsibilities. OBAG applicants are required to comply with MTC's Regional Project Delivery Policy, MTC Resolution No. 3606 and all applicable federal requirements.

18. TIMELINE. The anticipated timeline for Cycle 1 is as follows:

Fund Source	Action	Anticipated Date*
All	Commission approves Cycle 1 Program Guidelines	November 15, 2023
REAP 2.0	MTC launches Power-building and Engagement Call for Projects process, in coordination with County Transportation Agencies (CTAs)	September 2, 2025
REAP 2.0/ Exchange	Application deadline for Project Sponsors to submit eligible project(s) to MTC	October 9, 2025
REAP 2.0/ Exchange	MTC Commission approval of Program of Projects (Added Round – Round 2)	November 19, 2025 January 2026
<u>REAP 2.0/ Exchange</u>	Project Sponsor notification of Power-building and Engagement award. Round 2	December 1, 2025* <u>February 2026 *</u>
Exchange	MTC opens CTA-led project nomination process for CBTP Project Development Technical Assistance.	February 2026
REAP 2.0/ Exchange	Project sponsors awarded REAP and Exchange funds submit project(s) in MTC's fund system. Round 2	March 1, 2026* April 2026*
Exchange	Project nominations deadline for CBTP Project Development Technical Assistance.	October 2026*
Exchange	MTC Commission approval of projects for CBTP Project Development Technical Assistance.	Early 2027*

\*All dates are subject to change.

**Appendix 1**  
**Community Action Resource and Empowerment (CARE) Program Cycle 1**  
**Funding Source Information**

	<b>One Bay Area Grant Program (OBAG)</b>	<b>Regional Early Action Planning (REAP 2.0)</b>
Purpose of Fund Source	The One Bay Area Grant, now in its third iteration, guides how MTC distributes federal transportation funding from the Federal Highway Administration to projects and programs that improve safety, spur economic development, and help the Bay Area meet climate change and air quality improvement goals.	To accelerate infill housing development, reduce Vehicle Miles Traveled (VMT), increase housing supply at all affordability levels, affirmatively further fair housing (AFFH).
Detailed Guidelines	<a href="https://mtc.ca.gov/digital-library/5022851-obag-3-appendix-1-county-local-program-call-projects-guidelines"><u>https://mtc.ca.gov/digital-library/5022851-obag-3-appendix-1-county-local-program-call-projects-guidelines</u></a>	<a href="https://www.hcd.ca.gov/sites/default/files/docs/grants-and-funding/MPO-REAP-2-0-Final-Guidelines.pdf"><u>https://www.hcd.ca.gov/sites/default/files/docs/grants-and-funding/MPO-REAP-2-0-Final-Guidelines.pdf</u></a>
Eligible Recipients	Bay Area cities, counties, transit agencies, federally recognized Tribal governments, and County Transportation Agencies (CTAs) are eligible to apply for OBAG funds. Non-profit organizations are only eligible for OBAG funds if they partner with an eligible OBAG recipient (e.g., CTA, transit operator) that is willing to serve as the recipient of the funds and pass through the funds to the non-profit, and if they have an eligible project.	Bay Area cities, counties, transit agencies, federally recognized Tribal governments, County Transportation Agencies (CTAs), community-based organizations, Public Housing Authorities, academic institutions, school districts, special districts, developers of Affordable Housing, or regional Housing Trust Fund.

	<b>One Bay Area Grant Program (OBAG)</b>	<b>Regional Early Action Planning (REAP 2.0)</b>
<b>Eligible Sub recipients (must partner with an eligible recipient that will serve as a pass-through agency)</b>	Other entities, such as non-profit organizations and community-based organizations may apply as co-applicants, under an agreement with an eligible recipient.	Other entities may apply as co-applicants, under an agreement with an eligible recipient.

