

Bay Area Toll Authority
Oversight Committee

October 9, 2024

Agenda Item 5a-24-1176

Consultant Bench – 2024 BATA Construction Management, Design Services, and Asset Management Program Support Services: AECOM Technical Services, Inc.; Alfred Benesch & Company; Anser Advisory; Arcadis; Arup US, Inc.; BKF Engineers; Consor North America, Inc.; DKS Associates; GHD Inc.; Ghirardelli Associates, Inc.; HDR Engineering, Inc.; Iteris, Inc.; Jacobs Engineering Group; Kimley-Horn and Associates, Inc.; MNS Engineers, Inc.; Park Engineering, Inc.; TYLin; WMH Corporation; WSP USA Inc.; Zoon Engineering, Inc.

Subject:

A request for approval of a prequalified bench of consulting firms summarized on Attachment A (“Consultant Bench”) to provide as-needed construction management, design services, and asset management program support services for projects administered by BATA, MTC, MTC SAFE, BAHA, BAIFA, or ABAG from the date of approval through June 30, 2027, with an option to extend for an additional two years to June 30, 2029.

Background:

In April 2021, after a competitive bid Request for Qualifications (RFQ), the BATA Oversight Committee approved a bench of prequalified consultants to perform construction management, design services, and asset management program support services for a three-year period that expired on June 30, 2024. The use of this prequalified consultant bench allowed BATA to secure technical expertise and professional services in a timely manner to meet project delivery needs. Projects that have utilized the bench’s resources include construction management of the Richmond-San Rafael Bridge Access Improvement Package B2, design services for the Dumbarton Forward Part-Time Bus-Only Lane and the All Electronic Tolling Signage Conversion, and asset management plan support services for the Northern and Southern Toll Bridges, among others.

On July 3, 2024, BATA issued an RFQ for a new consultant bench, inviting firms to submit Statements of Qualifications (SOQ) for any one or more of the following service categories:

1. Construction Management
2. Design Services
3. Asset Management Program Support Services

This Consultant Bench may be used by BATA, MTC, MTC SAFE, BAHA, BAIFA, and ABAG.

Procurement Process:

In response to the RFQ, staff received a total of twenty-one SOQs from proposers. One SOQ was deemed non-responsive. Of the twenty responsive SOQs, ten proposed for construction management services, thirteen proposed for design services, and six proposed for asset management program support services. The SOQs for each service category were evaluated by a separate panel comprised of BATA and MTC staff and scored based upon the following evaluation criteria specified in the RFQ:

1. The prime and subcontractor firm’s qualifications and experience	40%
2. Key staff qualifications and experience	30%
3. Resource availability of key staff	10%
4. Past performance of the prime, based on references,	10%
5. Communication	10%
Possible Total:	100%

Based on the evaluation, staff recommend selecting all responsive proposing firms indicated with a number “1” in Attachment A for inclusion on the Bench. All responsive firms were found to meet or exceed expectations in their respective service categories and qualify for placement on the bench. The SOQs for each of these selected firms scored positively and demonstrated the necessary qualifications and valuable experiences that would meet various areas of the agency’s needs. The selected firms also bring a range of relevant expertise and staff resources. Of the firms selected for the Consultant Bench, four of the prime contractors are disadvantaged business enterprises (DBEs) and/or small business enterprises (SBEs), and fifty-eight of their subcontractors are DBEs and/or SBEs (see Attachment B).

Any firm approved will be eligible for work throughout the life of the Consultant Bench. Award of the prequalified consultants may take place by direct selection or via mini-procurement, pursuant to BATA’s procurement procedures.

Issues:

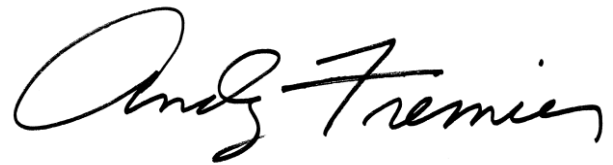

None identified.

Recommendations:

Staff recommends that the Committee approve the prequalified Consultant Bench identified in Attachment A to provide Construction Management, Design Services, and Asset Management Program Support Services to BATA on an as-needed basis, from the date of approval through June 30, 2027, with an option to extend the Consultant Bench period for 2 years through June 30, 2029.

Request for Committee Approval

Summary of Proposed Consultant Bench

Work Item No.: To be determined on a per-contract basis

Consultant: See Attachment A to the BATA Oversight Committee Summary Sheet dated October 9, 2024

Work Project Title: 2024 BATA Construction Management, Design Services, and Asset Management Program Support Services

Purpose of Project: Provide as-needed Construction Management, Design Services, Asset Management Program Support services

Brief Scope of Work: Provide as-needed consultant services in the following service categories: 1) Construction Management; 2) Design Services; and 3) Asset Management Program Support.

Project Cost Not to Exceed: To be determined on a per-contract basis.

Funding Source: To be determined on a per-contract basis.

Fiscal Impact: No immediate fiscal impact until contracts are awarded. Funds for future fiscal years are subject to agency budgetary approval process.

Motion by Committee: That the consultants listed in Attachment A to the BATA Oversight Committee Summary Sheet dated October 9, 2024, be prequalified to enter into contracts with BATA to provide as-needed Construction Management, Design Services, and Asset Management Program Support Services from the date of approval through June 30, 2027, with an option to extend for an additional two years to June 30, 2029 as described above and in the BATA Oversight Summary Sheet dated October 9, 2024, subject to applicable contract approval procedures and necessary budget approvals.

BATA Oversight Committee:

Federal D. Glover, Chair

Approved: October 9, 2024
