

Regional Network Management Council

November 17, 2025

Agenda Item 2b

Proposed 2026 RNM Council Meeting Calendar

Subject:

Proposed dates for 2026 RNM Council Meetings for approval.

Background:

Since convening in November 2023, the RNM Council has been meeting on the same day as the Clipper Executive Board (CEB). The proposed 2026 RNM Council meeting calendar is shown in Attachment A.

Staff recommends that the RNM Council continue to meet on the 4th Monday of each calendar month, except when that day falls on or near a holiday (May 2026, November 2026, and December 2026). Currently, there are no major listed conflicts with other MTC meetings or events hosted by California Transit Association (CTA) or Transportation Research Board (TRB) that have been posted as of October 2025. As of the packet posting date, there are no posted meeting dates for 2026 events by Conference of Minority Transportation Officials (COMTO) or Women's Transportation Seminar (WTS). However, there are known conflicts with the following American Public Transportation Association (APTA) events:

- APTA Marketing, Communications, and Customer Experience Workshop (February 22-25, 2026) in Savannah, GA
- APTA Mobility Conference (May 17-20, 2026) in Salt Lake City, UT

Issues:

Potential conflicts in February and May with APTA events.

Recommendation:

Approval.