Eligible Projects	<p>Projects must be:</p> <p>Eligible for STP or CMAQ funds, as detailed in 23 USC Sec. 133 and at <a href="https://www.fhwa.dot.gov/fastact/factsheets/stbgfs.cfm">https://www.fhwa.dot.gov/fastact/factsheets/stbgfs.cfm</a> (STP), and in 23 USC Sec. 149 and at <a href="https://www.fhwa.dot.gov/environment/air_quality/cmaq/policy_and_guidance/">https://www.fhwa.dot.gov/environment/air_quality/cmaq/policy_and_guidance/</a></p> <p>Consistent with Plan Bay Area 2050, available at <a href="https://www.planbayarea.org/">https://www.planbayarea.org/</a>; and</p> <p>Meet all OBAG 3 programming policy requirements described in these guidelines and in MTC Resolution 4505.</p> <p>Focus areas:</p> <ol style="list-style-type: none"><li>1. “Community Based Transportation Plan” Project Development or “Coordinated Plan” strategy.</li><li>2. Grantees are responsible for following all applicable REAP 2.0 requirements for preparing and maintaining their grants.</p> <p>Depending on the arrangement with a pass-through agency, sub recipients will likely submit quarterly performance reports with invoices, first to CARE Program Administrators for review, and then to the pass-through agency for reimbursement.</p>

**Note:** Information on this chart is accurate as of August 2023. MTC will strive to make CARE Program Administrators aware of any changes to fund source guidelines that may be enacted by the appropriating agencies (i.e., HCD, FHWA)

## **Appendix 2** **CARE Program Cycle 1** **Standard Evaluation Criteria**

The following standard evaluation criteria are intended to provide consistent guidance in prioritizing and selecting projects to receive CARE Program funds. MTC, in consultation with other stakeholder representatives, will consider these criteria when selecting projects, and establish the weight to be assigned to each of the criterion. MTC staff will review the proposed county program criteria to ensure consistency and to facilitate coordination among county programs.

- a. Project Need/Goals and Objectives:** Applicants should describe the unmet transportation need or gap that the proposed project seeks to address and the relevant planning effort that documents the need. Describe how project activities will mitigate the transportation need. Project application should clearly state the overall program goals and objectives and demonstrate how the project is consistent with the goals of the CARE Program.
- b. Community-Identified Priority:** Priority should be given to projects that directly address transportation gaps and/or barriers identified through a Community-Based Transportation Plan (CBTP), MTC's Coordinated Public Transit-Human Services Transportation Plan, or other substantive local planning effort involving focused engagement to low-income populations. Applicants should identify the CBTP, Coordinated Plan or other substantive local planning effort, as well as the priority given to the project in the plan.

Other projects may also be considered, such as those that address transportation needs identified in countywide or regional welfare-to-work transportation plans, or other documented assessment of needs within designated Equity Priority Communities. Findings emerging from one or more CBTPs or other relevant planning efforts may also be applied to other low-income areas, or otherwise be directed to serving low-income constituencies within the county, as applicable. Equity Priority Communities are defined in Chapter 1 Plan Bay Area 2050 and described at <https://mtc.ca.gov/planning/transportation/access-equity-mobility/equity-priority-communities>.

- c. Implementation Plan and Project Management Capacity:** For projects seeking funds for capital purposes, applicants must provide an implementation plan, milestones, and timelines for completing the project.

Priority should be given to projects that are ready to be implemented in the timeframe that the funding is available.

Project sponsors should describe and provide evidence of their organization's ability to provide and manage the proposed project, including experience serving low-income persons, and experience as a recipient of state or federal transportation funds.

- d. Coordination and Program Outreach:** Proposed projects will be evaluated based on their ability to coordinate with community stakeholders. Applicants should clearly identify project stakeholders, and how they will keep stakeholders involved and informed throughout the project. Applicants should also describe how the project will be marketed and promoted to the public.
- e. Cost-Effectiveness and Performance Indicators:** The project will be evaluated based on the applicant's ability to demonstrate that the project is the most appropriate way in which to address the identified transportation need and is a cost-effective approach. Applicants must also identify clear, measurable outcome-based performance measures to track the effectiveness of the project in meeting the identified goals. A plan should be provided for ongoing monitoring and evaluation of the project, as well as steps to be taken if original goals are not achieved.
- f. Project Budget/Sustainability:** Applicants must submit a clearly defined project budget, indicating anticipated project expenditures and/or revenues, including documentation of matching funds (OBAG/REAP). Proposals should address long-term efforts and identify potential funding sources for sustaining the project beyond the grant period.

## 1. Overview

The Community-Based Transportation Plan Project Development Technical Assistance (CBTP TA) Program, which is part of MTC's [Community Action Resource and Empowerment \(CARE\) Program](#), will provide funding to advance transportation projects from Community-Based Transportation Plans (CBTPs), participatory budgeting (PB) processes, or other substantive community-driven planning efforts. The program seeks to strengthen the pipeline between planning and implementation by supporting activities that move community-prioritized concepts from early-stage development toward design and construction readiness. This call for projects is specifically focused on taking project concepts through to final design, along with related outreach, so that they are ready to move to construction.

This program builds directly on the long-standing [CBTP Program](#). Established in 2002, CBTPs are community-driven plans funded by MTC and administered by County Transportation Agencies (CTAs). These plans emphasize robust engagement with residents of Equity Priority

Communities<sup>1</sup> (EPCs) with the goal of identifying transportation needs and recommending improvements that reflect local priorities. Over more than two decades, CBTP efforts have generated a wide range of mobility solutions and community-identified project concepts across EPCs, some of which have been implemented through MTC-funded PB pilots in San Francisco's Bayview and Solano's Vallejo alongside their CBTP activities.

The broader CARE Program continues to bridge PB and CBTP through its Participatory Budgeting and Project Delivery (PB-PD)<sup>2</sup> component, which focuses on delivering community-identified transportation projects. While PB-PD operates independently, it may generate a pool of community-prioritized concepts that can be further advanced and designed through the CBTP TA Program. Projects that have reached 100% design through CBTP TA may also be eligible for PB-PD funding to support construction.

By aligning planning outcomes with project development and implementation pathways, the CBTP TA Program helps advance community priorities identified in CBTPs. These outcomes include, but are not limited to, enhanced active transportation options, improved transit access, and strengthened multimodal connectivity, addressing persistent mobility barriers experienced by historically underserved populations across the Bay Area.

## 2. Key Information

This program is administered by MTC in partnership with CTAs. While MTC oversees the overall process and reviews final project selections, CTAs are responsible for managing the project nomination process. This process may be coordinated with the fourth round of the One Bay Area Grant (OBAG 4) County Program Call for Projects or conducted through an alternative approach, subject to MTC staff approval.

Project nomination lists must be submitted to MTC by October 31, 2026<sup>3</sup>, in alignment with the OBAG 4 County Program deadline, unless an alternative project nomination approach and timeline are approved by MTC staff.

For questions, contact Janica Mendillo at [jmendillo@bayareametro.gov](mailto:jmendillo@bayareametro.gov).

## 3. Funding Overview

\$12 million in non-federal funds will be distributed among the nine Bay Area counties for the CBTP TA Program. Each county will receive 30 percent of available funds as a base allocation, with the remaining 70 percent distributed based on the county's share of the region's

---

<sup>1</sup> Equity Priority Communities are census tracts that have a significant concentration of underserved populations, such as households with low incomes and people of color. A combination of additional factors helps define these areas. For more information, please visit MTC's [website](#).

<sup>2</sup> The CARE PB-PD component is under development. Additional program details will be shared later in 2026.

<sup>3</sup> Submittal deadline will be aligned with any future OBAG 4 guidance.

low-income population, defined as households earning below 200 percent of the federal poverty level.

CTAs shall nominate projects consistent with their assigned funding targets. At their discretion, CTAs may adjust their CBTP TA funding amount by up to +/- 30 percent, with any adjustment reflected as an equal and opposite change to their PB-PD funding targets. For example, if a CTA requires less funding for CBTP TA, their PB-PD budget will be increased by an amount equal to the reduction in CBTP TA. County-specific funding targets, along with the corresponding 30 percent maximum flexible funding available for CBTP TA, are presented in the table below.

Nominated projects must meet the \$250,000 minimum project amount threshold.

Please note that this program cannot fund any post-award cost increases. Project sponsors will be expected to deliver the approved project scope within the awarded funding amount.

County	CTA	Total Funding	Flexible Funding
Alameda	Alameda County Transportation Commission	\$2,379,000	+/- \$713,700
Contra Costa	Contra Costa Transportation Authority	\$1,692,000	+/- \$507,600
Marin	Transportation Authority of Marin	\$668,000	+/- \$200,400
Napa	Napa Valley Transportation Authority	\$562,000	+/- \$168,600
San Francisco	San Francisco County Transportation Authority	\$1,456,000	+/- \$436,800
San Mateo	City/County Association of Governments of San Mateo County	\$1,095,000	+/- \$328,500
Santa Clara	Santa Clara Valley Transportation Authority	\$2,110,000	+/- \$633,000
Solano	Solano Transportation Authority	\$1,044,000	+/- \$313,200
Sonoma	Sonoma County Transportation Authority	\$994,000	+/- \$298,200
<b>Total</b>		<b>\$12,000,000</b>	<b>+/- \$3,600,000</b>

## 4. Eligibility Requirements

### Eligible Applicants

Bay Area cities, counties, transit agencies, federally recognized Tribal governments, and CTAs are eligible to apply for CBTP TA funds.

Non-profit organizations are only eligible if they partner with an eligible OBAG recipient (e.g., CTA, transit operator) that is willing to serve as the recipient of the funds.

## Eligible Projects

To qualify for funding, projects must meet the following criteria:

- Consist of capital transportation improvements, as defined in MTC Resolution No. 4740 under Complete Streets and Community Choice. Operational studies may be eligible for funding, subject to MTC review.
- Located within an EPC. If a project is not physically located within an eligible geography but is designed to serve the intended beneficiaries of the program, such as older adults, people with low incomes, people with disabilities and communities of color, the project sponsor must clearly demonstrate a nexus between the project location and the community served. Visit [the interactive web map](#) for EPC locations.
- Originate from a CBTP, MTC-funded PB<sup>4</sup>, a locally led PB process<sup>5</sup>, or a comparable community-driven planning effort that includes community voting or project prioritization.
- Provide clear and verifiable evidence of current community support, particularly from historically underserved populations and organizations representing these communities.

The required documentation varies based on the project's origin and the recency of the engagement process:

- **Projects originating from a PB process completed in 2022 or later** must include the originating planning or engagement document and do not require supplemental documentation.
- **Projects originating from a PB process completed in 2021 or earlier** must include the originating planning or engagement document and at least one additional form of supplemental documentation.
- **Projects not generated by a PB process** must include the originating planning or engagement document and at least one supplemental documentation item, depending on the age of the originating plan:
  - **CBTPs or other community-driven plans from 2022 or later:** At least one type of supplemental documentation demonstrating current community support is required.
  - **CBTPs or other community-driven plans from 2021 or earlier:** At least two types of supplemental documentation demonstrating current community support are required.

Projects that do not meet the minimum documentation requirements will be deemed ineligible.

Applicants may submit any of the following forms of supplemental documentation:

---

<sup>4</sup> MTC funded participatory budgeting pilots in 2018 through the Bayview and Vallejo CBTPs.

<sup>5</sup> Examples of participatory budgeting efforts include Marin County, the City of Oakland, and San Francisco's District 7.

- **Letters of Support:** Minimum of three letters from separate community-based organizations (CBOs), non-profit organizations, or local elected officials.
- **Collective Petitions or Sign-On Letters:** At least ten signatures from trusted organizations broadly representing the community (e.g., CBOs, non-profits, Parent Teacher Organizations, food banks, faith-based groups).
- **Formal Endorsements:** Minimum of two official endorsements from community councils, boards, commissions, or advisory committees (e.g., Bicycle and Pedestrian Advisory Committee, Equity Advisory Committee).
- **Community Prioritization Workshops:** Documentation showing that CTAs, city staff, CBOs, and members of the public participated in reviewing and prioritizing candidate projects.
- **Engagement Reports or Completed Plans:** Reports or plans with documented engagement may be submitted in combination with other types of documentation to strengthen evidence of community support.

## Eligible Expenses

Eligible activities include:

- Early- to final-stage project development activities, including project initiation and scoping, environmental review and approval, and preliminary engineering needed to advance a project toward final design and implementation.
- Outreach activities to gather input for the design and/or to show the updated design to the public and stakeholders.

Project sponsors will be responsible for selecting their own consultants to carry out project development activities as listed above. Sponsors may choose to utilize MTC's on-call Design Services consultant bench to support their work.

## 5. General Program Requirements

The following general MTC programming requirements apply to the project nomination process.

- **Public Involvement.** MTC is committed to a public involvement process that is proactive and provides opportunities for continuing involvement, comprehensive information, timely public notice, and public access to key decisions. MTC provides many methods to fulfill this commitment, as outlined in the [MTC Public Participation Plan](#). Additional details on CTA public involvement requirements for a call for projects are available in the OBAG 4 project selection and programming policies (MTC Resolution No. 4740).
- **Adherence to MTC's Complete Streets Policy ([MTC Resolution No. 4493](#)).** Sponsors must comply with MTC's Complete Streets Policy, and its successor, including the requirements to submit a Complete Streets Checklist and solicit input from a local Bicycle and Pedestrian Advisory Committee for each applicable project.

## 6. Project Review and Evaluation

CTAs, in coordination with MTC, will nominate projects, evaluate projects for program eligibility, and score and/or rank projects. CTAs will develop evaluation materials, deadlines, and procedures for their project nomination process. At minimum, CTAs must incorporate the following regional criteria into their project evaluations:

- **Eligibility:** CTAs should review projects and potential sponsors for eligibility.
- **Alignment:** CTAs should evaluate projects for alignment with relevant regional plans and policies. Additional weight should be given to projects that demonstrate consistency with one or more of the following regional plans and policies:
  - Current iteration of [Plan Bay Area](#) at the time of submittal to MTC
  - [Coordinated Public Transit-Human Services Transportation Plan](#)
  - [Regional Safety/Vision Zero Policy](#) (MTC Resolution No. 4400)
  - [Equity Platform](#)
- **Level of Community Support:** CTAs should evaluate projects based on the demonstrated level of community support. Beyond meeting eligibility requirements, additional consideration should be given to projects that include support letters and other documentation, as described above, that reflect meaningful community endorsement.
- **Scope:** CTAs should assess projects based on scope, prioritizing those that aim to advance project concepts to 100% PS&E.
- **Deliverability:** CTAs must evaluate projects for potential deliverability issues, deprioritizing or excluding projects as needed based on risk. CTAs should ensure that potential projects sponsors have sufficient capacity and technical expertise to complete projects in accordance with MTC's Regional Project Delivery Policy and meet expenditure deadlines, which will be developed as part of the funding agreement process.

CTA project evaluation criteria must be approved by both MTC staff and the CTA's governing board prior to initiating the project nomination process.

### Project Nominations

CTAs will submit project nominations, evaluations, and associated documentation to MTC for review. CTAs coordinating project nominations with the OBAG 4 County Program Call for Projects process are encouraged to submit CBTP TA nominations with their OBAG 4 County Program project nominations as part of a single, integrated nomination packet. Nomination lists must be approved by the CTA's governing board prior to submission to MTC. CTA project nomination packets are due to MTC by October 31, 2026<sup>3</sup>, unless an alternative project nomination approach and timeline are approved by MTC staff. Regardless of the project nomination approach used, CTA project nomination packets must include the following elements:

- **Nomination List:** list of eligible projects for the CBTP TA Program, ranked or scored according to the evaluation criteria developed by the CTA and approved by MTC staff.

The list must include the CTA's final funding recommendations as well as projects that were considered but not recommended for funding.

- **Scoring Documentation:** supporting materials, such as project scoring sheets, demonstrating that project selection was conducted in accordance with adopted criteria and procedures, with consistent and equal consideration of all projects.
- **Board Approval:** signed resolution documenting CTA governing board action approving the project nomination list.
- **Community Support Documentation:** materials verifying project eligibility as described above.

## Regional Project Review

Using the nomination packets submitted by CTAs, MTC CARE staff will review documentation to ensure CTA, sponsor and project compliance with applicable policies for the CBTP TA Program. Any issues identified will be communicated to CTA staff, and projects with unresolved issues will be excluded from further consideration.

Using this process, MTC staff will develop a draft program of recommended projects for Commission adoption. MTC staff will coordinate with CTA staff to provide comments and feedback on the draft program of projects and may refine the recommended program of projects accordingly.

## Program Approval

Staff plan to recommend CBTP TA projects to the Commission for award in early 2027.

## 7. Post-Selection Process Roles and Responsibilities

Following program approval, each CTA will complete a Funding Agreement with MTC. The Funding Agreement would include each agency's approved list of projects and each project's associated tasks.

Each CTA or project sponsor will be responsible for selecting consultants to conduct project development activities and may choose to consider consultants from MTC's on-call Design Services consultant bench.

## 8. Schedule

The following schedule is coordinated with the OBAG 4 County Program.

Milestone	Date*
Call for Projects Release	February 2026
Project Nomination List Deadline	October 31, 2026 <sup>6</sup>
MTC Review of Nominations	November 2026

<sup>6</sup> Submittal deadline will be aligned with any future OBAG 4 guidance, unless an alternative project nomination approach and timeline are approved by MTC staff.

<b>MTC Committee Approval</b>	Anticipated Early 2027
<b>Funding Agreement Execution</b>	Anticipated Spring 2027

*\*All dates are subject to change.*
